INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Ninkasi Brewery, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Ninkasi Brewery, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section-

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to our is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Ninkasi Brewery, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General. Established by Ninkasi Brewery, LLC (the Company) on January 1, 2012, the Plan is a tax qualified defined contribution plan formed for the benefit of all eligible employees of the Company. The Plan includes a salary deferral arrangement commonly called a 401(k) plan. Under such provisions, employees are able to make tax deferred contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Generally, all employees of the Company who have attained the age of 21 are eligible to participate in the Plan after completing 500 hours of service with the Company during their first six-month period of employment. If an employee does not complete 500 hours of service during their first six months of employment, they will be eligible to enter the Plan on completion of 1,000 hours of service in a twelve-month period.

Contributions. Eligible employees may make elective 401(k) deferral contributions in either a Traditional (pre-tax) or Roth (after-tax) form to the Plan. Total participant elective deferral contributions are limited by various Internal Revenue Code (IRC) Provisions. Participants over 50 years of age may make additional annual "catch-up" contributions as allowed by the IRC. The Plan also provides that refunds may be made to certain participants in order to comply with certain statutory limits.

Traditional participant elective deferral contributions represent amounts by which an eligible employee has elected a reduction in taxable compensation in consideration of the Company contributing such amounts to the Plan. Such contributions are excluded from the participant's taxable income until received as a distribution from the Plan.

Participants making Roth elective deferral contributions will pay taxes on amounts treated as Roth elective deferral contributions when made. Roth contributions and earnings on those contributions can be withdrawn tax-free as long as the participant has maintained the Roth account for at least five years and is at least age 59½ at the time of withdrawal. Roth contributions are designated irrevocably by the participant at the time of the cash or deferral election. Roth contributions are treated by the plan sponsor as includible in the participant's income at the time the participant would have received that amount in cash if the participant had not made the election.

A participant will be eligible to commence elective deferrals on the first entry date coincident with or following the satisfaction of the eligibility requirements. Entry dates are the first day of each month. After initial participation, a participant may commence, recommence, change, or cease the amount of the deferral by giving notice to the employer at any time.

(Continued)

1. Description of the Plan (Continued)

The Plan provides for employer nonelective safe harbor contributions of 3% of the participant's eligible compensation, which may be elected each plan year. There are no hours of service or end of year employment required to receive an allocation of nonelective safe harbor allocation. During the years ended December 31, 2021 and 2020, safe harbor contributions of $0 and $73,099 were allocated, respectively. The Company made 3% safe harbor contributions on a pay-period basis up to June 30, 2020, at which point the Company elected to cease its safe harbor contributions. As a result, the Plan was subject to Actual Deferral Percentage (ADP) testing and Actual Contribution Percentage (ACP) testing. The Plan passed both ADP and ACP testing and no corrections were needed.

The Plan also provides for discretionary profit-sharing contributions which are made at the option of the board of directors. There are no service or employment conditions required for an eligible participant to receive a profit-sharing contribution allocation. These contributions may be allocated in any manner satisfying the rules applicable to the Plan. During the years ended December 31, 2021 and 2020, the board of directors did not authorize profit sharing contributions.

Participant Accounts. Individual accounts are maintained for each plan participant to reflect the participant's elective deferral, rollover, and employer contributions. These individual accounts are self-directed by the participants, allowing the participants to choose the investment combination they wish from numerous available funds. Income and loss are allocated to a participant's account based on the investment performance of the investments the participant has chosen. The benefit to which a participant or beneficiary is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. The plan trustees entered into an annuity contract with VOYA Investment Management Company (U.S.A.) (VOYA) that contains various pooled separate accounts (PSA) and a guaranteed account from which the participants may choose. If a participant does not make an investment election, any contributions made on the participant's behalf will be invested based on the participant's age and expected retirement date in the Plan's *Voya Index Solution 20xx Portfolio* where *xx* represents the year closest to the participant's anticipated retirement date in even five year increments. The Plan maintains no investments which are not directed by the plan participants.

(Continued)

1. Description of the Plan (Continued)

Participant Notes Receivable. Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by certain participant notes receivable outstanding at the time the new note receivable is taken or anytime within the 12 months prior to the date of the new note receivable) or 50% of their vested account balance. A participant may have two notes receivable outstanding at any time. Note receivable transactions are treated as a transfer between the investment fund and the participant note receivable fund. Note receivable terms are up to five years or up to 15 years in the case of a note used for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at prime rate plus 2%. The interest rate charged on outstanding notes receivable range from 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Vesting. Participants are immediately 100% vested in their elective deferral, rollover, and employer contribution accounts.

Payment of Benefits. On termination of service, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as elected by the participant or beneficiary. The Plan also allows for in-service distributions if a participant suffers a hardship, as defined in the plan document.

Administrative Expenses. Investment advisor fees paid to fund managers are deducted from the various investment options and reflected in the rate of return earned by each fund. Participants have access to investment prospectus that detail these fees. The Plan pays recordkeeping fees charged by VOYA and some third-party administration fees. The plan sponsor pays all other expenses of administering the Plan.

2. Summary of Significant Accounting Policies

Basis of Reporting. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statements of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation. Investments are valued at fair value. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. GAAP also allows for a practical expedient whereby the net asset value (NAV) of investment units owned by the Plan, which meet certain conditions, is used as a substitute for fair value.

(Continued)

2. Summary of Significant Accounting Policies (Continued)

The fair value framework requires the categorization of assets and liabilities into three levels based upon the ability to observe the inputs used to value the assets and liabilities. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Level One provides the most reliable and observable measure of fair value, whereas Level Three generally requires significant judgment.

The three levels of the fair value hierarchy are defined as follows:

- Level One - Unadjusted, quoted prices in active markets for identical assets and liabilities.

- Level Two - Observable inputs, other than those included in Level One. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

- Level Three - Unobservable inputs reflecting assumptions about the inputs used in pricing the asset or liability.

Purchase and sales of securities are recorded on a trade-date basis. The cost of investments sold for the purpose of computing gains and losses is based on average cost. Dividends are recorded on the ex-dividend date. Income from the guaranteed account is reflected as interest income in the statements of changes in net assets available for benefits. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of the Plan's investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Participant Notes Receivable Valuation. Participant notes receivable are carried at unpaid principal balance plus accrued interest. Interest on participant notes receivable is reported as other income on the statements of changes in net assets available for benefits.

Risks and Uncertainties. The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

(Continued)

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits. Benefits are recorded when paid. There were no amounts allocated to persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2021 or 2020.

Subsequent Events. The Plan evaluates subsequent events and the evidence they provide about conditions existing at the date of the statements of net assets available for benefits as well as conditions that arose after the statements of net assets available for benefits date but before the financial statements are issued. The effects of conditions that existed at the statements of net assets available for benefits date are recognized in the financial statements. Events and conditions arising after the statements of net assets available for benefits date but before the financial statements are issued are evaluated to determine if disclosure is required to keep the financial statements from being misleading. To the extent such events and conditions exist, disclosures are made regarding the nature of events and the estimated financial effects for those events and conditions. For purposes of preparing the accompanying financial statements and the following notes to these financial statements, the Plan evaluated subsequent events through October 12, 2022, the date the financial statements were available for issue.

3. Annuity Contract with Insurance Company

The plan investments are held in an annuity contract issued by VOYA. The annuity contract includes various PSAs and one guaranteed account and is reported at fair value. The guaranteed account consists of assets which are co-mingled with VOYA's general assets.

Because of the restrictions placed upon plan participants' ability to direct the withdrawal or transfer of their guaranteed account investments at contract value, the contract does not meet the definition of a fully benefit-responsive investment contract. As a result, the guaranteed account is carried at fair value rather than contract value. Contract value of the guaranteed account is the balance shown to participants on their statements and represents contributions and earnings on the underlying investments, less charges for participant withdrawals and administrative expenses. Contract value approximates fair value at December 31, 2021 and 2020.

Interest is credited daily on investments in the guaranteed account. VOYA may change the interest rate credited at any time, except that a decrease initiated solely by VOYA will not be applied prior to the last day of the three-month period beginning on the first day of the month such change was effective. The interest crediting rate will never be less than 1%.

The Company or VOYA can declare a contribution cessation date with 90 days' notice to the other party. After a contribution cessation date, no further contributions will be made to the annuity contract and no new plan accounts will be established.

There are no reserves against the fair value of the annuity contract for credit risk of the contract issuer or otherwise.

4. Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value:

- Units held in PSAs are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. These investments are redeemable daily at NAV by participants and have no commitment provisions.

- The fair value of the guaranteed account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

In accordance with GAAP, all investments valued using NAV as a practical expedient have not been classified in the fair value hierarchy.

The fair valuation methodology used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

The following presents a summary of the Plan's investments measured at fair value:

	Fair Value Measurement at December 31, 2021			
Description	**Total**	**Quoted Prices in Active Markets for Identical Assets (Level One)**	**Significant Other Observable Inputs (Level Two)**	**Significant Unobservable Inputs (Level Three)**
Pooled separate accounts	$ 2,993,506	$ -	$ -	$ -
Guaranteed account	37,008	-	-	37,008
Total	$ 3,030,514	$ -	$ -	$ 37,008

4. Fair Value Measurement (Continued)

The following sets forth the primary investment strategies of significant PSAs as of December 31, 2021 and 2020:

- *American Funds Growth Fund of America* - The fund invests primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. It may invest up to 25% of its assets in securities of issuers domiciled outside of the United States. The investment advisor uses a system of multiple portfolio managers in managing the fund's assets. Under this approach, the portfolio of the fund is divided into segments managed by individual managers.

- *American Funds Washington Mutual Investors Fund* - The fund invests primarily in common stocks of established companies that are listed on, or meet the financial listing requirements of, the New York Stock Exchange and have strong record of earnings and dividends. Its advisor strives to maintain a fully invested, diversified portfolio, consisting primarily of high-quality common stocks.

- *Vanguard 500 Index Fund* - The investment seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks.

- *Vanguard Balanced Index Fund* - The investment seeks to track the performance of a benchmark index that measures the investment return of the overall US stock market with 60% of its assets. The fund seeks to track the performance of a broad, market-weighted bond index with 40% of its assets.

- *VOYA Index Solution (2030-2060)* - The investment seeks to provide total return consistent with an asset allocation targeted at retirement year.

See independent auditors' report.

5. Information Certified by the Insurance Company

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VOYA, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

Total investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $3,065,920 and $2,562,202 as of December 31, 2021 and 2020, respectively.

Total investment income and interest on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits, of $444,167 and $381,897 for the years ended December 31, 2021 and 2020, respectively.

All investment-related information and participant loans in the accompanying supplemental Form 5500, Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

6. Income Tax Status

The Plan utilizes a prototype plan document and relies on the opinion letter issued to the prototype document sponsor. The prototype document sponsor received an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the prototype document sponsor received the opinion letter. However, the Company believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2021 and 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditors' report.

7. Related Party Transactions

VOYA is the manager of the PSAs and general account underlying the Plan's investment contract. As manager, VOYA receives fees from the managed accounts, which affect investment performance. Participants have access to fund information which includes this expense information.

VOYA has an administrative service contract with the Plan as of December 31, 2021. Under this agreement, VOYA is responsible for, among other things, maintaining participant account records and making participant account information available to the participants by means of telephone and internet.

Fees for some of the administrative expenses were billed directly to the plan sponsor and other fees were deducted from plan assets. Total fees paid to VOYA by the Plan under this contract for the years ended December 31, 2021 and 2020 amounted to $22,016 and $14,335, respectively.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination participants will become fully vested in their accounts under the Plan.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as of December 31, 2020 per these financial statements to the Form 5500:

Net assets available for benefits per financial statements	$	2,562,736
Plus amounts included as assets per the Form 5500 but not included as assets on these financial statements:		
Market value adjustment general account		1,543
Net assets available for benefits per Form 5500	$	2,564,279

See independent auditors' report.
