Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

401(k) Investment Committee
DecoPac, Inc. Employee Retirement and
Profit Sharing Plan and Trust

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

401(k) Investment Committee
DecoPac, Inc. Employee Retirement and
Profit Sharing Plan and Trust

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion.

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of DecoPac, Inc. Employee Retirement and Profit Sharing Plan and Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF PLAN

The following description of DecoPac, Inc. (Company) Employee Retirement and Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1963. The Plan has been amended throughout the years to comply with tax legislation. The Plan was last restated effective August 1, 2017 and most recently amended effective January 1, 2020. Employees whose employment is not governed by a collective bargaining agreement which includes retirement benefits are eligible to participate in the Plan on the first of the month following their employment date and attaining age 21. Effective January 1, 2020, The Lucks Company became a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and incorporates the provisions of Section 401(k) of the Internal Revenue Code (IRC), as amended.

Contributions

Participants can contribute to the Plan up to 100% of their pretax annual compensation, as defined by the Plan, not to exceed Internal Revenue Service (IRS) annual limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can also contribute amounts representing distributions from other qualified plans into the Plan (rollover contributions). The Plan provides for an automatic deferral contribution election of 6% when a participant first becomes eligible and annually thereafter if the participant is not active in the Plan. The participant may affirmatively elect a different percentage or may elect not to make this elective deferral contribution at this time.

The Company may make a discretionary matching contribution equal to a percentage of the amount of the employees elected deferral, not to exceed 8%. For the year ended December 31, 2021, the Company's discretionary matching contribution was 50% of the first 8% of each participant's eligible compensation.

The Company may also elect to make additional discretionary profit sharing contributions during the year at the discretion of the Company's Board of Directors. For the year ended December 31, 2021, the profit sharing contribution was 2% of each participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**DECOPAC, INC. EMPLOYEE RETIREMENT AND
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit sharing, plus earnings thereon, is based on a graded vesting schedule. A participant is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

The Plan allows participants to borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years, or longer if the proceeds are used to acquire a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%, as published in The Wall Street Journal.

Benefit Payments

Upon termination of service due to death, disability or retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested account balance in either a lump-sum amount or, with the exception of termination of employment, in annual installments over a certain period which may not exceed the life expectancy of the individual.

Vested account balances of terminated employees of \$1,000 or less may be subject to a mandatory lump-sum cash distribution provision. In addition, vested account balances of terminated employees of greater than \$1,000 but less than \$5,000 may be subject to mandatory direct rollover provisions.

The Plan allows in-service distributions on all Plan accounts after the participant attains age 59½. The Plan allows for hardship withdrawals, subject to Plan provisions.

Forfeited Accounts

Forfeitures of unvested Company contributions are used to reduce discretionary contributions or to pay any Plan expenses not reimbursed by the Company. Forfeitures of \$68,589 were used to reduce Company contributions for the year ended December 31, 2021. There were no forfeitures used to pay Plan expenses during the year ended December 31, 2021. Balances of forfeited unvested accounts totaled \$396 and \$35 as of December 31, 2021 and 2020, respectively.

PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the insurance company and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In accordance with IRS rules, participant loan defaults by participants who are not eligible to receive actual distributions from the Plan, such as participants who are active employees, are treated as "deemed" distributions under the Plan. In these circumstances, although the outstanding loan balance is reported as taxable income to the participants, the loan balance remains on the participants' Plan accounts until the participants are eligible to receive a distribution from the Plan. Defaulted participant loans of participants who are eligible to receive distributions from the Plan are reclassified as distributions (i.e., offset deemed distributions) and offset from their Plan account balances.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain internal and external administrative costs incurred on behalf of the Plan. External administrative costs incurred by the Plan include trustee fees, external accounting fees, recordkeeping fees, and investment management expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

**DECOPAC, INC. EMPLOYEE RETIREMENT AND
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, the insurance company and trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

Pooled Separate Accounts: Valued daily at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

Guaranteed Investment Contract: Valued at the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. Fair value represents contract value adjusted to reflect current rates of interest available in the market place (market value adjustment). The interest rate used in the market value adjustment is computed utilizing a combination of the current market interest rate based on remaining investment term at the reporting date as well as the composite interest rate guaranteed on the account by Principal.

If the market interest rate is equal to or less than the composite interest rate on the account, the fair market value of the investment is equal to the contract value. If the market interest rate is greater than the composite interest rate on the investment, the fair market value is the contract value, reduced by a percentage. This percentage is equal to the difference between the market rate and the composite interest rate on the account, multiplied by the number of years (including fractional parts of a year) until the maturity date.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan provides an investment option to invest in a nonbenefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account with contractual guarantee periods ranging from one to five years. A separate guaranteed interest investment is established for each deposit year for each guarantee period used to hold contributions directed to the investments. The guaranteed investment contracts are contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by Principal. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date of the guarantee period.

Principal guarantees that all qualified participant withdrawals will occur at contract value. The contract value of a guaranteed interest investment at any time during its guarantee period will be equal to the sum of all contributions and transfers to it, plus interest, less any payments or transfers. Interest is credited to the investment daily and compounded annually on the last day of each deposit year. The rate of interest credited is the composite guaranteed rate (composite rate) which is the rate guaranteed and determined by Principal for each investment when the contribution or transfer occurs during the deposit year.

When funds are withdrawn prior to their maturity, or for a nonbenefit event such as a withdrawal from the account for a change in investment option, there is a market value adjustment, which is called a surrender charge, when funds are withdrawn. As the contract is not fully benefit-responsive, the guaranteed investment contracts are recorded at estimated fair value in the statements of net assets available for benefits.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 8, 2014, received from the IRS on the volume submitter plan indicating that the volume submitter plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under current income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held and managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company dba: Principal Trust Company, the insurance company and trustee of the Plan. Abbey Street is an investment adviser for the Plan. These transactions qualify as party-in-interest transactions.

NOTE 11 NONEXEMPT TRANSACTION

For the year ended December 31, 2020, the Company failed to remit employee 401(k) deferral contributions for one pay period within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company corrected the prohibited transaction in April 2021 by depositing the lost earnings, filing the required Form 5330 with the IRS and paying the appropriate excise tax.
