Independent Auditors' Report

To the Participants and Plan Administrator of
Beverage Distribution Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Beverage Distribution Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Trustees
Beverage Distribution Savings Plan

- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

Trustees
Beverage Distribution Savings Plan

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the

Trustees
Beverage Distribution Savings Plan

underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Beverage Distribution Savings Plan (the "Plan") provides only general information. The Plan covers certain employees of Beverage Distribution Center, Inc., Pepsi-Cola and National Brand Beverages, Ltd., Canada Dry Delaware Valley Bottling Company, Canada Dry Potomac Corporation, Canada Dry Distributing Company of Wilmington, Canada Dry Bottling Company of New York, Pepsi-Cola Bottling Company of New York, Inc. and Elizco Inc. (the "Companies").

Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan, which was adopted on February 26, 1995, is a defined contribution plan covering "eligible employees" of the Companies who have completed one year of service or have been regularly employed for at least 1,000 hours during a Plan year. Eligible employees generally exclude employees covered by the terms of a collective bargaining agreement except as required by the terms of certain collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 1999, all employees who have completed six months of service, and meet all of the above mentioned requirements, are eligible to participate in the Plan.

Effective January 1, 2014, the Plan was amended to modify the eligibility requirements for purposes of salary deferral elections only. Eligible employees shall be eligible to participate in such feature of the Plan upon completion of one hour of service as an eligible employee. For all other Plan purposes, eligibility requirements remain the same.

Effective January 1, 2017, the Plan was amended to provide that participants who have terminated employment may elect to take a partial distribution of their account, and to change the cap on salary deferrals for participants classified as highly compensated employees from 15% to 50%.

Contributions - Each eligible employee may authorize a reduction of his or her annual gross compensation subject to a limit of 15% as provided in the Plan and subject to limitations as provided in the Internal Revenue Code. The Companies are authorized to make a discretionary matching contribution equal to a percentage of each participating employee's deferred compensation. The exact percentage is at the discretion of the respective companies, except as required by the terms of certain collective bargaining agreements.

The Companies are also authorized to make non-elective contributions for each plan year on behalf of participating employees but are not required to make any specific amount of contribution for any plan year other than the minimum annual money purchase allocation which was previously provided to each respective eligible participant in the Beverage Distribution Center Money Purchase Plan (the "BDMP Plan") immediately prior to its merger into the CDDV DCP effective December 31, 2004.

Employer contributions receivable represent unremitted contributions for the years ended December 31, 2021 and 2020.

Effective January 1, 2014, the Plan was amended to include an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation. Participants can change their elective deferral percentage or opt out at any time.

Participant and Companies contribution accounts - Each participant and Companies contribution account is credited with the participant's contributions, Companies discretionary matching and non-elective contributions and Plan earnings. Participants direct the investment of their accounts in one or more of the available funds. Earnings are allocated based on the account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeitures of terminated participants' nonvested company contribution accounts are used to reduce the Companies future contributions. As of December 31, 2021 and 2020, forfeitures held in a cash reserve were \$166,053 and \$99,970, respectively. Forfeitures used to offset the Companies contributions were \$450,304 during the year ended December 31, 2021.

Effective January 1, 2014, the Plan was amended to alter the timing of discretionary matching contributions. Matching contributions shall be calculated and allocated to a participant's account for the applicable payroll period.

Vesting - Participants hired on or before June 30, 1999 are immediately vested in participants' contributions and discretionary employer contributions plus earnings thereon. Participants hired after June 30, 1999 are 100% vested in employer contributions after 5 years of service. Forfeitures of nonvested balances are used to reduce future employer contributions.

Effective January 1, 2014, participants are 100% vested in employer non-elective contributions after 3 years of service. However, participants whose employment is governed by a collective bargaining agreement are vested in employer non-elective contributions after 5 years of service.

Payment of benefits - On termination of service a participant will receive a lump-sum amount equal to his or her account. On termination of service before retirement, a participant with a vested interest in their account balance of \$5,000 or greater will receive the value of the vested interest in their account upon giving written consent to the Plan Trustee. Participants with a vested interest in their account balance of less than \$5,000 will receive the value of the vested interest in their account in a lump-sum payment as soon as feasible following the date of termination.

Effective January 1, 2014, the Plan allows for participants to receive in-service distributions. Participants over fifty-nine and a half years old can elect to withdraw all funds from their account except for funds attributed to the BDMP Plan. Participants over sixty-two years old can elect to withdraw all funds from their account.

Notes receivable from participants - Participants may, under certain circumstances, borrow from their vested account balances amounts that would not exceed the lesser of \$50,000 or 50% of their account balance. The loan must be repaid with equal payments, not less than quarterly, within five years (unless the purpose of the loan is to purchase a principal residence). The loans must bear a reasonable interest rate and be adequately secured. Principal and interest is paid ratably through either semi-monthly payroll deductions or by direct quarterly payments. All loans are secured by the balance of the participant's account. As of December 31, 2021 interest rates on notes receivable from participants range from 3.25% to 5.50%.

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Plan updates - The Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”) became law on December 20, 2019, and became effective on January 1, 2020, bringing about certain changes to Internal Revenue Service (“IRS”) regulations that allow retirees to delay taking required minimum distributions (“RMD’s”) until age 72, up from the previously required age of 70 1/2. As such, participants who turned 70 1/2 before December 31, 2019 would be required to be paid a RMD by April 1 of 2020 and any subsequent years, while a participant who turned 70 1/2 after December 31, 2019, would not be required to be paid an RMD until April 1 of the year after they reach the age of 72.

In April 2020, the Plan’s management opted to implement certain provisions of the Coronavirus Aid, Relief and Economic Security Act of 2020 (the “CARES Act”), more specifically those allowing qualified individuals to (i) take a penalty-free retirement account distribution of a maximum of \$100,000 until December 30, 2020, (ii) borrow up to the lesser of \$100,000 or 100% of the individual’s vested balance between March 27, 2020 and September 22, 2020 and (iii) defer loan repayment for a period of one year for any repayments due between March 27, 2020 and December 31, 2020. The CARES Act also waived RMD requirements in 2020, including 2019 first year RMD’s for individuals born before July 1, 1949, with an RMD payable no later than April 1, 2020. In accordance with the CARES Act, the Plan sponsor will formally amend plan documents with regard to these provisions on or before the last day of the first plan year beginning on or after January 1, 2022.

Tax Status - The Plan obtained its latest determination letter in November 2015 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The financial statements of the Plan are prepared on an accrual basis of accounting.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits - Benefits are recorded when paid.

Notes receivable from participants - Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are reported as investments on Form 5500. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expended when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Significant estimates used in preparing these financial statements include assumptions used to estimate the fair value of investments. Actual results could differ from those estimates.

Subsequent events - The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

3. INVESTMENTS

Participants direct the investment of amounts credited to their accounts among various funds having different investment objectives. The Plan's investment programs are with Vanguard Fiduciary Trust Company, the trustee of the Plan.

The trustee has certified to the accuracy and completeness of investments and notes receivable from participants, and related income, which includes net appreciation in fair value of investments, dividends and interest from investments, and interest income from notes receivable from participants, as reported in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

4. PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to change or to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, amounts credited to participants' accounts shall be fully vested and are nonforfeitable.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment. Level 1 investments of the Plan consist of registered investment companies (mutual funds) which are valued at the net asset value ("NAV") of shares held by the Plan at year end where NAV is publicly available.

Level 2 - Valuations based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement that reflect the assumptions that market participants would use.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement. Although the degree of judgment exercised by the Plan in determining fair value is greatest for investments categorized in Level 3, the inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with those investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

BEVERAGE DISTRIBUTION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2021 and 2020, the Plan had \$29,471,158 and \$32,184,611, respectively, invested in Vanguard Retirement Savings Trust III (the "Trust"). The Trust is a collective investment trust that invests primarily in a pool of synthetic investment contracts (and also some traditional investment contracts) that are issued by insurance companies and commercial banks. The investment portfolios underlying the synthetic contracts are primarily held in mutual funds and also in collective investment trusts and insurance company separate accounts. The net asset value reported by the Trust is used by the Plan as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. The ability to transact at net asset value may be limited in certain significant circumstances, specifically employer initiated events such as plan termination, bankruptcy or reorganization, early retirement incentive programs or tax disqualifications.

The average crediting interest rate in 2021 and 2020 was 1.58% and 2.13%, respectively. The crediting interest rate is determined on a quarterly basis by the Trust. The minimum crediting interest rate in 2021 and 2020 was 1.63% and 2.36%, respectively.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan are paid by the Plan's sponsors and certain services are rendered to the Plan by the Plan's sponsors at no cost to the Plan. The Plan's investments include shares of funds managed by an affiliate of Vanguard Fiduciary Trust Company, the Plan's Trustee. In addition, recordkeeping fees for the Plan are paid to Vanguard Fiduciary Trust Company directly from mutual fund companies whose investments are included in the Plan. Additionally, the Plan issues loans to participants which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
