Independent Auditor's Report

Defined Benefit Plans Committee and Plan Participants
Eastern Connecticut Health Network, Inc. Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Eastern Connecticut Health Network, Inc. Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of January 1, 2021, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Eastern Connecticut Health Network, Inc. Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a non-contributory defined benefit pension plan which provides for retirement, death, and disability benefits. The Plan covers substantially all employees of the Eastern Connecticut Health Network, Inc. ("ECHN" or the "Company") who had completed one year of service, as defined in the agreement, and had attained age 21 as of October 2008. Effective December 2008, entry to the Plan was frozen. The Plan was amended effective December 31, 2013, to freeze all future benefits.

The Plan is sponsored by ECHN and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The sponsorship of the Plan was transferred to Prospect ECHN, Inc. ("Prospect" or the "Plan Sponsor") on October 1, 2016, the closing date of the sale of ECHN to Prospect Medial Holdings, Inc.

Plan Administration: Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Trustee") is the trustee for the Plan. The Plan is administered by the Defined Benefit Plans Committee (the "Committee"), which is appointed by the Company's Board of Directors.

Funding Policy: Section 412 of the Internal Revenue Code ("IRC") includes minimum funding requirements for defined benefit plans. The Company's policy is to meet these minimum funding requirements as determined by the Plan's actuary, Principal Financial Services, Inc. (the "Actuary").

Vesting: A participant becomes vested after five years of service, as defined by the Plan document.

Distribution of Benefits: The Plan provides for retirement, death, and disability benefits in the form of a Single Life Annuity, a Contingent Life annuity, a 10-year Certain and Continuous Annuity, Social Security Adjustment Benefit, or Lump-Sum Payment. Such benefits are defined in the Plan agreement and are based on compensation levels and years of credited service prior to December 31, 2013.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, as well as the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ materially from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities, in general are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2021 financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's net gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Company, and are excluded from these financial statements. There is no guarantee the Company will continue to pay for expenses on behalf of the Plan. Expenses not paid by the Company are paid by the Plan and are recorded in administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net (depreciation) appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Subsequent Events: The Company has evaluated subsequent events through October 14, 2022, which is the date that the financial statements were available to be issued. Subsequent to December 31, 2021, the Plan's adjusted funding target attainment percentage ("AFTAP") fell below 80%. As a result, certain restrictions were placed on benefit payments.

Note 3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurement ("ASC 820"), provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no significant changes in valuation methodologies at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Common stocks: Valued at the closing price reported on the applicable stock exchange.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 152,093	\$ -	\$ -	\$ 152,093
Total assets in the fair value hierarchy	\$ 152,093	\$ -	\$ -	152,093
Investments measured at NAV*				127,615,439
Investments at fair value				\$ 127,767,532

	2020			
	Level 1	Level 2	Level 3	Total
Common stocks	\$ 149,265	\$ -	\$ -	\$ 149,265
Total assets in the fair value hierarchy	\$ 149,265	\$ -	\$ -	149,265
Investments measured at NAV*				140,281,165
Investments at fair value				\$ 140,430,430

*In accordance with ASC subtopic 820-10, the pooled separate accounts are measured at NAV per share (or equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers between levels during the years ended December 31, 2021 and 2020.

The following table summarizes investments at fair value based on NAV per share (or equivalent) as a practical expedient as of December 31, 2021 and 2020. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2021	2020			
Pooled separate accounts	\$ 127,615,439	\$ 140,281,165	\$ -	Daily	None

Note 4. Unallocated insurance Contract Fund

The Plan has an unallocated insurance contract fund with Aetna Life Insurance Company (Aetna). Aetna maintains the contributions in an unallocated fund to which it adds interest at a rate of at least 3.5% annually. This contract is recorded at contract value which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. In the event the Plan terminates this contract, premiums at predetermined rates would be withdrawn by Aetna from the unallocated fund to purchase annuities for the retirees in which Aetna is obligated to pay benefits.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

Note 5. Information Certified by the Trustee and Aetna

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2021 and 2020, and net (depreciation) appreciation in fair value of investments for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

Note 6. Funding Policy

The Company has agreed to make contributions to the Plan sufficient to provide the Plan with assets to pay pension benefits to participants, subject to the minimum funding's requirements of ERISA and the maximum contribution limitations of the IRC. For the Plan year ended December 31, 2021, the Plan's funding ratio was greater than 80%, which resulted in no restrictions being placed on lump sum distributions to Plan participants. The value of the Plan's investments has a direct impact on its funded status. The actual impact, if any, and future required contributions cannot be determined at this time.

In accordance with guidelines promulgated by the Pension Protections Act of 2006, the funded position of the Plan is measured by comparing the actuarial value of Plan assets with the funding target (disregarding at-risk assumptions specified in IRC section 430(i)(1)) (the "Funding Target"). The Funding Target is the present value of benefits accrued under the Plan as of the beginning of the Plan year, determined under "not-at-risk" assumptions. The Funding Target is the amount, under ERISA, on which the employer contribution limits are based. The Plan's funded percentage (actuarial value of Plan assets less the credit balance divided by the Funding Target) was 84.10% as of January 1, 2021.

As of December 31, 2021, there were \$1,513,067 of employer contributions receivable that were funded subsequent to year end. As of December 31, 2020, there were no employer contributions receivable that were funded subsequent to year-end.

Note 7. Actuarial Present Value of Accumulated Plan Benefits, Methods and Assumptions

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to employees who have rendered services as of the benefit information date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on any five consecutive plan years out of the last 10 plan years divided by five that produces the highest average, on the date as of which the benefit information is presented.

Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The Plan Sponsor permanently froze all Plan benefits and participation as of December 31, 2013, to the extent not previously frozen (see Note 1).

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The most recent computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2021. Had the valuation been performed as of December 31, 2020, there would be no material difference.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

The significant actuarial assumptions used to determine the actuarial present value of accumulated plan benefits as of January 1, 2021 and 2020, were as follows:

Discount rate:

2021	2.00%
2020	2.75%

Mortality:

2021	Mortality is based on the Pri-2012 blue collar base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2016-10).
2020	Mortality is based on the Pri-2012 blue collar base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2015-10).

Inflation rate:

2021	2.25%
2020	2.25%

Probability of Retirement:

2021		2020	
Attained Age (Years)	Rate	Attained Age (Years)	Rate
55 - 63	2%	55 - 63	2%
64 - 69	20%	64 - 69	20%
70 and above	100%	70 and above	100%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits (see Note 9).

Note 8. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated March 12, 2015, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Eastern Connecticut Health Network, Inc. Pension Plan

Notes to Financial Statements

Upon termination of the Plan, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in order of priority determined in accordance with ERISA, applicable regulations there under, and the Plan document. Certain benefits under the Plan are insured by the PBGC if the Plan terminates.

Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the maximum amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

Note 10. Related-Party and Party-in-Interest Transactions

During 2021 and 2020, Plan investments include pooled separate accounts held by Principal Life Insurance Company, a related company of Principal Trust Company. Principal Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Assumptions prescribed by law

Mortality	<u>During benefit payment period</u>
	IRS Prescribed Mortality - Static Annuitant, male and female.
	<u>Before benefit payment period</u>
	IRS Prescribed Mortality - Static Non-annuitant, male and female.

Assumptions selected by actuary

Inflation	2.25% increase per year.
	See Long-Term Capital Market Assumptions link.
Expected expense	The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.
Retirement	Active participants
	Age Probability of retirement
	55-63 2%
	64-69 20%
	70 Remaining participants
	Inactive participants are assumed to retire at age 65.
	This assumption is based on the results of recent experience analysis and anticipated future experience.
Disability	None. This plan does not offer a subsidized disability benefit therefore the disability assumption is built into the withdrawal assumption.
Marriage	85% married; husbands are 3 years older than wives.
	This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.
Withdrawal	2003 Society of Actuaries Small Plan Age Table, multiplied by 1.00.
	We rely on a publicly published table due to the limited size of the plan. The SOA Small Plan Age Table is the most recent withdrawal experience table published by the Society of Actuaries. A multiplier of 1.00 is applied to this table to reflect the results of the most recent experience analysis and anticipated future experience.
Form of benefit	Participants are assumed to receive their benefits on the normal form at the assumed retirement age.

Retirement cost of living adjustment	2.25% per year		
	Retirement Cost of Living Adjustment should be consistent with the inflation assumption, not to exceed 3.00% as defined by the plan.		
Methods prescribed by law			
Liability measure	Funding target is the present value of the benefits accrued on the valuation date.		
	Target normal cost is based on benefits expected to accrue during the current plan year and includes an estimate of plan expenses for the year.		
HCE benefit payment restrictions	A ratio of the plan assets and accrued liability is used to determine if restrictions apply. Assets and accrued liability are as of the valuation date and are reduced by: any retiree benefit index or floor amounts for HCEs who were previously restricted an amount for the retiring HCE		
	The estimated HCE ratio illustrated in this report is based on the market value of plan assets (excluding late deposits) and funding target as of the valuation date. The funding target uses the non-stabilized interest rates as defined in IRC §430(h)(2)(C)(iv). Other assumptions or methods could be used.		
Methods selected by plan sponsor			
Asset method	Market value		
Segment rates	24-month average with no weighting to prior law basis. Use rates where December is the last month included in the average.		
PBGC premium basis	Variable rate premiums are calculated using census, market value of assets and the one-month average of corporate bond rates in effect on the valuation date. You elected this Standard interest method and the method must be used for five years before a change can be made.		
	Segment 1 years 0-5 0.51%	Segment 2 years 5-20 2.26%	Segment 3 years 20+ 3.01%

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods
Eastern Connecticut Health Network, Inc. Pension Plan
EIN 81-2312893 Plan No. 001

Methods elected by actuary

Retirees	Assets and liabilities for current and future retirees are included.
Vested benefits	A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date. The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

Mortality	Based on Pri-2012 Blue collar base rate mortality table projected generationally using the Principal Mortality Improvement Scale (Principal 2016-10). <u>Base rates</u> Before benefit payment period Employee amount-weighted, male and female During benefit payment period Retiree amount-weighted, male and female The Society of Actuaries is an actuarial organization that periodically reviews mortality data and publishes mortality tables and improvement scales. In October 2019, the SOA released the Pri-2012 Mortality Tables for private-sector retirement plans in the U.S. The Pri-2012 report contains different sets of mortality tables based on complete dataset or various subsets. The Blue collar base rate table was selected based on information provided by the plan sponsor. Pri-2012 section 12.4. provided three approaches for designated beneficiaries in the calculation of joint-and-survivor annuities. We believe "Approach 1" is reasonable for this plan and has been selected due to data limitations in identifying contingent survivors. In addition, we believe beneficiary mortality isn't materially different while both participants are alive. <u>Mortality improvement (MI)</u> Principal 2016-10 MI scale: this scale is based on MP-2020 study and model issued by SOA with the exception of the following user-selected assumptions: • 10-year convergence period on age and cohort • Long-term rates (LTR) assumptions using sex-distinct and age-based rates developed from Social Security Trustees Reports. See <u>Mortality Documentation</u> for rationale and additional information.
Interest rate used to value liabilities	2.00% The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

Treatment of administrative expenses

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 22 - Description Of Weighted Average Retirement Age
Eastern Connecticut Health Network, Inc. Pension Plan
EIN 81-2312893 Plan No. 001

The weighted average retirement age is weighted by the expected percentage of active participants retiring at each age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.

This report reflects the maximum benefit limits under Internal Revenue Code (IRC) Section 415 and maximum compensation limits under IRC Section 401 in effect on the first day of each plan year.

The following is a summary of plan provisions and does not alter the intent or meanings of the provisions contained in the contract or plan document. This report reflects the provisions of the plan signed 12/20/2013 including amendments through number 7.

Plan eligibility

Class No new entrants are allowed to enter the plan effective 05/31/2008 for non-collectively bargained employees and effective 10/31/2008 for collectively bargained employees.

Normal retirement benefit

Age Attained age 65.

Service 5 years of vesting service.

Form Monthly annuity payable for life (optional forms may be elected in advance of retirement).

Amount (accrued benefit) non-transition participants Greater of a), b), or c) below

- a) 2% of average annual compensation minus 1.5% of Social Security benefit times service (maximum of 35 years).
- b) 0.8% of average annual compensation plus 0.6% of the average annual compensation greater than covered compensation times service (maximum of 35 years)
- c) Sum of 1) and 2) below:
 - 1) Accrued benefit as of 12/31/1983
 - 2) 1.25% of compensation up to \$7,800 plus 2% of compensation in excess of \$7,800 for years of service after 12/31/1983

The maximum benefit is:

- a) \$20,000 for participants who first perform an hour of service prior to 3/15/1992
- b) \$600 times service for participants who first perform an hour of service on or after 3/15/1992

Benefits are frozen as of 12/31/2008

Schedule SB, Part V - Summary of Plan Provisions
 Eastern Connecticut Health Network, Inc. Pension Plan
 EIN 81-2312893 Plan No. 001

Amount (accrued benefit) transition participants Greater of a), or b) below
 a) Accrued benefit as of 12/31/2008
 b) 0.8% of average annual compensation plus 0.6% of the average annual compensation greater than covered compensation times service (maximum of 35 years)
 Benefits are frozen as of 12/31/2013

Cost of living adjustment Accrued benefit as of 12/31/1992 is subject to a cost of living adjustment based on the consumer price index published monthly by the Bureau of Labor Statistics.
 The adjustment for each plan year will be determined by a) divided by b) below:
 a) the consumer price index for the 4th month preceding the beginning of the plan year
 b) consumer price index for the 4th month preceding the previous plan year or the participant's benefit commencement date if later.
 The maximum annual cost of living adjustment is 3%.

Early retirement benefit

Age Attained age 55.
Service Completed 5 years of service.
Form Same as normal retirement benefit.
Amount Accrued benefit on early retirement date reduced by 6 2/3% for each year up to five and 3 1/3% for each year between five and ten that the early retirement date precedes normal retirement date.

Late retirement benefit

Age No maximum age.
Form Same as normal retirement benefit.
Amount For active participants - greater of accrued benefit as of normal retirement date with cost of living adjustments as appropriate through the late retirement date and accrued benefit as of the late retirement date. Participants who work less than 80 hours per month are required to commence benefits after reaching Normal Retirement Age.

Schedule SB, Part V - Summary of Plan Provisions
Eastern Connecticut Health Network, Inc. Pension Plan
EIN 81-2312893 Plan No. 001

Termination benefit

Vesting percentage	100% after five years of vesting service.
Form	Same as normal retirement benefit with income deferred until normal retirement date.
Amount	Accrued benefit on date of termination multiplied by the vesting percentage.

Pension Subsidy

Eligibility	A participant who: - Was hired by Manchester Memorial Hospital on or prior to 6/30/1995 - Full-time employee of Manchester Memorial Hospital on 9/30/2005 - Elects to retire on or after 10/10/2005 - Was continuously employed by Manchester Memorial Hospital from 7/1/1995 until his or her retirement date.
Form	Same as normal retirement benefit.
Amount	<u>At normal retirement date</u> \$66 per year of benefit service. All service after 1/1/2014 will be disregarded. <u>At early retirement date</u> prior to age 62 amount reduced by 6 2/3% for each year up to five and 3 1/3% for each year that precedes age 65. <u>At death</u> If the participant dies prior to his benefit commencement date but after becoming eligible to retire the amount payable is the applicable retirement benefit above reduced by the plan's applicable death benefit adjustments below.

Death benefit

Survivor annuity death benefit

Eligibility	Qualified married participant fully or partially vested in an accrued benefit.
Form	Monthly annuity payable to spouse, deferred to participant's earliest retirement date if later than the date of death.
Amount	If death occurs, the amount paid to the surviving spouse is equal to the amount that would have been paid had the participant terminated employment on the date of death and survived to his/her earliest retirement age, retired with a qualified joint and 50% survivor annuity in effect, then died the next day.

Pre-retirement death benefit

Eligibility	Active participant who has attained age 50 and with 15 years of vesting service or has reached early retirement date.
Form	Monthly annuity payable to spouse immediately after participant's death.
Amount	50% of participant's accrued benefit reduced by 0.5% for each year over 5 years by which the spouse is younger than the participant; however, the benefit shall not be less than 40% of the participant's accrued benefit.

Definitions

Average compensation	The 5 consecutive plan years out of the last ten that produces the highest average.
-----------------------------	---

Covered compensation	The monthly average of the social security taxable wage bases in effect under section 230 of the Social Security Act for each year in the 35 year period ending with the year in which the employee attains social security retirement age.
-----------------------------	---

Transition participant	Participant who continued to accrue benefits under the plan after 12/31/2008. A participant was eligible to be a transition participant if they met the following requirements:
-------------------------------	---

Sum of the participant's age and years of vesting service was equal to at least 65 on 12/31/2008

Completed at least 5 years of vesting service on 12/31/2008

Actively employed by Manchester Memorial Hospital, Rockville General Hospital or Eastern Connecticut Health Network, Inc. on 12/31/2008

Participant made an irrevocable election

Optional forms of benefit payments

The optional forms of benefit payments are:

Monthly annuity payable for life, or 10 years certain and life

Monthly annuity payable as a survivorship life annuity with survivorship percentages of 50, 75, or 100

Social security adjustment

Single sum payment up to \$10,000.

The optional form conversion bases are:

50% survivorship – 90% plus (minus) 0.5% for each full year the contingent annuitant is older (younger) than the participant to a maximum of 96%

The Employee Retirement Income Security Act of 1974, Section 103(c)(4), requires the plan administrator to furnish an explanation of a change in the enrolled actuary as part of the annual report. There was a change in enrolled actuaries since last year. The actuarial valuation work continues to be done by Principal Life Insurance Company. However, the individual involved with this plan as the enrolled actuary has changed due to a change in the plan assignment among enrolled actuaries at Principal Life Insurance Company.
