Independent Auditor's Report

Plan Administrator
Solar Mosaic, Inc. 401(k) Plan
Oakland, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Solar Mosaic, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Solar Mosaic, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Solar Mosaic LLC, formerly Solar Mosaic, Inc. (the “Company”), effective January 1, 2018, to provide benefits to eligible employees, as defined in the Plan document. The Plan is subject to the applicable requirements of the Internal Revenue Code (“IRC”) and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration of the Plan

The recordkeeper of the Plan is ADP Retirement Services Company (ADP). ADP holds all assets of the Plan in accordance with the service provider contract with the Company. An employee of the Company serves as the plan administrator. The plan administrator together with the 401K Investment Committee is responsible for oversight of the Plan.

Contributions

Each year, participants may elect to contribute up to 90% of pre-tax eligible compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Service (IRS). Participants age 50 or older before the close of the calendar year may also elect to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations. Participants are also allowed to make Roth contributions to the Plan and can make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective November 1, 2021, the Plan was amended to allow for automatic enrollment of eligible participants. Deferral rates are set at 3% of pretax eligible compensation, as defined by the Plan. Also, effective November 1, 2021, the Plan was amended to allow employer matching contributions. The Company matching contribution is equal to 100% of the participant’s contributions, up to a maximum matching contribution of \$1,000 per participant.

The Plan provisions allow for nonelective contributions which may be contributed at the discretion of the Company. Such contributions will be allocated at the end of the Plan year to eligible participants who are employed on the last day of the Plan year based upon the ratio of participant compensation to total compensation of all participants. There were no nonelective contributions during 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, if any, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions and the company's matching contribution, plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts, if any, is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Cares Act

On March 27, 2020, Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. In accordance with the CARES Act, the plan allows for special coronavirus distributions up to \$100,000.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions over a period not to exceed 5 years, unless the loan is used to purchase a primary residence, in which case, the loan may be repaid over 20 years. Loans outstanding at December 31, 2021, have interest rates ranging from 5.25% -7.25%.

Payment of Benefits

Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive their benefit as a lump-sum amount, partial amount or in the form of installments. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed \$1,000, unless elected otherwise. If a participant vested account balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an individual retirement plan designated by the plan administrator.

Participants over age 59½ are also entitled to receive a distribution of all or any portion of their vested account balance. Retired participants also have an option of delaying the receipt of benefits. The payments for retired participants, however, are required to begin no later than April 1st following the end of year in which the participant reaches the age of 70½. Under certain circumstances, a participant may qualify for a hardship distribution.

Forfeitures

Forfeitures resulting from the non-vested portion of employer contributions may be used to pay administrative expenses as directed by the Company or to reduce discretionary nonelective contributions. As of December 31, 2021, and 2020, there were no forfeiture outstanding.

Administrative Expenses

All reasonable administrative costs and expenses may be paid by the Plan or charged directly to the participant's account, unless paid by the Company. Expenses paid directly by the Company are excluded from these financial statements. Administrative expenses paid by the Plan during the year

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

ended December 31, 2021 totaled \$ 2,492, generally representing loan and distribution fees charged directly to the specific participant's account. Fees paid for investment related expenses are included as a reduction of the return earned on each investment fund.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

The Plan's investment options include funds that invest in securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as reflected on the accompanying statement of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net investment income and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment values disclosed in Note 4; and
- Investments and notes receivable from participants, as reflected in Form 5500 - Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 6,440,504	\$ -	\$ -	\$ 6,440,504

Total investments at fair value	\$ 4,764,426	\$ -	\$ -	\$ 4,764,426

Solar Mosaic, Inc. 401(k) Plan

Notes to Financial Statements

5. Related-Party Transactions and Party in Interest Transactions

The Plan pays certain fees to the trustee of the Plan for administrative services. The Plan also makes loans to participants. Such transactions qualify as party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan is based on the defined contribution prototype plan and trust sponsored by ADP, LLC and Reliance Trust Company. The Internal Revenue Service ("IRS") informed ADP, LLC by a letter dated July 8, 2014, that the prototype plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has since been amended; however, in the opinion of the Plan's trustee and administrator, the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan and related trust for tax-exempt status. US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

8. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statements of Net Assets Available for Benefits through October 6, 2022, the date the accompanying financial statements were available to be issued. Effective June 1, 2022, the Plan was amended and restated to, among other things, incorporate prior Plan amendments and reflect statutory changes to the IRC. The Plan adopted a Pre-Approved Plan document, Non-Standardized Pre-Approved Profit Sharing Plan, issued by ADP, LLC, which received a favorable opinion letter from the IRS dated October 6, 2020.
