Independent Auditor's Report

Participants and Board of Members
Smart Warehousing, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit on the financial statements of Smart Warehousing, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date of the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Smart Warehousing, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Board of Members is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan investment offerings, monitors investment performance, and reports to the Board of Members. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of Smart Warehousing, LLC (the Company) are eligible to participate in elective deferrals, employer safe harbor contributions and employer discretionary matching contributions on their date of hire. Plan entry dates are on the first of the month following the day eligibility requirements are satisfied.

Contributions: Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, not to exceed limits set by the law. The Plan also allows participants to make Roth contributions, subject to Internal Revenue Service (IRS) limitations, on a post-tax basis. Participants who are age 50 by the end of the Plan year may also make catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes a safe harbor contribution of 100% of each participant's elective deferral, up to 3%, plus 50% of each participant's elective deferral in excess of 3%, but not to exceed 5% of the participant's compensation.

The Company may also make an employer discretionary matching contribution, which will be computed for each payroll period, not to exceed 6% of participant contributions. For the year ended December 31, 2021, the Company did not make any discretionary matching contributions.

Participants direct their contributions, employer safe harbor contributions and employer discretionary matching contributions to any of the investment options offered by the Plan. Participants may change their investment elections at any time throughout the year via phone or online.

Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's salary deferral contribution and an allocation of (a) the employer safe harbor contribution, (b) the employer discretionary matching contribution and (c) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their salary deferral contributions and employer safe harbor contributions plus actual earnings thereon. For the employer discretionary matching contribution, participants are vested on a six-year graded vesting schedule in which they are 0% vested after zero to one year of service, 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service. Upon normal retirement age (65 years), death or disability, the participant will automatically become 100% vested.

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant or his or her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum or installment amounts. For termination of service due to other reasons, a participant will generally be entitled to receive a lump-sum distribution or to roll over the benefit into another tax-deferred plan. In addition, upon obtaining normal retirement age (65 years), a participant may elect to withdraw all or a portion of their account balance. A participant who receives a distribution of elective deferrals on account of hardship is prohibited from making elective deferrals and employee contributions for six months after receipt of the distribution. In-service distributions are not permitted unless the participant has attained age 59½, certain hardship conditions are met or rollover contributions are available.

Forfeitures: Forfeitures of terminated participants' nonvested balances are used to reduce employer contributions or to pay Plan expenses. During the year ended December 31, 2021, no forfeitures were used to reduce employer contributions. During the year ended December 31, 2021, \$1,393 of forfeitures were used to pay Plan expenses. There were no forfeitures at December 31, 2021 and 2020.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have one loan outstanding at any time. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.25% to 6.50% on loans outstanding at December 31, 2021, and mature through December 2029. Principal and interest are paid ratably through weekly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Members determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Part IV, Line 4i—Schedule of assets (held at end of year).

Payments of benefits: Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administration expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation in the fair value of investments.

Note 3. Information Certified by Minnesota Life Insurance Company (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Minnesota Life Insurance Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments, at fair value:		
Pooled separate accounts	\$ 6,876,144	\$ 4,417,064
Investments, at contract value:		
Unallocated deposit administration contract	26,662	15,397
Notes receivable from participants	99,286	82,527

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Minnesota Life Insurance Company (Continued)

Minnesota Life Insurance Company also certified to the completeness and accuracy of \$730,148 of net appreciation in fair value of investments, \$180 of interest related to the aforementioned Plan assets, and \$4,477 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 or 2020.

Pooled separate accounts: Pooled separate accounts are valued at the net asset value (NAV) of the underlying investments at the end of the Plan year. The initial pricing input is the quote price obtained for the underlying mutual fund, which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: driving the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the record-keeping system reflects the accurate value for the day.

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 6,876,144	\$ -	\$ 6,876,144

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 4,417,064	\$ -	\$ 4,417,064

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

For the year ended December 31, 2021, there were no significant transfers between levels and no transfers in or out of Level 3.

Note 5. Full Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive unallocated deposit administration contract with Minnesota Life Insurance Company (Minnesota Life) as of December 31, 2021 and 2020. Minnesota Life maintains the contributions in a Guaranteed Return Account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Minnesota Life is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger

Smart Warehousing, LLC 401(k) Plan

Notes to Financial Statements

Note 5. Full Benefit-Responsive Investment Contract (Continued)

4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreement without the consent of the issuer

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan adopted a nonstandard form of a prototype plan sponsored by Minnesota Life Insurance Company. The prototype plan has received an opinion letter dated March 31, 2014, from the IRS as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related-Party and Party-in-Interest Transactions

The Plan invests in pooled separate accounts and an unallocated deposit administration contract managed through Minnesota Life Insurance Company, the custodian of the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for record keeping and management services amounted to \$9,145 for the year ended December 31, 2021.

Note 9. Subsequent Events

Management has evaluated and disclosed subsequent events through October 12, 2022, which is the date the financial statements were available to be issued.
