RUDD GROUP RETIREMENT PLAN
INDEPENDENT AUDITOR'S REPORT AND
FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

INDEPENDENT AUDITOR'S REPORT

Retirement Plan Committee
Rudd Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Rudd Group Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RUDD GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of Rudd Group Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan administrator.

General - The Plan is a multiple-employer defined contribution plan sponsored by LRICO Services, LLC (the “Company”) for the benefit of its employees and the employees of its affiliates, including but not limited to Standard Beverage Corporation, Restaurant 209, LLC, Palomar Beverage Company, LLC, Rudd Foundation, Cities West Media Inc. (formerly Cities West Publishing, Inc.), Quench Fine Wines, LTD, Victory Fine Wine Group, LLC, FWS Distributors, LLC (formerly Florida Beverage, LLC), Maverick MN, LLC (formerly Negoce, LLC), and Rudd Wines, Inc. (the “Employers”) for the benefit of all employees of the Company. Employees are eligible to participant the first day of the month coinciding with or following 60 days of service.

The Plan is administered by the Company’s Retirement Plan Committee (the “Committee”), which is a committee of the Management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. Matrix Trust Company is the trustee of the Plan and also serves as Plan custodian.

Plan amendments - Effective November 15, 2021, the Plan was amended to add an after-tax contribution deferral election and to permit in-plan Roth transfers.

Contributions - The Plan permits eligible participants through a salary deferral election to make annual pre-tax or Roth contributions up to 100% of eligible compensation, subject to certain Internal Revenue Code (“IRC”) limitations. Effective November 15, 2021, the Plan was amended to add an after-tax contribution deferral election and to permit in-plan Roth transfers. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The employer matching contributions are discretionary. For the years ended December 31, 2021 and 2020, all Employers, with the exception of Quench Fine Wines, LTD, Victory Wine Group, LLC, FWS Distributors, LLC (formerly Florida Beverage, LLC), and Maverick MN, LLC, (formerly Negoce, LLC) (these four employers did not provide for an employer matching contribution), elected to contribute 100% of the first 3% and 50% of the next 3% of base eligible compensation (up to a 4.5% discretionary employer match if participants contribute up to 6%). Participants must meet a service requirement of 60 days in order to receive the discretionary employer match. Additional employer match amounts may be contributed at the option of the respective employers.

(1) Description of plan (continued)

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. The Plan currently offers 26 mutual funds, a collective investment trust and a self-directed brokerage account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary employer match contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions and amounts rolled over or transferred into the Plan plus actual earnings are 100% vested immediately. Employer discretionary contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants whose employment terminated as a result of the sale of Distillery No. 209, Ltd. Napa, California on November 8, 2018 (closing date), shall have their plan accounts accelerated to 100% vesting as of the closing date. Participants whose employment terminated as a result of the sale of OGC Investments, LLC on January 3, 2019 (closing date), shall have their plan accounts accelerated to 100% vesting as of the closing date.

Notes receivable from participants - The Plan allows participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant can have one loan currently outstanding from the Plan and the term of the note cannot exceed 5 years, unless the loan qualified as a primary residence loan, which is allowed a term of no more than 10 years. The loans are secured by the balance in the participant's account and bear interest at the rate of 1% over the current New York Prime rate as published in the Wall Street Journal. The interest rate shall remain constant for the term of the loan. Principal and interest are paid ratably through payroll deductions.

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Payment of benefits - Upon termination of service due to any reason, a participant (or beneficiary) may elect to receive an amount up to the value of the vested interest in his or her account as a lump sum cash distribution; a direct rollover distribution to an eligible retirement plan specified by the participant (or beneficiary) or designated by the Plan administrator; a combination of a cash distribution and a rollover; or ad-hoc distributions to satisfy RMD requirements. Upon termination, a participant with a vested account balance less than \$1,000 will automatically receive a lump sum cash distribution. In the event a distributable amount is greater than \$1,000, but less than \$5,000, if the participant is under age 62 and does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution, then the Plan administrator will deposit the distribution in a direct rollover to an IRA designated by the Plan administrator. Benefits may also be withdrawn for certain qualifying hardship circumstances. Other in-service distributions are available to participants who have reached age 59.5.

Effective December 20, 2019, the Secure Every Community Up for Retirement Enhancement ("SECURE") Act became law. The SECURE Act changes the age participants must take minimum required distributions to 72; however, this provision was temporarily suspended by regulatory changes during the year 2020 as a result of COVID-19. Required minimum distributions were allowed to be suspended from December 20, 2019 to December 31, 2020. Benefits could also be withdrawn for certain qualifying hardship circumstances during the same time frame.

Forfeited accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$64,634 and \$38,177 respectively. These accounts are to be used to pay certain plan expenses and to reduce future employer contributions. For the years ended December 31, 2021 and 2020, employer contributions were reduced by \$327,002 and \$177,780, respectively, from forfeited nonvested accounts. Also, for the years ended December 31, 2021 and 2020, certain plan expenses were reduced by \$6,866 and \$2,569, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of asset and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Unit values - Individual participant accounts for the collective investment trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess contributions refundable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding addition to benefit payments paid to participants. See discussion in note 8.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative expenses - Certain administrative services and expenses of maintaining the Plan are provided by and paid directly by the Company and are excluded from these financial statements. Fees specific to participant transactions that are charged against the participant's account balance and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Investment advisory fees are charged to participant accounts as applicable and also included in administrative expenses along with other recordkeeping and administrative expenses.

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Regulatory changes - As a result of the COVID-19 global pandemic, the United States Congress passed The Coronavirus Aid, Relief, and Economic Security (“CARES”) Act on March 27, 2020, which included several optional provisions for employee benefit plans. Management adopted a provision (effective March 27, 2020) which allowed eligible participants to take coronavirus related hardship distributions. The Plan also gave participants the option to suspend required minimum distributions and delay outstanding loan payments through December 31, 2020.

(3) Information prepared and certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments as of and for the years ended December 31, 2021 and 2020:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan’s independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective investment trust: This investment option is a stable value fund which is valued at the NAV of the units of the individual collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan's collective trust investments may be redeemed on a daily basis.

Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. See Note 5.

Self-directed brokerage account: Investments held by the Plan primarily consist of global equities, treasuries, commodities and treasury securities that are held in a liquid Exchange Traded Fund ("ETF") structure. ETFs held by the Plan are registered with the SEC and listed for trading and trade throughout the day on stock exchanges and are priced and transacted at their NAV. The ETF held as a self-directed brokerage account is deemed to be actively traded (Level 1).

RUDD GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Investments measured at NAV *				
Collective investment trust				1,179,595
Total Investments at fair value				<u>\$ 30,164,861</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020:

Collective Investment Trust	Fair Value as of December 31,		Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

RUDD GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) **Fair value measurements (continued)**

- (a) The objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments, while maintaining sufficient liquidity to provide participant directed withdrawals at their proportionate share of contract value.

(5) **Collective investment trust**

Reliance Trust Company Stable Value Fund - The Reliance Trust Company Stable Value Fund (the "Fund") is a collective investment trust and considered to be a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund does not invest directly in fully benefit-responsive contracts; rather, it invests in underlying assets (fixed income securities or bond funds and insurance contracts) and enters into a "wrapper" contract issued by a third party.

The Fund is valued at the NAV of the units of the individual collective trust. The NAV is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The fund is valued at fair value and then adjusted by the issuer to contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create a competing fund, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Units of the fund are issued and redeemed at the current NAV.

(6) **Related party transactions and party-in-interest transactions**

Fees incurred by the Plan for investment management and advisory services, provided by Matrix Trust Company, are included in the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to Milliman, Inc., Matrix Trust Company, UBS Financial Services, Inc. and to the Plan's third party auditor of \$159,620 and \$185,474 for the years ended December 31, 2021 and 2020 respectively, for recordkeeping, administrative, advisory, and auditing services, which were not covered by revenue sharing and are included in administrative expenses. The Company pays directly any other fees related to the Plan's operations not paid out of forfeitures.

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their discretionary employer contributions.

(8) Excess contributions refundable

For the years ended December 31, 2021 and 2020, payments of \$47,101 and \$0, respectively, were made subsequent to the Plan year end to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2021 and 2020, \$47,101 and \$0 respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 35,384,840	\$ 30,516,010
Excess contributions refundable not accrued on the Form 5500	47,101	-
Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 35,431,941</u>	<u>\$ 30,516,010</u>

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2021 and 2020 to Form 5500:

	Years Ended December 31,	
	2021	2020
Net increase per the financial statements	\$ 4,868,830	\$ 3,922,933
Less prior year excess contributions refundable	-	(38,738)
Add current year excess contributions refundable	47,101	-
Net income per Schedule H of the Form 5500	<u>\$ 4,915,931</u>	<u>\$ 3,884,195</u>

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(10) Tax status

The Company adopted a Volume Submitter Profit Sharing Plan (Milliman, Inc. Defined Contribution Volume Submitter Plan and Trust) sponsored by its third-party administrator. The Internal Revenue Service ("IRS") has determined that the prototype plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and Committee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) COVID -19

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramifications, and any government actions to mitigate them. Accordingly, the Plan Sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

RUDD GROUP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(13) Correction

It was discovered during 2021 that the Actual Contribution Percentage (“ACP”) testing for Plan years 2019 and 2020 was incorrectly calculated causing the ACP test to pass when it should have failed. This resulted in the Plan needing to refund excess contributions to remain in compliance. Refunds for Plan years 2019 and 2020 were distributed during December 2021 in the amount of \$35,250 and \$26,988, respectively, and are included in these financial statements as benefits paid to participants for the year ended December 31, 2021.

(14) Subsequent events

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statement or accompanying footnotes.
