UBG 401(K) PLAN – WESTERN COOPERATIVE
FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Independent Auditor's Report

Board of Directors
UBG 401(k) Plan - Western Cooperative
Alliance, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of UBG 401(k) Plan - Western Cooperative Company (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the accompanying 2021 Financial Statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UBG 401(K) Plan - Western Cooperative Notes to Financial Statements

NOTE 1 – PLAN DESCRIPTION

The following description of the UBG 401(k) Plan - Western Cooperative Company (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization

The Plan is a defined contribution plan originally effective February 1, 1998. The Plan has been amended throughout the years to comply with tax legislation and most recently restated effective June 30, 2020. The Plan was formerly known as the Western Cooperative Company Co-op 401(k) Plan. The Plan covers substantially all employees of Western Cooperative Company (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 1, 2021, the Plan changed its trustee from Alerus Financial N.A. to Great-West Trust Company, LLC.

Under the terms of the trust agreements between the trustee and the Plan, the trustee invests funds of the Plan in investment pools at approximate percentage guidelines as directed by the Plan participants. The Board of Directors is responsible for the oversight of the Plan.

Eligibility

Eligibility for participation in the Plan is based upon a minimum attained age of 21 years and completion of at least six months of eligible service.

Contributions

Participating employees may defer and direct the Company to contribute up to 100% of their annual compensation through pre-tax or Roth payroll deductions each year. In addition, participants aged 50 and over are allowed to make additional "catch-up" contributions, as defined by the Plan. Total contributions for each participant cannot exceed the limits imposed by the Internal Revenue Service (IRS) as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes matching contributions equal to 50% of participant contributions up to a maximum of 2% of eligible compensation.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and an allocation of (a) the related Company matching contribution, (b) the Plan's investment earnings (losses) and (c) an allocation of administrative expenses. Plan investment income or loss within each fund is allocated to participants based upon their relative account balances as a percentage of the total account balances of all participants in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Investment Options

Participants direct the balance of their account into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and collective funds as investment options for participants. All investments are participant directed.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vest in employer contributions as follows:

<u>Participant Years</u>	<u>Percentage Vested</u>
2	20%
3	40
4	60
5	80
6	100

Forfeited Accounts

At both December 31, 2021 and 2020, forfeited non-vested accounts totaled \$5. The Plan agreement states that these accounts will be used to either pay Plan expenses or at the employer's discretion to reduce employer contributions. In 2021, \$1,731 of forfeiture funds were used to reduce employer contributions.

Payment of Benefits

On termination of service, a participant receives the vested portion of his or her account in a lump sum payment or installment payments. Upon reaching 59½ years of age, a participant with a fully vested account may receive an in-service distribution prior to separation from service. Subject to certain restrictions, distributions to participants under other circumstances are made in the form of whole or partial lump sum payments.

If a terminating participant's vested account balance does not exceed \$1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested balances between \$1,000 and \$5,000 are rolled into an IRA account in the employee's name if they have not provided direction for distribution. Vested account balances exceeding \$5,000 are paid at the participant's discretion or can be left in the Plan until such time the participant wishes to withdraw it, with the account continuing to share in the trust fund income and losses. Distribution cannot be delayed past April 1 following the year that the participant attains age 72.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and currently bear interest at 4.25% - 6.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Hardship Distributions

The Plan agreement states that participants may withdraw money for financial hardship if the participant satisfies certain conditions that qualify as an immediate and heavy financial need.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of CARES Act may be effective and operationalized immediately, prior to amending the plan agreement.

The Plan has implemented the following relief provisions, however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Coronavirus-related distribution: Qualified participants may take a coronavirus-related distribution of up to \$100,000 from their Plan without a 10% early withdrawal penalty. Eligible distributions can be taken up to December 31, 2020. Coronavirus-related distributions may be repaid within three years.

Participant loans: Qualified participants may elect to suspend loan repayments due through December 31, 2020. Repayments must resume in January 2021. Loans will be re-amortized to extend payoff period by one year and will include accrued interest for suspension period. Qualified participants may borrow up to a maximum equal to the lesser of \$100,000 or 100% of their vested account balance through September 22, 2020.

Required minimum distributions (RMDs): RMDs were temporarily suspended for 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

UBG 401(K) Plan - Western Cooperative
Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

All administrative expenses of the Plan are paid for by the Plan out of participant accounts.

Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2022, the date these financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENTS

Certain information related to notes receivable from participants and some investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, the custodian, and Great-West Trust Company, LLC, the trustee, of the plan. Activity prior to the change in trustee is certified as complete and accurate by the former trustee, Alerus Financial, N.A.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

UBG 401(K) Plan - Western Cooperative
Notes to Financial Statements

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV as a practical expedient to fair value based on the fair value of underlying investments at year end. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Investment measured at NAV			<u>1,676,379</u>
Investments at fair value			<u>\$ 8,138,110</u>

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent):

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trust funds at December 31, 2021	\$ 1,001,801	\$ -	Daily	Annual
December 31, 2020	\$ 1,676,379	\$ -	Daily	Annual

The following events may limit the ability of the Plan to transact at contract value:

- The Plan's failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any change in law, regulation, or administrative ruling applicable to the Plan that could have material adverse effect on the Fund's cash flow.
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merge with another plan.
- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrap issuer.

**UBG 401(K) Plan - Western Cooperative
Notes to Financial Statements**

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

- Any change in law regulation or administrative ruling applicable to a plan investing in the Fund that could have a material adverse effect on the Fund's cash flow.

Plan management believes the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

NOTE 5 – GROUP ANNUITY CONTRACT WITH GREAT-WEST LIFE & ANNUITY INSURANCE COMPANY

The Great-West Investments Fixed Account – Series I, which is provided as a core investment option to participants in the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Great-West Investments Fixed Account – Series I is a general account product of the Great-West Life & Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and will be determined by the issuer prior to the last day of the previous calendar quarter, and the effective rate will never be less than 0%. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following events may limit the ability of the Plan to transact at contract value:

- Amendments to the Plan's documents (including complete or partial plan termination or merger with another plan)
- Changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan
- The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA.

The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.

The average and actual yields earned by the GWI Fixed Account – Series Class I for the year ended December 31, 2021, was 0.90%.

UBG 401(K) Plan - Western Cooperative
Notes to Financial Statements

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, Western Cooperative Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

The Plan has adopted a prototype plan that obtained its latest determination letter on June 30, 2020, in which the IRS has stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Up until December 1, 2021, certain Plan investments were managed by Alerus Financial N.A. After changing trustees on December 1, 2021, these Plan investments were managed by Great-West Life & Annuity Insurance Company, the current custodians of the Plan and the parent company of the trustee of the Plan. These transactions qualify as party in interest transactions but are not prohibited transactions as defined by ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
