Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Maruho Hatsujyo Innovations Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all eligible employees of Maruho Hatsujyo Innovations Inc. companies (the Plan Sponsor) excluding union employees, non-resident aliens and leased employees. The Plan includes the employees of Maruho Hatsujyo Innovations Inc., Maruho Plastics Solutions Inc., Maruho Medical Inc. and Maruho Reluctant Inc. (collectively, the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee and plan administrator are responsible for the oversight of the Plan.

b. Eligibility

The employees of the aforementioned companies are eligible to participate in the Plan immediately upon hire as long as they have attained 21 years of age. Employees must be at least 21 years of age to receive employer matching contributions. Employees must be 21 years of age, have completed 1 year of service (1,000 hours), and be employed on the last day of the Plan year to be eligible to receive the discretionary profit-sharing contribution.

c. Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). The Plan provides for participants to contribute after-tax contributions (Roth). Participants may also contribute amounts distributed from other qualified retirement plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor contributes 100% of the base compensation that a participant contributes to the Plan, up to 3%. During 2021, the Plan Sponsor made matching contributions of \$181,805. The Plan Sponsor may also make discretionary profit-sharing contributions, although during 2021, no discretionary profit-sharing contributions were made.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses paid by the Plan, if any. Allocations are based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (Continued)

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The following represents the vesting schedule of the Company's matching contributions:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 3 years	0%
3 years or more	100%

The following represents the vesting schedule of the Company's discretionary profit-sharing contributions:

<u>Years of Credited Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants become 100% vested in the Company's matching and discretionary profit-sharing contributions upon death or disability.

f. Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or ½ of their vested account balance. The minimum loan allowed is \$1,000, and participants may only have a maximum of one outstanding loan at one time. The loans are secured by the balance in the participant's account. Loans must be repaid within 5 years, unless the loan is for the purchase of the participant's primary residence, in which case the term may be up to 10 years. Interest is due on the outstanding principal balance at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

g. Payments of Benefits

Upon retirement (age 65), disability, death or termination of employment, participants shall receive either installment payments or a lump-sum amount equal to the value of their account. The Plan also provides for in-service withdrawals by qualified participants who have reached the age of 59 1/2. Distributions will be paid by lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan or the IRC. The Plan requires balances up to \$5,000 be paid out to participants upon termination. The Plan includes an involuntary cash-out provision for those accounts of former employees with a balance of \$1,000 or less.

h. Forfeitures

Forfeitures represent non-vested Plan Sponsor contributions forfeited by participants who terminate their employment or who withdraw from the Plan. Forfeited non-vested amounts are used to reduce Plan Sponsor contributions or pay administrative expenses of the Plan. As of December 31, 2021 and 2020, forfeited non-vested amounts totaled \$39,969 and \$21,538, respectively. During 2021, there were \$7,176 of forfeitures used to pay for Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (GAAP) established by the Financial Accounting Standards Board (FASB). References to GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in common collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts at year-end. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2021, there were no defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. The Plan Sponsor charges each participating organization an administrative fee based on eligible employee compensation and uses these funds to pay the majority of the costs of administering the Plan. Administrative expenses include fees related to the administration of notes receivable that are charged directly to participant's accounts. Investment related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through October 13, 2022, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition for disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in accompanying statements of net assets available for benefits as of December 31, 2021, and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the period July 4, 2021 to December 31, 2021.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MARUHO HATSUJYO INNOVATIONS INC.
401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENT (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a common collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the common collective trust will be sold for an amount different from NAV. As of December 31, 2021, the Plan had no plans to sell the common collective trust at an amount different from NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Description</u>	<u>2021</u>			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

5. COMMON COLLECTIVE TRUST

The Plan's investment in the CCT is represented by the CCT's underlying investments in the Reliance MetLife GAC Series 25157 CLS 0 which invests in fully-benefit-responsive investment contracts, commonly referred to as guaranteed investment contracts (GICs), synthetic investment contracts, and similarly designed contracts issued by insurance companies, banks and other financial institutions. The Plan's investment in the CCT is not considered a fully benefit-responsive investment contract and is reported at fair value (see Note 4).

6. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined in its letter dated June 30, 2020, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions and all accrued benefits shall be paid to participants in accordance with Plan provisions.

8. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the qualified institution, expenses paid to the Plan's qualified institution out of Plan assets, and notes receivable from participants are considered party-in-interest transactions. During 2021, the Plan paid administrative expenses of \$9,794. The Plan has a service agreement with the American Funds Service Company (American Funds), who has retained Capital Bank and Trust Company as a subcontractor to provide recordkeeping services for investments in the Plan. Both American Funds and Capital Bank and Trust Company are considered parties-in-interest

Notes to Financial Statements

9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

COVID-19 was recognized as a global pandemic in 2020 which has continued to evolve into 2022. This pandemic has adversely affected global economic activity and has contributed to significant volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the magnitude of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.
