INDEPENDENT AUDITOR'S REPORT

Plan Administrator and participants of
Deceuninck North America, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Deceuninck North America, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Deceuninck North America, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier (or by an entity that such a (qualified institution) agreed to have certify on their behalf) in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution and from an entity that such a qualified institution has agreed to have certify on their behalf as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution, or an entity that such a qualified institution agreed to have certify on their behalf, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution or an entity on their behalf that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Deceuninck North America, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Key Audit Matters

Key audit matters are those matters that were communicated with those charged with governance and, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

Determining whether delinquent participant contributions detected and reported in prior period audits and any that may have occurred during the 2021 plan year have been corrected during the 2021 plan year is considered a key audit matter. This matter is considered a key audit matter because such corrections, whether made or not, impact the appropriateness of the Plan's financial statement disclosures regarding nonexempt transactions and supplemental schedules for the 2021 plan year.

We examined management's and the Plan's contribution records to determine the extent delinquent participant contributions from previous years, and for 2021, which were material, had been funded to the Plan's trust and lost earnings determined and funded, if any. The financial statement disclosures in Note 8 and the supplemental Schedule of Delinquent Participant Contributions have been appropriately updated for 2021 plan year activity that was examined.

Another key audit matter related to a number of duplicate fundings of weekly payrolls and misclassification of employer safe harbor contributions as employer matching contributions that occurred during the second half of the 2021 plan year, both of which management brought to our attention. An analysis of the timeliness and completeness of participant and employer contributions and loan repayments evidenced the payroll related transactions that were funded twice. Plan related transaction logs provided sources of information as to the extent and nature of the errors made. Appropriate reclassification of the double funded amounts from contributions - employer and participants to employer prefunding of contributions was made for purposes of the statement of changes in net assets available for benefits for the 2021 plan year. The financial statement disclosures in Note 9 summarize the nature of these transactions.

We examined the Plan's contribution related records and recordkeeper processing of contributions and additional funding during 2021 and corrections undertaken in the first quarter of the 2022 plan year to determine the extent and nature of the errors and reclassifications necessary for financial statement purposes. We also performed testing at the individual participant account level to determine that participant accounts had been appropriately corrected and restored to the position they would have been in had the errors not occurred.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Deceuninck North America, Inc. 401(k) Plan's ability to continue as a going concern for a period one year beyond the date that the accompanying financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Deceuninck North America, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt the Deceuninck North America, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the

related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a -Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2021, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to and derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution and an entity on behalf of such an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Deceuninck North America, Inc.
401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following brief description of the Deceuninck North America, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a voluntary defined contribution plan covering substantially all full-time employees of Deceuninck North America, Inc. or its subsidiaries (the Company and Plan Sponsor) who have completed at least 30 days of service and have attained the age of 18. Currently, Deceuninck North America, LLC is the sole subsidiary of Deceuninck North America, Inc. The entry into the Plan is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. Effective January 1, 2016 the Plan was restated by adopting a volume submitter profit sharing plan with CODA, sponsored by Massachusetts Mutual Life Insurance Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Plan participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. The Plan has an automatic deferral feature, whereby new employees hired who become eligible participants automatically have 6% (3% prior to January 1, 2016 plan restatement) of eligible compensation deferred, unless the participants initiates an alternative percentage Salary Reduction Agreement. Roth deferral contributions are permissible under the Plan following the January 1, 2016 plan restatement. The Plan operates as a safe harbor 401(k) plan. Employer contributions to the Plan are now made based on a safe harbor formula of 100 percent matching of participant salary deferrals that do not exceed six percent of compensation as defined by the Plan. The Company may also make discretionary matching contributions. Additional profit sharing amounts were allowed to be contributed at the discretion of the Company's board of directors, prior to January 1, 2013. To have been eligible to receive a profit sharing allocation a participant must have attained 21 years of age and have completed 6 months of service. No such discretionary contributions were made for the 2021 or 2020 plan years. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts and Investment Options

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contributions, discretionary matching contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their contributions and Company contributions to any of the investment options offered by the Plan. All amounts in participant accounts are participant-directed.

Vesting

Participants are vested immediately in their contributions, as well as Company safe harbor matching contributions (through December 31, 2018), and discretionary matching contributions plus actual earnings thereon. Effective January 1, 2019, participants hired after that date are required to have one year of credited service, defined as 1,000 hours of service within a plan year, to be one-year cliff vested in the Employer's safe harbor matching contributions made after that date.

Vesting in the Company's previously available (prior to January 1, 2013) profit sharing contribution portion of their accounts is based on years of continuous service. Generally, a participant becomes 20% vested after completing two years of service as defined in the Plan. Their vested percentage increases 20% per year for years three through five and becomes 100 percent vested after six or more years of credited service.

Notes Receivable from Participants

Participants may only have one loan outstanding from the Plan at a time. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Under the provisions of the CARES Act, the limit on participant loans made between March 27 and September 22, 2020 was raised to \$100,000 for qualified

individuals. The Plan also suspended loan repayments due between March 27 and December 31, 2020, at the option of certain qualified individuals.

Payment of Benefits

On termination of service due to death, disability, or retirement, the Plan automatically provides for a lump sum form of payment of the participant's vested interest in his or her account. Alternative forms of benefit payment include substantially equal installment payments or partial withdrawals. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Vested benefits of \$5,000 or less will be distributed as a single lump-sum payment as soon as practicable following the event entitling distribution. Upon the March 2020 passage of the CARES Act, affected participants of the Plan were allowed to request and make certain coronavirus-related distributions (CRDs), which had to be taken prior to December 31, 2020, and under the provisions, terms and conditions as outlined in the CARES Act.

Forfeited Accounts

At December 31, 2021 and 2020 forfeited non-vested accounts and other unallocated assets totaled approximately \$38,000 and \$39,050, respectively. Forfeitures and other unallocated assets may be used to pay Plan administrative expenses and reduce employer contributions. During 2021, approximately \$34,400 of forfeited non-vested accounts were used to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Deceuninck North America, Inc.
401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Basis of Accounting and Use of Estimates (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors, the trustee and insurance company with whom it has an investment contract. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Risks and Uncertainties

The Plan invests in various investment securities, which are reviewed on a quarterly basis by the Plan's investment committee. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

the value of investment securities such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Expenses of the Plan

Certain expenses of administering the Plan and the related Plan assets are paid by the Company. Participant's accounts are charged fees established by the Plan for certain participant-initiated transactions. Revenue sharing amounts received by the Plan less indirect investment related expenses are netted within net appreciation or depreciation of the fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 30, 2022, the date the financial statements were available to be issued.

3. Investments

Certain investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedules, including the data in the table below as of December 31, 2021 and 2020, and investment income, net appreciation in fair value of investments, and interest income on notes receivable from participants for the year ended December 31, 2021, including the data in the table below was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company the trustee of the Plan and Great-West Life & Annuity Insurance Company on behalf of Massachusetts Mutual Life Insurance Company pursuant to a power of attorney.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the plan administrator for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts. Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of

certain financial instruments could result in different fair value measurements at the reporting date.

5. Fully Benefit-Responsive Investment Contract with Insurance Company

The Plan has an interest in a fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a separate investment account named the MassMutual Diversified Bond II Separate Investment Account, which backs the contract. The Plan is credited with earnings based on anticipated market returns on the underlying investments in the separate investment account and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported in the certified investment information provided to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events as detailed in the contract (e.g., complete or partial termination of the Plan, a material change in Plan investment fund, or a material change in the operations of the Plan) may limit the Plan from transacting at contract value. The Plan administrator does not believe that the occurrence of any such value events, which would limit the Plan's ability to transact at contract value with participants, is probable.

Any employer originated transfer or distribution including employer level surrender of the contract will be subject to at least a 30-day advance notice.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on MassMutual's ability to meet its financial obligations. This ability to meet contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with MassMutual, which cannot be less than zero percent. Such interest rates are reviewed for resetting each quarter. Key factors that could influence future average interest crediting rates are prevailing market interest rates and underlying Diversified Bond II Separate Investment Account investment performance.

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income Tax Status

The underlying volume submitter profit sharing plan with CODA, that was adopted with the Plan restatement effective January 1, 2016, has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code), and therefore the related trust is tax exempt. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B. 608 the Company has determined that it is eligible to and has chosen to rely on the current IRS volume submitter opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that they will be taking steps necessary to correct operational matters that have come to their attention to maintain the qualified status of the Plan.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Nonexempt Transactions

During the plan year ended December 31, 2016 certain participant deferral contributions and participant loan payments were not remitted timely to the Plan in accordance with Department of Labor (DOL) regulations. Certain affected participants had not been made whole with respect to principal, in some cases, and lost earnings on such 2016 amounts totaling \$13,374 as of December 31, 2019 or 2020. These amounts originating during 2016 represent nonexempt prohibited transactions, and were corrected during 2021 and are reported with their correction status as of December 31, 2021, along with an additional \$240 of delinquent participant contributions identified that originated during the 2020 plan year, and which were also corrected with respect to lost earnings during 2021, for a total amount of \$13,614 reported as corrected outside of VFCP in the supplemental Schedule of Delinquent Participant Contributions for the plan year ended December 31, 2021, which accompanies these financial statements. During the 2021 plan year certain deferral contributions and participant loan repayments totaling \$572,564 were not remitted timely to the Plan. Such

amounts represent nonexempt prohibited transactions, were not corrected with respect to lost earnings as of December 31, 2021, and are reported with their correction status as of December 31, 2021 in the supplemental Schedule of Delinquent Participant Contributions for the plan year ended December 31, 2021, which accompanies these financial statements.

9. Funding and Other Errors Made during the 2021 Plan Year

During calendar 2021, between the dates of November 19, 2021 and December 21, 2021, five entire regular weekly payrolls (including participant pre-tax deferral contributions, roth deferral contributions, employer safe harbor matching contributions and participant loan repayments) totaling approximately \$495,200 were double funded to the Plan's trust. The errors were not detected until late December 2021. The overfunded amounts were originally applied as contributions by the recordkeeper to increase participant investment holdings, according to participant investment elections and to reduce the balances of notes receivable from participants. Amounts funded for participant loan repayments primarily resulted in an increase in investments and a reduction in notes receivable from participants. As a result of this duplicate funding, the Plan's net assets were approximately \$444,700, plus investment earnings, higher as of December 31, 2021, than they would have otherwise been.

Approximately \$234,200 of employer safe harbor matching contributions during the period with pay dates ranging from September 10, 2021, through November 17, 2021, were incorrectly recorded as employer matching contributions in the Plan's recordkeeping system, which provides participants with information regarding their individual participant accounts. This classification error was corrected on March 8, 2022, was reflected in participants' first quarter of 2022 individual participant account statements and had no effect on the net assets of the Plan reported as of December 31, 2021.

Beginning in early 2022, management of the Plan initiated correction efforts which involved initiating a blackout period on individual participant accounts for the period from January 1, 2022 through March 9, 2022. During the blackout period participants were not allowed to receive distributions from their individual participant accounts. During the blackout period, a determination was made of the amount of duplicate contributions and loan repayments that had been recorded in each participants account. As investment yields had been negative during early 2022, the Plan Sponsor contributed an amount to the Plan of approximately \$58,000 to allow for the duplicate contributions and loan repayments totaling approximately \$495,200 to be transferred to the Plan's forfeiture account on March 8, 2022

9. Funding and Other Errors Made during the 2021 Plan Year (continued)

in the same amounts at which they had been original funded to the Plan during the 2021 plan year. While these amounts temporarily were reflected in individual participant account balances, they represented unallocated assets of the Plan at December 31, 2021. From March 9, 2022 forward, the Plan Sponsor applied the duplicate payment amounts from the forfeiture account to fund employer safe harbor matching contributions for 2022 payrolls.

For the pay period with a pay date of August 13, 2021, the entire regular weekly payroll was double funded to the Plan's trust. No restorative measures have been taken to date or are planned and effectively the Company made an extra funding transaction to the Plan totaling approximately \$83,000 the entire amount of the pay periods pre-tax deferral contributions, roth deferral contributions, safe harbor matches and loan repayments, which were credited to participants' accounts on August 25, 2021, and of which approximately \$72,900 plus investment earnings is included in net assets of the Plan as of December 31, 2021. Amounts funded for participant loan repayments primarily resulted in an increase in investments and a reduction in notes receivable from participants.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
