PATRICK W. PAGGI

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Jaco Oil Company 401(k) Retirement Plan
Bakersfield, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of **Jaco Oil Company 401(k) Retirement Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i, Schedule of Assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

JACO OIL COMPANY
401(K) Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of the Jaco Oil Company 401(k) Retirement Plan (the "Plan") of Jaco Oil Company (the "Company") provides only general information. Participants should refer to the Basic Plan Document and Adoption Agreement that is incorporated by reference therein ("the Plan document") for a more complete description of the Plan's provisions.

a. General

The Plan, established June 2, 1994 as amended, is a defined contribution plan covering substantially all full-time employees of the Company who have completed one year of service, as defined in the Plan document, and attained the age of twenty-one. Employees covered by a collective bargaining agreement, leased employees and nonresident aliens who do not receive any earned income are not eligible to participate in the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The purpose of the Plan is to provide eligible employees a qualified plan which meets the requirements of Section 401(a) and 401(k) of the Internal Revenue Code (the "Code").

b. Trustee and Plan Administrator

Fidelity Management Trust Company (the "Trustee") executes investment transactions for the Plan. Certain Plan investments are shares of mutual funds managed by Fidelity Investments. The Company acts as Plan administrator (the "Plan Administrator").

c. Contributions and Withdrawals

Participants may contribute from 1 to 60 percent of their compensation annually, subject to certain limitations of the Code. Participants may change these percentages as of the first day of each month. Participants who have attained or are expected to attain age 50 before the close of the taxable year will be permitted to make Catch-Up Contributions of up to 100% but not less than 75% of compensation to the Plan, subject to limitations of the Code.

Participants are permitted to irrevocably designate that a portion or all of the deferral contributions made are Roth 401(k) contributions that are includable in the participant's gross income at the time deferred. Any participant who is still employed by the Company may elect to have any part of their account balance, which is fully vested, and not part of an outstanding loan balance designated Roth contributions.

An eligible employee who is entitled to receive a distribution that is eligible for rollover to a qualified plan under the Code may elect to contribute all or any portion of such distribution to the Plan directly from such eligible retirement plan without regard to the age and Eligibility Service requirements.

The Company makes a non-discretionary employer matching contribution equal to ten percent of the employees' contribution up to a maximum of \$500. The Company may also make annual discretionary matching contributions in an amount determined by the Company at the Plan year-end to eligible Participants. A participant must be employed as of the last day of the Plan year to be eligible for any matching contribution made for that Plan year. Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's non-discretionary matching contribution (b) the Company's discretionary matching contribution and (c) Plan earnings and losses.

The Company may contribute an amount which it designates as a Qualified Nonelective Employer Contribution ("QNEC") for any permissible purpose. QNEC shall be allocated to all Participants who were eligible to participate in the Plan at any time during the Plan Year and are Non-Highly Compensated Employees in the ratio which each such Participant's "testing compensation", as defined in Subsection 6.01(s) of the Plan Document, for the Plan Year bears to the total of all such Participants' "testing compensation" for the Plan Year. The QNEC must be 100% vested. The Plan failed the annual ADP and ACP compliance tests in 2021 and 2020 and must either return to participants' contributions in excess of amounts allowed by the IRS or make a protective contribution to avoid Plan disqualification. The Company funded a QNEC contribution of \$48,114 on March 16, 2022. Contributions in excess of amount allowed related to Plan failure of the ADP and ACP compliance tests were \$259,358 for the year ending December 31, 2020.

Participants may make hardship withdrawals from their deferral and any rollover contributions made, upon demonstrating immediate financial need, as defined in the Plan document.

d. Benefits

Upon termination of service, a participant, or his or her beneficiary, may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The forms of payment are lump-sum distributions or annual installments.

e. Vesting

Participants are immediately vested in their contributions plus the actual earnings thereon. Participant's vest in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon based on years of continuous service. A participant vests 20 percent per year of service and is 100 percent vested after five years of service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$21,292 and \$196,428, respectively. These accounts will be used to reduce future employer contributions and costs of administering the Plan.

f. Investment Options

The Plan provides for participant-directed investment options and fee based managed accounts primarily offered by Fidelity Institutional Retirement Services Company, Inc. Participants may choose from permitted registered investment funds in which to invest their account balances, with the ability to change their options daily. The Company periodically makes changes to the investment funds offered in the Plan.

Investment securities are exposed to various risks, such as market, interest rate and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

g. Notes Receivable from Participants

Participants may borrow from their accounts the lesser of \$50,000 or 50-percent of the vested account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates, currently 5%. Principal and interest is paid ratably through monthly payroll deductions. Participant loans that are held by terminated employees are immediately due and payable, and the participant is deemed to have received a taxable distribution.

h. Subsequent Events

Management has evaluated subsequent events through October 10, 2022, the date on which the financial statements were available to be issued. No events were identified which would require disclosure in the financial statements.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

c. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan and are included in these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

d. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Net Appreciation in Fair Value of Investments

Net appreciation in fair value of investments is based on the market value of the assets at the beginning of the Plan year or at the time of purchase for assets purchased during the year and the related fair values on the day the investments are sold with respect to realized gains and losses, and on the last day of the Plan year with respect to unrealized gains and losses. Net realized and unrealized appreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

f. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

g. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Contributions in excess of amounts allowed related to the Plan failure from the ADP and ACP compliance tests were \$259,358 as of December 31, 2020.

h. Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2021 and 2020
- Investment activity, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021
- Investments, as shown in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the Plan has the ability access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets.
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments held at December 31, 2021 and 2020 were Level 1 investments.

5. Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service (the "IRS") dated April 2, 1997, indicating that the Plan is designed in compliance with the qualification requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in employer contributions.

7. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits pursuant to the financial statements as compared to the Form 5500 for the year ended December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for plan benefits per the financial statements	\$9,703,716	\$8,343,456
Amounts allocated to withdrawing participants	<u>(778,493)</u>	<u>(656,621)</u>
Net assets available for plan benefits per the Form 5500	<u>\$8,925,223</u>	<u>\$7,686,835</u>

9. Related Party Transactions

The Plan engages in certain transactions involving the Trustee, a party-in-interest as defined by ERISA. These transactions involve investing in mutual funds managed by a subsidiary of the Trustee.
