Independent Auditors' Report

Plan Administrator of the
Allen Turner Automotive, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Allen Turner Automotive, Inc. 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Allen Turner Automotive, Inc. 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Allen Turner Automotive, Inc. 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Allen Turner Automotive, Inc. 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Allen Turner Automotive, Inc. 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Allen Turner Automotive, Inc. 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Plan Administrator of the
Allen Turner Automotive, Inc. 401k Plan

Report on the Financial Statement

We were engaged to audit the accompanying statement of net assets available for benefits of Allen Turner Automotive, Inc. 401k Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information addressed in Note 10, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content of Compliance with DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) Description of Plan:

The following description of the Allen Turner Automotive, Inc. 401k Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of a controlled group (Company) consisting of Allen Turner Automotive, Inc. (the plan sponsor) and Allen Turner Automotive II, Inc. who have six months of qualified service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In January 2022, Allen Turner Automotive III, Inc. was added as a participating company to the Plan.

Contributions. Each year, participants may contribute a specific dollar amount per pay period or a percentage of their pretax annual compensation as defined in the Plan subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows elective after tax (Roth) deferrals by participants. Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts and a guaranteed option as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate of 1% of eligible compensation. Contributions are automatically invested in a designated asset allocation fund until changed by the participant.

The Company contributes a percentage of participant contributions, determined on a year-by-year basis, to the Plan. For 2021, the Company contributed 50% of eligible participant's contributions up to 3% of eligible compensation. Participants must have one year of service to receive the matching contribution. The Company can elect to make additional discretionary contributions. No discretionary contribution was made for 2021.

Participant Accounts. Each participant's account is credited with the participant's contribution and the Company's matching contributions and allocations of the Company's discretionary contribution and Plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) Description of Plan (Continued):

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan within a 12-month period. The loans are secured by the balance in the participant's account and bear interest at the Prime Interest Rate. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account. Hardship distributions to participants are permitted up to 100% of the participant's fully vested account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$7,461 and \$8,214, respectively. These accounts are used at the discretion of the Company. In 2021, employer contributions were reduced by \$20,392 and plan expenses of \$14,064 were paid from forfeited nonvested accounts.

CARES Act. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted and signed into law. The Plan implemented certain provisions of the CARES Act, including allowing participants to take coronavirus-related distributions of up to \$100,000 during 2020, increasing the maximum loan amount available to qualifying participants to the lesser \$100,000 or their vested balance effective March 27, 2020 through September 30, 2020, allowing participants with loans due in 2020 the ability to delay repayments for one year, and the waiving of required minimum distributions for the 2020 plan year.

(2) Summary of Significant Accounting Policies:

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies (Continued):

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Refundable Excess Contributions Payable. Amounts payable to participants totaling \$9,925 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable at December 31, 2020 with a corresponding reduction to 2020 contributions. The Plan distributed \$9,925 of excess contributions in during 2021. There were no excess contributions for the year ended December 31, 2021.

Payment of Benefits. Benefits of the Plan are recorded when paid.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies (Continued):

Expenses. Fees charged by the custodians are assessed each month based on the actual combined balance of all participants' account. These charges are presented as administrative fees in the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of investments. Certain expenses of maintaining the Plan that are paid directly by the Company and by revenue sharing with the custodians are excluded from these financial statements. Certain fees charged by the custodians are paid from forfeited accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

(3) Investment Contracts with Insurance Companies:

For 2020 and through July 2021, the Plan had an investment contract with Transamerica. Transamerica maintained the Plan's assets as follows:

Stable Value Core Account – The Stable Value Core Account was backed by the general account of Transamerica or Transamerica Financial Life Insurance Company (TFLIC). While Transamerica or TFLIC declared rates and backed the principal and interest of these investments choices, any guarantees were subject to the claims paying ability of the insurance company. This investment choice was not guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although Plan participants generally were able to withdraw assets from the Stable Value Core Account without restrictions, Transamerica or TFLIC could impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The terms of the group annuity contract required all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. The occurrence of an event that limited the ability of the investment to transact at contract value between Transamerica and a participant holding the investment was not probable.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(3) Investment Contract with Insurance Company (Continued):

The Stable Value Core Account sought to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The Stable Value Core Account also had a portfolio investment rate design in which all deposits were credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate was set on a semi-annual basis and announced at least 45 days in advance of the date the new rate become effective. The guaranteed rate of interest did not change during the six-month period for which it was effective. The average yield of the Stable Value Core Account based on actual earnings and interest credited to participants for the years ended December 31, 2020 was .83%.

The Stable Value Core Account was considered to be fully benefit responsive. Contract value was the relevant measurement attribute for that portion of the net assets available for benefits. Contract value for the Stable Value Core Account was the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses, which approximated fair value. Therefore, the value of the Stable Value Core Account was presented at fair value in the 2020 financial statements.

In July 2021, the Plan entered in a group annuity contract with Principal Life Insurance Company (Principal). The Plan's assets in the group annuity contract includes the following:

Pooled Separate Accounts - These accounts hold assets allocated to each separate account. The value of each separate account (3 accounts at December 31, 2021) was determined at the close of each business day based on fair value. These accounts were separate accounts (not part of Principal's general account (i.e., segregated)). Income, gains, or losses from the assets in each account are credited to or charged against that account without regard to other income gains, or losses of Principal's general account or any other separate account.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(3) Investment Contracts with Insurance Companies (Continued):

Guaranteed Option – The Guaranteed Option is backed by the general account of Principal. A composite credit rate is contractually guaranteed by Principal. The rate credited to participant accounts is a composite weighted average of underlying guarantees provided in the contract. Each guarantee is in effect for its full maturity. The maturity of each guarantee varies from 2 to 10 years at the establishment of the guarantee. Each guarantee matures at a different time. The average maturity of the underlying guarantees for 2021 was 4 to 6 years. The net crediting rate is after the deduction for fees for administrative and recordkeeping services provided to the Plan. The net crediting rating changes semi-annually and was 1.65% at December 31, 2021. The composite crediting rate cannot be less than 0%.

Benefit payment to participants are made without restriction (i.e., no early termination charges or surrender charges) for plan events. In certain instances, actions by the plan sponsor may result in transfer restrictions or charges to participant accounts.

Because the guaranteed option meets the criteria to be considered fully benefit-response, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Option. The Guaranteed Option is presented on the face of the statement of net assets available for benefits at contract value.

(4) Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(4) Fair Value Measurements (Continued):

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There were no Plan assets requiring the use of level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily asset value and transact at their price. The mutual funds held by the Plan are considered to be actively traded.

The pooled separate accounts with Principal invests primarily in domestic stocks. The majority of the underlying securities have observable level 1 quoted pricing inputs. The net asset value (NAV) of the pooled separate accounts are not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. The pooled separate accounts with Principal are considered to have a readily determinable fair value

Level 2 Fair Value Measurements

The Stable Value Core Account is valued at contract value and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value and is classified as a level 2 input.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(4) Fair Value Measurements (Continued):

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurement at Reporting Date Using:

<u>December 31, 2021</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 2,815,722	\$ 2,815,722
Pooled separate accounts	400,002	400,002
Total investments at fair value	<u>\$ 3,215,724</u>	<u>\$ 3,215,724</u>

Fair Value Measurement at Reporting Date Using:

<u>December 31, 2020</u>	<u>Level 2</u>	<u>Total</u>
Stable Value Core Account	\$ 311,108	\$ 311,108
Pooled separate accounts measured at NAV *		3,103,115
Total investments at fair value	<u>\$ 311,108</u>	<u>\$ 3,414,223</u>

*Pooled separate accounts at December 31, 2020 with Transamerica are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

According to Transamerica, the pooled separate accounts are invested in investments such as mutual funds, equity securities, and fixed maturity securities. Transamerica owns the underlying investments in the separate accounts. The pooled separate accounts are valued at (NAV) which is based on underlying investments owned by the fund, minus liabilities, and then divided by the number of shares outstanding. The redemption frequency of each of the pooled separate accounts is daily, and there are no redemption restrictions. The pooled separate accounts do not contain any unfunded commitments.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(5) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 4,385,551	\$ 3,525,976
Deemed loan distribution	(11,163)	-
Refundable excess contributions payable	<u>-</u>	<u>9,925</u>
Net assets available for benefits per Schedule H to the Form 5500	<u>\$ 4,374,388</u>	<u>\$ 3,535,901</u>

The following is a reconciliation of change in net assets available for benefits per the financial statements to Form 5500:

	<u>2021</u>
Increase in net assets available for benefits per the financial statements	\$ 859,575
Deemed loan distribution	(11,163)
Refundable excess contributions	<u>(9,925)</u>
Total income per Schedule H to the Form 5500	<u>\$ 838,487</u>

Refundable excess contributions which are shown as a liability at December 31, 2020 on the financial statements were shown as corrective distributions on the Form 5500 in the year they are paid which occurred in 2021. The deemed loan distribution is a defaulted and unpaid participant loan of a participant that is disallowed on form 5500.

(7) Tax Status:

Effective January 1, 2015, the Plan was restated when the Company adopted a Defined Contribution Prototype Plan and Trust sponsored by Barnard and Associates. The Internal Revenue Service has determined and informed Barnard and Associates by letter dated June 30, 2020, that the Plan including amendments made through January 2017 is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) Related-Party Transactions:

At December 31, 2021, the Plan held units in various pooled separate account and a guaranteed option account of Principal Life Insurance Company, one of the Plan's custodians. At December 31, 2020, the Plan held units in various pooled separate accounts and the Stable Value Core Account of Transamerica, the Plan's former custodian. Notes receivable from participants qualify as party-in-interest transactions. These transactions qualify as allowable party-in-interest transactions under the provisions of ERISA.

(9) Benefits Due to Terminated Participants:

Net assets available for benefits at December 31, 2021 and 2020 include \$251,359 and \$295,957 respectively, allocated to the accounts of persons as of or prior to that date who have withdrawn from participating in the operations of the Plan.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(10) Information Prepared and Certified by the Custodians:

All investments disclosed in the accompanying financial statements and supplemental schedule at December 31, 2021, and net appreciation in fair value of investments, dividend and interest income and investment expenses for period July 21, 2021 through December 31, 2021 were obtained from data that has been prepared and certified to as complete and accurate by the Principal Life Insurance Company and Principal Trust Company, the current custodians of the Plan. All investments disclosed in the accompanying financial statements at December 31, 2020 and net appreciation in fair value of investments, interest income and investment expenses for period January 1, 2021 through July 20, 2021 were obtained from data that has been prepared and certified to as complete and accurate by the Transamerica, the former custodian of the Plan.

(11) Risks and Uncertainties:

The Plan, at the direction of the participants, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19 Pandemic

During 2020 and 2021, the world-wide coronavirus pandemic (COVID-19) impacted national and global economies and has caused volatility in financial markets. As a result, there is heightened market risk in the Plan's investment portfolio. However, because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the related impact on the Plan's liquidity cannot be predicted at this time.

(12) Subsequent Events:

Subsequent events were evaluated through October 14, 2022, which is the date the financial statements were available to be issued.
