1. DESCRIPTION OF THE PLAN

The following description of Copper Cane LLC 401(k) plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on January 1, 2014 and is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

After January 1, 2014, an employee becomes eligible to participate and receive profit sharing and matching contributions in the plan upon reaching age 21 and 30 days of service. Excluded employees are employees covered by a collective bargaining agreement and nonresident aliens. The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Employee Contributions

Each year, participants may elect to defer up to 100% of their eligible compensation, on a pre-tax or post-tax basis, as defined by the Plan, up to the maximum amount allowed by law. Participants who have attained age 50 or over may make an additional amount called catchup contributions as determined by the IRS. Change or revocations of deferral elections take affect at the first day of the fourth, seventh and tenth month of the plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. Rollover contributions are permitted into the plan in accordance with the Plan Administrator.

Employer Contributions

The Company makes Safe Harbor matching contributions of 100% of an employee’s deferral of 0% to 3% and 50% from 3% to 5% of the employee’s salary. The Company has the option to provide additional Qualified Non-elective and/or profit-sharing contributions for the benefit of such participants determined at the discretion of the Company. For 2020, the Company did not make any discretionary matching or profit-sharing contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, rollovers and Company safe harbor matching contributions, as well as allocations of the Company’s profit-sharing contribution and Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are always fully (100%) vested in their elective deferral, rollover contributions and qualified non-elective contribution account. Vesting in the Company’s profit-sharing contributions and matching contribution are based on years of continuous service, as follows: 0% in the first year then 20% per year until participant’s are fully vested. A participant becomes fully (100%) vested regardless of the vesting schedule in case of normal retirement age, death or disability.

Forfeitures
Any forfeiture will first be used to reduce administrative expenses; thereafter, the remainder is used to reduce employer contributions. The Plan utilized $100,000 and $8,951 of forfeitures to offset employer contributions and expenses, respectively, during the year ended December 31, 2020. There was a forfeiture balance of 59,834 as of December 31, 2020.

Notes Receivable From Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not exceed five years unless the loan is used to purchase a participant's principal residence, in which case repayment must be made within 30 years. payments of principal and interest are credited to segregated account. Interest is charged at a rate of prime plus one percentage points. On December 31, 2020, the notes bear interest at 4.25% with maturities through 2025. Restrictions and repayment terms are described in the Plan document. A participant will only be permitted to have one outstanding loan at a given time. Loans are to be paid through each payroll deductions. As of December 31, 2020 and 2019, notes receivable from participants were $17,167 and $8,817, respectively. There were no delinquent participant loans or defaulted loans as of December 31, 2020.

Payment of Benefits
On termination of service, upon attainment of age 59 ½, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment in cash or in installment payments. If the benefit amount is $5,000 or less, the Plan shall make a lump-sum distribution without the participant's consent. Hardship distributions are also permitted under the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments, except for fully benefit-responsive investment contracts, are reported at fair value. Fully benefit responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments and are not readily determinable. Administrative expenses paid by the Plan totaled $13,577 for the year ended December 31, 2020.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Risks and Uncertainties
The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

Recent Accounting Pronouncements
In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820): *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, an update which modifies the disclosure requirements on fair value measurements. The modification in this update eliminates, amends, and adds disclosure requirements for fair value measurements, which is expected to reduce costs for preparers while providing more decision useful information for financial statement users. The updated accounting guidance is effective for plan years beginning after December 15, 2019, with early adoption available. The adoption, of the new guidance did not have a material impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Collective trust funds represent interests in pooled investment vehicles designed typically for collective investment of employee benefit trusts. The fair values of these investments are determined by reference to the NAV per unit provided by the fund managers as the basis for current transactions.

Unallocated Insurance Contracts: Insurance company general accounts fair value are determined by reference to the NAV per unit determined by the insurance company using interest rates, age and life expectancy of the participants.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,722,552	$ -	$ -	$ 4,722,552
Common Collective Trusts*	-	-	-	41,656
Insurance company general accounts*	-	-	-	12,506
Total assets at fair value	$ 4,722,552	$ -	$ -	$ 4,776,714

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,278,910	$ -	$ -	$ 3,278,910
Common Collective Trusts*	-	-	-	47,008
Insurance company general accounts*	-	-	-	12,356
Total assets at fair value	$ 3,278,910	$ -	$ -	$ 3,338,274

*In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company's contributions.

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan's investments are held by Mass Mutual Trust Company and Talcott Resolution Life Insurance Company, the Trustees of the Plan. Mass Mutual Trust Company and Talcott Resolution Life Insurance Company has provided a certification that the Plan's investments and related investment income activity as of December 31, 2020 and 2019 and for the year ended December 31, 2020 is complete and accurate. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA to information certified as complete and accurate by the Trustee, except for comparing such information with the information reported in the financial statements. Based on information provided by and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectable as defined by ERISA for the years ended December 31, 2020.

6. INCOME TAX STATUS

The Company has adopted the Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred arrangement ("CODA"), which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the IRC and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that, as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Mass Mutual Trust Company is the Trustee of the Plan and Bidwell Consulting Services, Inc. serves as the Third-Party Administrator. As such, transactions between these parties and the Plan qualify as party-in-interest transactions. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 12, 2022, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
