Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator
MODEC International, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MODEC International, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the MODEC International, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more comprehensive description of the Plan’s provisions.

General

The Plan was established by MODEC International, Inc. (the “Company”, “Employer” or “Plan Sponsor”) effective January 1, 2002, and is a defined contribution plan providing retirement benefits for employees of the Employer. The Plan was amended and restated effective January 1, 2007 to include another participating company, SOFEC, Inc, an affiliate company of the Plan Sponsor, and became a multiple employer plan. The Plan is an income deferral program under Section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent related amendments and revisions.

Effective April 15, 2021, the Plan was amended and restated due to regulatory requirements. There were no significant changes to plan provisions due as part of the restatement.

Administration of the Plan

Hancock Life Insurance Company (“John Hancock”) is the issuer of the investment products and recordkeeper of the Plan. The third-party administrator for the Plan is Nova 401(k) Associates (“Nova”). The Company is the plan administrator and is responsible for oversight of the Plan.

Eligibility

Employees are eligible to participate in the Plan upon date of hire. Leased employees are not eligible to participate.

Contributions

All eligible participants may contribute up to 75 percent of their salary and up to 100 percent of any bonus compensation during any plan year subject to a maximum imposed by the IRC. Such participant contributions can be made on either a pre-tax basis or after-tax basis (as a Roth contribution).

The Employer may make discretionary contributions in the form of an employer match or profit-sharing contributions. Under the plan agreement, discretionary profit-sharing contributions are calculated for all employees employed by the Company on the last day of the plan year. The discretionary profit-sharing contributions are allocated to groups of employees, as specified per the Plan Document. During 2021, the discretionary profit-sharing contributions for all groups of employees was calculated based on 3 percent of each participant’s eligible compensation for the plan year. A discretionary contribution made in the form of an employer match is based on the percentage determined by the Employer. The discretionary match was 100 percent of the first 3 percent of the participant’s eligible compensation contributed to the Plan for 2021.

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer discretionary matching contributions, if any, and an allocation of employer discretionary profit-sharing contributions, if any, plan earnings, and administrative fees. Allocations are based on participant compensation or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts. Participants direct the investment of their contributions into various investment options offered by John Hancock.

Vesting

Participants are 100 percent vested with respect to their salary deferral contributions and related earnings. For all employer discretionary matching and profit-sharing contributions and related earnings, participants are vested 33 percent after one year and an additional 33 percent for each year thereafter and are 100 percent vested at the completion of three years of service. Participants are fully vested at death, disability, normal retirement age (65), and upon termination of the Plan.

Notes Receivable from Participants

Participants are allowed to borrow from their participant-directed accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of their vested balance, less the balance of any existing notes. Note terms range from one to five years or up to twenty years for the purchase of a primary residence. Each note is collateralized by the balance in the participant's account and bears interest at a rate determined by the Plan Sponsor based on prevailing commercial loan rates. The interest rate is fixed for the term of the note. Interest rates range from 5.25 percent to 7.50 percent for all loans outstanding at December 31, 2021. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are generally paid upon normal retirement, death, disability or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100 percent of their account balance. Under the plan agreement, normal retirement is defined as the later of (i) age 65 or (ii) the 5th anniversary of the first day of the plan year in which participation in the Plan commenced. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount, as defined in the Plan Document.

Immediate lump-sum distributions are to be made to terminated participants if the participant's vested balance is \$1,000 or less. Balances between \$1,001 and \$5,000 are rolled over to an Individual Retirement Account ("IRA") for the benefit of the participant. These mandatory distributions are only applicable if the participant does not elect another form of distribution.

In-service distributions are allowed for participants who have reached age 59½ and are 100 percent vested. Financial hardship withdrawals are permitted, as defined in the Plan Document.

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100 percent vested with respect to the employer discretionary matching and profit-sharing accounts. Forfeitures from non-vested account balances are first used to pay plan expenses and then reduce employer discretionary contributions. At December 31, 2021 and 2020, there were no unallocated forfeitures. During the plan year ended December 31, 2021, forfeitures of \$53,580 were used to reduce employer discretionary matching and profit-sharing contributions.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan Document. Expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses, are charged directly to the participant's account and are included in expenses of the Plan. Recordkeeping expenses are charged to participant accounts as an asset-based fees. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, *Fair Value Measurements*, for discussion of fair value measurements. The Company determines the Plan's valuation policies utilizing information provided by investment advisor and John Hancock.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year and reinvested capital gains.

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

Accounting for Fully Benefit-Responsive Investment Contracts

The Plan has entered into a fully benefit-responsive investment contract with John Hancock. Plan management evaluated the Stable Value Guaranteed Interest Fund and determined that this contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay the principal and specified interest rates guaranteed. There are no reserves against the contract value for credit risk of the contract issuer as of December 31, 2021 and 2020. The crediting interest rate is based on a formula agreed upon with John Hancock and can never be less than 1 percent. Interest rates are reset monthly. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with John Hancock. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan administrator does not believe that the occurrence of such events is probable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are recorded as distributions based upon the terms of the plan agreement.

Contributions

Participant contributions and any related employer discretionary matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Employer discretionary profit-sharing contributions are recorded in the period that the related compensation was paid to the participant.

Benefits Paid

Benefits are recorded as a reduction to net assets available for benefits when paid.

Plan Termination

Although the Employer has not expressed any intent to do so, it may terminate the Plan at any time, subject to the terms of ERISA. In the event the plan terminates, participants will become fully vested in their account balances.

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, which is a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Total investment income and interest earned on notes receivable from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investment information included in the notes to financial statements;
- All investment information included in the supplemental schedule H, line 4i - schedule of assets (held at end of year) - as of December 31, 2021.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quotes prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs that unobservable inputs for the asset or liability.

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There were no investments categorized under Levels 1, 2 and 3 as of December 31, 2021 and 2020 as the investments are measured using the Net Asset Value ("NAV") per share. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Pooled Separate Accounts: The Plan's investments in the pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan valued at the net asset unit value of the separate account as of year-end. The NAV is used as a practical expedient to determine fair value for these accounts. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by John Hancock and the daily equivalent of any fees charged. Pooled separate accounts invest primarily in long-term bonds, domestic and international stocks, or single mutual funds. The underlying investments held by each pooled separate account are traded on an active market. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

In accordance with Subtopic 820-10, all investments were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value - December 31, 2021</i>	<i>Fair Value - December 31, 2020</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Pooled Separate Accounts - Equity	\$ 55,394,805	\$ 46,619,075	None	Daily	None
Pooled Separate Accounts - Income	\$ 6,017,918	\$ 4,717,247	None	Daily	None
Pooled Separate Accounts - Target Risk	\$ 29,685,418	\$ 29,381,803	None	Daily	None

MODEC INTERNATIONAL, INC. 401(k) PLAN

Notes to Financial Statements

5. Tax Status

The Plan uses a volume submitter 401(k) profit sharing plan agreement sponsored by Nova which has received an advisory letter dated June 30, 2020 from the Internal Revenue Service ("IRS"), which states that the plan agreement is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. The Plan Sponsor believes that the Plan is designed in accordance with the applicable provisions of the IRC and will do whatever is necessary to maintain the tax qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest

The Plan invests in various investments issued by John Hancock. John Hancock is the Plan's recordkeeper and, therefore, certain transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as parties-in-interest transactions. Fees paid by the Plan to John Hancock Life for administrative services amounted to \$299,409 for the year ended December 31, 2021. Other plan administrative costs have been paid by the Plan to service providers who are considered parties-in-interest to the Plan. For the year ended December 31, 2021, the fees paid to these parties amounted to \$8,359.

7. Risks and Uncertainties

The Plan provides for various investments in pooled separate accounts and a guaranteed interest contract. Investments, in general, are exposed to various risks such as interest rate, credit and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.
