To the Plan Administrator of
The Arc of Atlantic County, Inc. 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Arc of Atlantic County, Inc. 403(b) Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Arc of Atlantic County, Inc. 403(b) Thrift Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Arc of Atlantic County, Inc. 403(b) Thrift Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc of Atlantic County, Inc. 403(b) Thrift Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report

that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Arc of Atlantic County, Inc. 403(b) Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Arc of Atlantic County, Inc. 403(b) Thrift Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information

required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE A - DESCRIPTION OF PLAN:

The following description of The Arc of Atlantic County, Inc. 403(b) Thrift Plan and Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, adopted by The Arc of Atlantic County, Inc. (Company) in January 2009, is a 403(b) thrift plan offering employee and employer contributions to substantially all employees who meet the following requirements. For an employee to receive employer matching contributions and employer base contributions, an employee must have one year of service, completed 1000 hours and be age twenty-one or older. There is no minimum age requirement or service requirement to make salary reduction contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their account balances and future contributions in any or all of the investment programs that the Plan has selected with Mutual of America Life Insurance Company.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate. The Company will make a base contribution each Plan year equal to 4% of the eligible participants compensation for that year. The Company's base contribution will be made whether or not the participant makes a contribution. Contributions are automatically invested in an interest accumulation account, unless otherwise specified by the participant.

For participants with less than 5 years of service, the Company will also make a matching contribution on behalf of the participant equal to the lesser of 100% of the salary reduction amount being contributed to the Plan during the Plan year, or 2% of the participant's compensation received during the Plan year.

For participants with 5 or more years of service, the Company will make a matching contribution on behalf of the participant equal to 100% of the salary reduction contributions during the Plan year, not in excess of the first 2% of the participant's compensation, plus 50% of the salary reduction contributions during the Plan year that exceed 2% of the participant's compensation but not to exceed 6% of the participant's compensation for the Plan year.

THE ARC OF ATLANTIC COUNTY, INC.
403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Age-50 catch-up contributions are not eligible for a matching contribution and contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the salary reduction amount and employer matching contribution, if any, the employer base contribution, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant's are immediately vested in their voluntary contributions plus earnings thereon. A participant is also fully vested in the full value of their account if a participant attains age 65 or becomes permanently and totally disabled. Notwithstanding such events, a participant becomes fully vested in employer contributions after three years of service.

Notes Receivable from Participants

Participants may request a loan based on the vested value of their individual account ranging from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer from the investment fund to the participant loan fund. Loan terms range from one to five years or up to ten years if used to purchase a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.00% to 5.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account, or a retirement benefit may also be distributed in the form of a monthly annuity. Each participant is entitled to receive a retirement benefit beginning at the Annuity Commencement Date, as defined by the Plan. Such retirement benefit shall be the monthly amount that can be provided by the application of 100% of the value of the participant's account. Upon the death of a participant before retirement, the value of the participant's account is paid to the participant's designated beneficiary.

Forfeited Accounts

When available, forfeited accounts are used to reduce future employer contributions. In 2021 and 2020, employer contributions were reduced by \$26,426 and \$14,454, respectively.

THE ARC OF ATLANTIC COUNTY, INC.
403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. The Plan accrues interest at 3% higher than the General Account interest rate on participant loans from the time funds are borrowed until the account is fully paid. There were no participant loans past due more than 90 days and still accruing interest at December 31, 2021 and 2020.

Notes receivable from participants are stated at the amount the Plan expects to collect from outstanding balances. The Plan provides for probable uncollectible amounts through a valuation allowance and a charge to benefits paid based on its assessment of the current status of individual accounts and the terms of the Plan document. Balances that are still outstanding after use of reasonable collection efforts are written off against the valuation allowance. At December 31, 2021 and 2020, all participant loans are fully collateralized by participant's remaining account balance and no allowance for probable uncollectible amounts is deemed necessary.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The

NOTES TO FINANCIAL STATEMENTS

Plan's Investment Committee determines the Plan's valuation policies utilizing the information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan, including administrative expenses, are paid by participants, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts:

Primarily consists of funds in which each fund invests exclusively in one underlying mutual fund traded on an established market. Valued daily using the underlying mutual funds' publicly available market price.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,622,488	\$ -	\$ 2,622,488

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,188,841	\$ -	\$ 2,188,841

NOTE D - GROUP ANNUITY CONTRACTS WITH MUTUAL OF AMERICA LIFE INSURANCE COMPANY:

The Plan participates in two group annuity contracts with Mutual of America Life Insurance Company (Mutual). With each contract, Mutual maintains the contributions in a general account, which is valued at contract value, and in pooled separate accounts, which are valued at fair value. All accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Pooled Separate Accounts

For investments in pooled separate accounts, there are no guaranteed investment yields or crediting interest rates. Pooled separate accounts are maintained at fair value and generally consist of investments in various mutual funds.

General Account

The general account consists of a fully benefit-responsive guaranteed investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

THE ARC OF ATLANTIC COUNTY, INC.
403(b) THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The following transactions are considered to be related party transactions and party-in-interest transactions that are exempt from the ERISA prohibited transaction rules.

The investment contracts with Mutual of America have certain investments in mutual funds managed by Mutual of America. Therefore, these transactions qualify as party-in-interest transactions.

The Company pays the annual audit and tax preparation fees. For the year ended December 31, 2021, the Company incurred audit and tax preparation fees of \$14,560.

NOTE F - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - TAX STATUS:

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in conformity with the applicable requirements of the IRC to maintain the tax-exempt status for the Plan participants under Section 403(b) and therefore believe that the Plan is qualified.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE H - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED):

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Mutual of America as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

	<u>2021</u>	<u>2020</u>
Investment Contracts with Insurance Company:		
Pooled separate accounts	\$ 2,622,488	\$ 2,188,841
General account	1,335,627	1,265,650
Net appreciation in fair value of investments	337,181	

Per the Plan's accounting policy, loan transactions are treated as transfers from the investment fund to the participant loan fund. Accordingly, the general account balance per Plan records does not include Notes Receivable from Participants at December 31, 2021 and 2020 in the amount of \$125,183 and \$150,393, respectively, as they are separately stated. The appreciation of fair value of investments per Plan records similarly excludes interest from participant loans in the amount of \$5,102 for the year ended December 31, 2021, which is also separately stated in the Plan's records.

NOTE J - SUBSEQUENT EVENTS

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen subsequent to December 31, 2021, which may negatively impact the Plan's financial statements for 2022. The potential impact is unknown at this time.
