INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Penn Emblem Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Penn Emblem Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Penn Emblem Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Emblem Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Emblem Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Emblem Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Penn Emblem Company 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Penn Emblem Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of Penn Emblem Company (the "Company", "Plan Sponsor" or "Employer"), as described in the Plan document, who have completed one month of service. Employees who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan, and non-resident aliens who do not receive any earned income from the Employer which constitutes United States source income are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company is the trustee of the Plan

Contributions

Each year, eligible employees may contribute up to 60 percent of their eligible annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may elect to make a discretionary matching employer contribution to the Plan based on a discretionary percentage of base compensation that a participant contributes to the Plan. Participants must be employed by the Company on the last day of the Plan year to receive the discretionary matching employer contribution. There was no discretionary matching employer contribution for the year ended December 31, 2021. The Company may, at its discretion, make additional nonelective employer contributions to the Plan on an annual basis. Participants must complete at least 500 hours of service during the Plan year or be employed by the Company on the last day of the Plan year to receive any discretionary nonelective employer contribution. There were no discretionary nonelective employer contributions for the year ended December 31, 2021.

Contributions are subject to certain Internal Revenue Service ("IRS") limits. Participants direct the investment of their deferral contributions and employer matching contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and employer matching contributions as well as allocations of any nonelective employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses, except for loan origination and maintenance fees, which are charged directly to the respective participant's account. Allocations are based on the participant's earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions in 1 percent increments into various mutual fund investment options and a common collective trust offered by the Plan and maintained by the trustee of the Plan. Investment performance is dependent on the investment experience, which is variable and not guaranteed. The Plan's exposure to credit loss in the event of nonperformance of investments managed by the trustee is limited to the carrying value of such investments.

Forfeited Amounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled $0 and $3,699, respectively. Forfeitures may be applied to payment of administrative expenses and/or to reduce employer matching contributions. During

the year ended December 31, 2021, forfeitures of $0 were used to reduce employer contributions and forfeitures of $4,335 were used to pay administrative expenses of the Plan.

Vesting
Participants are vested immediately in their contributions, including their elective pre-tax deferral contributions and rollover contributions, plus actual earnings thereon.

Vesting in the matching employer contribution and nonelective employer contribution portions of their accounts is based on years of continuous service, as follows:

Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant is also 100 percent vested upon death, disability, or early or normal retirement (age 65).

CARES Act Provisions Adopted
Effective March 27, 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Payment of Benefits
Upon termination of service, death, disability, retirement or separation from service, participants or their beneficiaries will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to receive distributions in the form of installment payments or partial withdrawals. If a participant's vested account balance is less than $5,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from their deferral contribution accounts in certain cases of immediate and heavy financial need. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 5 percent. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans made for the purchase of a primary residence, where the repayment period may be up to and including ten years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Administrative Committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants during 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted

under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including net appreciation in fair value of investments, dividend income, interest income, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The information for all mutual funds, (registered investment companies), common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A common collective trust is valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 9,255,856	$ 9,255,856	$ -	$ -
Common collective trust (*)	50,368	-	-	-
Total	$ 9,306,224	$ 9,255,856	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 8,429,622	$ 8,429,622	$ -	$ -
Common collective trust (*)	44,993	-	-	-
Total	$ 8,474,615	$ 8,429,622	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020.

Investment Type	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 50,368	$ 44,993	$ -	Daily	Daily

The Fidelity Advisor Stable Fund, a common collective trust, seeks to preserve principal, maintain a stable value and provide liquidity on a daily basis for plan permitted, participant-directed withdrawals while maintaining a competitive interest rate. The common collective trust is redeemable at net asset value under agreements with the underlying fund. However, it is possible that these redemption rights may be restricted by the fund in the future in accordance with underlying fund agreement.

5. Related-Party and Party In Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity Management Trust Company or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity Management Trust Company or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity Management Trust Company or its affiliates provide to the funds and common collective trust. This revenue may be used to offset certain amounts owed to Fidelity Management Trust Company or its affiliates for administrative services to the Plan. If the revenue received by Fidelity Management Trust Company or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity Management Trust Company and the Plan for administrative services, Fidelity Management Trust Company or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2021, the related amounts deposited into the Plan were $23,808. During the year ended December 31, 2021, $0 of the related amounts were used to pay administrative expenses and $0 were allocated to participants. As of December 31, 2021 and 2020, the balance in this account totaled $25,948 and $2,139, respectively. The Plan or Plan Sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective May 27, 2021 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Prior to the May 27, 2021 amendment and restatement of the Plan, the Plan

had adopted a Fidelity Volume Submitter Defined Contribution Plan, which received an advisory letter dated March 31, 2014, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. Plan Amendments

Effective May 27, 2021, the Plan was amended and restated by adopting a Fidelity pre-approved defined contribution plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

10. Subsequent Events

Effective January 1, 2022, the Plan was amended for general administrative changes.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Penn Emblem Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Penn Emblem Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Penn Emblem Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Emblem Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Penn Emblem Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Penn Emblem Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statement of the Penn Emblem Company 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statement, and (b) the form and content of the information included in the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Penn Emblem Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan covering substantially all employees of Penn Emblem Company (the "Company", "Plan Sponsor" or "Employer"), as described in the Plan document, who have completed one month of service. Employees who are covered by a collective bargaining agreement, unless the agreement requires the employees to be included in the Plan, and non-resident aliens who do not receive any earned income from the Employer which constitutes United States source income are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Fidelity Management Trust Company is the trustee of the Plan

Contributions

Each year, eligible employees may contribute up to 60 percent of their eligible annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may elect to make a discretionary matching employer contribution to the Plan based on a discretionary percentage of base compensation that a participant contributes to the Plan. Participants must be employed by the Company on the last day of the Plan year to receive the discretionary matching employer contribution. There was no discretionary matching employer contribution for the year ended December 31, 2021. The Company may, at its discretion, make additional nonelective employer contributions to the Plan on an annual basis. Participants must complete at least 500 hours of service during the Plan year or be employed by the Company on the last day of the Plan year to receive any discretionary nonelective employer contribution. There were no discretionary nonelective employer contributions for the year ended December 31, 2021.

Contributions are subject to certain Internal Revenue Service ("IRS") limits. Participants direct the investment of their deferral contributions and employer matching contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and employer matching contributions as well as allocations of any nonelective employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses, except for loan origination and maintenance fees, which are charged directly to the respective participant's account. Allocations are based on the participant's earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions in 1 percent increments into various mutual fund investment options and a common collective trust offered by the Plan and maintained by the trustee of the Plan. Investment performance is dependent on the investment experience, which is variable and not guaranteed. The Plan's exposure to credit loss in the event of nonperformance of investments managed by the trustee is limited to the carrying value of such investments.

Forfeited Amounts

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled $0 and $3,699, respectively. Forfeitures may be applied to payment of administrative expenses and/or to reduce employer matching contributions. During

the year ended December 31, 2021, forfeitures of $0 were used to reduce employer contributions and forfeitures of $4,335 were used to pay administrative expenses of the Plan.

Vesting
Participants are vested immediately in their contributions, including their elective pre-tax deferral contributions and rollover contributions, plus actual earnings thereon.

Vesting in the matching employer contribution and nonelective employer contribution portions of their accounts is based on years of continuous service, as follows:

Years of Service	Percent Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant is also 100 percent vested upon death, disability, or early or normal retirement (age 65).

CARES Act Provisions Adopted
Effective March 27, 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years; and
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period.

Payment of Benefits
Upon termination of service, death, disability, retirement or separation from service, participants or their beneficiaries will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to receive distributions in the form of installment payments or partial withdrawals. If a participant's vested account balance is less than $5,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from their deferral contribution accounts in certain cases of immediate and heavy financial need. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 5 percent. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans made for the purchase of a primary residence, where the repayment period may be up to and including ten years.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Administrative Committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants during 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted

under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including net appreciation in fair value of investments, dividend income, interest income, other income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The information for all mutual funds, (registered investment companies), common collective trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021 as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A common collective trust is valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 9,255,856	$ 9,255,856	$ -	$ -
Common collective trust (*)	50,368	-	-	-
Total	$ 9,306,224	$ 9,255,856	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 8,429,622	$ 8,429,622	$ -	$ -
Common collective trust (*)	44,993	-	-	-
Total	$ 8,474,615	$ 8,429,622	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021 and 2020.

Investment Type	Fair Value December 31, 2021	Fair Value December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 50,368	$ 44,993	$ -	Daily	Daily

The Fidelity Advisor Stable Fund, a common collective trust, seeks to preserve principal, maintain a stable value and provide liquidity on a daily basis for plan permitted, participant-directed withdrawals while maintaining a competitive interest rate. The common collective trust is redeemable at net asset value under agreements with the underlying fund. However, it is possible that these redemption rights may be restricted by the fund in the future in accordance with underlying fund agreement.

5. Related-Party and Party In Interest Transactions

Certain Plan investments are shares of mutual funds and a common collective trust managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

Fidelity Management Trust Company or its affiliates generate income to the Plan through revenue sharing agreements. More specifically, Fidelity Management Trust Company or its affiliates may receive revenue from mutual fund and common collective trust service providers for services Fidelity Management Trust Company or its affiliates provide to the funds and common collective trust. This revenue may be used to offset certain amounts owed to Fidelity Management Trust Company or its affiliates for administrative services to the Plan. If the revenue received by Fidelity Management Trust Company or its affiliates from such mutual fund or common collective trust service providers exceeds the amount owed as agreed to by Fidelity Management Trust Company and the Plan for administrative services, Fidelity Management Trust Company or its affiliates is to remit the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended December 31, 2021, the related amounts deposited into the Plan were $23,808. During the year ended December 31, 2021, $0 of the related amounts were used to pay administrative expenses and $0 were allocated to participants. As of December 31, 2021 and 2020, the balance in this account totaled $25,948 and $2,139, respectively. The Plan or Plan Sponsor may make a payment to Fidelity Management Trust Company or its affiliates for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective May 27, 2021 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Prior to the May 27, 2021 amendment and restatement of the Plan, the Plan

had adopted a Fidelity Volume Submitter Defined Contribution Plan, which received an advisory letter dated March 31, 2014, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. Plan Amendments

Effective May 27, 2021, the Plan was amended and restated by adopting a Fidelity pre-approved defined contribution plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

10. Subsequent Events

Effective January 1, 2022, the Plan was amended for general administrative changes.
