INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Cement Masons Pension Fund of
Local No. 165
Merrillville, Indiana

Opinion

We have audited the accompanying financial statements of Cement Masons Pension Fund of Local No. 165, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Cement Masons Pension Fund of Local No. 165 as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cement Masons Pension Fund of Local No. 165 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cement Masons Pension Fund of Local No. 165's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cement Masons Pension Fund of Local No. 165's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cement Masons Pension Fund of Local No. 165's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Cement Masons Pension Fund of
Local No. 165
Merrillville, Indiana

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Asset Method

Actuarial Assets for funding purposes are developed by recognizing the total actuarial investment gain or loss for each Plan Year over a five-year period. In the first year, 20% of the gain or loss is recognized. In the second year 40%, in the third year 60%, in the fourth year 80%, and in the fifth year 100% of the gain or loss is recognized. The actuarial investment gain or loss is defined as the actual return on investments minus the actuarial assumed investment return on the market value of assets.

CEMENT MASONS PENSION FUND OF LOCAL NO. 165

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following brief description of the Cement Masons Pension Fund of Local No. 165 (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was created by an agreement and declaration of trust, dated January 1, 1971, between the Calumet Builders Association, Inc., and Industrial Contractors and Builders Association of Indiana, Inc. and the Cement Masons Local Union No. 165 of Hammond, Indiana and Vicinity (Union) for the purpose of providing pension and other benefits for all eligible participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

The Pension Plan provides several types of monthly pensions for qualified participants who retire under the provisions of the Plan rules and regulations.

They are:

- a) A Normal Retirement Pension will be provided for a participant after the later of age 65 or the fifth anniversary of employment.
- b) An Early Retirement Pension (1) will be provided to a participant who shall have attained age 55 and 25 years of vested service. If age is less than 60, there is a benefit reduction.
- c) An Early Retirement Pension (2) with a benefit reduction is provided for a participant who shall have attained age 55 and 10 years of credited service.
- d) A Disability Retirement Pension will be provided for a participant who becomes totally and permanently disabled while in covered employment after completion of 10 years of credited service and becomes entitled to disability benefits payable under Title II of the Social Security Act.
- e) A Vested Deferred Pension will be provided to a participant if they have achieved vested service and are not entitled to any other pension under the Plan. A vested deferred pension shall be payable at the participant's normal retirement date or after the participant has attained age 55.
- f) A Pre-Retirement Surviving Spouse Pension will be provided for a surviving eligible spouse provided that the participant had attained vested service. If the participant is eligible for retirement at death, benefit is payable immediately; otherwise, the benefit is payable the first date the participant could have retired.
- g) A Pre-Retirement Death Benefit will be provided upon the death of a participant who has not commenced to receive a pension if the participant does not have a qualified spouse on the date of his death. A five-year certain benefit will be paid based on the participant's accrued benefit earned as of the date of his death and which would have been payable at normal retirement age. The benefit will not be reduced for early retirement and is payable to the participant's designated beneficiary.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Employers' Contributions Receivable

Employers' contributions receivable represents amounts due under terms of the collective bargaining agreements and are reported at the amount management expects to collect on balances outstanding at December 31, 2021 and 2020. Employer records are subject to audit and additional revenue, if any, that may arise as a result of these audits is recognized when final amounts are determined.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of January 1, 2021 and 2020 were:

- a) Life expectancy of participants as of January 1, 2021 – RP-2014 Blue-Collar Mortality table projected to the valuation date using Scale MP-2020 for active, retiree and beneficiaries; RP-2014 Disabled Retiree Mortality table projected to the valuation date using Scale MP-2020 for disabled retirees. Life expectancy of participants as of January 1, 2020 – RP-2014 Blue-Collar Mortality table projected to the valuation date using Scale MP-2019 for active, retiree and beneficiaries; RP-2014 Disabled Retiree Mortality table projected to the valuation date using Scale MP-2019 for disabled retirees.
- b) Retirement age assumptions – retirement age varies depending on the employee's years of service.
- c) Assumed average rate of return – 6.50%.

CEMENT MASONS PENSION FUND OF LOCAL NO. 165

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 2 – Summary of Significant Accounting Policies (Continued)

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 15, 2022, which is the date the financial statements were available to be issued.

Note 3 – Accumulated Plan Benefit Information

The actuarial present value of accumulated plan benefits at January 1, 2021 and 2020 is as follows:

	<u>2021</u>	<u>2020</u>
Actuarial present value of accumulated plan benefits		
Vested benefits		
Participants currently receiving payments	\$17,627,167	\$17,572,918
Other participants	<u>9,248,299</u>	<u>8,847,244</u>
	26,875,466	26,420,162
Non-vested benefits	<u>2,728,884</u>	<u>2,548,294</u>
	<u>\$29,604,350</u>	<u>\$28,968,456</u>

During the year ended January 1, 2021, the actuarial present value of accumulated plan benefits increased \$1,365,532 determined as follows:

Actuarial present value of accumulated benefits at January 1, 2020	<u>\$28,968,456</u>
Increase (decrease) during the year attributable to:	
Benefits accumulated	418,518
Interest	1,831,287
Assumption changes	(24,299)
Benefits paid	<u>(1,589,612)</u>
Net increase	<u>635,894</u>
Actuarial present value of accumulated benefits at January 1, 2021	<u>\$29,604,350</u>

CEMENT MASONS PENSION FUND OF LOCAL NO. 165NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 3 – Accumulated Plan Benefit Information (Continued)

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021 and 2020. Had the valuations been performed as of December 31, 2020 and 2019, there would be no material differences.

Note 4 – Cash Concentration

Cash balances are primarily maintained at one bank. Accounts at the institution may from time to time exceed amounts insured by the Federal Deposit Insurance Corporation.

Note 5 – Reciprocity Agreements

The Plan is signatory to reciprocity agreements with various other defined benefit plans. In accordance with these agreements, the Plan is required to remit funds received and is entitled to receive funds from participating contractors on behalf of temporary employees to and from the employees' participating local unions.

For the years ended December 31, 2021 and 2020, the Plan received approximately \$321,400 and \$167,300 and remitted approximately \$224,500 and \$300,700, respectively, of reciprocal payments in accordance with these agreements. Reciprocal payments received are included in the contractors' contributions on the statement of changes in net assets available for benefits. Payments made to other plans for reciprocal contributions collected on behalf of those plans are recorded as a reduction to the reciprocal payable account and are not included in the statements of changes in net assets available for benefits as they do not represent an expense of the Plan.

Note 6 – Funding Policy

The Plan is funded by employer contributions made on behalf of the participants in accordance with the collective bargaining agreements between employers and the Union. In order to receive a pension from the Plan, a participant must meet the eligibility requirements set forth in the Plan rules and regulations. Generally, no contributions are refundable to any employer or to the union. Employer contributions for the years ending December 31, 2021 and 2020 exceeded the minimum funding requirements of ERISA.

Note 7 – Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to participant contributions, taking into account those paid out before termination.
2. Benefits that former participants or their beneficiaries have been receiving for at least three years, or that participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of pension under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).

CEMENT MASONS PENSION FUND OF LOCAL NO. 165

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 7 – Plan Termination (Continued)

4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

The PBGC insures certain benefits under the Plan if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elected to have their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some other form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 8 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board *Accounting Standards Codification* 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

CEMENT MASONS PENSION FUND OF LOCAL NO. 165

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 8 – Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective Trust Fund: Value based on net asset value (NAV) (or equivalents). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table presents the fair values of investments:

	<u>Fair Value</u>	<u>Investment Measured at Net Asset Value</u>
<u>December 31, 2021</u>		
Collective trust fund	<u>\$43,483,659</u>	<u>\$43,483,659</u>
<u>December 31, 2020</u>		
Collective trust fund	<u>\$38,120,377</u>	<u>\$38,120,377</u>

In accordance with Accounting Standard Update 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

The common and collective trust fund is considered a direct filing entity (DFE) and files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are generally available daily without notice. Redemptions over 50% of the aggregate NAV per unit require notification, in writing, no later than the 45 days prior to the end of a calendar quarter. Redemptions under these terms shall be effected on the last business day of the calendar quarter. There are no unfunded commitments at December 31, 2021 or 2020.

Note 9 – Major Contributing Employers

The Plan had three (2021) and two (2020) major participating employers which account for approximately 33% and 31% of the employer contributions to the Plan for the year ended December 31, 2021 and 2020, respectively.

CEMENT MASONS PENSION FUND OF LOCAL NO. 165NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 10 – Tax Status

The Plan is exempt from federal income taxes under Section 401(a) of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on July 17, 2015, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax years in progress.

Note 11 – Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

On January 30, 2020, the World Health Organization (WHO) declared the novel coronavirus outbreak (COVID-19) a public health emergency. In March 2020, the WHO classified the outbreak as a pandemic based on the rapid increase in exposure globally. While the overall impact of COVID-19 during 2021 to the Plan's operations was not overly significant, the future financial impact and duration cannot be reasonably estimated at this time.

Note 12 – Employers' Withdrawal Liability

The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 (the Act) that requires imposition of a "Withdrawal Liability" on a contributing employer who partially or totally withdraws from the Plan. The amount of the withdrawal liability is based on the Plan's unfunded vested benefits. In addition, the assessment may also include portions of the reallocated liabilities, established from non-collectible or non-assessable amounts for withdrawal. There is no withdrawal liability for employers, if any, who withdrew in 2021 and 2020.

Note 13 – IRS Compliance

The Internal Revenue Service is currently conducting an investigation of the Plan for the purpose of reviewing the Plan's compliance with the Internal Revenue Code. The investigation is ongoing.
