INDEPENDENT AUDITOR'S REPORT

October 11, 2022

To the Trustees of the
I.B.E.W. Local Union No. 237 Pension Fund

Opinion

We have audited the accompanying financial statements of the I.B.E.W. Local Union No. 237 Pension Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the I.B.E.W. Local Union No. 237 Pension Fund as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the I.B.E.W. Local Union No. 237 Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the I.B.E.W. Local Union No. 237 Pension Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of I.B.E.W. Local Union No. 237 Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about I.B.E.W. Local Union No. 237 Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Funding Status of the Plan

As discussed in Note 4 to the financial statements, the Plan's actuary has certified that the Plan is in critical and declining status because it is below the minimum funding level. However, the Plan was approved for a MPRA suspension effective July 1, 2020, which is projected to cause the Plan to avoid insolvency. Our opinion has not been modified with respect to this matter.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule of Reportable Transactions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

I.B.E.W. LOCAL UNION NO. 237 PENSION FUND

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following brief description of the I.B.E.W. Local Union No. 237 Pension Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit multiemployer plan created under an agreement and declaration of trust dated May 1, 1966. The Plan, which covers all eligible members of the I.B.E.W. Local Union No. 237 (the Union) and any person working under the jurisdiction of the Union, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by a Joint Board of Trustees (Trustees) consisting of members appointed by the Union and employers signatory to the collective bargaining agreement (the CBA) with the Union. The Plan has engaged an investment advisor to provide advice to the Trustees. The Plan has also engaged a custodian to hold the Plan's investments. The Plan provides health insurance benefits and life and dental benefits.

Participation

A member becomes a participant in the Plan on the first day of the Plan year after he or she completes at least 500 hours of vesting service during a Plan year. Alternatively, if the participant earns at least 1,000 hours of pension service during a consecutive 12-month period they will become a participant in the Plan on the next January 1 or July 1 following the 12-month period. Apprentices do not participate in the Plan until their second year of apprenticeship.

Employer Contributions

Contributions to the Plan are provided by employers signatory to the CBA with the Union. Contributions are generally based on hours worked by covered participants at the following rates per hour:

May 28, 2018 – May 31, 2020	\$ 13.25
June 1, 2020 - December 31, 2021	\$ 13.50

Employer contributions reported in the statement of changes in net assets available for benefits are stated net of \$688,628 and \$438,934 paid and payable to other funds under reciprocal agreements for the years ended December 31, 2021 and 2020, respectively.

Contributions which apply to the current year that are received in the following year are reported as employer contributions receivable at year end.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Prior to January 1, 1976, a participant will earn one year of vesting service for each Plan year in which he or she completes 5/8^{ths} or more of a year of pension service. On or after January 1, 1976, a participant will be credited with one year of vesting service for each Plan year in which he or she completes 1,000 hours of service. A participant is 100% vested in their pension benefit at the earliest of the following:

1. The participant satisfies the age and service requirements for a normal or early pension;
2. Completion of at least fifteen years of pension service, including at least two years of pension service earned on or after January 1, 1976;
3. Completion of at least five years of vesting service; or
4. In the Plan for at least five years and is performing work under the Collective Bargaining Agreement on or after attaining age 65.

Pension service is earned as follows:

<u>Time period</u>	<u>Years of pension service earned</u>
Prior to May 1, 1966	One year is earned for each Plan year in which a participant completes 500 hours of service.
May 1, 1966 - December 31, 1975	One year is earned for each Plan year in which a participant completes 1,400 hours of service. 1/8 th of a year is earned for each 175 hours of service worked.
January 1, 1976 - December 31, 2008	.001 of a year is earned for each hour of service completed during the Plan year.
On or after January 1, 2009	.10 of a year is earned for every 100 hours of service worked with a maximum of 1.4 years of pension credit that can be earned per year.

Pension Benefits

Participants are entitled to a normal, early or disability retirement pension upon satisfying the minimum age and service requirements.

- Normal retirement - 65 years old.
- Early retirement - 55 years old and 15 years of pension service or 5 years vesting service.
- Disability retirement - Less than 55 years old with 7 years of pension service or vesting service and has completed 2,500 hours of service in the 60 months preceding the disability retirement with eligibility based on social security approval.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Pension Benefits (Continued)

The monthly pension benefit will be determined as follows: Current effective benefit rate of \$80 for each year of pension service earned on or after January 1, 2009, and \$85 for each year of pension service earned prior to December 31, 2008. Effective June 1, 2020 the benefit was reduced to \$76 for each year of pension service earned on or after January 1, 2009. Effective June 1, 2020, the benefit was reduced to \$71 for each year of pension service earned prior to December 31, 2008. Applicable benefit rates will be used for periods of interrupted service.

- Normal retirement - applicable benefit rate for each year of pension service.
- Early retirement - applicable benefit rate for each year of pension service reduced by .5% for each month from retirement age to age 58 and .25% for each month from the greater of retirement age and age 58 to age 60.
- Disability retirement – equal to the early retirement benefit but in no event be less than the participants accrued benefit at their normal retirement date reduced by 30%.

Death Benefit

The Plan provides for a pre-retirement survivor annuity to the spouse of a participant if the participant is eligible for early retirement and has been married for at least one year at the time of death. The eligible spouse will receive benefit payments equal to the actuarial equivalent of 100% of the monthly benefit that would have been payable to the participant under the married couple benefit based on the member's years of service on the date of death. For deaths occurring after the notice of the Plan's critical status (see Note 4), such benefit is payable over 120 months.

Pension Benefits, Other

The Plan has several optional forms of benefits at normal and early retirement age, including an actuarially reduced married couple option of 100%, 75% and 50% payable to a surviving spouse for life, as well as a level income option that is calculated based on the participant's projected Social Security benefit.

Multiemployer Pension Reform Act (MPRA)

Effective June 1, 2020 and under the provisions of the Plan's approved MPRA application, the Plan implemented certain benefit reductions:

- For Plan Years from 1976 through 2008, Pension Service credits will be limited to a maximum of 1.4 credits in a year. This is the same as the service limit that exists currently for Plan Years from 2009 and later.
- The benefit multiplier for Pension Service credits earned up through December 31, 2008 will be limited to \$71. This is a reduction from the current benefit level of \$85 per Pension Service credit. Members who retired or had a break in service that resulted in a benefit multiplier of less than \$71 will have their currently applicable multiplier remain in place.
- The benefit multiplier for Pension Service credits earned from January 1, 2009 and later will be reduced to \$76. This is a reduction from the current benefit level of \$80 per service credit.
- Participants who retired prior to the effective date of the suspension will have their benefit recalculated using the new service limit and benefit multipliers, and using the same early retirement and optional form conversion factors that were applicable at their retirement date. Participants who elected a Level Income Option will have their new pre-62 and post-62 amounts determined based on the ratio of the benefits payable in the Plan's normal form at retirement date using the before and after the application of the MPRA suspension.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

In the event of the termination of the Plan by the Trustees, all amounts credited to the affected participants' accounts shall be and remain 100% vested and shall not thereafter be subject to forfeiture, and all unallocated amounts shall be allocated to the accounts of all participants in accordance with the provisions in the Plan.

Upon the full termination of the Plan, the Trustees shall direct the distribution of the assets to participants in a manner that is consistent with and satisfies the provisions of the Plan. Distributions to a participant shall be made in cash or through the purchase of irrevocable, nontransferable deferred commitments from an insurer.

Certain benefits under the Plan are guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") should the Plan become insolvent. Only those benefits which are non-forfeitable prior to termination or insolvency of the Plan are guaranteed. Benefits or benefit improvements in effect fewer than 60 months prior to termination or insolvency are not guaranteed. As a general rule, for each year of credited service under the Plan, the maximum guarantee of monthly benefits is limited to 100% of the first \$11 of the employee's accrual rate, plus 75% of the next \$33 for each year of credited service or a maximum of \$35.75 per year of credited service. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan trustees to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates, particularly given the economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic, and such difference may be significant.

Office and Computer Equipment

Office and computer equipment are recorded at cost. Depreciation is computed on the straight-line method over the useful lives of the respective assets. The useful lives of assets range from three to seven years.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses from security transactions are reported on the average cost method.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

US GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under standards are described below:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets and liabilities.

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly and fair value is determined through the use of models or other valuation methodologies.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for investments measured at fair value:

Common and Collective Trust Funds

The fair value of the common and collective trust funds is based on the net asset value ("NAV") of the underlying assets of the fund and has been measured at fair value using the NAV practical expedient as of December 31, 2021 and 2020. These funds generally have no redemption restrictions or unfunded capital commitments.

Limited Liability Company

The Plan invests in the INDURE Build-to-Core Fund, LLC (INDURE) which is valued using the NAV practical expedient. INDURE is an open ended commingled real estate fund formed to provide potential members, principally Taft-Hartley Funds, and pension trusts, endowments, charitable foundations and certain other entities, including real estate investment trusts, a medium for pooling their funds to invest in commercial and residential real estate and real estate related assets, for the purpose of generating income and appreciation on such real estate investments. Ownership shares are valued based on the NAV of INDURE. The investment has a limitation on redemption. No more than 20% of initial aggregate amount of purchase can be redeemed during the 24-calendar month period immediately following date of issuance.

Property Trust

The Plan invests in the Multi-Employer Property Trust which is a core, open-end private equity real estate equity fund which invests in a diversified portfolio of institutional-quality real estate assets across more than 25 major U.S. metropolitan markets. Valued based on the NAV of the underlying real estate assets of the trust and has been measured at fair value using the NAV practical expedient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Registered Investment Companies

The Plan invests in the AFL-CIO Housing Investment Trust (the Trust) which has a portfolio of securities (single family mortgaged-backed securities, government sponsored enterprise securities, and U.S. Treasury securities) which are valued by an independent pricing service, published prices, market quotes and dealer bids. The Trust is valued using NAV, which is determined as of the close of regular trading of the New York Stock Exchange on the last day of business of each calendar month. The Trust is a common law trust created under the laws of the District of Columbia and is registered under the Investment Company Act of 1940 as a no-load, open-end investment company. The Trust has obtained certain exemptions from the requirements of the Investment Company Act of 1940 that are described in the Trust's prospectus. Participation in the Trust is limited to eligible labor organizations and pension, welfare and retirement plans that have beneficiaries who are represented by labor organizations.

Limited Partnership

The Plan invests in the PMF Endowment TEI Fund, L.P. ("TEI Fund") whose investment objective is to preserve capital and to generate consistent long-term appreciation and returns across a market cycle (which is estimated to be five to seven years). The fair value of the TEI Fund is based on the NAV of the underlying assets of the TEI Fund and has been measured at fair value using the NAV practical expedient and generally has no redemption restrictions or unfunded capital commitments.

Money Market Funds

Valued at amortized costs, which approximate fair value. Under the amortized cost valuation method, discount or premium is accreted or amortized on a constant basis to the maturity of the security.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Employer and Participant Contributions Receivable

Accrued based on analysis of subsequent employer reports and remittances.

Reciprocity Receipts and Payments

The Plan is subject to reciprocity agreements with other union defined contribution plans. Contributions are collected by other union defined contribution plans and remitted to the Fund. Contributions are collected by the Plan on behalf of other union defined contribution plans and remitted to them. Any contributions due from or to other union defined contribution plans are included in employer receivables or reciprocity payable at December 31, 2021 and 2020.

Benefits Paid to Participants

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

At times the Plan maintains cash balances over the federally insured limits. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on these accounts.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Reclassifications

Certain reclassifications have been made to the 2020 financial statements to conform to the 2021 presentation.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on employee's compensation during each year of credited service.

The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated benefits is the liability for pension benefits that have been earned on the basis of each participant's service history as of the valuation date. Calculation of the actuarial present value of accumulated benefits was made by the consulting actuaries Cowden Associates. The significant actuarial assumptions used in the valuation as of January 1, 2021 were as follows:

Mortality

Healthy: RP-2014 Combined Healthy Blue Collar Headcount Weighted Mortality Table, with fully generational projection using scale MP - 2017.

Disabled: RP-2014 Disabled Retiree Headcount Weighted Mortality Table, with fully generational projection using scale MP - 2017.

Terminated vested participants are assumed to retire at age 65.

Percent Married 80% of the participants are assumed to be married with the female spouse three years younger than the male spouse.

4. STATEMENT OF ACCUMULATED PLAN BENEFITS

At January 1, 2021, the actuarial present value of accumulated plan benefits and changes in accumulated plan benefits from the previous actuarial valuation were as follows:

Vested benefits:	
Participants currently receiving payments	\$ 34,897,683
Active participants	15,118,713
Separated vested benefits	<u>5,925,317</u>
Total vested benefits	55,941,713
Nonvested benefits	<u>623,233</u>
Actuarial present value of accumulated plan benefits January 1, 2021	<u>\$ 56,564,946</u>
Actuarial present value of accumulated plan benefits January 1, 2020	\$ 73,599,102
Increase/(decrease) during the year attributable to:	
Benefits accumulated	(801,517)
Benefits paid	(4,588,431)
Decrease in discount period	<u>4,994,058</u>
Actuarial present value of accumulated plan benefits January 1, 2021	<u>\$ 56,564,946</u>

The actuarial cost method used in establishing the normal cost and actuarial accrued liability for participants is known as the "accrued benefit unit credit." The actuarial study showed that, at January 1, 2021, the actuarial accrued liability exceeded the actuarial fair value of Plan net assets by \$40,330,637. The study also disclosed the Plan's benefits security ratio (funded percentage), which is the ratio of current fair value of the Plan's net assets to the present value of vested benefits as of the valuation date, was 28.7%.

The Plan has unfunded vested benefits as of January 1, 2021 of \$40,231,448. As a result, any employer withdrawing from the Plan during the plan year ended December 31, 2021 may incur a withdrawal liability.

CRITICAL STATUS

As required by the Pension Protection Act of 2006 and updated by the Multiemployer Pension Reform Act of 2014, the Plan's actuary completed the actuarial certification under Internal Revenue Code Section 432 as of January 1, 2021 and determined that the Plan is in "critical" status (red zone). The critical status occurs when a Plan's funded ratio is less than 65% and the Plan is projected to have an accumulated funding deficiency during the seven-year period beginning with the date the funding improvement plan ("FIP") was adopted and based on the terms of the FIP. Because the Plan is in critical status, the Board of Trustees is required to adopt a rehabilitation plan whereby the Plan will cease to be critical by the end of the rehabilitation period, which generally is 10 years. A rehabilitation plan was adopted by the Trustees in November 2013 whereby the hourly contribution rate would increase by \$0.50 through May 31, 2017, then increase by \$0.50 beginning June 1, 2018, and for each of the following years until June 1, 2020, when the rate was increased by \$0.25. The rehabilitation plan also reduces benefits by 6% per year from age 60 if retirement occurs at ages 55, 56 or 57. The 3% reduction will remain for retirements at age 58 or 59. The Plan's actuary certified that the Pension Fund remains in "critical" (red zone) status for the Plan year beginning January 1, 2022.

4. STATEMENT OF ACCUMULATED PLAN BENEFITS (CONTINUED)

CRITICAL STATUS (CONTINUED)

ERISA imposes a minimum funding standard that requires the Plan to maintain a Funding Standards Account. Contributions meet the legal requirement on a cumulative basis if that account shows no deficiency. The accumulation of the actual contributions in excess of the minimum required contributions under ERISA is called the credit balance; whereas should contributions fall below the minimum levels, a funding deficiency results. The Plan's actuary has advised that contributions to the Plan have not satisfied the required minimum contribution requirements. As a result of this funding deficiency, the Plan Trustees applied for relief under the Multiemployer Pension Reform Act (MPRA) to the United States Treasury Department. MPRA allows for pension plans in critical and declining statuses that meet certain criteria to reduce the benefits of active members, terminated vested participants and retirees already collecting their pensions. The application was approved February 8, 2020 and the benefit reductions took effect on June 1, 2020. The projection is for the Plan to avoid insolvency.

5. FAIR VALUE MEASUREMENTS

The following table sets forth, by level within the fair value hierarchy, the Plan's investments reported at fair value as of December 31, 2021 and 2020:

December 31, 2021	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Money Market Funds	\$ 123,328	\$ -	\$ 123,328	\$ -
Total assets in the fair value hierarchy	123,328	-	123,328	-
Investments measured at NAV (a)	<u>16,911,511</u>			
Total investments	<u>\$ 17,034,839</u>	<u>\$ -</u>	<u>\$ 123,328</u>	<u>\$ -</u>
December 31, 2020	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Money Market Funds	\$ 68,832	\$ -	\$ 68,832	\$ -
Total assets in the fair value hierarchy	68,832	-	68,832	-
Investments measured at NAV (a)	<u>15,715,007</u>			
Total investments	<u>\$ 15,783,839</u>	<u>\$ -</u>	<u>\$ 68,832</u>	<u>\$ -</u>

(a) Certain investments measured at fair value using the net asset per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

6. RELATED PARTY TRANSACTIONS

An employee of the Union and employees of the I.B.E.W. Local Union No. 237 Health and Welfare Fund (Health Fund) perform various administrative and clerical functions for the Pension Fund and the I.B.E.W. Local Union No. 237 Annuity Fund (Annuity Fund). In addition, the Health Fund pays certain allocable administrative expenses which are reimbursed by the Plan and the Annuity Fund periodically during the year. All such expenses are allocated among the funds based on management estimates. The Plan's share of allocated expenses totaled \$27,504 and \$26,041 for the years ended December 31, 2021 and 2020, respectively. At December 31, 2020 the Plan's unpaid balance of allocated costs due to the Health Fund totaled \$10,143. There was no unpaid balance as of December 31, 2021.

7. PARTY-IN-INTEREST TRANSACTIONS

Segal Marco Advisors ("Segal Marco") provides investment advisory services to the Plan and therefore these transactions qualify as "party in interest". The Plan maintains a portion of its investments in various Marco Consulting Group common collective trust funds and therefore these transactions qualify as "party in interest". At December 31, 2021 and 2020 the value of the Plan's investments held in such common collective trusts totaled \$14,355,419 and \$13,335,079, respectively. Such amounts represent 84.27% and 84.49% of the Plan's total investments at December 31, 2021 and 2020, respectively. Fees paid by the Plan to Segal Marco for investment advisory services amounted to approximately \$51,000 and \$37,500 for the years ended December 31, 2021 and 2020, respectively.

Wilmington Trust provides custodial services to the Plan and therefore these transactions qualify as "party in interest". The Plan maintains a portion of its investments in money market funds that are sponsored by Wilmington Trust that qualify as "party in interest". Such amounts totaled \$123,328 and \$68,832 as of December 31, 2021 and 2020, respectively. Fees paid to Wilmington Trust amounted to approximately \$9,700 and \$12,500 for the years ending December 31, 2021 and 2020.

8. TAX STATUS

The IRS has determined and informed the Plan sponsor that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. NOVEL CORONAVIRUS

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus (COVID -19). The overall consequences of COVID -19 on a national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Plan and its future results and financial position is not presently determinable.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were made available to be issued.

Plan Provisions

Effective January 1, 1976

The following is a summary of the major provisions of the plan as of January 1, 2021. Refer to the plan document for a more complete description of the most recent plan provisions.

Participation	The first day of the Plan Year in which at least 500 hours of Vesting Service is earned.
Credited Employment	Prior to May 1, 1966, one year of Pension Service for each Plan Year with at least 500 Hours of Service. From May 1, 1966 through December 31, 1975, one year of Pension Service for each Plan Year with at least 1,400 Hours of Service. If less than 1,400 Hours of Service, 1/8 year of Pension Service for each 175 Hours of Service. From January 1, 1976 through December 31, 2008, 0.001 years of Pension service for each Hour of Service. After January 1, 2008, 0.1 year of Pension Service for every 100 Hours of Service, limited to 1.4 years of Pension Service per Plan Year. For members earning less than the Basic Journeyman's hourly rate, service is credited on a proportional basis. On July 1, 2020, all benefits were adjusted to reflect a benefit suspension under MPRA '14. All benefits were adjusted to reflect a maximum of 1.4 years of service in <u>any</u> plan year.
Accrued Benefit	A monthly benefit equal to \$85 for each year of Pension Service earned prior to January 1, 2009 and \$80 for each year of Pension Service earned thereafter. On July 1, 2020, all benefits were adjusted to reflect a benefit suspension under MPRA '14. All benefits were adjusted to reflect maximum benefit multipliers of \$71 for service before 2009 and \$76 for service after 2008
Normal Retirement	<u>Eligibility</u>: Age 65. <u>Benefit</u>: The Accrued Benefit.

Plan Provisions (continued)

Early Retirement	<u>Eligibility:</u> Age 55 with 15 years of Pension Service or 5 years of Vesting Service. <u>Benefit:</u> The Accrued Benefit reduced by 0.5% for each month from retirement age to age 58 and 0.25% for each month from the greater of retirement age and age 58 to age 60.
Vested Termination	<u>Eligibility:</u> Five Years of Vesting Service. <u>Benefit:</u> The Accrued Benefit payable in full at Normal Retirement Date or in a reduced amount under the Early Retirement provisions. If a participant does not have at least 2,500 hours worked in the 60 months prior to retirement then the reduction is full actuarial equivalence from Normal Retirement Age.
Disability Retirement	<u>Eligibility:</u> Total and Permanent Disability at any age with at least 7 years of Pension Service or Vesting Service with eligibility based on Social Security approval. <u>Benefit:</u> The Accrued Benefit at the date of disability payable immediately without reduction.
Pre-Retirement Death	Upon the death of an active participant before retirement but after eligibility for early retirement, the surviving spouse will receive 50% of the amount the participant would have received, had the participant retired and elected this option. Upon the death of an active participant who was ineligible for, or who waived rights to the benefit in the previous paragraph, the beneficiary shall receive the excess of 100% of contributions over the total amount of any pension payments made prior to death.
Method of Payment	The normal form of benefit is a Straight-Life Annuity. A level Income Option and 50%, 75%, and 100% Joint and Survivor Annuity benefits are provided on an actuarially reduced basis.
Contributions	The projections reflect the contribution rates included in the current Collective Bargaining Agreement as follows: Effective May 29, 2017 - \$12.75 Effective May 28, 2018 - \$13.25 Effective June 1, 2020 - \$13.50

Zone Status Determination

The following questions work to determine the status of the Fund for the current plan year by reviewing the criteria necessary for each zone.

Y or N

Critical Status – Red zone if any of a), b), c), or d) apply

a) Is the Plan's Funded Percentage less than 65% and the Plan's fair market value of assets plus present value of expected employer contributions for the current and following 6 plan years less than the present value of all nonforfeitable benefits and administrative expenses projected to be payable under the plan during the current and following 6 plan years?

N

b) Does the plan have an accumulated funding deficiency (negative credit balance) in any of the current or following 3 plan years (4 plan years if the Funded Percentage is 65% or less), without reflecting amortization extensions?

Y

c) Each of the following are applicable.

i) The Plan's normal cost plus interest on unfunded liability exceeds the present value of anticipated employer and employee contributions for the year.

Y

ii) The present value of nonforfeitable benefits of inactive participants is greater than the present value of nonforfeitable benefits for active participants.

Y

iii) The plan has an accumulated funding deficiency (negative credit balance) in any of the current or following 4 plan years, without reflecting amortization extensions.

Y

Do all apply?

Y

d) Is the Plan's fair market value of assets plus present value of expected employer contributions for the current and following 4 plan years less than the present value of all nonforfeitable benefits and administrative expenses projected to be payable under the plan during the current and following 4 plan years?

N

Critical and Declining Status – both a) and b) apply

a) Does the Plan meet the criteria above for Critical Status?

Y

b) Is the Plan projected to become insolvent within the current or following 14 plan years (19 plan years if the ratio of inactive to active participants is at least 2:1 or if the plan is less than 80% funded)?

N

Endangered Status – Yellow zone if a) does not apply and either b) or c) apply. Orange zone if not a) and both b) and c) apply.

a) Is the Plan in either Critical or Critical and Declining Status?

Y

b) Is the Plan's Funded Percentage less than 80%?

Y

c) Is the Plan projected to have an accumulated funding deficiency (negative credit balance) in any of the current or following 6 plan years (reflecting any amortization extensions)?

Y

Remarks

Plan Changes

The following changes made through the benefit suspensions under the Multiemployer Pension Relief Act of 2014 (MPRA) have been reflected in this valuation.

- The benefit multiplier for service earned prior to January 1, 2009 has been reduced to \$71.
- The benefit multiplier for service earned after December 31, 2008 has been reduced to \$76.
- The amount of service that can be earned in plan years prior to 2008 has been limited to 1.4.

These changes are effective for all participants, including those already in payment. The benefit suspensions became effective July 1, 2020.

Method Changes

None

Assumption Changes

The assumptions have been reviewed, and the following changes made:

- The interest rate used to calculate RPA '94 current liability has been changed from 2.95% to 2.43% to fall within prescribed limitations that fluctuate yearly. The mortality assumption for RPA '94 current liability has also been updated as mandated.

Actuarial Methods and Assumptions (continued)

Disability 1973 Disability Model, Transactions of Society of Actuaries, XXVI. Sample rates are as follows:

<u>Age</u>	<u>Rate</u>
25	0.0008
35	0.0012
45	0.0032
55	0.0122

Expenses Administrative expenses, expressed as of the beginning of the year, are assumed to be prior year non-investment related expenses, and increasing by 2.5% for inflation each year thereafter.

Percent Married 80% of the participants are assumed to be married with the female spouse three years younger than the male spouse.

Asset Valuation Plan assets are carried at market value with a 5 year averaging of the difference between actual and expected investment performance. The Actuarial Value of Assets is subject to limits of 80% and 120% of Market Value.

Funding Method Unit Credit. The unit credit actuarial cost method develops normal cost and actuarial accrued liability separately for each individual in the plan. The normal cost is the present value of the individual's benefits expected to be earned in the current year. The individual's actuarial accrued liability is the present value of the individual's benefits earned in previous years.

Incomplete Data None.

Benefit Accrual Rate Pension credits and expected contributions were projected on the assumption that all active participants would work annual hours equal to the average of the prior three years, with contribution rates set forth in the current collective bargaining agreement(s).

Actuarial Methods and Assumptions (continued)

Calculation of Actuarial Present Value of Accrued Plan Benefits	The actuarial present value of accrued benefits has been calculated as of the valuation date, based upon the Plan specifications then in effect and upon each participant's age and service as of that date. These calculations consider the same actuarial assumptions as were used in the actuarial valuation.

Models Used in Preparing Results	Cowden Associates, Inc. uses valuation and projection software to model benefit cash flows, present values, and attribution to various periods based on deterministic or stochastic assumption sets and benefit parameters provided by the user. The software model also supports comparisons between periods to measure gains and losses and compile plan experience data to support or modify demographic and certain economic assumptions.
---	---

In the absence of adequate review, the model's complexity and flexibility could lead to unintentional results. However, the model contains robust tools to test and verify the reasonableness of results. Our internal technical review utilizes these tools.

We have reviewed the model's documentation, and have relied on the expertise of the software vendor for underlying structure, methodology, and extensive supporting calculations. We have not performed a substantial audit of the model or its structure beyond typical use in preparing results as this is typically not done by plan actuaries. However, we expect that the very deep market of qualified users for this same model ensures that no materially significant issues can or will persist.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
