Independent Auditor's Report

To the Plan Administrator of IntelyCare 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of IntelyCare 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IntelyCare 401(k) Plan

Notes to Financial Statements

As of and for the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the IntelyCare 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of IntelyCare, Inc. (the "Company"). The Plan was established effective as of January 1, 2021. The Plan is subject to the Internal Revenue Code of 1986 ("IRC"), as amended, and the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant directed.

Great-West Life & Annuity Insurance Company is the Trustee of the Plan and Empower Retirement, LLC ("Empower") is the Plan's recordkeeper.

Eligibility

Participants become eligible for the Plan upon attainment of 21 years of age and completion of one Year of Eligibility Service, as defined in the plan document. Employees who are part of a union, leased, non-resident aliens, interns, and residents of Puerto Rico are not eligible to participate in the Plan. Eligible participants enter the Plan on the first day of each quarter.

Participant Contributions

An active participant may elect two types of contributions to the Plan subject to limitations as defined in the Code as follows:

Elective deferrals

Each year, participants may contribute a portion of their pre-tax compensation, as defined in the Plan, subject to certain IRC limitations. Participants are allowed to make Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may change salary deferral elections at any time which become effective as soon as administratively feasible after it is received by the plan administrator. Participants direct investment of their contributions into various investment options offered by the Plan.

Rollover contributions:

Participants may also contribute amounts representing rollover distributions from other qualified plans, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

Safe harbor matching contributions

The Company will contribute a safe harbor matching contribution to participant accounts in an amount equal to: (i) 100% of the matched employee contributions that are not in excess of 3% of Plan compensation, plus (ii) 50% of the amount of the matched employee contributions that exceed 3% of plan compensation but that do not exceed 5% of plan compensation.

Matching contributions

The Company may make a discretionary matching contribution in an amount determined by the Company. There have been no discretionary matching contributions since inception.

Non-elective contributions

The Company may make a non-elective contribution in an amount determined by the Company. There have been no non-elective contributions since inception.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in safe harbor matching contributions and their voluntary contributions plus actual earnings thereon. Therefore, there are no forfeited account balances.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their respective account balances. Plan participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,0000 or 50% of their vested account balance. All loans bear an interest rate to be fixed by the Plan Administrator. Loans are repaid through salary deferrals in equal installments, and the term of a loan may not exceed five years, unless the loan is for the purchase of a principal residence. Certain restrictions apply to loans, as defined in the plan document.

Payment of Benefits

Withdrawals may be made from a participant's account at retirement, death, disability, termination of employment, or financial hardship. The participant's vested account will be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment or installment payments. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Withdrawals from salary deferral portions of the Plan may be made from the participant account based on financial hardship in accordance with rules promulgated by the Internal Revenue Service ("IRS") and the Plan document. Participants over age 59 ½ may elect to withdraw all or a portion of their account balances.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of asset, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefit payments to the participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid directly by the Company and are excluded from these financial statements. Administrative fees charged to the Plan as shown on the statement of changes in net assets available for benefits relate to fees charged to the participants for recordkeeping and information management or participant loan processing that are deducted from their asset balances. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

3. FINANCIAL INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Life & Annuity Insurance Company ("the Trustee"), except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2021 that such information is complete and accurate.

Information certified is as follows:

Investments, at fair value	$ 1,272,902
Investments at contract value	5,365
Participant loans:	
Notes receivable from participants	15,513
Investment income:	
Net appreciation in fair value of investments	57,579
Interest and dividends	24,053
Investment income on notes receivable from participants	93

The Trustee also certified the information included in the schedule of assets (held at end of year) included in the supplemental schedules in these financial statements.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investment Valuation

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: These investments include various index funds for domestic equities. Investments are valued at the net asset value of units of a bank collective trust. The net asset value, as provided in each fund's audited financial statements, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the collective trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments and the redemption frequency is daily with no required notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

December 31, 2021	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 1,265,490	$ -	$ -	$ 1,265,490
Investments measured at net asset value (a)				7,412
Investments, at fair value				$ 1,272,902

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, specifically the Group Unallocated Fixed Deferred Annuity contract (the "Contract"). The Contract, a traditional guaranteed investment contract, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed interest contract issuer is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below zero percent.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including offering a competing fund (a fund with similar investment strategies and assets as the Contract) without the approval of Great-West. The guaranteed interest contract permits contract termination with sufficient notice or with other violations of the contractual terms. The Plan administrator does not believe that any events have occurred which would limit the Plan's ability to transact at contract.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their employer contributions.

7. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan with CODA. The IRS has determined and informed CCH Incorporated by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor ("DOL"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to tax examinations for all periods since its inception.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2021, the Company was late in remitting certain participant deferrals to the Plan totaling $7. The participant deferrals were remitted to the plan during 2021, however not timely. The DOL considers late deposits to be prohibited transactions.

10. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of investments managed by Empower. As described in Note 1, Empower is the recordkeeper for the Plan. Administrative costs of the Plan paid to the recordkeeper amounted to $5,920 for the year ended December 31, 2021. Fees paid for investment management services are included as a reduction of the return earned on these investments. Notes receivable from participants also qualify as party-in-interest transactions.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued.

The Plan was amended effective September 1, 2022 such that employees are eligible upon attaining 21 years of age and completion of 500 hours of service. Participants will continue to enter the plan on the first day of the quarter after meeting the eligibility requirements. There were no other subsequent events that require adjustment to or disclosure in the financial statements.
