Independent Auditor's Report

To the Trustees of
Shawmut LLC 401(k) Savings Plan
West Bridgewater, MA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Shawmut LLC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Shawmut LLC 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Shawmut LLC 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shawmut LLC 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we—

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shawmut Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shawmut Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

SHAWMUT LLC 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

Note 1 - DESCRIPTION OF PLAN:

The following brief description of the Shawmut LLC 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering all employees of Shawmut LLC (the "Company") who have completed three months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective on January 1, 1981 and the plan year is January 1 through December 31.

Plan Administration - The Company is the plan administrator.

Custodian - The Company established a trust with Fidelity Management Trust Company (the "Custodian"), which consists of such sums of money and other property acceptable to the Custodian that, from time to time, will be paid or delivered to the Custodian, including investments and proceeds thereof and earnings thereon, less the payments made by the Custodian, as authorized. The Custodian has agreed to invest and reinvest the funds as directed by the plan administrator in accordance with the trust agreement.

Participant Contributions - Each eligible employee is automatically enrolled in the Plan. Participants in the Plan allow the Company to reduce his or her pretax annual compensation by an amount that does not exceed applicable Internal Revenue Service ("IRS") regulatory limitations. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees may elect to opt-out of the plan through the Custodian's website.

Employer Contributions - The Company may make discretionary matching and profit sharing contributions. For the year ended December 31, 2021, the Company made matching contributions to the Plan of \$448,675 and no profit sharing contributions. Matching contributions are based on a percentage of compensation contributed to the plan subject to certain limitations and profit sharing contributions are based on a percentage of current compensation.

Participant Accounts - Each participant account is credited with the participant's contributions and allocations of employer contributions, if any, as well as Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

SHAWMUT LLC 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - DESCRIPTION OF PLAN - Continued:

Vesting - Participants are immediately vested in their voluntary contributions, the Company's matching contributions, and all actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures - Participants who terminate their employment prior to becoming fully vested in their share of employer contributions forfeit the unvested employer contributions. Such forfeited amounts may be used to reduce future employer contributions or administrative fees. During 2021, \$14,327 of forfeitures were used to reduce employer contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$28,185 and \$5,669, respectively.

Investment Options - The Plan offers participants a choice of investing in one money market, 34 different mutual funds and one common/collective trust offered by the Custodian, each with a specific investment objective. Participants may change investment option specifications daily with respect to contributions to be made in the future and with respect to his or her individual account.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of one-half the participant's vested account balance or \$50,000. Principal and interest are paid ratably through regular payroll deductions.

Loan defaults deemed to be uncollectible by the Plan during a plan year are to be recorded as taxable distributions to the defaulting plan participants. For the years ended December 31, 2021 and 2020, total loans in default of \$67,544 and \$33,763, respectively, were distributed.

Payment of Benefits - On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of his or her account. The Plan also allows for hardship withdrawals from participants' deferral and match accounts only.

Administrative Expenses - Plan administration expenses are paid directly by the Company, whereas participant account administrative expenses are paid by the participants and deducted from their accounts annually.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. As of December 31, 2021 and 2020, excess contributions payable were \$14,470 and \$18,069, respectively.

Notes to Financial Statements
December 31, 2021 and 2020

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements and supplemental schedule are prepared using the accrual method of accounting, consistent with the accounting principles generally accepted in the United States of America.

Payment of Benefits - The Plan records benefit payments to withdrawing participants when paid.

Investment Valuation and Income Recognition - The investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments which consists of the realized gains or losses during the year and the unrealized appreciation or depreciation of investments at year-end.

Notes Receivable from Participants - Notes receivable from participants are valued at their outstanding amortized balances, which approximates fair value. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Use of Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Subsequent Events - Subsequent events are events or transactions that occur after the balance sheet date but that could affect the amounts or disclosures in the financial statements. Management has evaluated subsequent events through the date that the financial statements are available to be issued, which is the date noted at the bottom of the auditor's report.

Note 3 - RELATED PARTY TRANSACTIONS:

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and therefore these transactions qualify as party-in-interest transactions.

Notes to Financial Statements
December 31, 2021 and 2020

Note 4 - PLAN TERMINATION:

Although it has not expressed the intent to do so, the Company has the right under the plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all amounts allocated to their accounts.

Note 5 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 - CERTIFICATION OF CUSTODIAN:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. The plan administrator has obtained certification from the Custodian stating that all 2021 and 2020 information provided to the plan administrator by the Custodian is complete and accurate. Such information includes investments, investment income, realized gains and losses on sales of investments and unrealized appreciation or depreciation in market value of investments.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

SHAWMUT LLC 401(K) SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

Note 7 - TAX STATUS:

The Plan is a Volume Submitter Profit Sharing Plan. The Custodian has obtained an Internal Revenue Service determination letter dated June 30, 2020 stating that the Plan, as designed, complies with the requirements under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been amended since the date of this determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

The Plan evaluates all significant tax positions and believes that it has not taken any tax positions that require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would increase or decrease within the next year. The Plan's income tax returns are subject to examination by applicable tax authorities generally for three years after filing.

Note 8 - FAIR VALUE MEASUREMENTS:

The Plan follows generally accepted accounting principles, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term thereof.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Note 11 - COVID-19 PANDEMIC:

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in substantial volatility in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 12 - PLAN AMENDMENTS:

The Plan was amended effective January 1, 2021 to add Shawmut RS LLC, a new division of Shawmut LLC, to the list of participating employers and to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018 and Code Sec 401(k) and 401(m) 2019 Final Hardship Regulations and any related guidance.
