Report of Independent Auditors

The Plan Administrator
Retirement Plan for Employees of
Memorial Health System of East Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Retirement Plan for Employees of Memorial Health System of East Texas (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 20, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2021 through December 20, 2021, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions for the period from January 1, 2021 through December 20, 2021 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated December 20, 2021, we

indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Plan for Employees of Memorial Health System of East Texas

Notes to Financial Statements

December 20, 2021

1. Description of the Plan

The following description of the Retirement Plan for Employees of Memorial Health System of East Texas (the Plan) is provided for general informational purposes only. Participants of the Plan should refer to the Summary Plan Description for more detailed and complete information regarding the vesting and benefit provisions.

General

The Plan is a noncontributory, defined benefit plan covering all eligible employees of Memorial Health System of East Texas (the Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

At its November 2019 meeting, the CommonSpirit Health Human Resources and Compensation Committee of the Board of Stewardship Trustees approved the Charter for the CommonSpirit Health Retirement Plan Sub-Committee (the Sub-Committee) delegating plan administrative oversight to the Sub-Committee. The Sub-Committee has overall responsibility for the operation and administration of the Plan. After the merger of Catholic Health Initiatives (CHI) with Dignity Health in February 2019, the CommonSpirit Health Investment Committee was created, which directly reports to Board of Stewardship Trustees. The CommonSpirit Health Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In May 2014, Memorial Health System of East Texas and CHI signed a definitive agreement for the transfer of Memorial Health System of East Texas to CHI. The transaction was completed on May 31, 2014.

In October 2015, the Plan began investing primarily in the Catholic Health Initiatives Master Trust (CHI Master Trust). In connection with this transfer, The Bank of New York Mellon (BNY Mellon), which also serves as trustee of the CHI Master Trust, became the trustee of the Plan.

Effective December 31, 2003, the Plan was amended such that all benefit accruals under the Plan were frozen.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Effective May 1, 2020, the trustee of the Plan was changed from BNY Mellon to The Northern Trust Company, and on October 19, 2020, the CHI Master Trust was renamed the CommonSpirit Health Retirement Master Trust (CSH Master Trust).

On November 2, 2020, the Plan withdrew its participation in the CSH Master Trust and established its own stand-alone trust solely comprising the assets of the Plan. The Plan's share in the CSH Master Trust was liquidated and cash proceeds were used to acquire common collective trusts.

2021 Merger

Effective December 20, 2021, the Plan merged into the St. Luke's Health System Retirement Plan, which was subsequently renamed CommonSpirit Health ERISA Retirement Plan (ERISA Retirement Plan). The net assets, amounting to \$43,475,118, in the Plan were transferred to the ERISA Retirement Plan prior to December 31, 2021. The following describes the Plan just prior to the merger.

On September 14, 2021, the Human Resources and Compensation Committee of the Plan Sponsor voted to terminate the ERISA Retirement Plan effective at a date determined by the Chief Human Resources Officer or the Senior Vice President, Benefits.

Funding Policy

The Sponsor agreed to voluntarily contribute such additional amounts as were necessary to provide assets sufficient to meet the benefits due to participants. The Sponsor's present intention was to make contributions as necessary to ensure the Plan had met the ERISA minimum funding requirements. At December 20, 2021 and December 31, 2020, the Plan met the ERISA minimum funding requirements.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

The Plan's expenses were paid either by the Plan or the Sponsor. Expenses that were paid directly by the Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that were paid by the Plan are recorded as deductions on the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented on the accompanying statements of changes in net assets available for benefits.

Pension Benefits

On termination of service, a participant under the normal form of benefits received monthly income for life, a qualified joint and contingent benefit for married employees, or a lump-sum distribution if the lump-sum value of the benefit was less than \$5,000. Employees were eligible for early retirement if the participant had attained age 55 and completed 15 years of credited service.

Upon the death of a participant, his or her beneficiary received a monthly retirement income, payable for life thereafter beginning on the first day of the month coincident with or next following the date of death. Upon total and permanent disability of a participant, he or she was entitled to a monthly income, payable for life.

Vesting

Vesting service was equal to the total period of elapsed time, computed in years and days, from the first date of employment until the normal retirement date or the date of termination of employment, if earlier, less that portion of any absence that is in excess of 12 months. A participant's initial vesting date at 100% was the earlier of (a) the date the participant has completed five years of vesting service or (b) the date the participant attains age 65.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Fair Value Measurements

The Plan's investments are stated at estimated fair value in accordance with Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*. The guidance provides a consistent definition of fair value that focuses on an exit price, which is the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820 prioritizes, with respect to the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the nature of inputs used in the valuation of an asset or a liability as of the reporting date.

The three-level hierarchy for fair value measurements is as follows:

- Level 1 – Fair value is based on inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Retirement Plan for Employees of
Memorial Health System of East Texas

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

- Level 2 – Fair value is based on inputs, other than Level 1, that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability through corroboration with observable market data.
- Level 3 – Fair value is based on inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

In situations where inputs used to determine fair value fall into different levels of the fair value hierarchy, the level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement in its entirety.

The fair value of common collective trusts held directly by the Plan at December 31, 2020, is not publicly traded; therefore, readily available market quotations are generally not available to be used for valuation purposes. Accordingly, the Sponsor's valuation of these common collective trusts is measured at the net asset value (NAV) practical expedient as of the reporting date and is excluded from the three-level hierarchy for fair value measurements in accordance with ASC Topic 820.

For additional information on the fair value measurements of the investment securities within the Plan, see Note 4.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Memorial Health System of East Texas

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 3) represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. The accumulated plan benefits are based on the employees' average monthly rate of basic compensation for the 5 successive calendar years out of the 15 calendar years next preceding normal retirement that gave the highest monthly average rate. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee services rendered to the valuation date.

3. Accumulated Plan Benefits

An actuary from Willis Towers Watson estimated the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information as of December 31, 2020, is as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants and beneficiaries currently receiving payments	\$ 22,897,562
Other participants	10,517,118
Total vested benefits	<u>33,414,680</u>

Non-vested benefits:

Other benefits attributable to service rendered	177,992

Total actuarial present value of accumulated plan benefits	<u><u>\$ 33,592,672</u></u>
--	-----------------------------

Retirement Plan for Employees of Memorial Health System of East Texas

Notes to Financial Statements (continued)

3. Accumulated Plan Benefits (continued)

The change in the actuarial present value of accumulated plan benefits is attributable to the following:

Actuarial present value of accumulated plan benefits at January 1, 2020	\$ 30,669,564
Increase (decrease) during year attributable to:	
Actuarial losses	407,736

These actuarial assumptions are based on the presumption the Plan will continue as a frozen plan. Were the Plan to terminate, different assumptions and other factors might be applicable in determining the actuarial present value of the accumulated plan benefits.

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy as described in Note 2, the Plan's assets carried at fair value:

December 20, 2021			
Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ —	\$ —	\$ —
Investments measured at NAV:			
Common collective trusts			—
Total investments			\$ —

4. Fair Value Measurements (continued)

The following sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent):

	December 20, 2021	December 31, 2020		
	Fair Value	Fair Value	Redemption Frequency	Redemption Notice Period
Common collective trusts ^(a)	\$ —	\$ 44,334,422	Daily	3 days

^(a) The common collective trusts held by the Plan were not subject to any redemption restrictions and did not have any unfunded commitment balances. Each investment can be fully or partially redeemed with prior notice to the manager of 3 business days.

5. Investments

All investment information disclosed in the accompanying financial statements, footnotes, and supplemental schedule, including investments held at December 20, 2021 and December 31, 2020, net investment gain from plan interest in the CSH Master Trust, formerly the CHI Master Trust, net appreciation in fair value of investments, and interest and dividend income for the period from January 1, 2021 through December 20, 2021 and year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Northern Trust Company, the trustee of the Plan as of December 20, 2021 and December 31, 2020, and for the periods from January 1, 2021 through December 20, 2021 and May 1, 2020 through December 31, 2020, and BNY Mellon, the trustee for the period from January 1, 2020 through April 30, 2020.

Retirement Plan for Employees of Memorial Health System of East Texas

Notes to Financial Statements (continued)

6. CSH Master Trust, Formerly the CHI Master Trust

Certain of the Plan's investments were held in the CSH Master Trust, formerly the CHI Master Trust, which was established for the investment of assets of the Plan and several other CHI-sponsored retirement plans through November 2, 2020.

Due to the withdrawal of the Plan's participation in the CSH Master Trust on November 2, 2020, the Plan does not hold an investment in the CSH Master Trust at December 20, 2021 or December 31, 2020.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated December 2, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party-in-Interest Transactions

Certain of the Plan's assets were invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Notes to Financial Statements (continued)

9. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits.

Plan contributions were made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

10. Subsequent Events

Management has evaluated subsequent events for the Plan through October 14, 2022, the date the accompanying financial statements were available to be issued.

Plan-related expenses

An estimate of current year's expenses excluding PBGC premiums provided by CommonSpirit Health, plus an estimate of the current year's PBGC premiums. For 2021, the administrative expenses are assumed to be \$175,000.

As permitted by law, rates reflecting stabilization are used to determine the funding target, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used to determine the PBGC FTAP and the PBGC 4010 FS.

Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets for determining minimum required contributions	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the prior plan year, discounted using the effective interest rate for the prior plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with CommonSpirit Health and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

CommonSpirit Health, through its third party administrator, furnished participant data as of January 1, 2021. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

Willis Towers Watson is not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations. The following assumptions for unavailable data were approved by CommonSpirit Health and reflected in the data:

Data Element	Assumption
Active Data Elements	
Credited service	Average credited service by status
Inactive Data Elements	
Participant date of birth	Average date of birth by status
Accrued benefit	Average benefit for status rounded to the nearest \$10
Beneficiary date of birth	Males are 3 years older than their spouse
Beneficiary gender	Opposite gender

Assumptions Rationale – Significant Economic Assumptions

Discount rate The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.

Plan Related Expenses Administrative expenses are estimated by determining the expected expense for the coming year.

Assumptions Rationale – Significant Demographic Assumptions

Mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Termination Termination rates were based on a published table for pension participants believed to have similar characteristics to the plan population.

Retirement Retirement rates are based on plan sponsor expectations for the future with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

**Benefit commencement date
for deferred benefits**

Deferred vested participants' assumed commencement age is a single age intended to capture the expected average age at commencement.

Source of Prescribed Methods**Funding methods**

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods**Change in assumptions since
prior valuation**

- The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC 430.
- The base mortality table used to calculate the funding target and target normal cost was updated as required by IRC 430. In addition, the projection scale was updated to include one additional year of projected mortality improvement, as required by IRC 430.
- The assumed plan-related expenses added to the target normal cost were changed to better reflect anticipated experience.
- The American Rescue Plan Act (ARPA) of 2021 was enacted in March, 2021. ARPA revises PPA's interest rate stabilization provisions. The plan sponsor is not applying ARPA's interest rate stabilization provisions to the 2021 plan year and so ARPA's revised stabilization provisions are not reflected in this report; if the plan sponsor decides to apply ARPA's interest rate stabilization provisions for the 2021 plan year, the results shown in this report will change.
- ARPA also revises PPA's interest rate stabilization provisions for IRC §436 (benefit restriction) purposes. The plan sponsor is not applying ARPA's interest rate stabilization provisions for §436 purposes for the 2021 plan year, and so ARPA's revised interest rate stabilization provisions are not reflected in this report for §436 purposes; if the plan sponsor decides to apply ARPA's revised interest rate stabilization provisions for §436 purposes to the 2021 plan year, the AFTAP shown in this report may change.

Change in methods since prior valuation

- The American Rescue Plan Act (ARPA) of 2021 was enacted in March, 2021. ARPA replaces PPA's 7-year shortfall amortization installments (SAIs), with a "fresh start" 15-year amortization. (Note that waiver amortization bases, if any, are not affected). The plan sponsor has not yet elected to apply ARPA's 15-year amortization provisions and so no such election is reflected in this report.

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

EIN/PN	75-0755367 / 001
Plan Name	Retirement Plan for Employees of Memorial Health System of East Texas
Valuation Date	January 1, 2021
Enrolled Actuary	Michael S Erazmus
Enrollment Number	20-06431

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years. The amounts of contributions and dates paid shown in Item 18 of Schedule SB were listed in reliance on information provided by the plan administrator and/or trustee.

The normal cost shown on lines 6 and 31 is for the portion of the year before the Plan merged into the St. Luke's Health System Retirement Plan, EIN 76-0536232 Plan Number 001. Normal cost for the remainder of the plan year post-merger is included on the 2021 Schedule SB for the St. Luke's Health System Retirement Plan.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Effective Date and Most Recent Amendment	The plan was originally effective May 1, 1976. The plan was restated last in 2012 and amended last on March 9, 2020.
Plan Year	The twelve-month period ending December 31.
Coverage and Participation	<p>Participation is limited to participants in the plan as of December 31, 2003. All employees prior to December 31, 2003 were eligible to participate under the plan after one year of service. "Employee" means any person on the payroll whose wages are subject to withholding for the purposes of federal income tax.</p> <p>Note: If an employee meets the age requirement, but fails to complete 1,000 hours during the first year, participation will begin on the January 1 following the plan year in which 1,000 hours are completed.</p>
Benefit Accrual Preservation Date	December 31, 2003. The plan was frozen to participation and benefit accruals after December 31, 2003.

Definitions

Credited Service	The number of years and completed months of service from date of hire to the earlier of date of termination or Benefit Accrual Preservation Date, adjusted for certain periods of unpaid absence.
Vesting Service	Total service from date of hire to date of termination, less any absence in excess of 12 months.

Plan Name:	Retirement Plan for Employees of Memorial Health System of East Texas

Final Average Monthly Compensation

The monthly average of the 5 consecutive years' compensation out of the last 15 years at the earlier of the date of termination or the Benefit Accrual Preservation Date that gives the highest average. Compensation includes W-2 compensation plus any compensation deferred under a Section 125 or Section 401(k) plan. Compensation is limited to the pay limit as described in IRC Section 401(a)(17). The limit at Benefit Accrual Preservation Date is \$200,000.

Covered Compensation

A 35-year average of the Maximum Taxable Wages (MTW) under social security. The MTW is the annual limit on wages subject to the FICA tax for social security. The 35-year period ends with the year the employee reaches eligibility for an unreduced social security benefit (age 65, 66, or 67 depending on the year the employee was born). For years after the Benefit Accrual Preservation Date (2003) and prior to the end of the 35-year period, the MTW from the Benefit Accrual Preservation Date (2003) is used.

Accrued Benefits

The participant's Accrued Benefit at any given date is the Normal Retirement Benefit, based on the formulas below, the product of (a) the Final Average Monthly Compensation and monthly Covered Compensation determined as of the earlier of date of termination or the Benefit Accrual Preservation Date times (b) the ratio of Credited Service at the earlier of date of termination or Benefit Accrual Preservation Date to Credited Service at Normal Retirement Date.

The Accrued Benefit was frozen for all participants as of December 31, 2003.

Eligibility for Benefits

Normal Retirement

First day of month coincident with or next following 65th birthday.

Early Retirement

Age 55 and 15 years of vested service.

Disability Benefit

Total and permanent disability of participant prior to Normal Retirement Date and 2 years of Vesting Service.

Late Retirement

For employees who accrue less than 40 hours of service in any calendar month and whose retirement occurs after the Normal Retirement Date, the late retirement income will be based on the greater of 1 and 2:

1. The Normal Retirement Benefit calculated using Credited Service and Final Average Monthly Compensation as of the Benefit Accrual Preservation Date, if earlier than the Late Retirement Date.
2. The income provided on an actuarially equivalent basis by the single-sum value of the retirement income payable as of Normal Retirement Date if earlier than the Benefit Accrued Preservation Date and if employment had then terminated, accumulated with interest to the later of the Benefit Accrual Preservation Date or the Annuity Starting Date.

All other employees who retire after the Normal Retirement Date will receive a Late Retirement Income equal to the Normal Retirement Benefit calculated using Credited Service and Final Average Monthly Compensation as of the Benefit Accrual Preservation Date if earlier than the Late Retirement Date.

SCHEDULE SB ATTACHMENTS

Disability Benefit

The monthly income that can be provided by the greater of A and B, but not less than C if eligible for Early Retirement Benefit as of the date of termination of service due to disability:

- A. The present value of the Accrued Benefit as of the Benefit Accrual Preservation Date.
- B. A multiple of the Final Average Monthly Compensation as of the Benefit Accrual Preservation Date. If the employee is at least age 45 and has completed 15 years of service, the multiple is 30; otherwise, the multiple is 12.
- C. The monthly Early Retirement Benefit payable at the Disability Retirement Date.

This income is payable for life only.

The monthly benefit may not be greater than the retirement income the participant would receive if he remained in active employment at his rate of pay at the Benefit Accrual Preservation Date and retired.

Waiting Period: Benefits will not commence until the employee has been disabled for six months and has filed a request for disability benefits with the employer.

Vested Benefits Upon Termination of Service

The termination benefit is equal to the vested accrued benefit, payable in the normal form, commencing at Normal Retirement Date. Optionally, the participant may elect to receive an actuarially reduced benefit commencing prior to Normal Retirement Date. The participant may also elect to receive an actuarially reduced benefit in order to provide a death benefit for the period between termination and the date retirement payments commence. Such death benefit is equal to the actuarial present value of the deferred accrued benefit, determined as of the Benefit Accrual Preservation Date.
