INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Griffith Supplemental
Retirement and Savings Plan

Opinion

We have audited the accompanying financial statements of Griffith Supplemental Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Griffith Supplemental Retirement and Savings Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Griffith Supplemental Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Griffith Supplemental Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Griffith Supplemental Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Griffith Supplemental Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions, together referred to as "supplemental information", are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GRIFFITH SUPPLEMENTAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

DESCRIPTION OF THE PLAN

The following description of the Griffith Supplemental Retirement & Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing, 401(k) and employee stock ownership plan covering employees of Griffith Foods Group Inc. who are citizens of or persons lawfully admitted for permanent residence in the United States, or otherwise lawfully working in the United States and have been issued a Social Security Number so their compensation is subject to tax and withholding in the same manner as a citizen or permanent resident and who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Effective January 1, 2016, the Plan was amended and restated in its entirety. The restatement was required to incorporate all amendments made since the Plan's prior revision and changes mandated to comply with laws and regulations enacted since the 2010 Revision including final Treasury regulations pursuant to Sections 401(a), 401(k), 401(m) and, with respect to the Employee Stock Ownership Plan (ESOP), 4975(e)(7) of the Internal Revenue Code of 1986 and the Employee Retirement Income Security Act of 1974.

Contributions

For each Plan year in which there is an ESOP loan outstanding, the employer contributes an amount sufficient to enable the Plan to make any required interest and principal payments on such ESOP loan. The Plan provides for annual contributions as determined by the Company's Board of Directors (See Employer Contributions Note). At December 31, 2021 and 2020, the Plan does not have an ESOP loan outstanding.

Employee contributions are permitted for participants in the Pay Deferral Plan as explained below. In addition, employees may contribute amounts representing distributions from other qualified plans. Employee contributions are not permitted in the employee stock ownership portion of the Plan.

A participant may elect to enter into a voluntary pay deferral agreement with the employer. Under this agreement, amounts withheld from an employee's compensation, not to exceed 75% (or such lower percentage as may be required by the Internal Revenue Code) and not to exceed \$19,500 for any year (or such larger amount as is permitted for that year by the Code), shall be credited to the participants' Pay Deferral Account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant can select, through a voice response system or website, how the Pay Deferral Account is invested and the participant's account is credited with the earnings or losses on that investment. The Plan offers twenty-three investment options for participants at December 31, 2021.

**GRIFFITH SUPPLEMENTAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020**

DESCRIPTION OF THE PLAN - CONTINUED

Contributions - Continued

The Plan provides employer matching contributions. Under the terms of this provision, the Company matches 100% of each participant's pay deferral contributions that do not exceed 3% of the participant's qualified compensation for the Plan year, plus 50% of the participant's pay deferral contributions in excess of 3% of the participant's qualified compensation, not to exceed 5% of qualified compensation.

As of December 31, 2021 and 2020, participant contributions included rollover contributions of \$712,287 and \$138,011, respectively.

Notes Receivable from Participants

The Committee may in its discretion direct the Trustees to grant loans to participants under the terms set forth in the Plan Agreement. As of December 31, 2021 and 2020, participant loans were \$3,964,532 and \$3,924,940, respectively.

Participant Accounts

Each participant's account is credited with participant contributions and allocations of the Company's regular contributions, matching contributions, Plan earnings and, when there is an ESOP loan outstanding, an allocation of an appropriate percentage of stock based on the principal and interest payment of the loan in accordance with applicable regulations under the Code. The participant's account is charged an allocation of administrative expenses. Allocations are based on participant wages, earnings, contributions or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pay deferral and employer matching contributions plus actual earnings thereon. Vesting in the remainder of their regular and stock account begins after two years of service, at which time 20% of the participant's regular and stock account balance is vested. The participant's vested interest increases 20% per year until fully vested. A participant is 100% vested after six years of service.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$11 and \$12,010, respectively. Forfeitures are used by the Company to fund matching contributions or pay administrative fees.

Administration of Plan Assets

With the exception of Griffith Foods Group Inc. stock, which is held electronically by Equiniti Trust Company, the Plan's assets are held by the Custodian of the Plan.

GRIFFITH SUPPLEMENTAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

DESCRIPTION OF THE PLAN - CONTINUED

Administration of Plan Assets - Continued

Company contributions are held and managed by the Custodian. The Custodian invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Participant accounts are charged with an allocation of certain administrative expenses for the Custodian's fees.

ESOP

During any Plan year in which there is an ESOP, all voting Griffith Foods Group Inc. stock in a Participant's stock account shall generally be voted by the Trustees. Exceptions to these voting rights are detailed in the Plan document.

Dividends declared and paid on unallocated Griffith Foods Group Inc. stock, if applicable, shall be used to make payments for any ESOP loans outstanding.

Each Participant who has attained the age of 55 and has completed at least 10 years of participation in the Plan may elect to diversify the portion of his or her stock account that represents Griffith Foods Group Inc. stock acquired after December 31, 1986 provided that the Participant's account exceeds \$500.

Participants receiving distributions of Griffith Foods Group Inc. stock must provide a "right of first refusal" to the Trust and the Company at the then fair market value prior to any sale or transfer of their stock.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

GRIFFITH SUPPLEMENTAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are recorded as distributions in accordance with the terms of the Plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Marketable investments are included in the statements at quoted market values. Common stock's fair value is determined by an outside investment analyst.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

A significant percentage of the Plan's assets are invested in Griffith Foods Group Inc., a privately traded Company.

Unallocated Assets

Participant balances are valued on a daily basis. Because of this, certain items of accrued contributions, unrealized gains and losses, other income and expense totaling \$19,495,100 and (\$28,541,221) were not allocated to participant accounts as of December 31, 2021 and 2020, respectively. These unallocated amounts were allocated to the appropriate participant accounts in each of the respective Plan years ending December 31, 2022 and 2021.

Payment of Benefits

Benefit payments are recorded when paid.

Operating Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Various other costs for administrative and investment fees are allocated and charged to participant's accounts.

GRIFFITH SUPPLEMENTAL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021 AND 2020

BENEFITS PAYABLE

Benefits payable to terminated participants as of December 31, 2021 and 2020, are \$37,035,913 and \$43,596,398, respectively. These amounts are included in net assets available for benefits as of December 31, 2021 and 2020.

EMPLOYER PROFIT SHARING CONTRIBUTIONS

In June 2022, the Company made a 2021 employer profit sharing contribution of \$3,150,000. This contribution was allocated to participant accounts eligible to receive a profit sharing contribution as of December 31, 2021.

In June 2021, the Company made a 2020 employer profit sharing contribution of \$3,670,000. This contribution was allocated to participant accounts eligible to receive a profit sharing contribution as of December 31, 2020.

TAX STATUS

Effective January 1, 2016, the Plan was amended and restated. The Plan obtained its latest determination letter on February 6, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with certain investment securities and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Griffith Foods Group entities are occasionally named as defendants in lawsuits. The company has a legal team to handle such occurrences. These lawsuits can have financial implications as well as an impact on the valuation of Griffith Foods Group Inc. stock.

**INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE
PRACTICAL EXPEDIENT**

In 2010, the Plan entered into an agreement with Wells Fargo Bank, N.A. to offer the Stable Return Fund N15 as an investment option. Stable Return Fund N15 is a common collective trust fund. Wells Fargo Bank, N.A., a subsidiary of Wells Fargo & Company, serves as trustee, custodian, and administrator for the Stable Return Fund N15. Galliard Capital Management, Inc., a subsidiary of Wells Fargo Bank, N.A., serves as investment advisor.

At December 31, 2021, the Stable Return Fund N15 has invested all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A., which invests in investment contracts and security-backed contracts. It carries its investments at contract value. Wells Fargo Stable Return Fund G applies the provisions of FASB ASC Sections 946-210-45 and 946-210-50 for stable return investment funds. These sections affirm contract value accounting for fully benefit-responsive investment contracts.

Investment transactions are accounted for on the trade date. Realized gains and losses are determined on the basis of average cost. Wells Fargo Stable Return Fund G does not distribute investment income to unit holders. Therefore, the appreciation or depreciation of units held and gain or loss on sale of units represent the sources of income to holders of Wells Fargo Stable Return Fund G, such as the Stable Return Fund N15.

The funds crediting rate is calculated quarterly. The crediting rate calculation methodology is based on the fair value, contract value, weighted average duration, and annualized weighted average yield to maturity of the underlying portfolio. Future crediting rates are impacted by the current yield and duration of the assets underlying the contract, as well as the existing difference between the fair value and contract value of the assets within the contract. The contracts cannot credit an interest rate that is less than zero percent. The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan's agreement with Wells Fargo Bank, N.A. also specifies certain events that may permit Wells Fargo to terminate the contract. Due to the migration of assets on May 20, 2021 to Principal Financial Group, the Plan no longer offers the Wells Fargo Stable Return Fund N15. Participants are offered Principal Financial Group's product Principal Stable Z Fund. As of December 31, 2021, the Griffith Employee Stock Option Plan still has an investment in Wells Fargo Stable Return Fund N15.

The fair value of the Stable Return Fund N15 is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020 which is \$594,855 and \$9,116,814, respectively. There were no participant redemption restrictions; the twelve month redemption notice period is applicable only to the Plan.

The average yield earned by the Stable Return Fund N15 for 2021 and 2020 was 1.90% and 0.64%, respectively. The average yield credited to Plan participants for 2021 and 2020 was 1.30% and 2.20%, respectively.

INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE - CONTINUED
PRACTICAL EXPEDIENT

In 2021, the Plan entered into an agreement with Principal Global Investors Company to offer the Principal Stable Value Z Class Fund ("the Fund") as an investment option. The Fund is a common collective trust fund. Principal Global Investors Trust Company, serves as trustee providing fiduciary services, primarily administration of collective trust funds.

At December 31, 2021, the Fund has invested all of its assets in Morley Stable Value Fund, a specialized investment of Principal Global Investors, LLC., which invests in conventional, synthetic and separate account investments contracts issued by life insurance companies, banks and other financial institutions. It carries its investments at contract value. The Fund is an investment company based on the characteristics defined in FASB ASC 946, *Financial Services - Investment Companies*.

Investment transactions are accounted for on the trade date. Realized gains and losses are determined on the basis of average cost. No distributions are made to unitholders as net investment income and net realized capital gains are reinvested into the Fund in accordance with the Fund's investment objectives. The Trustee determines the NAV of the Fund each business day by dividing total assets less liabilities by the number of outstanding units.

Fair value estimates are made based on available market information and judgments about the financial instrument at a specific point in time. The disclosed fair value may not be realized in the immediate settlement of the financial instrument. The Fund evaluates fair value estimates through various methods. One method is oversight of pricing vendors, which includes an analysis of their pricing methodologies. In addition, the Fund validates prices through an investment analyst review process, which includes validation through direct interaction with external sources, review of recent trade activity, or use of internal models. There were no significant changes made to the Fund's valuation processes during 2021.

Unitholder transactions are processed daily, or as applicable, by the Fund at the current NAV and are considered made immediately after the daily valuation. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options paid to plan participants shall be made within thirty-days after written notification has been received and are considered to be made immediately after the next valuation date subsequent to the Trustee's approval.

The fair value of the Principal Stable Value Fund Z Class is measured using the net asset value per share practical expedient as of December 31, 2021 which is \$9,735,870. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve-month advance written notice.

The total return earned by the Fund for 2021 was 1.61%. The net asset value per unit is \$23.6898 as of December 31, 2021.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. This hierarchy under Topic 820 consists of three broad levels:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included with Level 1 that are observable for the asset or liability, either directly or indirectly, such as: (a) Quoted prices for similar assets or liabilities in active markets, (b) Quoted prices for identical or similar assets or liabilities in inactive markets, (c) Inputs other than quoted prices that are observable for the asset or liability, or (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset and liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: The fair value of mutual funds is the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Plan sponsor common stock: Griffith Foods Group Inc. stock is not actively traded and significant other observable inputs are not available. The fair value of common stock is determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, weighted average cost of capital, applicable discounts, and the estimated fair value of the Company's assets and liabilities.

FAIR VALUE MEASUREMENTS - CONTINUED

Stable value collective trust funds: The fair values of the Wells Fargo Stable Return Fund N15 and the Morley Principal Stable Value Class Z Fund are determined by the underlying assets held by the Wells Fargo Stable Return Fund G and Morley Stable Value Fund, respectively. Both funds are primarily composed of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuers reserve the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
