INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Chevron Stations Inc. Thrift Plan

OPINION

We have audited the financial statements of Chevron Stations Inc. Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Chevron Stations Inc. Thrift Plan as of December 31, 2021, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OTHER MATTER - DECEMBER 31, 2020, FINANCIAL STATEMENTS

The financial statements of the Chevron Stations Inc. Thrift Plan as of and for the year ended December 31, 2020, were audited by Lindquist LLP, who joined WithumSmith+Brown, PC effective January 1, 2022, and they expressed an unmodified opinion on the statements in their report dated October 8, 2021. No auditing procedures have been performed with respect to the December 31, 2020, financial statements since that date.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule—Schedule H - Part IV, Line 4(i) - Schedule of Assets Held—is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**CHEVRON STATIONS INC. THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 - Description of the Plan

The following description of the **Chevron Stations Inc. Thrift Plan** (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan and is qualified as a saving plan under Section 401(a) of the Internal Revenue Code (IRC) and as a qualified deferred arrangement under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Chevron Stations Inc. (the Company), an indirect wholly-owned subsidiary of Chevron Corporation (the Corporation), is the Plan Sponsor and Plan Administrator of the Plan. In its capacity as fiduciary, the Company makes such rules, regulations, computations and takes whatever other action is necessary to administer the Plan in accordance with provisions of the IRC and ERISA. The Company receives no compensation for its services as Plan Sponsor or Plan Administrator.

Fidelity Management Trust Company and Fidelity Workplace Services LLC is the trustee and recordkeeper, respectively, of the Plan. The trustee has the authority to manage the assets of the Plan in accordance with its terms and those of the trust agreement.

Eligibility

All eligible employees of the Company become participants after completion of 3 months of service. Service is based on a calendar year or the 12 consecutive month period that started on the date the eligible employee completed an hour of service.

Contributions

Plan participants may contribute up to 75% of their regular pay on a combined before-tax and after-tax basis. The maximum contribution amount on a before-tax basis was the annual IRC limit of \$19,500 in 2021 and 2020 for participants under age 50 and \$26,000 in 2021 and 2020 for participants age 50 and up. Participant contributions are deposited by the Company with the trustee and credited to a "Participant Account" for each participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will match up to the first 6%, 4% or 2% of the participant's contribution depending upon the participant's job level. The Company contribution for each participant is credited to an "Employer Account" established for such participant.

Participants direct the investment of their and Company's matching contributions into various investment options offered by the Plan.

Payment of benefits

A participant's benefit will be distributed in the form of a single, lump sum payment in cash.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions ("Employer Account"), as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their account balance in a broad range of investment funds managed by Fidelity consisting primarily of target retirement and core mutual funds. Participants must evaluate their own investment goals and objectives and choose the investment best suited to achieve those goals and objectives. Participants may change their investment options daily.

Vesting

A participant is always 100% vested in his or her Participant Account. Vesting in the Company's matching contributions becomes 100% vested upon the occurrence of the earliest of the following:

- (a) after 3 years of vesting service;
- (b) after reaching age 62 while an Employee; or
- (c) by reason of death; or
- (d) because of total disability; or;
- (e) as a result of being laid off for lack of work.

If a participant's employment terminates before reaching age 62 and for any reason other than those described in clauses (d) and (e) of the preceding sentence, the participant's vested interest in the participant's Employer Account is determined as 0% vesting upon completion of fewer than 3 years of service. If a participant's employment terminates as a result of the participant's death, 100% of the participant's Employer Account is paid to the participant's beneficiary.

Forfeited accounts

Upon termination of employment, any portion of the participant's Employer Account that is not vested is forfeited, and the amount of all such forfeitures is used to reduce Company contribution otherwise due. Total forfeitures for the Plan for years ended December 31, 2021 and 2020 were \$16,365 and \$12,947 respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 - Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

The recordkeeper service fees are paid by the participants and subsidized by the Company up to \$25,000. Trustee and other administrative expenses are paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust is a direct filing entity with the Department of Labor; therefore, information regarding the investment's strategy is not disclosed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - Income Taxes

On July 20, 2012, the Internal Revenue Service (IRS) issued its determination that the Plan met the requirements for qualification under Sections 401(a) and 401(k) of the IRC and the trust fund established pursuant to the Plan continues to be exempt from Federal Income Tax under Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is not subject to income tax. Accordingly, no provision for federal or state income taxes has been made.

The Plan's administrator and tax counsel have analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for the years prior to 2018.

The Corporation has reviewed the Plan's administrative procedures and is of the opinion that it is in accordance with the technical compliance requirements of ERISA.

NOTE 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes, both positive and negative, in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – Related Party Transactions

Transactions with the Company, as Plan sponsor and Plan administrator qualify as party-in-interest transactions.

NOTE 7 – Subsequent Events

The Plan's financial statements have been evaluated for subsequent events or transactions through the date the financial statements were available to be issued. Management has determined that there are no subsequent events or transactions that require adjustments to or disclosures in the financial statements.
