Independent Auditor's Report

To the Administrative Committee and the Investment Committee of the
A&B Individual Deferred Compensation and
Profit Sharing Plan for Bargaining Unit Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of A&B Individual Deferred Compensation and Profit-Sharing Plan for Bargaining Unit Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

A&B Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of the A&B Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees (the Plan) is provided for general information purposes only. Members should refer to the Plan document for more complete information.

a. General

The Plan was effective on June 29, 2012. The following companies are members in the Plan:

- Alexander & Baldwin, LLC, Series T (the Company)
- Hawaiian Commercial & Sugar Company
- Kahului Trucking & Storage, Inc.
- McBryde Resources, Inc. (formerly known as Kauai Coffee Company, Inc.)
- Kauai Commercial Company, Inc.
- Kahului Trucking & Storage, Inc. dba A&B Fleet Services (Big Island)

Effective January 1, 2015, the Plan was amended to delete McBryde Resources, Inc. and Kauai Commercial Company, Inc. There was no impact to the Plan due to this amendment as they have no active employees.

During 2017, Alexander and Baldwin, Inc. completed a conversion process with the requirements to be treated as a real estate investment trust commencing within the year ended December 31, 2017.

The Plan is a defined contribution plan established for employees represented by the International Longshoremen's and Warehousemen's Union (ILWU) Local 142. Bargaining unit employees from the above-mentioned companies may elect to participate in the Plan. Bargaining unit employees become eligible to participate in the Plan on the first day of the following month coinciding with the employee's commencement date.

The assets of the Plan, excluding receivables, are held in the agreement between Alexander & Baldwin, LLC, Series T and Fidelity Management Trust Company (Master Trust). Fidelity Management Trust Company (Fidelity) serves as the trustee for the Master Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

1. Description of Plan (continued)

b. Investments

Members direct the investment of their contributions into various investment options offered by the Plan. The investments are held in the Master Trust for the Company's defined contribution plans. The Plan currently offers 28 mutual funds, 4 common collective investment trusts, a stable value fund, and a participant-directed brokerage account, which allows participants to directly invest in stocks or funds other than the Lifecycle or Core Investment Options offered. Participants may invest their allocated profit sharing contributions in the Company's stock.

c. Payment of Benefits

On termination of service due to death, disability, retirement, or termination for other reasons, a member may elect to receive distribution in the form of (1) a lump-sum amount equal to the value of the member's vested interest in his or her account, (2) installments over a period designated by the member, or (3) direct rollovers to an eligible retirement plan.

d. Profit Sharing Accounts

Member Accounts - Profit-sharing contributions are allocated to each member's account in such proportion as the member's compensation for the year bears to the total compensation paid in that year to all qualified members.

Contributions - Under the Plan's provisions, the annual contribution is determined by the Board of Directors of the Company and may not exceed 25 percent of the aggregate net compensation paid to members for the year.

Vesting - Members are vested immediately in their profit-sharing allocations.

There were no profit sharing contributions for the years ended December 31, 2021 and 2020.

e. Individual Deferred Compensation Accounts

Member Accounts - Individual accounts are maintained for each Plan member. Each member's account is credited with the member's contribution and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on member earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

e. Individual Deferred Compensation Accounts (continued)

Member Contributions - The provisions of the Plan provide each eligible employee with the opportunity of contributing a portion of his or her compensation each year without being taxed on their contribution. Members must designate a percentage (from 1 percent to 50 percent, in multiples of 1 percent) of their compensation to contribute to the deferred account. Under Plan provisions, the member's contribution may not exceed 50 percent of his or her compensation, up to the maximum permitted by statute.

Matching Contributions - The Plan provides for matching contributions as follows:

- Bargaining Unit employees of Kahului Trucking & Storage, Inc. (KT&S) with one year of service covered under the General Agreement: 100% of the first 1% deferred by the employee. Effective September 1, 2016, if employees contribute at least 2% of compensation, they receive an additional fixed contribution equal to 100% of the first 1% deferred during the pay period.
- Bargaining Unit employees of KT&S dba A&B Fleet Services (Kauai) with one year of service: 100% of the first 2% deferred by employee. Effective October 1, 2015; the match was increased to 100% of the first 2.5% deferred by the employee.
- Bargaining Unit employees of KT&S dba A&B Fleet Services (Big Island) with one year of service: Effective October 6, 2014, the matching contributions were discontinued.

Catch-Up Contributions - In accordance with the Internal Revenue Code (IRC), members who are over age 50 or reach age 50 during the Plan year January 1 to December 31 may make additional catch-up contributions up to the maximum amount as prescribed by the IRC.

Vesting - Members are vested immediately in their employee and employer matching deferred compensation accounts, plus actual earnings thereon.

Participant Loans - Members may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is lower. Loans have a maximum term of 5 years for a general purpose loan and 15 years for a loan that is to be used to purchase the principal residence of a member. Loans are secured by the member's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the plan administrator. At December 31, 2021, interest rates on participant loans were 4.25 percent to 6.00 percent, maturing through October 2026.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S.GAAP).

b. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c. Risks and Uncertainties

The Plan utilizes various investment securities, including money market funds, mutual funds, common collective investment trusts, and common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Included in the Master Trust's net assets at December 31, 2021 and 2020 are investments in the stable value fund amounting to approximately \$6,381,000 and \$6,811,000, respectively. This investment represents approximately 7.3 percent and 8.6 percent of net assets of the Master Trust at December 31, 2021 and 2020, respectively. The stable value fund invests 100 percent in the Wells Fargo Stable Value Fund C. A significant decline in the market value of the Wells Fargo Stable Value Fund C would significantly affect the net assets available for benefits.

On March 10, 2020, the World Health Organization declared the Coronavirus outbreak to be a pandemic. The outbreak of COVID 19 is still on-going and the magnitude of impact in the financial markets is highly uncertain and cannot be predicted. The effect of this impact has not been reflected in these financial statements and may adversely affect the Plan's net assets available for benefits. The related financial impact and duration cannot be reasonably estimated at this time.

2. Summary of Significant Accounting Policies (continued)

d. Investment Valuation and Income Recognition

The Plan's investments in the Master Trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the Master Trust. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors. See Note 5 for a description of the valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

f. Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan sponsor, as provided in the Plan document.

g. Payment of Benefits

Benefit payments to members are recorded upon distribution.

h. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued, and it was determined that all subsequent events have been properly accounted for.

3. Information Certified by Trustee

The following is a summary of the Plan's assets as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

The Plan's investment income and interest on notes receivable from participants at December 31, 2021 amounted to \$1,767,789 and \$2,931, respectively.

The Plan's interest in the Master Trust approximates 13 percent and 15 percent of the Master Trust's investments and approximately 38 percent of the notes receivable from participants at December 31, 2021 and 2020, respectively. The Plan's investment income from the Master Trust represents approximately 14 percent of the Master Trust's investment income.

4. Investment in Master Trust

The Master Trust is composed of 28 mutual funds, 4 common collective investment trusts, a stable value fund, and a participant-directed brokerage account, which allows participants to directly invest in cash and cash equivalents, stocks or funds other than the Lifecycle or Core Investment Options offered, and the Company's common stock (only available for profit sharing contributions), some which are specific to individual plans. The assets are invested and records are maintained by each investment fund option. Funds are allocated to the two participating plans (the Plans) in accordance with the Plans' provisions and member allocation elections. The allocation of net assets available for benefits is based on the respective number of units held by the Plans' members as of the Plans' year-end. The allocation of the changes in net assets available for benefits is calculated daily based on the units held by the Plans' members as of that day's end.

At December 31, 2021 and 2020, the assets of the following Plans were combined in the Master Trust:

- A&B Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees
- A&B Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees

The following table summarizes investment balances for the Plan's interest in the Master Trust at December 31, 2021 and 2020:

5. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A&B Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees

Notes to Financial Statements
December 31, 2021 and 2020

5. Fair Value Measurements (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds – Mutual funds are valued at the publicly quoted net asset value of each fund and are categorized as Level 1. The total net asset value is calculated by multiplying the net asset value per share by the number of shares held as of the measurement date.

Participant-directed Brokerage Accounts – Accounts consist of money market funds, mutual funds and common stocks that are valued on the basis of readily determinable market prices and are categorized as Level 1.

Common Stock – Common stock is valued by obtaining quoted prices on recognized and highly liquid exchanges and is categorized as Level 1.

Common Collective Investment Trusts – Common collective investment trusts are valued at net asset value published daily on the Fidelity website and are categorized as Level 1.

Stable Value Fund – The stable value fund is composed of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

5. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust's investments measured at fair value on a recurring basis at December 31, 2021 and 2020.

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

A summary of the Master Trust's investments with a reported net asset value as of December 31, 2021 and 2020 is as follows:

Investment	Fair Value Estimated Using Net Asset Value Per Share

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$ 6,810,955	\$ -	Immediate	None	12 months

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

7. Federal Income Tax Status

The Plan received a favorable determination letter from the IRS on April 23, 2021. The Plan Administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions that would require the Plan to recognize a tax liability (or asset).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Administration errors, if any, which are insignificant or operational in nature are handled by the Plan Administrator in accordance with applicable IRS correction policies.

8. Distributions

There were no distributions payable to terminated employees included in net assets available for benefits for the years ended December 31, 2021 and 2020.

A&B Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees

Notes to Financial Statements
December 31, 2021 and 2020

9. Exempt Party-in-Interest Transactions

Certain Master Trust investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants are also considered exempt party-in-interest transactions.

At December 31, 2021 and 2020, the Master Trust held 29,658 and 28,526 shares, respectively, of common stock of the Company, the sponsoring employer, with a cost basis of \$645,348 and \$627,270, respectively. During the year ended December 31, 2021, the Master Trust recorded dividend income of \$18,657, related to the Company's common stock.

10. Nonexempt Transactions

During 2020, the Plan Sponsor deposited participant deferrals of \$4,898, subsequent to the timeframe required by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor remitted lost earnings related to the 2020 plan year and filed the respective Form 5330 with the applicable excise taxes during 2021.
