Independent Auditor's Report

To the Board of Trustees
Greenpoint Metals, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Greenpoint Metals, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Greenpoint Metals, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenpoint Metals, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpoint Metals, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenpoint Metals, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenpoint Metals, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Greenpoint Metals, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Greenpoint Metals, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Greenpoint Metals, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended, is a defined contribution plan with a cash or deferred arrangement covering certain employees of Greenpoint Metals, Inc. (the Employer) who are age 18 or older and meet the service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2020, the Plan was amended and restated.

Contributions

Each year, participants may contribute up to 100% of their annual pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Employer currently matches 25% of the first 6% of compensation that a participant contributes to the Plan. Additional discretionary matching and profit-sharing amounts may be contributed at the Employer discretion, subject to certain limitations. The Employer made profit-sharing contributions of \$652,703 and \$220,508 for the years ended December 31, 2021 and 2020, respectively. Contributions are subject to certain IRS limitations.

Eligible participants will have automatic elective deferrals withheld from their compensation starting at 6% with no annual increase. Participants may opt out of the automatic elective deferrals at the time of enrollment. Participants may change deferral percentages at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Investment Options

Upon enrollment in the Plan, participants direct the investment of employee and employer contributions into any combination of various investment options offered. Participants may change their investments options at any time.

Vesting

Participants are immediately vested in their salary reduction contribution accounts. Vesting in the Employer's matching and profit-sharing contribution portion of their accounts is based on years of service. Participants become vested in the Employer matching and profit-sharing contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of the Plan (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account, as defined by the Plan, represents a forfeiture. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$19,732 and \$22,174, respectively. These amounts can be used to reduce future employer contributions or pay expenses of the Plan. Employer contributions and administrative expenses in the amount of \$22,172 and \$7,334 were paid from forfeited non-vested accounts in 2021 and 2020, respectively.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Employer elected to pay a portion of the expenses of the Plan for the years ended December 31, 2021 and 2020.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant whose account balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of his or her account. Upon termination, a participant whose account balance is between \$1,000 and \$5,000 may elect to take a lump-sum distribution, or, if no election is made, the account will automatically be rolled over to an IRA selected by the Plan administrator. If the total balance in the account upon termination is \$1,000 or less, the entire balance will be automatically distributed to the participant in a lump-sum. In addition, hardship and in-service distributions are permitted if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or up to 30 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at a time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator and Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Greenpoint Metals, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Investment Valuation and Income Recognition

Investments are stated at fair (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including all investments in pooled separate accounts and the guaranteed investment contract at December 31, 2021 and 2020, and the related net investment gain from pooled separate accounts and net investment gain from guaranteed investment contract for the years then ended, was obtained or derived from unaudited information supplied to the Plan administrator and certified as complete and accurate by The Voya Retirement Insurance and Annuity Company, the Custodian of the Plan.

4. Plan Termination

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time. Upon termination of the Plan by the Employer, the accounts of the affected participants shall become fully vested, and assets remaining in the fund after payment of appropriate expenses shall be distributed to participants in proportion to their respective account balances.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2021 and 2020

6. Party-in-Interest

The Plan invests in pooled separate accounts managed by Voya Financial Partners, LLC, an affiliate of The Voya Retirement Insurance and Annuity Company (Voya). The Plan also invests in a guaranteed investment contract with Voya (see Note 9). Voya acts as Custodian for the Plan and, therefore, these transactions qualified as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

7. Fair Value Measurements

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units of the pooled separate accounts. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investments will be sold for an amount different from the reported NAV. Transactions (purchases and sales) may occur daily. There are no unfunded commitments or significant redemption restrictions at December 31, 2021 and 2020.

7. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021.

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 0
Investments measured at net asset value				<u>7,042,533</u>
Total assets at fair value				<u>\$ 7,042,533</u>

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020.

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$ 0
Investments measured at net asset value				<u>5,737,605</u>
Total assets at fair value				<u>\$ 5,737,605</u>

8. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with The Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully-benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Greenpoint Metals, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

9. Fully Benefit-Responsive Investment Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA, or (e) premature termination of the contract. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

In addition, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, and (d) a material amendment to the agreement without the consent of the issuer.

10. COVID-19 Outbreak

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan sponsor's financial condition, liquidity, workforce, and future results of operations as well as the effects on the Plan. Management is actively monitoring the global situation on its Plan sponsor's financial condition, liquidity, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Plan sponsor is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to a \$100,000 COVID-19 related distribution from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

11. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 14, 2022 (the date the financial statements were available to be issued) and concluded that, except as noted below, no other subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

Effective July 1, 2022, the Plan was amended and restated in its entirety. The amended is intended to incorporate all necessary changes in law to meet the requirements of the Internal Revenue Code of 1986, as amended and ERISA.
