Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hal Hays Construction, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hal Hays Construction, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hal Hays Construction, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hal Hays Construction, Inc. Retirement Savings Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hal Hays Construction, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hal Hays Construction, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and of Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Hal Hays Construction, Inc. Retirement Savings Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 7, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Hal Hays Construction, Inc. Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the Hal Hays Construction, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Hal Hays Construction, Inc. (HHCI) established the Plan, initially effective July 1, 2003, and restated it effective July 1, 2007, and July 1, 2012. A related entity, Heritage Transportation, Inc. started contributing to the Plan in 2014. In 2015, another related entity, Hays Ranches, LLC also began contributing to the Plan. In 2016, a related entity, Golden Bear Equipment, Inc. began contributing to the Plan. Golden Bear Equipment, Inc., Hays Ranches, LLC, Heritage Transportation, Inc., and HHCI are referred to as "the Companies" in the Plan's financial statements.

The Plan is a defined contribution plan covering all employees of the Companies. Employees are divided into two major categories, prevailing wage employees and 401(k) employees. The two categories are subject to different rules under the Plan. Employees are classified as prevailing wage or 401(k) based on the functions they perform for the Companies. Prevailing wage employees are required to enter the Plan from inception of employment. 401(k) employees can enter the Plan when they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Restatement

Effective January 1, 2021, the Plan was restated to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37.

Contributions

Eligible 401(k) plan participants can elect to defer part of their earnings on a pre-tax or after-tax basis. There are no plan-imposed limits on the amount an employee can contribute. However, the Internal Revenue Service limits the maximum amounts that can be contributed on a pre-tax or after-tax salary deferral basis. For calendar years 2021 and 2020, that limit is \$19,500. All employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the Plan year are eligible to make catch-up contributions up to \$6,500 for calendar years 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan (continued)

Contributions (continued)

The Plan also allows for employer discretionary non-elective contributions also known as a profit-sharing contribution. To be eligible to receive employer discretionary profit-sharing contributions an employee must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. In addition, the Plan allows for discretionary employer matching contributions. To be eligible to receive discretionary employer matching contributions an employee must be making salary deferrals to the Plan. All prevailing wage employees receive employer contributions, which are determined by the job contract and level of work performed. There were no employer discretionary profit-sharing contributions or discretionary employer matching contributions for the year ended December 31, 2021.

Participant Accounts

Separate accounts are maintained for each participant. Each participant account is credited with the participant's contribution, allocations of the Companies' contribution, plan earnings, and charged with an allocation of administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, transfer of rollover contributions, as well as all prevailing wage employer contributions plus actual earnings thereon. Vesting in the Companies' discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in their employer contributions after six years of credited service.

Vesting schedule for employer discretionary contributions is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a single-sum cash payment or have it rolled over into an individual retirement account (IRA) or another qualified plan that accepts transfers.

Provisions Under the Coronavirus Aid Relief and Economic Security (CARES) Act

The Coronavirus Aid Relief and Economic Security (CARES) Act included legislation that allowed revisions to be made to the operation of employee benefit plans and to the actual plan document. The Plan enacted the CARES Act provisions related to Coronavirus Related Distributions; under the provisions, qualified participants were allowed to take distributions of up to \$100,000 through December 31, 2020. The official amendment to the Plan is pending completion as of the date the financial statements were available to be issued.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts will be used to reduce the Companies' discretionary employer contributions or to offset plan expenses. There are no forfeitures available as of December 31, 2021 and 2020.

Administrative Expenses

The plan sponsor absorbs some costs associated with the Plan including audit fees. Participants pay recordkeeping and trustee fees. The Plan utilizes an Expense Budget Account to accumulate funds and pay qualified plan service providers.

Participant Loans

Participant loans are not permitted by the Plan.

Notes to Financial Statements December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the plan sponsor and are excluded from these financial statements. Fees related to early distributions are charged directly to the individual participant's account. Investment related expenses are applied ratably to participants' accounts. Distributions and investment fees are aggregated and included in administrative fees.

Note 3: Investments (Unaudited)

The December 31, 2021 and 2020 statements of net assets available for benefits, the investment activities included in the statement of changes in net assets available for benefits for the year ended December 31, 2021, the accompanying notes, and supplemental schedules to the financial statements, were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$3,723,799 and \$3,453,211 as of December 31, 2021 and 2020, respectively.

The Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$416,756 during the year ended December 31, 2021 and 2020.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the fund at the period end. The account values of pooled separate accounts are not publicly quoted but use NAV as the practical expedient, therefore are not classified in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of Net Realizable Value (NRV) or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value*	\$ -	\$ -	\$ -	\$ 3,723,799
Total Investments, at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,723,799</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value*	\$ -	\$ -	\$ -	\$ 3,453,211
Total Investments, at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,453,211</u>

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 4: Fair Value Measurements (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 5: Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions. If the Plan terminates, benefits provided under this Plan are neither insured nor guaranteed by the Companies, by the Pension Benefit Guaranty Corporation, a federal governmental agency, nor under any state or federal law.

Note 6: Tax Status

The prototype plan obtained a determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan is qualified under section 401(a) of the Internal Revenue Code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Related Party and Party in Interest Transactions

Certain plan investments are shares of pooled separate accounts whose underlying investments are managed by Transamerica. Transamerica is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan incurred \$28,534 in administrative expenses paid for services provided by party in interest service providers. The Companies, the employers whose employees are covered by the Plan, may make non-elective discretionary contributions which qualify as party in interest transaction. There were no discretionary employer contributions during the year ended December 31, 2021.

Note 9: Prohibited Transactions

For the year ended December 31, 2021, the plan sponsor failed to remit to the Plan's custodian employee contributions totaling approximately \$5,359 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions were due to administrative errors. The plan sponsor has made contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays and has completed the correction outside the Voluntary Fiduciary Correction Program as of the date the financial statements were available to be issued.

Note 10: Subsequent Events

The Plan has evaluated subsequent events through October 5, 2022, the date the financial statements were available to be issued.
