To the Plan Administrator and Participants
403(b) Thrift Plan for Employees of Amoskeag Health

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the 403(b) Thrift Plan for Employees of Amoskeag Health, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the 403(b) Thrift Plan for Employees of Amoskeag Health and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan for Employees of Amoskeag Health's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 403(b) Thrift Plan for Employees of Amoskeag Health's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 403(b) Thrift Plan for Employees of Amoskeag Health's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the 403(b) Thrift Plan for Employees of Amoskeag Health. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of the 403(b) Thrift Plan for Employees of Amoskeag Health provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established May 1, 1993 and most recently restated effective January 31, 2020, is a defined contribution plan covering all eligible employees of Amoskeag Health (Company).

Employees are eligible to participate in the employee deferral portion of the Plan immediately following their date of hire. Employees that are normally scheduled to work less than 20 hours per week are excluded from the Plan.

A participant must have at least one year of service (1,000 hours) to be eligible for the Company matching contribution. Participants enter the Plan on a monthly basis for the employer contributions once eligible.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief and other changes including suspending required minimum distributions, and or delaying the commencement date for required minimum distributions. In addition, employees are allowed to withdraw funds without the IRS 10% early withdrawal penalty. Written amendments to the Plan to reflect these operational changes will be adopted later in accordance with applicable law and IRS guidance.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions

Participants may contribute from 1% to 100% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan also permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not “pre-tax” deferrals as defined in the Code.

The Company matching contribution is 100% up to 4% of eligible compensation after one year of service.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for the participants and a fixed account.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer contributions, and a pro rata allocation of the investment gains or losses. The benefit to which a participant is entitled is the vested portion from the participant’s account.

Vesting

Participants are immediately vested in their entire account plus actual earnings thereon for all employees hired before January 1, 2019.

Effective January 1, 2019, participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 50% vested after one year of credited service, 75% after two years of credit service, and is 100% vested after the completion of five years of credited service.

Participant Loans

Participant loans are not permitted in the Plan.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service, or upon death, disability or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account or other payment options as defined in the Plan. Financial hardship withdrawals may also be made in accordance with the plan documents.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the interest accumulation account, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Reclassification

Certain 2020 financial statement amounts have been reclassified to conform to the 2021 financial statement presentation.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of pooled separate accounts, dividends and interest income for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company, the custodian of the Plan.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

4. Investment Contract

The Plan has an investment option in the *interest accumulation account*. Mutual of America (MofA) maintains these contributions in a general account. This contract/account meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the contract. Contract value, as reported by MofA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. MofA is contractually obligated to repay the principal and a specified MofA interest rate that is guaranteed to the Plan. There are no surrender charges or market value adjustments associated with this account at any time. The rate of interest, before expenses, cannot be less than 1%. The average rate of return allocated to participant accounts was .98%, after expenses, at December 31, 2021 and 2020.

5. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2021 and 2020.

Pooled separate accounts are valued at the fair value of the participation units owned by the Plan in the pooled separate accounts of MofA which are based on quoted redemption values. Such redemption values are established daily based on the quoted market prices of the underlying securities at the end of each business day and unitized by MofA. Participant transactions (purchased and sales) may occur daily. The net asset value is used as a practical expedient to estimate fair value. There are no unfunded commitments.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan holds no investments that are required to be leveled within the fair value hierarchy as of December 31, 2021 and 2020.

Investments measured at net asset value

	2021	2020
Pooled separate accounts *	\$ 10,806,043	\$ 8,580,512
Investments at fair value	\$ 10,806,043	\$ 8,580,512

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Accounting standards require disclosure of investment strategies for investments valued using net asset value as a practical expedient to estimate fair value if the investment does not file a Form 5500 with the DOL as a direct filing entity.

The following table discloses investment strategies for such investments:

	2021	2020
Investments measured at net asset value		
Pooled separate accounts:		
Target retirement date (a)	\$ 7,535,219	\$ 6,057,277
Lifestyle (b)	1,214,398	1,012,089
Growth (c)	1,200,052	779,971
Fixed income (d)	598,939	537,316
Growth and income (e)	257,435	193,859
Total pooled separate accounts	<u>\$ 10,806,043</u>	<u>\$ 8,580,512</u>

- (a) Target date retirement accounts seek high total return until its target retirement date. Thereafter, the account's objective is to seek high current income and, as a secondary objective, capital appreciation.
- (b) Lifestyle pooled separate accounts seek to invest in a mix of investments that take more risk when the fund has a more aggressive investment strategy versus a conservative investment strategy and adjusts the risk over time.
- (c) Growth pooled separate accounts seek to achieve conservation of capital, current income and long-term growth of capital and income.
- (d) Fixed income pooled separate accounts seek long term growth of capital while seeking to both manage the volatility of return and limit the magnitude of portfolio losses.
- (e) Growth and income pooled separate accounts seek capital growth and current income and invest in equity and debt securities of domestic and foreign companies.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (COVID-19 pandemic). On March 11, 2020, the WHO classified the outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. As a result, the Plan's investment portfolio experienced significant fluctuations in fair value during the year ended December 31, 2021. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Company continues to monitor the ongoing impact of the COVID-19 Pandemic.

7. Income Tax Status

The Plan has adopted the Mutual of America Prototype Non-Standardized 403(b) Plan, the prototype has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2017 stating that the form of the plan is acceptable under Section 403(b) of the Internal Revenue Code (Code), and therefore, the related trust is tax exempt. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

403(b) Thrift Plan for Employees of Amoskeag Health

Notes to Financial Statements (continued)

8. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, the management of investments held by MofA are considered party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020.

	2021	2020
Net assets available for benefits, per Form 5500	\$ 11,308,398	\$ 9,136,567
Employee contribution receivable	26,020	22,922
Employer contribution receivable	19,871	16,126
Net assets available for benefits, per financial statements	<u>\$ 11,354,289</u>	<u>\$ 9,175,615</u>

The following is a reconciliation of the net change per the Form 5500 to the net change per the financial statements for the year ended December 31, 2021:

Net increase per the Form 5500	\$ 2,171,831
Add: employee contributions receivable at December 31, 2021	26,020
Add: employer contributions receivable at December 31, 2021	19,871
Less: employee contributions receivable at December 31, 2020	(22,922)
Less: employer contributions receivable at December 31, 2020	(16,126)
Net increase per the financial statements	<u>\$ 2,178,674</u>

10. Subsequent Events

The Company has evaluated all subsequent events through October 17, 2022, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
