INDEPENDENT AUDITOR'S REPORT

To the Trustees
Maxey Energy 401k Plan
Uvalde, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Maxey Energy 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Maxey Energy 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Excellence | Integrity | Reliability

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Maxey Energy 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maxey Energy 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maxey Energy 401k Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maxey Energy 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Trustees
Maxey Energy 401k Plan
Uvalde, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Maxey Energy 401k Plan as of December 31, 2020, and the statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by The Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of Maxey Energy 401k Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Maxey Energy Company (the Company or Plan Sponsor) who have one (1) year of service and are age twenty-one (21) or older. The Plan is designed to meet the requirements of Internal Revenue Code Section 401(a) and is subject to provisions of the Employment Retirement and Income Security Act of 1974 ("ERISA"). The entry date is the first day of the first month of the Plan Year or the first day of the seventh month of the Plan Year coincident with or next following the date the employee becomes eligible.

Contributions

Participants may defer a percentage of their compensation (either as a pre-tax or Roth deferral) up to 100% of their compensation; however, total deferrals in any taxable year may not exceed a certain dollar amount which is set by law. Participants who reach the age of 50 before the close of the year are eligible to make catch-up elective deferral contributions.

Discretionary matching contribution amounts may be contributed at the option of the Company's management. Nonelective employer contributions are allocated based upon the participant's compensation using a nonintegrated allocation formula. Contributions are subject to certain limitations.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, if any, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching and profit sharing contributions have a four-year graded vesting period as follows:

Complete Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2 years	25%
2 years but less than 3 years	50%
3 years but less than 4 years	75%
4 years or more	100%

Payment of benefits

On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under $1,000 is automatically distributed in cash. Balances between $1,000 and $5,000 may be distributed as cash or rolled over to any qualified plan. Balances over $5,000 will be distributed as determined by the Plan Administrator. Hardship withdrawals are also available subject to certain limitations.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Payment of benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Plan Benefits presents the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value, if any. The Statements of Changes in Net Assets Available for Plan Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants

Loans are not permitted within the Plan.

Excess contribution payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. No excess contributions were made for the years ended December 31, 2021 and 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE CUSTODIAN

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2021 and 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Transamerica Retirement Solutions for the first quarter of 2020 and The Voya Retirement Insurance and Annuity Company (the custodians) for the last 3 quarters of 2020 and for the year ended December 31, 2021, that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	December 31,	
	2021	2020
Investments at fair value:		
Guaranteed investment contract	$ 2,479	$ 1,974
Pooled separate accounts	448,062	353,479
	$ 450,541	$ 355,453

The custodians also certified the completeness and accuracy of $46,338 and $54,466 of net appreciation (depreciation) in fair value of investments and $22 and $14 of interest and dividend income for the years ended December 31, 2021 and 2020, respectively.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's *FASB Accounting Standards Codification* (ASC), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the ASC, Fair Value Measurements and Disclosures, are described below:

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value by the custodian, as of the close of business and adjusted for dividends, splits, administrative maintenance charges and other items.

Investment shares in registered investment companies: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the plan at year end.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Guaranteed investment contract: The guaranteed account is fully benefit responsive and is therefore reported at fair value (see Note 2). The guaranteed account is measured at contract value which approximates fair value. Fair value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ 2,479	$ -	$ 2,479
Pooled separate accounts	-	448,062	-	448,062
	$ -	$ 450,541	$ -	$ 450,541

	Assets at Fair Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ 1,974	$ -	$ 1,974
Pooled separate accounts	-	353,479	-	353,479
	$ -	$ 355,453	$ -	$ 355,453

Transfers between levels

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants become 100 percent vested in their accounts.

NOTE 6 – BONDING REQUIREMENT

The Plan was in compliance with the bonding requirement by ERISA, Title I, Section 412 as of January 1, 2021 and 2020.

NOTE 7 – RECONCILIATION OF PLAN FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	$ 457,049	$ 366,303
Less net difference employee contributions receivable, end of year	-	(4,484)
Net assets available for benefits per the Form 5500	$ 457,049	$ 361,819

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the years ended December 31, 2021 and 2020:

	2021	2020
Net increase in net assets available for benefits per the financial statements	$ 90,746	$ 42,437
Plus net difference employee contributions receivable, beg. of year	4,484	-
Less net difference employee contributions receivable, end of year	-	(4,484)
Net income per the Form 5500	$ 95,230	$ 37,953

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – TAX STATUS

The Plan adopted a nonstandardized form of a prototype plan. The Plan has received an opinion letter dated September 30, 2014, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving this determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examination for years ending prior to December 31, 2018.

NOTE 10 – RELATED PARTY TRANSACTION

Plan investments are managed by the Custodian. The Voya Retirement Insurance and Annuity Company is the Custodian and recordkeeper as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled $2,388 and $470 for the years ended December 31, 2021 and 2020.

NOTE 11 – GUARANTEED INVESTMENT CONTRACT

The Plan has a benefit-responsive guaranteed investment contract, the Voya Fixed Account, with Voya Retirement Insurance and Annuity Company (Voya). Voya maintained the contributions to the Fixed Account in a general account. The account was credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The issuer of the guaranteed investment contract is contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer, including termination of the guaranteed investment contracts. The Plan administrator believes that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was not probable. The guaranteed investment contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date.

There were no valuation reserves recorded to adjust contract amounts at December 31, 2021. The average yield and declared interest rate of the guaranteed account was 1.00% for the years ended December 31, 2021 and 2020. Voya will not apply a decrease to the current rate following a rate change initiated solely by Voya prior to the last day of the three-month period measured from the first day of the month in which such change was effective. The current rate for an initial investment in the fixed account previously identified may be in effect for less than a full three-month period.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent through October 14, 2022, the date the financial statements were available to be issued.
