To the Trustees
Travel Traders Hotels Inc. 401(k) Plan
Deerfield Beach, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Travel Traders Hotels, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements. ("2021 Financial Statements")

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion – 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion – 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management – 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one (1) year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit – 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Continued from previous page

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Continued from previous page

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 12, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

General

The Travel Traders Hotels Inc. 401(k) Plan (the “Plan”) is sponsored by Travel Traders Hotels, Inc. and affiliated entities (the “Sponsor”), effective January 1, 1992, and is maintained for the exclusive benefit of its employees and their beneficiaries. The terms of the Plan permit employees to make elective contributions to the Plan out of their compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following is a brief description of the Plan and is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions, which is available to all participants upon request.

Plan Administration

The Plan is administered by the Sponsor and DCS Retirement Group, Inc. (“TPA” or “DCS”). The Standard Insurance Company (“Custodian” or “The Standard”) has been appointed the Custodian of the Plan’s assets. Under the terms of the Trust agreement, the Custodian holds and invests the funds of the Plan subject to the direction of the participants.

Eligibility

An employee of the Sponsor is eligible for participation in the Plan if he or she (a) has attained age 21 and (b) has completed three (3) months of service. Participants enter the Plan on the first day of the month following the month that the eligibility requirements are met.

Contributions

Each year, a participant may defer 100% of total compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code (“IRC”). The maximum pre-tax contribution for the year ended December 31, 2021 was \$19,500. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions of \$6,500 for the year ended December 31, 2021.

The Sponsor contributed discretionary matching contributions equal to 25% of each participant’s elective deferrals up to 6% of each participant’s deferral. The maximum discretionary matching contribution is equal to 1.5% of each participant’s compensation. The Sponsor may also make non-elective contributions each year. On October 8, 2021, the Sponsor reinstated the employer match.

A participant may change their contribution levels up to twelve (12) times per year on the first business day of each month of the Plan year and may terminate their election to participate at any time.

Rollovers

The Plan accepts eligible rollover contributions from qualified retirement plans.

Participant Accounts

The Plan maintains separate accounts for each participant. Each participant’s account is credited with the participant’s contribution and allocations of the Sponsor’s contribution and the Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 – Description of Plan, continued

Vesting and Forfeitures

Participant contributions and rollovers are fully vested and non-forfeitable at all times. Participants vesting of discretionary employer matching and non-elective contributions plus actual earnings thereon are based on years of credited services at the following rates: a year of service is a twelve (12) month consecutive period in which a participant is credited with a minimum of 1,000 hours of service.

<u>Years of Service</u>	<u>Vesting Percentages</u>
Less than 1	0%
2	33%
3	67%
4 or more	100%

Normal retirement is age 65. Early retirement age is 55 with the completion of four (4) years of service.

Forfeited balances of terminated participant's non-vested accounts may be used to pay the Plan's administrative expenses or reduce the employer discretionary contributions. During the year ended December 31, 2021, total forfeitures used to reduce the employer match was \$1,717. As of December 31, 2021 and 2020, the forfeitures balance was \$0 and \$1,147, respectively.

Payment of Benefits

Participants may elect to receive lump-sum or installment distributions. Participants are eligible for distribution upon termination, retirement, disability, death or attainment of age 59 ½. The Plan also allows for hardship distributions of participant contributions based on proven financial need, as defined by the Internal Revenue Service ("IRS"). A participant cannot make elective contributions for six (6) months after a hardship distribution. The Plan automatically distributes participant accounts with balances less than \$5,000 upon termination of employment. If the participant's account balance is between \$1,000 and \$5,000, the distribution will be made to an Individual Retirement Account ("IRA") account. For account balances over \$5,000, the participant must request payment. As a result of the CARES Act, the Plan allowed participants to take coronavirus related distributions.

Notes Receivable from Participants

Participants who are employed by the Sponsor may borrow a minimum loan amount of \$1,000 up to a maximum loan amount of the lesser of \$50,000 or 50% of the participant's vested account balance. The term of the loan must not exceed five (5) years, except for a home loan for which the loan must not exceed ten (10) years. Participants may only have one (1) loan outstanding at any time. Interest charged is a reasonable amount as determined by the Sponsor.

The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Sponsor. All loans must have a definite repayment period for the loan to be amortized on a level basis over a reasonable period of time. Principal and interest are paid through payroll deductions.

Note 1 – Description of Plan, continued

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRIC"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a FBRIC through the Stable Asset Fund II ("Fund"). See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contributions Refundable

Amounts payable to participants totaling was \$532 and \$0 for the years ended December 31, 2021 and 2020, respectively, for contributions in excess of amounts allowed by the IRS, are recorded as a liability in the statements of net assets available for plan benefits, with a corresponding reduction to participant contributions.

Note 2 – Summary of Significant Accounting Policies, continued

Date of Management's Review

Subsequent events were evaluated through October 17, 2022, which is the date that the financial statements were available to be issued.

Note 3 – Investments Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 and 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments and notes receivables from participants reported on the accompanying statements of net assets available for plan benefits at December 31, 2021 and 2020, and the schedule of assets (held at end of year) at December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2021.

Note 4 – Investment Contract with Insurance Company

Certain participants invest in the Fund, which is a FBRIC investment contract with The Standard. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value, which equals contract value, as reported to the Plan by The Standard. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Fund provides the participant with an investment vehicle that protects the principal invested and provides for interest on that principal. Interest is credited based on a five-year contract-level guarantee, providing for relatively stable earnings.

On a monthly basis, the asset advisory group provides The Standard with an interest rate forecast for the coming month based on the investments underlying the contracts. Based on these rates and the margins required for The Standard's business, they declare a crediting rate for financial activity in the coming month. Monthly rates are combined quarterly into cells (weighted based on the amount of net transactions in the Fund over each month). Each cell has a five-year rate guarantee. No negative cells are established, but rather negative net quarterly transactions are deducted from the oldest established cell. The crediting rate for the Fund for a Plan is the combined returns on all the existing cells, weighted by the size of the cell.

Certain events related to the Sponsor limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (2) changes to the Plan's prohibition on competing investment options (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal incomes taxes or any required prohibited transaction exemption under ERISA.

The Standard may terminate the contract within thirty (30) days advance notice written notice to the Plan for reasonable cause, a market value adjustment may apply.

Note 5 – Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under GAAP are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There was no change in the methodologies used at December 31, 2021 and 2020:

Mutual Funds held in Pooled Separate Accounts ("PSA"): PSAs investing in mutual funds or domestic equity securities are measured using the quoted prices in active markets for identical assets ("Level 1"). PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities ("Level 2").

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	At December 31, 2021			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds held in pooled separate accounts	\$ 9,282,281	\$ -	\$ 9,282,281	\$ -

	At December 31, 2020			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds held in pooled separate accounts	\$ 8,355,277	\$ -	\$ 8,355,277	\$ -

Note 6 – Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsor and certain others. Transactions with DCS and The Standard qualify as party-in-interest. Administrative expenses were \$28,459 for the year ended December 31, 2021. Certain other administrative and professional fees were paid by the Sponsor.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan at December 31, 2021 and 2020. These loans qualify as party-in-interest transactions. Total notes receivable from participants at December 31, 2021 and 2020 were \$178,691 and \$253,047, respectively.

Note 7 – Income Tax Status

The Plan is a volume submitter profit sharing plan, sponsored by CCH Incorporated DBA FTWilliam Com ("FTWilliam") and designed in accordance with applicable sections of the IRC. FTWilliam received an opinion letter from the IRS dated March 31, 2014, stating that the Plan is qualified under section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. The Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan, as amended, is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8 – Risks and Uncertainties

Investment Risks

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor reserves the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, contributions by the Sponsor and participants would cease and participants would become 100% vested in their accounts.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500 at December 31:
