Independent Auditor's Report

The Plan Trustees of the
Smith and Keene 401(k) Plan
Chesapeake, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Smith and Keene 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of the Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Smith and Keene 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document available from the plan administrator for a more complete description of the Plan's provisions.

General

The Plan, established May 1, 2020, is a defined contribution plan covering all employees of Smith and Keene Electric Service Inc. (the "Company" or "Employer"), except leased employees, who have completed ninety days of service and are twenty-one years of age or older. Eligible employees may begin participating in the Plan as of the first day of each month immediately following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, and may also contribute on an after-tax basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Employer, at its discretion, may match employee contributions made during the plan year in an amount determined by the Employer, expressed as a percentage of participant compensation. All eligible participants share in the allocation of matching contributions regardless of service completed during the plan year or employment status at the end of the plan year, as defined by the Plan. Additionally, the Company may elect to make safe harbor nonelective contributions on an annual basis. Contributions are subject to certain regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions, and Company contributions made on their behalf, into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their deferral, after tax, and Company safe harbor nonelective contributions, plus actual earnings thereon. Participants who retire, die or become totally and permanently disabled are entitled to the full amount in their account. Participants who terminate employment prior to 100% vested are entitled to a percentage of their Company employer contributions account depending on their years of service. A participant will be vested 20% per year beginning after one year of service and is 100% vested after five years of service.

Smith and Keene 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Participants may not apply for more than one loan during a 12-month period and may only have one loan outstanding at a time. Loans are repayable ratably through periodic payroll deductions, at a reasonable fixed rate of interest set by the Company. Payments of principal and interest are credited to the participant's account. There were no participant loans issued or outstanding as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, participants whose vested interest in their account balances exceeds \$5,000 may elect to receive a distribution of their vested account balance. Distributions may be paid to qualified participants in the form of a lump sum payment, installments, or a rollover to a qualified Plan. Participants whose vested interest in their account balance is \$1,000 or less will automatically receive a lump-sum equal to the value of their vested balance. Participants whose vested interest in their account balance is between \$1,000 and \$5,000, and make no elections, will automatically have their vested account balances rolled over to an IRA. The Plan allows for hardship distributions, and in-service withdrawals upon attainment of age 59 ½, from all vested account balances. Participants will receive the value of their vested interest in their account balances as soon as administratively feasible following the date of termination.

Forfeitures

There were \$416 and \$529 of unallocated forfeitures as of December 31, 2021 and 2020. Forfeitures may be used to pay administrative expenses or allocated to participants. Forfeitures totaling \$525 and \$4 were used to offset administrative expenses and Employer contribution, respectively, during the year ended December 31, 2021.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in the fair value of investments in the statements of changes in net assets available for benefits. Administrative expenses of \$5,513 were charged to the Plan for account maintenance and participant requested transactions for the year ended December 31, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Smith and Keene 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ materially from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Plan management determines the Plan's valuation policies utilizing information provided by investment advisor, Principal Trust Company (Principal). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. A participant's loan shall be considered in default if any scheduled repayment remains unpaid as of the end of the calendar quarter following the calendar quarter in which the missed payment was due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefits. No allowance for credit losses was recorded as of December 31, 2021 and 2020. For the years ended December 31, 2021 and 2020 there were no deemed distributions.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2021 excess contributions to the applicable participants in 2022.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, the date which the accompanying financial statements were available to be issued.

Smith and Keene 401(k) Plan

Notes to Financial Statements

Effective February 18, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document of Principal Financial Group, which received an opinion letter from the Internal Review Service (IRS) dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the Internal Review Code (IRC).

3. Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which a fair measurement falls is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: represent investments (mutual funds) held with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: units held in the common collective trusts are valued at NAV. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Notes to Financial Statements

Pooled Separate Accounts: are valued at the NAV per unit based on the fair value of the underlying assets. The NAV, as provided by Principal, is used as a practical expedient to measure fair value. Units of the pooled separate accounts may be traded daily with generally no liquidity restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2021 and 2020 on a recurring basis:

<i>December 31, 2021</i>	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 49,113	\$ 49,113	\$ -	\$ -

Total investments at the NAV as a practical expedient (a)	503,399
--	---------

Total investments, at fair value	\$ 552,512
----------------------------------	------------

<i>December 31, 2020</i>	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 39,561	\$ 39,561	\$ -	\$ -

Total investments at the NAV as a practical expedient (a)	313,675
--	---------

Total investments, at fair value	\$ 353,236
----------------------------------	------------

- (a) In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

The common collective trust and pooled separate account investments are direct filing entities. The following table set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient:

<i>December 31, 2021</i>	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 495,217	\$ -	Daily	None
Pooled separate accounts	8,182	-	Daily	None
Total investments presented at NAV	\$ 503,399	\$ -		

<i>December 31, 2020</i>	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 308,755	\$ -	Daily	None
Pooled separate accounts	4,920	-	Daily	None
Total investments presented at NAV	\$ 313,675	\$ -		

4. Fixed Annuity Contracts

The fixed annuity contract consists of the investment option available to participants known as the Principal Fixed Income Guaranteed Option. The annuity contract is a guaranteed general-account backed group annuity contracts that has been issued by Principal Life Insurance Company (Principal Life) to Principal Trust Company as custodian. A rate of interest contractually guaranteed by Principal Life is credited to participant account balances.

Annuity accounts are credited with a guaranteed minimum rate of interest that is determined annually. This net crediting rate is after the deduction for fees for administrative and recordkeeping services provided to the plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting. Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents, (b) changes to the Plan's prohibition on competing investment options or deletion of equity provisions, (c) bankruptcy of the Company or other Company events, and (d) the failure of the Plan to qualify for exemption of Federal Income taxes. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

During years ended December 31, 2021 and 2020, the crediting rates of the annuity contract ranged from 1.55% to 1.60%.

5. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

6. Party-in-Interest and Related Party Transactions

Certain Plan investments are funds managed by Principal or its affiliates. Principal is the custodian as defined by the Plan and therefore, these transactions qualify as exempt party-in-interest transactions. Investment management fees were paid to the custodian in the form of a reduction of net appreciation in fair value of investments earned by Plan participants. Additionally, the Employer pays certain administrative expenses on behalf of the Plan and provides certain recordkeeping services at no cost to the Plan, both of which are considered to be exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Tax Status

The Plan Document is a volume submitted document that has an opinion letter dated March 31, 2014 from the IRS stating that the Plan is designed in accordance with applicable requirements of the IRC. See Note 2 for the update to the Plan Document and the IRS opinion letter in 2022. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As such, the plan is not subject to income taxes; however, it is required to file tax returns.

In accordance with Accounting Standards Codification (ASC) 740, *Income Taxes*, accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Employer contribution accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2021 and 2020, the Plan held two and one investments comprising of 56% and 57% of the total fair value of investments.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the financial statements to Schedule H of Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ 554,566	\$ 350,611
