INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Cardlytics 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Cardlytics 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 13, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Cardlytics 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

1. Description of Plan

The following description of the Cardlytics 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Cardlytics Inc. and adopting affiliate employers (the Company or Plan Sponsor). All full-time employees not covered by collective bargaining (union) or non-resident aliens are eligible upon hire. Temporary employees must complete 1,000 hours of service during the Plan year to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2021 (Transfer Date), The Plan's assets held at Great-West Trust Company, LLC (Great-West) were transferred to Fidelity Management Trust Company. As of the Transfer Date, Fidelity Workplace Services (Fidelity) began providing recordkeeping services for the Plan. The Plan's investment options with Fidelity are substantially similar to those offered for the Plan by Empower Retirement, LLC, the previous recordkeeper.

Effective August 1, 2021, the Dosh Holdings, Inc. 401(k) Plan (the Dosh Plan) merged its assets into the Plan in conjunction with the Company's acquisition of Dosh Holdings, Inc. All assets of the Dosh Plan, totaling \$1,808,298, were transferred to the Plan on August 2, 2021, which is included in transfers into the Plan in the accompanying statement of changes in net assets available for benefits.

Effective August 1, 2021, the Plan was restated and adopted a pre-approved defined contribution plan from Fidelity Management & Research, LLC, an affiliate of Fidelity, in accordance with the transfer of recordkeeping services.

Subsequent to year end, on June 30, 2022, a partial merger of the multiple employer TRiNet 401(k) Plan with assets totaling \$801,159 attributable to Ecinity, Inc. were merged into the Plan.

Contributions

Participants may make pre-tax or Roth contributions of up to 100% of eligible compensation as defined by the Plan, not to exceed a maximum of \$19,500, plus an additional \$6,500 catch-up deferral for participants over age 50, in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company provides discretionary matching contribution of 50% of the first 5% of eligible compensation, not to exceed total participant contributions made every payroll period.

Cardlytics 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Participants are automatically enrolled in the Plan, with a default pre-tax deferral percentage of 5%, unless the participant elects otherwise. No automatic escalation of deferral percentage is applicable to the Plan.

The Company may also make discretionary non-elective contributions to the Plan. A participant must be employed on the last day of the Plan year to receive the Company discretionary non-elective contributions. If a participant terminated before the last day of the Plan year, they were eligible to receive Company discretionary non-elective contributions if termination was due to death or disability. There were no Company discretionary non-elective contributions made in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company contributions, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant contributions, including rollovers and transfers, plus actual earnings thereon. Participants vest 25% per year beginning after 1 year of service and are fully vested after 4 years of service in the Company discretionary matching contributions and discretionary non-elective contributions. A participant must complete at least 1,000 hours of service during the Plan year to receive credit for a year of service.

Notes Receivable from Participants

Notes receivable from participants are not permitted for the Plan. Notes receivable from participants transferred from another retirement plan, are to be paid off through periodic payroll deductions. During 2021, notes receivable from participants had a fixed rate of 4.50%. The repayment period was 15 years.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum distribution. The participant's contributions may also be withdrawn for certain hardship situations. Participants may withdraw the vested interest in their account upon attainment of age 59½.

Notes to Financial Statements December 31, 2021 and 2020

Administrative Expenses

Certain administrative expenses of the Plan may be allocated to participants pro rata based on participant balances or paid through forfeitures. Certain transaction fees for withdrawals are charged directly to the respective participant. Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. Fees paid to service providers of the Plan qualify as party-in-interest transactions. The Company pays all other administrative expenses of the Plan. The Company does not expect reimbursement from the Plan for these expenses.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited accounts totaled \$351,884 and \$242,233, respectively. These accounts may be used to pay Plan administrative expenses or to reduce Company contributions. During 2021, \$97,976 was forfeited from participant accounts. The Plan did not use any forfeitures in 2021 to reduce Company contributions, or to reduce administrative expenses, and received credits for earnings and fees of \$11,675 during 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company's discretionary matching contribution is considered payable to the Plan when the related participant's contributions are payable to the Plan. Company discretionary non-elective contributions are considered payable to the Plan after approval by the Administrative Committee. Any unfunded participant or Company contributions are included in the participants or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020.

Cardlytics 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements.

Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses on those investments, and fees charged for investment management and administrative services on those investments.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2021 and 2020, and the net change in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West and Fidelity Management Trust Company, the Plan's qualified institutions.

Cardlytics 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

4. Investments

Certain Plan investments are managed by Fidelity, which is a service provider of the Plan. Transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or similar events. It is at least reasonably possible that changes in their fair value will occur in the near term, and such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market that the Plan has the ability to access (Level 1).

Cardlytics 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan is invested in the Putnam Stable Value Fund, which is primarily invested in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, and security-backed contracts. Investments in the stable value fund are traded at net asset value (NAV) per share (Level 1).

The investments at fair value as of December 31, 2021 and 2020 comprise the following:

	Level 1	
	2021	2020
Mutual funds	\$ 27,030,844	\$ 19,534,534
Stable value fund	559,984	643,946
Total	\$ 27,590,828	\$ 20,178,480

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan is a non-standardized pre-approved profit-sharing plan created by Fidelity Management & Research, LLC, an affiliate of Fidelity. Fidelity received an opinion letter from the IRS, dated June 30, 2020, which states that the pre-approved profit-sharing plan document designed satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.
