Report of Independent Auditors

To the Administrator of Hayward Industries, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Hayward Industries, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Hayward Industries, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more detailed and complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan adopted by Hayward Industries, Inc. (the “Company”). The Plan was established on August 1, 1984 and was designated as a defined contribution plan covering all eligible employees of the Company, and its subsidiaries. Employees are eligible to participate in the Plan on the first day of the month following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Benefits Administration Oversight Committee is responsible for oversight of the Plan. Fidelity Management Trust Company is the Plan’s trustee (the “Trustee”).

Contributions

Each year participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, not to exceed amounts prescribed by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed amounts prescribed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may also make Roth contributions to the Plan. Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds, self-directed brokerage accounts and a guaranteed interest account as investment options for participants. During the year, the Company makes a nondiscretionary contribution of 3% of an employee’s pre-tax compensation to those employees who meet the eligibility for the safe harbor contribution. The Company matches participant contributions in an amount equal to 50% of a participant’s contribution up to a maximum of 6% of eligible compensation as defined in the plan documents. For the year ended December 31, 2021, the Company safe-harbor and matching contribution to the Plan was \$6,137,517. Certain participants are eligible for an additional Company contribution from 1% to 3% of eligible compensation for the year as defined in the plan document and these participants received \$8,840 in 2021. This amount of \$8,840 was a contribution type previously contributed to the Hayward Industries Inc. Pension Plan based on participant dates of birth and entry into the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vested benefits are those amounts to which participants are entitled regardless of future services to the Company. Participants are vested immediately in their contributions plus actual earnings thereon. Participants’ employer contribution account balances become 20% vested after one year of service and vest an additional 20% for each additional year of service. Consequently, after five

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

years of service, account balances are fully vested. If a participant's employer contribution account is not already 100% vested pursuant to the aforementioned terms, such account shall become fully vested upon the earliest of the participant's retirement, disability or death.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. A participant may not have more than one outstanding note at a time.

Under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") the Plan adopted the following loan provisions for qualifying Coronavirus related reasons, effective in 2020 only:

1. CARES Act Loans up to the lesser of \$100,000 or 100% of the account balance; and
2. CARES Act Loan Deferrals allows eligible participants to defer repayment of their Plan loan(s) until December 31, 2020. Deferred loans were re-amortized and repayments restarted in January 2021.

As of December 31, 2021, loans outstanding bear interest at rates ranging from 4.25% to 6.50% with maturity dates from ranging from 2022 through 2030.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants may apply for a hardship withdrawal in the event of an immediate and heavy financial need, as defined in the plan document. The participant's discretionary contribution is not subject to a suspension period.

Under the CARES Act, the Plan adopted the following for qualifying Coronavirus related reasons, effective in 2020 only:

1. Waiver of required minimum distribution payable in 2020 and
2. CARES Act distributions up to the lesser of \$100,000 or 100% of the account balance.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$106,426 and \$105,437, respectively. These accounts can be used to reduce future employer contributions, pay administrative expenses, or be reallocated to participants' accounts, in accordance with plan documents. In 2021, employer contributions were reduced by \$144,445 from forfeited nonvested accounts.

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for those reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Payments of Benefits

Benefits payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, (ASC 820) Fair Value Measurements and Disclosures, defines fair values, establishes a framework for measuring fair value, gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2021 and 2020

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ 179,718,186	\$ -	\$ -	\$ 179,718,186
Self-directed investments in brokerage accounts	6,395,670	-	-	6,395,670
Investments, at fair value	<u>\$ 186,113,856</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 186,113,856</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ 156,702,751	\$ -	\$ -	\$ 156,702,751
Self-directed investments in brokerage accounts	4,552,702	-	-	4,552,702
Investments, at fair value	<u>\$ 161,255,453</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 161,255,453</u>

The valuation techniques used by the Plan to measure fair value as of December 31, 2021 and 2020 were as follows:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Investments in Brokerage Accounts

The investments within these accounts primarily include mutual funds and common stock valued based on quoted market prices on an active exchange.

4. Investment Contract with Insurance Company

The Plan invested in the New York Life Guaranteed Interest Account ("Account"). This account is a fully benefit-responsive investment contract with New York Life Insurance Company (NYL). The Account is made available to the Plan by the Trustee through a group annuity contract. Contributions are deposited and are invested in a broadly diversified fixed income portfolio within NYL's general account. Fixed income investments in the general account are managed by New York Life Investments' Fixed Income Investors Group. The Account is credited with earnings on the underlying investments and charged for participant withdrawals and expenses. The Account is included in the financial statements at contract value as reported to the Plan by NYL. NYL guarantees to repay the principal plus accrued interest.

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Because the Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. Contract value, as reported to the Plan by NYL, represents contributions made to the Account, plus earnings, less participant withdrawals and expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of NYL or otherwise. The contract value of the Account as of December 31, 2021 and 2020 was \$12,046,435 and \$12,710,776, respectively. Interest is accrued daily and credited monthly. The crediting interest rate is based on a formula agreed upon with NYL that is set in advance. Interest rates are guaranteed by NYL to be no less than the lesser of (a) 3% before any deduction for expenses and (b) a rate that is not less than 1% and determined by using the six-month average of the five year Constant Maturity Treasury Rate as reported by the Federal Reserve before any deduction for expenses.

Certain events limit the Plan's ability to transact at contract value with NYL. Such events include the following: (a) amendments to the plan documents (b) distributions resulting from employer initiated events such as complete or partial plan termination, (c) merger, layoffs and early retirement incentive programs, (d) changes to the Plan's prohibition on competing investment options, (e) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (f) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring.

5. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"), a subsidiary of the recordkeeper Fidelity Workplace Investing LLC, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$40,528 for the year ended December 31, 2021.

7. Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under section 401 of the Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the IRC and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018 for which the state limitations has passed.

8. Subsequent Events

The Plan's Administrator has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.

Report of Independent Auditors

To the Administrator of Hayward Industries, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Hayward Industries, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance

and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of

management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Hayward Industries, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more detailed and complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan adopted by Hayward Industries, Inc. (the “Company”). The Plan was established on August 1, 1984 and was designated as a defined contribution plan covering all eligible employees of the Company, and its subsidiaries. Employees are eligible to participate in the Plan on the first day of the month following the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Benefits Administration Oversight Committee is responsible for oversight of the Plan. Fidelity Management Trust Company is the Plan’s trustee (the “Trustee”).

Contributions

Each year participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, not to exceed amounts prescribed by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed amounts prescribed by the IRS. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may also make Roth contributions to the Plan. Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds, self-directed brokerage accounts and a guaranteed interest account as investment options for participants. During the year, the Company makes a nondiscretionary contribution of 3% of an employee’s pre-tax compensation to those employees who meet the eligibility for the safe harbor contribution. The Company matches participant contributions in an amount equal to 50% of a participant’s contribution up to a maximum of 6% of eligible compensation as defined in the plan documents. For the year ended December 31, 2021, the Company safe-harbor and matching contribution to the Plan was \$6,137,517. Certain participants are eligible for an additional Company contribution from 1% to 3% of eligible compensation for the year as defined in the plan document and these participants received \$8,840 in 2021. This amount of \$8,840 was a contribution type previously contributed to the Hayward Industries Inc. Pension Plan based on participant dates of birth and entry into the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vested benefits are those amounts to which participants are entitled regardless of future services to the Company. Participants are vested immediately in their contributions plus actual earnings thereon. Participants’ employer contribution account balances become 20% vested after one year of service and vest an additional 20% for each additional year of service. Consequently, after five

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

years of service, account balances are fully vested. If a participant's employer contribution account is not already 100% vested pursuant to the aforementioned terms, such account shall become fully vested upon the earliest of the participant's retirement, disability or death.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. A participant may not have more than one outstanding note at a time.

Under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") the Plan adopted the following loan provisions for qualifying Coronavirus related reasons, effective in 2020 only:

1. CARES Act Loans up to the lesser of \$100,000 or 100% of the account balance; and
2. CARES Act Loan Deferrals allows eligible participants to defer repayment of their Plan loan(s) until December 31, 2020. Deferred loans were re-amortized and repayments restarted in January 2021.

As of December 31, 2021, loans outstanding bear interest at rates ranging from 4.25% to 6.50% with maturity dates from ranging from 2022 through 2030.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants may apply for a hardship withdrawal in the event of an immediate and heavy financial need, as defined in the plan document. The participant's discretionary contribution is not subject to a suspension period.

Under the CARES Act, the Plan adopted the following for qualifying Coronavirus related reasons, effective in 2020 only:

1. Waiver of required minimum distribution payable in 2020 and
2. CARES Act distributions up to the lesser of \$100,000 or 100% of the account balance.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$106,426 and \$105,437, respectively. These accounts can be used to reduce future employer contributions, pay administrative expenses, or be reallocated to participants' accounts, in accordance with plan documents. In 2021, employer contributions were reduced by \$144,445 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments are reported at fair value, except for those reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded.

Payments of Benefits

Benefits payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, (ASC 820) Fair Value Measurements and Disclosures, defines fair values, establishes a framework for measuring fair value, gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2021 and 2020

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ 179,718,186	\$ -	\$ -	\$ 179,718,186
Self-directed investments in brokerage accounts	6,395,670	-	-	6,395,670
Investments, at fair value	<u>\$ 186,113,856</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 186,113,856</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ 156,702,751	\$ -	\$ -	\$ 156,702,751
Self-directed investments in brokerage accounts	4,552,702	-	-	4,552,702
Investments, at fair value	<u>\$ 161,255,453</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 161,255,453</u>

The valuation techniques used by the Plan to measure fair value as of December 31, 2021 and 2020 were as follows:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Investments in Brokerage Accounts

The investments within these accounts primarily include mutual funds and common stock valued based on quoted market prices on an active exchange.

4. Investment Contract with Insurance Company

The Plan invested in the New York Life Guaranteed Interest Account ("Account"). This account is a fully benefit-responsive investment contract with New York Life Insurance Company (NYL). The Account is made available to the Plan by the Trustee through a group annuity contract. Contributions are deposited and are invested in a broadly diversified fixed income portfolio within NYL's general account. Fixed income investments in the general account are managed by New York Life Investments' Fixed Income Investors Group. The Account is credited with earnings on the underlying investments and charged for participant withdrawals and expenses. The Account is included in the financial statements at contract value as reported to the Plan by NYL. NYL guarantees to repay the principal plus accrued interest.

Hayward Industries, Inc. Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Because the Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Account. Contract value, as reported to the Plan by NYL, represents contributions made to the Account, plus earnings, less participant withdrawals and expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of NYL or otherwise. The contract value of the Account as of December 31, 2021 and 2020 was \$12,046,435 and \$12,710,776, respectively. Interest is accrued daily and credited monthly. The crediting interest rate is based on a formula agreed upon with NYL that is set in advance. Interest rates are guaranteed by NYL to be no less than the lesser of (a) 3% before any deduction for expenses and (b) a rate that is not less than 1% and determined by using the six-month average of the five year Constant Maturity Treasury Rate as reported by the Federal Reserve before any deduction for expenses.

Certain events limit the Plan's ability to transact at contract value with NYL. Such events include the following: (a) amendments to the plan documents (b) distributions resulting from employer initiated events such as complete or partial plan termination, (c) merger, layoffs and early retirement incentive programs, (d) changes to the Plan's prohibition on competing investment options, (e) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (f) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring.

5. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"), a subsidiary of the recordkeeper Fidelity Workplace Investing LLC, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$40,528 for the year ended December 31, 2021.

7. Tax Status

The underlying prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under section 401 of the Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under section 401 of the IRC and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018 for which the state limitations has passed.

8. Subsequent Events

The Plan's Administrator has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.
