Independent Auditor's Report

To the Plan Administrator
Wealth Enhancement Group 401(k) Plan
Plymouth, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wealth Enhancement Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agree to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Wealth Enhancement Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1999. The Plan has been amended throughout the years to comply with tax legislation. The Plan covers all employees of Wealth Enhancement Group, LLC and Wealth Enhancement Trust Services, LLC, together referred to as the “Company”, except for leased employees, non-resident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”).

In July 2021, the Plan changed the trustee to Fidelity Management Trust Company (“Fidelity”) and adopted a restated plan document effective July 27, 2021. Assets of the Plan were transferred from Great-West Trust Company, LLC by July 27, 2021. Concurrent with the change in trustees, the Plan was restated naming Fidelity Management Trust Company the trustee.

In 2020 and through July 26, 2021, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, Great-West), executed investment transactions as directed by the participants. Great-West was also responsible for making distributions to participants. Great-West performed some, but not all, of the recordkeeping services for the Plan. Great-West performed these functions at the direction of the Company in accordance with the provisions of the Plan.

From July 27, 2021 and forward, Fidelity executes investment transactions as directed by the participants. Fidelity is also responsible for making distributions to participants. Fidelity performs some, but not all, of the recordkeeping services for the Plan. Fidelity performs these functions at the direction of the Company in accordance with the provisions of the Plan.

Eligibility

In 2020 and through July 26, 2021, employees were eligible to participate in the salary deferral arrangement and discretionary employer matching contribution portions of the Plan upon hire. For employees hired after July 26, 2021, employees are eligible to participate in the salary deferral arrangement and discretionary employer matching contributions portions of the Plan after one month of service.

On January 1, 2018, the Plan was amended to auto-enroll eligible participants into the Plan unless the participant elects to opt-out. The participant is automatically enrolled on the first day of the payroll period following completion of the eligibility requirements. The participant is automatically enrolled to contribute 6% of their compensation in the form of pre-tax deferrals and that amount will be increased by 1% each plan year until the amount withheld equals 10% of their compensation.

Employees who have completed 250 hours of service during the last plan quarter and are employed on the last day of the plan quarter are eligible for discretionary employer profit sharing contributions.

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

Contributions

The Plan includes a salary deferral arrangement as provided for under Section 401(k) of the IRC.

The Plan allows eligible participants to contribute up to 80% of their eligible compensation, as defined by the Plan, up to the maximum amount specified by the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions to the plan. Participant contributions can be in the form of pre-tax contributions or post-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or conduit individual retirement accounts.

The Company may, at its discretion, make employer matching contributions. For the year ended December 31, 2021, the Company matched 50% of participants' contributions up to 6% of eligible compensation. Employer matching contributions aggregated \$2,408,210 for the year ended December 31, 2021.

The Company may, at its discretion, also make employer non-elective contributions, which was \$1,500, for each eligible participant, aggregating \$1,075,200, for the year ended December 31, 2021.

Participants direct the investment of their contributions and the Company's matching and non-elective contributions into various investment options offered by the Plan. At December 31, 2021, the Plan offered its participants thirty-seven mutual funds, one money market fund, one Collective Investment Trust Fund, and a self-directed brokerage account, as investment options.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and employer contributions and an allocation of Plan income and is charged with withdrawals and administrative expenses attributable to the participants' individual accounts. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings or less actual losses thereon.

Notes Receivable from Participants

A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. These notes are then held in the trust and are reflected as notes receivable from participants in the accompanying financial statements. The notes are secured by the balance in the participant's account and bear interest at the prime rate as established in the Wall Street Journal plus one percent, which are commensurate with local prevailing rates as determined at the time of the note by the Plan trustee and reviewed by the plan administrator. Generally, principal and interest is paid ratably through payroll deductions or payments outside of payroll, over a period not to exceed five years, except for notes

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

used to fund the purchase of a principal residence which may be repaid over a reasonable period that may exceed five years.

Payment of Benefits

Upon termination of service due to death, disability, or retirement (age 55), a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or if the participant is subject to required minimum distributions, may elect installments over the participant's life expectancy. The Plan provides for in-service distributions upon reaching the age of 59 ½ and for hardship distributions subject to the Plan's provisions. For participants that terminate employment and have an account balance below \$5,000, the plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

There are no forfeitures as the participants are 100% fully vested at all times.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expense and are expensed as incurred. No allowance for credit losses has been recorded at December 31, 2021 and 2020. If a participant ceases to make note repayments beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment, the plan administrator will deem the note to be in default. If a distributable event has taken place, as defined in the plan document, the participant balance is reduced by the amount of the note default and a benefit payment is recorded.

Notes to Financial Statements

Administrative Expenses

The Company absorbs the majority of the Plan's administrative costs. Miscellaneous participant transaction costs are paid by the Plan. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the reported amounts of changes in net assets available for benefits during the reporting period, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at quoted prices.

Self-Directed Brokerage Accounts: These accounts are comprised of common stock, mutual funds, and cash and cash equivalents. Common stock is valued at the published market price on an active market. The mutual funds are valued at the NAV that is quoted on an active market and is determined based on the fair value of the underlying assets at the end of each day.

Collective Investment Trust (CIT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. The Plan's investment in the Collective Investment Trust is not subject to any withdrawal or redemption restrictions, and there are no unfunded commitments at December 31, 2021.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total Investments at fair value	\$ 48,590,212	\$ -	\$ -	\$ 48,590,212

**In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefit as of December 31, 2021 and 2020.*

4. Investments, at Contract Value

Guaranteed Portfolio Fund

The Plan had invested in the Guaranteed Portfolio Fund (GPF), a guaranteed investment contract. The GPF is a benefit responsive contract entered into with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The GPF was valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain events that may limit the ability of the Plan to transact at contract value are not probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is a blended rate determined using a dollar-weighted average of all the guaranteed interest rates of the guaranteed interest funds under this contract. Under the terms of the existing contract, the interest rate can be reset on an annual or semiannual basis. The GPF is a

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

single group annuity contract with a fixed rate of interest. The average yield earned by the Plan and credited to participants was 1.04% for the year ended December 31, 2021.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate as of December 31, 2021 and for the period from July 27, 2021 to December 31, 2021. Additionally, Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, both qualified institutions, have certified that the following information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate as of December 31, 2020, and for the period from January 1, 2021 to July 26, 2021:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment and notes receivable from participants information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

6. Tax Status

Prior to July 26, 2021, the Plan was placing reliance on an opinion letter dated March 31, 2014, received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended and restated since receiving the opinion letter. However, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

From July 27, 2021 onward, the Plan is placing reliance on an opinion letter dated June 30, 2020, received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended and restated since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Wealth Enhancement Group 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Termination of the Plan

Although the Company has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the Plan's provisions and regulations of ERISA.

8. Risks and Uncertainties

The Plan provides for investment in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

9. Party-In-Interest Transactions

Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. Great West and Fidelity are parties-in-interest as defined by ERISA as a result of investing plan assets in their own investment funds. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2021, participant contributions totaling \$2,512.62 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. These contributions and related lost earnings were remitted to the Plan in January 2022.

11. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.
