INDEPENDENT AUDITOR'S REPORT

Participants and Plan Administrator
Weber Knapp 401(k) Retirement Savings Plan
Jamestown, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Weber Knapp 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021

1. Description of the Plan

The following description of Weber Knapp 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Copies of this booklet are available from the Plan Administrator.

General

The Plan is a defined contribution plan established by Weber-Knapp, Inc. and Subsidiary (the Plan Sponsor), which covers substantially all eligible employees with 90 days of service for elective deferral contributions or one year of service for profit sharing and discretionary contributions made by the Plan Sponsor, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Unless another election is made, upon entry into the plan, employees are automatically enrolled with 6% deferrals. Participant elective deferrals automatically increase each January by 1% up to a maximum percentage of 10%. The entry date for purposes of the deferral election feature is the day the entry requirements are satisfied.

Contributions

Participants are permitted to make pre-tax contributions up to the maximum percentage of compensation and dollar amounts permissible, subject to Internal Revenue Service (IRS) limitations. Rollover contributions to the Plan are permitted and may be executed after meeting the eligibility requirements for participation in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2020, it was discovered the Plan Sponsor failed to properly update deferral percentages elected by certain participants. This issue consisted of both participants deferring more than their election as well as participants deferring less than their election. This matter was "self-corrected" under the Internal Revenue Service (IRS) Self-Correction Program (SCP) during 2021.

The Plan Sponsor may make a discretionary matching contribution to the Plan of \$0.50 for each dollar of a participant's deferral up to the first 5% deferred. To be eligible, employees must have completed one year of service for discretionary matching contributions. The total matching contributions for the years ended December 31, 2021 and 2020 were \$128,919 and \$131,134, respectively.

During 2020, the Plan Sponsor failed to remit an employer matching contribution for one participant. The Plan Sponsor elected to self-correct this matter under the IRS SCP and contributed \$3,029, which included the missed contribution and lost earnings thereon, to the Plan during 2021.

Plan Sponsor profit-sharing contributions are discretionary and are determined annually by the Plan Sponsor. Profit-sharing contributions are allocated pro-rata based on the ratio of each participant's compensation to the compensation of all eligible participants. The total profit-sharing contributions to the Plan for the years ended December 31, 2021 and 2020 were \$94,545 and \$93,163, respectively.

Weber Knapp 401(k) Retirement Savings Plan Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) their share of any of the Plan Sponsor's contributions and (b) Plan earnings (losses) and increases (decreases) in the value of investments. The participant may direct their investments within the investment funds offered by the Plan. Participants are immediately vested in their own contributions plus earnings thereon. Participants become fully vested in all other contributions after 3 years of service, for less than 3 years of service the vesting percentage is 0%.

Notes Receivable from Participants

The Plan provides for loans to participants up to 50% of their vested account balance or \$50,000, reduced by any outstanding loan balance, subject to certain limitations and conditions. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

The full value of a participant's account balance is payable at normal retirement age (age 65). Upon retirement, disability or death, the entire balance of the participant's account is payable in a lump sum or in installments payable over a period of time. Unless directed otherwise, upon termination, any participant accounts with a vested balance under \$1,000 will be paid out in a lump-sum payment and any participant accounts with a vested balance greater than \$1,000 and less than \$5,000 will be rolled over automatically by the Plan into a new IRA. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited balances of terminated participants' non-vested accounts are used for payment of administrative expenses and to reduce future Plan Sponsor contributions. During the years ended December 31, 2021 and 2020, forfeitures totaling \$2,348 and \$9,380 were used to reduce employer contributions. There were no unused forfeiture balances at December 31, 2021 and 2020.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts regardless of whether their vesting years of service are sufficient to make them 100% vested under the Plan's vesting schedule. The value of each participant's account will be paid as directed by the Plan Sponsor.

2. Significant Accounting Policies

Basis of Accounting

The financial statements and accounting records of the Plan are maintained on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), which recognizes additions to and deductions from net assets when deferrals are withheld, income is earned and liabilities are incurred.

Weber Knapp 401(k) Retirement Savings Plan Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and related disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in a stable value fund are reported at Net Asset Value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. See Note 4 for discussion of fair value and NAV measurements.

Purchases and sales of investments are recorded on the trade-date. Income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. Investments

For the year ended December 31, 2021, the Plan Administrator elected the method of compliance permitted under ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. For the year ended December 31, 2020, the Plan Administrator elected the method of compliance permitted by Section 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under these elections, all investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020, and net realized and unrealized appreciation in fair value of investments, interest and dividend income, and administrative expenses for the years ended December 31, 2021 and 2020, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Financial Group, the trustee of the Plan.

4. Fair Value Measurements

Investments are recorded at estimated fair value, in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification's (ASC) *Fair Value Measurements and Disclosures* topic. This topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC's *Fair Value Measurements and Disclosures* topic are described as follows:

Weber Knapp 401(k) Retirement Savings Plan Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds – registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts (CITs) invest in growth and value stocks of small, medium and large market capitalization companies, fixed-income securities, domestic and foreign securities, securities denominated in foreign currencies, investment companies (including index funds), securitized products, U.S. government and U.S. government-sponsored securities and derivatives. The NAV of the CITs is calculated in a manner consistent with GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the NAV of the CITs. The CITs are reflected in Level 2.

Stable Value Fund: The Stable Value Fund (the Fund) is a collective trust fund that is valued at the NAV of the units of the collective trust funds held by the Plan at year end times the respective unit value. The NAV, as provided by the trustee, is used as practical expedient to estimate fair value. The NAV of the collective trust fund is based upon significant observable inputs, although it is not based upon quoted market prices in an active market. The collective trust fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the collective trust fund invests in assets (typically contracts issued by insurance companies and banks, synthetic investment contracts and short term investments) and enters into "wrapper" contracts issued by third-parties and invests in cash equivalents represented by shares in a money market fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Notes to Financial Statements (continued)

5. Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by the Principal Financial Group. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter dated June 30, 2020 has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The FASB issued guidance on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

6. Administrative Expenses

Certain transaction fees are charged by the trustee directly to Plan participant accounts. Presently, legal and accounting services, which are not material, are provided at the expense of the Plan Sponsor while all other services are provided at the expense of the Plan.

7. Party-in-interest Transactions

Certain Plan investments are shares of funds managed by Principal Financial Group. Principal is the trustee as defined by the Plan and, therefore, transactions with these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are based on investment performance. These fees are not prohibited; payments are for reasonable compensation for the operation of the Plan. The Plan also issues loans to participants, which are secured by the balances in the respective participant accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Financial markets and the overall economy were substantially impacted by the COVID-19 coronavirus outbreak. The global outbreak of COVID-19 continues to rapidly evolve, and the ultimate impact of the pandemic is highly unknown. As a consequence, the effect of the pandemic on the Plan's investments is highly uncertain and cannot be predicted. However, if financial markets and the overall economy are impacted for an extended period, the Plan's investment values and results may be materially affected.
