INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Maxlite 401(k) Plan
West Caldwell, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Maxlite 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Maxlite 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Our report dated January 31, 2022, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MAXLITE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 – Description of Plan

The following description of the Maxlite 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of MaxLite, Inc. (the “Company”), except non-resident aliens or employees covered by a collective bargaining agreement, who have completed 2 months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

In November 2020, the Plan was amended to provide for automatic enrollment, annual automatic deferral increases, post-tax Roth 401(k) contributions and an employer match true up at the end of each year.

Contributions

Each year, participants may contribute up to 85% of their pre-tax and/or post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective December 25, 2020, the Plan added an auto-enrollment provision whereby all newly eligible employees on their entry date and active participants without a deferral election or have a zero election on file are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Participants with a deferral rate greater than zero will have an increase to their deferral rate by 1% annually until a deferral rate of 12% is reached. The Company made a discretionary matching contribution of 50% of the first 6% of participants’ elective contributions for the year ended December 31, 2021, which totaled \$308,089. Company contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 4 years of credited service. A participant who terminated employment prior to December 1, 2017 is 100% vested after 6 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account. The note interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through periodic payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted for participants who attain age 59½ or for a participant who is experiencing financial hardship. Annual installments are permitted for required minimum distributions only.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$104,229 and \$73,355, respectively. These accounts will be used to reduce future Company contributions, reallocated as Company contributions or to pay Plan expenses. During 2021, \$29 of forfeited non-vested accounts were used to pay Plan expenses. Forfeited non-vested accounts were not used in any other manner as described.

Recent Regulatory and Economic Events

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to \$5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to \$10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2021 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to \$100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of \$100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 – Description of Plan (continued)

Recent Regulatory and Economic Events (continued)

On December 27, 2020, the Consolidated Appropriations Act, 2021 (CA Act) was enacted and signed into law. The CA Act includes a temporary rule preventing partial plan terminations for qualified retirement plans in some circumstances. The IRS previously issued guidance under the CARES Act clarifying that employees furloughed or laid off due to COVID-19 but rehired by the end of 2020 would not be counted in determining whether a retirement plan incurred a partial plan termination for the plan year. The CA Act gives employers broader relief than the IRS guidance. Under this new law, a retirement plan will not have a partial termination for a plan year if (1) any portion of the plan year includes the period beginning March 13, 2020, and ending on March 31, 2021, and (2) the number of active participants covered by the plan on March 31, 2021, is at least 80% of the number of active participants covered by the plan on March 13, 2020.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Corrective distributions payable generally represent the distribution of certain assets to participants in order for the Plan to comply with non-discrimination rules. The Plan distributed the 2021 and 2020 excess contributions to the applicable participants prior to March 15, 2022 and 2021, respectively.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at cost, which estimates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. There were no level 2 or 3 assets held by the Plan at December 31, 2021 and 2020:

Money market fund	221,370	206,890
	<u>\$ 7,366,746</u>	<u>\$ 6,288,099</u>

Note 4 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are funds managed by Fidelity Investments, an affiliate of Fidelity Trust Company, the trustee of the Plan, therefore, these transactions qualify as exempt party-in-interest transactions.

In addition, the Plan utilizes third party service providers who provide certain administrative services to the Plan pursuant to service agreements. These service providers receive revenue sharing for services they provide to the Plan. This revenue is used to offset certain amounts owed to them for their administrative services to the Plan. Fees paid directly by the Plan for these services amounted to \$21,780 for the year ended December 31, 2021. These transactions qualify as exempt party-in-interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 6 – Tax Status

The Plan is structured and follows a volume submitter with cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated March 31, 2014, that the volume submitter plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Effective February 2021, the Plan adopted the restated pre-approved plan documents which were pre-approved by the IRS on June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends and interest and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Change in contributions receivable	19,601
Change in corrective distributions payable	<u>(56,871)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 1,052,625</u>

Note 10 – Delinquent Participant Contributions and Loan Repayments

During the years ended December 31, 2018 through 2021, the Company did not remit to the Plan's trustee certain participant contributions totaling \$375,025 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company will make a qualified non-elective contribution to the affected participants' accounts to compensate those participants for potential lost income due to the delays. A participant contribution receivable totaling \$994 and \$1,315 is included in the accompanying statements of net assets for benefits related to this administrative error as of December 31, 2021 and 2020, respectively. During 2021, the Company self-corrected \$321 plus lost earnings. See the accompanying supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for further information.

Note 11 – Voluntary Compliance Program

The Company intends to correct a number of operational errors identified related to participant and employer matching contributions during the years ended December 31, 2018 through 2021, using the Self Correction Program under the IRS's Employee Plans Compliance Resolution System. Plan management is currently researching these operational errors and does not expect the financial impact to be material to the financial statements as a whole.
