Independent Auditor's Report

RSM US LLP

Board of Trustees
BH Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of BH Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions and loan repayments for the year ended December 31, 2021 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BH Management 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the BH Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all employees of BH Management Services, LLC, BH Equities, Inc. and effective January 1, 2021, the employees of B Hom Student Living LLC (the Companies) who meet the eligibility requirements. Employees of the Companies who are age 18 years or older and have completed 90 days of service are eligible to participate in the Plan. Employees may begin participating in the Plan on the first day of the month following the date on which eligibility requirements have been met. To be entitled to employer contributions, a participant must be an eligible employee, are age 18 years or older and complete six months of service. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees. The Plan is subject to the current provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code (the Code) provisions.

Contributions and investment options: Each year, participants may contribute a stated percentage of their compensation, subject to an annual limit, as defined by the Plan and applicable statutory limitations. The Plan allows for additional catch-up contributions for participants that reach age 50 during the year. The Companies may make discretionary matching contributions annually. During the year ended December 31, 2021, the Companies matched 50% of the participant's contribution up to a maximum of a 2% employer contribution. The Companies also have the option of making an additional discretionary contribution to the Plan. No additional discretionary contributions were made during the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions and the Companies discretionary matching contributions to that participant, as well as allocations of Plan earnings (losses) and any additional discretionary contributions. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies discretionary matching or additional discretionary contribution portion of their accounts is based on continuous years of service. A participant becomes 20% vested after two years of credited service and vesting increases 20% for each additional year of service. A participant is 100% vested after six years of credited service.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance as of the last valuation date. Only one participant loan is allowed at a time. Principal and interest is paid ratably through payroll deductions over a period not exceeding five years or 30 years for a home mortgage. The notes are secured by the vested balance in the participant's account. Notes receivable outstanding at December 31, 2021, had maturity dates ranging from 2022 to 2051 and bear interest between 4.25% and 7.25%. Notes receivable outstanding at December 31, 2020, bore interest at rates ranging from 4.25% to 7.25%.

BH Management 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Benefits under the Plan begin when a participant retires, dies or ceases to be an employee. Benefits are recorded when paid. Benefit payments may be requested to be paid in installments, but the installments may not extend beyond the life expectancy of the participant or the participant's beneficiary. The Plan allows for hardship withdrawals to participants who meet an immediate and severe financial need and are limited to a participant's vested account balance.

Forfeitures: Forfeitures are used for Plan expenses or to reduce employer contributions. During the year ended December 31, 2021, forfeitures including earnings and fees thereon totaled approximately \$176,000 and were used to reduce Plan expenses and employer contributions. The balance of forfeited non-vested accounts totaled approximately \$0 and \$13,000 as of December 31, 2021 and 2020, respectively.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).

Accounting estimates and assumptions: The preparation of financial statements requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Valuation of investments and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the custodian. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Benefit payment: Benefit payments are recorded when paid.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 14, 2022, which is the date the financial statements were available to be issued.

BH Management 401(k) Plan

Notes to Financial Statements

Note 3. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Note 4. Information Certified and Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2021	2020
Investments at fair value:		
Mutual funds	\$ 34,697,764	\$ 26,096,723
Common collective trust fund	758,341	710,871
Notes receivable from participants	625,832	536,602

The custodian also certified the completeness and accuracy of \$376,905 of interest and dividends and \$4,319,278 of net appreciation in fair value of investments and \$28,669 in interest income on notes receivable from participants. All amounts include activity on investments bought, sold and held during the year for the year ended December 31, 2021.

Note 5. Related-Party Transactions

The Plan holds investments with and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled \$77,800 for the year ended December 31, 2021.

Note 6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

BH Management 401(k) Plan

Notes to Financial Statements

Note 7. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Fair Value Measurement and Disclosures Topic of the FASB Accounting Standards Codification (ASC) requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the Topic establishes a fair value hierarchy for valuation inputs that give the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements. There have been no changes in valuation methodologies at December 31, 2021, compared to December 31, 2020.

Mutual funds: Mutual funds are reported at fair value based on the quoted market price of the fund and are classified within Level 1 of the valuation hierarchy.

Common collective trust fund: Common collective trust funds are composed of investment contracts that are valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transaction (purchases and sales) may occur immediately. If the plan initiates full redemption of the collective trust, no notice to the issuer is required.

Investments measured at net asset value*				710,871
Investments at fair value				\$ 26,807,594

*In accordance with ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

During the year ended December 31, 2021, the Plan did not make significant transfers between Level 1, 2 or 3 assets and liabilities. As of December 31, 2021 and 2020, the Plan did not have any significant Level 3 assets or liabilities.

The following table summarizes additional disclosures of the Plan's investments whose fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. The common collective trust fund files Form 5500 with the DOL as direct filing entities, and accordingly, the investment strategies of the common trust fund are no included herein:

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 758,341	\$ 710,871	\$ -	Immediate	None

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan provisions to terminate the Plan subject to the provisions set forth in ERISA. In the event of a Plan termination, participants will become fully vested in their entire account balance.

BH Management 401(k) Plan

Notes to Financial Statements

Note 9. Tax Status

As of December 31, 2018, the Plan was operating under an individually designed plan document that the Internal Revenue Service (IRS) had determined and information the Companies by a letter dated March 31, 2014, the Plan was designed in accordance with the applicable sections of the Code. Effective January 1, 2019, the plan was restated using a volume submitter plan that received confirmation from the IRS on March 31, 2014, that the Plan was designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter, however, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Code.

The Plan follows the accounting guidance for uncertainty in income taxes and management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provisions or liability for income taxes has been included in the financial statements.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2021 and 2020, to the Form 5500:
