REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
Tenneco 401(k) Investment Plan

Opinion

We have audited the financial statements of Tenneco 401(k) Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with

respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records

used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tenneco 401(k) Investment Plan
Notes to Financial Statements
December 31, 2021

1. Description of the Plan

Tenneco Automotive Operating Company Inc. (the “Company”) sponsors the Tenneco 401(k) Investment Plan (the “Plan”). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the Employee Retirement Income Security Act, as amended (“ERISA”). All salaried and non-union hourly employees of the Clean Air and Powertrain divisions of the Company and its subsidiaries who are paid in the United States are eligible to participate in the Plan. This provides eligible participants the opportunity to make voluntary pre-tax and Roth contributions to the Plan.

Eligibility, Contributions & Vesting

Upon hire, employees are immediately eligible to participate in the Plan. Participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the close of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollovers). Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions are invested in a pre-assembled T. Rowe Price Retirement Fund until changed by the participant.

The Company provides an Enhanced Company Match equal to 100% on the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, based on employee pretax and Roth contributions to the Plan. The Enhanced Company Match is 100% vested.

In addition, the Company also provides an age-based Company Retirement Contribution, based on the following schedule:

Age	Percentage of Eligible Compensation
39 and under	2.50%
40 to 44	2.75%
45 to 49	3.00%
50 to 54	3.25%
55 to 59	3.50%
60 and older	4.00%

Vesting in the Company Retirement Contribution follows a 3-year cliff vesting schedule. Full vesting also occurs upon death, total and permanent disability, or retirement at designated ages. In addition, special-vesting provisions will become effective if the Plan is determined to be “top-heavy,” pursuant to the Internal Revenue Code (“Code”).

Forfeitures

Company contributions which are not vested at the time of a participant’s withdrawal from the Plan are forfeited and are applied as a reduction of future Company contributions, or to offset Plan expenses. A total of \$210,564 and \$179,638 was available to apply as a reduction of future Company contributions as of December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, \$597,627 was applied to reduce Company contributions.

If the individual is re-employed within 60 months of his/her severance of employment and repays the full amount previously distributed to him/her from the Company matching contribution account and otherwise qualifies for reinstatement in the Plan, the amount of the forfeitures is re-credited to his/her account in the reinstatement year.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, if applicable, and Plan earnings. The benefit a participant is entitled to is their vested account balance. Administrative expenses related to loan administration, disbursements, sale of warrants, or participation in the brokerage account are paid directly from the corresponding participant's Plan account.

Investment Options

The Plan provided for the following participant directed investment options during 2021 and 2020:

Self-Directed Brokerage Account	T. Rowe Price Retirement 2050 Trust, B
Tenneco Inc Stock	T. Rowe Price Retirement 2055 Trust, B
T. Rowe Price Retirement 2005 Trust, B	T. Rowe Price Retirement 2060 Trust, B
T. Rowe Price Retirement 2010 Trust, B	T. Rowe Price Retirement Balance Trust, B
T. Rowe Price Retirement 2015 Trust, B	T. Rowe Price Stable Value Fund ("SVF")
T. Rowe Price Retirement 2020 Trust, B	State Street S&P 500 Index Fund, II
T. Rowe Price Retirement 2025 Trust, B	State Street S&P Mid-Cap Index Fund, XIV
T. Rowe Price Retirement 2030 Trust, B	State Street Russell Small Cap Index Fund, II
T. Rowe Price Retirement 2035 Trust, B	State Street Global All Cap Equity Ex U.S. Index Fund, II
T. Rowe Price Retirement 2040 Trust, B	State Street U.S. Bond Index Fund, XIV
T. Rowe Price Retirement 2045 Trust, B	

The self-directed brokerage account provides participants with the opportunity to invest in stocks and mutual funds not available through the Plan's core investment options.

Notes Receivable from Participants

The Plan allows participants to borrow from their account under certain plan conditions. Participants may have one loan outstanding at any time. The maximum amount of a participant's borrowings shall not exceed \$50,000 over a 12 month period and is limited to 50% of the participant's vested account balance. No borrowings shall be permitted for amounts under \$1,000. Loans for the purchase of a primary residence can be for 15-year duration. All other borrowings shall be paid back in equal payments, primarily through payroll deductions, not to exceed four-and-one-half years.

The loans are secured by the balance in the participant's account. The rate of interest for the loans is equal to the prime rate as published in The Wall Street Journal on the last business day of each month. The rate in effect at the time the loan is taken will be fixed for the duration of the loan. In response to COVID-19 and as permitted by the Coronavirus Aid, Relief, and Economic Security Act, qualified participants were permitted to temporarily defer loan repayments until January 1, 2021 on both new and existing loans.

Payment of Benefits / Withdrawals

In the event of retirement (as defined by the Plan agreement), death, total and permanent disability, termination of employment (as defined by the Plan agreement), or attainment of age 59 1/2, the vested balance in the participant's account may be distributed to the participant or the participant's beneficiary in either a lump-sum distribution or periodic installments.

Voting Rights

Each participant who has an interest in the Tenneco Inc. ("Tenneco") stock fund is entitled to exercise voting rights attributable to the shares held in his or her stock fund account and is notified by the Trustee, T. Rowe Price, as defined by the Plan, prior to the time that such rights are to be exercised. If the Trustee does not receive timely instructions, the Trustee itself or by proxy shall vote all such shares in the same ratio as the shares with respect to which instructions were received from participants.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Expenses incurred in the operation of the Plan are paid by the Plan unless paid by the Company or the participants. No expenses are paid from the Plan unless such payment is permitted by law. Participants may incur administrative expenses related to loan administration, disbursements, or participation in the brokerage account. Administrative expenses related to these transactions are paid directly from the corresponding participant's Plan account.

Investment Valuation

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability.

As a basis for considering such assumptions, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- | | |
|---------|--|
| Level 1 | Observable inputs such as quoted prices in active markets. |
| Level 2 | <p>Inputs, other than quoted prices in active markets, that are observable either directly or indirectly for substantially the full term of the asset. Inputs include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets in active markets;• Quoted prices for identical or similar assets in inactive markets;• Inputs other than quoted prices that are observable for the asset;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Investment Valuation (continued)

Level 3 Unobservable inputs in which there is little or no market data, which require the Company to develop its own assumptions that market participants would use in pricing the asset, including assumption about risk.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following describes the methods and significant assumptions used to estimate fair value of the Plan's investments:

The Plan's interest in the Tenneco 401(k) Master Trust ("Master Trust") is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

The investments held by the Master Trust in 2021 and 2020 are valued as follows:

Registered investment companies and Tenneco common stock – Valued at the closing price reported on the active market on which the individual securities are traded.

Brokerage account – Consists of common stock and registered investment companies, which are valued at the closing price reported on the active market on which the individual securities are traded. Cash and cash equivalents are also included in the balance, and are valued by the issuer at amortized cost, which approximates market value.

Collective trust funds - Valued at the NAV per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the trust funds. Plan management believes that the value of the collective trust funds are reasonably stated and that no adjustment to NAV as of December 31, 2021 and 2020 is required. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust funds on a daily basis. There are no unfunded commitments or other restrictions associated with these funds.

Collective trust fund (stable value fund) – The T. Rowe Price Stable Value Fund is valued at the NAV per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV for fully benefit investment contract held by the trust is based on the contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective trust's NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the collective trust is reasonably stated and that no adjustment to NAV as of December 31, 2021 and 2020 is required.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective trust at contract value on a daily basis. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to twelve months in order to ensure that securities liquidations will be carried out in an orderly manner.

Investment Valuation (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note 3 for the Master Trust's investments by level within the fair value hierarchy as of December 31, 2021 and 2020.

Subsequent Events

We have evaluated events and transactions occurring subsequent to December 31, 2021 through the date these financial statements were issued. We did not identify any items which would require disclosure in or adjustment to the financial statements, other than as noted below.

On February 22, 2022, Tenneco entered into an Agreement and Plan of Merger (the "Merger Agreement") with Pegasus Holdings III, LLC ("Parent") and Pegasus Merger Co., a wholly owned subsidiary of Parent ("Merger Sub" and together with Parent, "Buyer"). Pursuant to the terms and conditions set forth in the Merger Agreement, Merger Sub will merge with and into Tenneco (the "Merger") with Tenneco continuing as the surviving corporation of the Merger and as a wholly-owned subsidiary of Parent. At the effective time of the Merger (the "Effective Time"), each share of Class A voting common stock that is issued and outstanding immediately prior to the Effective Time (other than shares to be cancelled pursuant to the Merger Agreement or shares held by holders who have made a valid demand for appraisal in accordance with Section 262 of the Delaware General Corporation Law but including any shares held under the Master Trust as discussed below), will be automatically converted into the right to receive \$20.00 in cash, without interest.

The closing of the Merger is subject to various conditions. The foregoing description of the Merger Agreement is qualified in its entirety by reference to the full text of the Merger Agreement.

Further, we expect that on or about July 1, 2022, the DRiV 401(k) Retirement Savings Plan and the Tenneco Employee Investment Plan will be merged into the Plan, and all assets will be transferred to the Plan as soon as administratively possible after the merger date. Participant loans, Tenneco stock, and the self-directed brokerage accounts will be transferred in-kind. A participant's benefit after the transfer will be equal to their benefit before the merger date.

3. Master Trust

All of the Plan's investment assets are held in a trust account at the Trustee and consist of a divided interest in an investment account of the Master Trust, a master trust established by the Company and administered by the Trustee. Use of the Master Trust permits the commingling of Plan assets with the assets of the Tenneco Employee Investment Plan, another defined contribution plan sponsored by the Company, for investment and administrative purposes. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans.

The net investment income or loss of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

5. Party-In-Interest Transaction

The Plan holds investments managed by the Trustee of the Plan. Fees incurred by the Plan for these investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Also qualifying as party-in-interest transactions are transactions relating to notes receivable from participants and Tenneco common stock. As of December 31, 2021 and 2020, the Master Trust held 1,572,443 and 1,864,429 shares of Tenneco common stock, valued at \$17,768,606 and \$19,762,952, respectively. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, document to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated or partially terminated, the Company shall determine the share of each participant affected thereby and all accounts shall fully vest. The funds shall then be distributed to the participants and no portion of the funds shall be returned to the Company.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the future and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The coronavirus outbreak ("COVID-19") continues as of the date of this report. While certain measures to reduce the spread of COVID-19 continue to be scaled back or done away with, we may face new or longer-term requirements and other operational restrictions due to, among other factors, future variants of COVID-19, vaccination rates and effectiveness, and evolving governmental restrictions.

Tenneco also faces supply chain constraints within the automotive industry and may encounter difficulty in obtaining steel and other commodities at current contractual prices and as a result may incur higher costs to procure these items. In addition, the automotive industry continues to face a shortage of semiconductors, which has led to production disruptions globally and created operating challenges for the automotive supplier base.

There are many uncertainties related to the COVID-19 global pandemic as well as the ongoing semiconductor shortage, other supply chain challenges, and the effects of inflation on commodities, other purchases, and labor costs that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic and other macroeconomic conditions on its investment values in subsequent periods, if any, cannot be determined.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated July 18, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. We believe that the Plan has been designed to comply with the requirements of the Code and we will take the necessary steps, if any, to bring the Plan's operations and/or document into compliance with the Code.

7. Tax Status (continued)

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
