Independent Auditors' Report

The Plan Administrator
Goodwill Industries of Middle Tennessee Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Goodwill Industries of Middle Tennessee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for the purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by a qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

GOODWILL INDUSTRIES OF MIDDLE TENNESSEE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(1) Description of plan

The following description of the Goodwill Industries of Middle Tennessee Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on May 1, 1991 to provide retirement benefits for employees of Goodwill Industries of Middle Tennessee, Inc. (the "Plan Sponsor"). The Plan covers all employees, excluding leased employees and highly compensated employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

The Plan allows participants to contribute a portion of their eligible compensation, as defined in the Plan document. Eligible retirement plan contributions to the Plan are excludable from income by the participants for federal income tax purposes under Section 403(b) of the Internal Revenue Code ("IRC"). Unless otherwise elected by the participant, upon hire, a participant is automatically subject to a 3% pre-tax salary deferral. Effective November 1, 2020, the automatic deferral feature was removed. Participants may elect to contribute pre-tax salary deferrals and after-tax Roth deferrals up to 100% of compensation, subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Through November 1, 2020, participants, who had reached age 21 or older and completed twelve months of service, were eligible to receive a matching contribution from the Plan Sponsor. Effective November 1, 2020, the service requirement to receive a matching contribution from the Plan Sponsor was reduced to three months of service. Prior to March 28, 2020, the Plan Sponsor matched a fixed percentage of a participant's eligible contributions. Effective March 28, 2020, the Plan was amended to replace the fixed employer matching contribution with a discretionary employer matching contribution. During 2021 and 2020, the Plan Sponsor matched an amount equal to 50% of the participant's contributions up to 6% of eligible compensation, except for the pay periods of April 24, 2020 through August 14, 2020 when matching contributions were suspended. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

Notes to the Financial Statements

December 31, 2021 and 2020

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of Plan Sponsor contributions, investment returns and administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching contributions plus related earnings vest based on years of service. Prior to normal retirement age, a participant's interest in the contributions of the Plan Sponsor vest ratably 20% per year until fully vested after five years of service. Plan Sponsor matching contributions become fully vested upon normal retirement, death or disability, or termination of the Plan.

(e) Payment of benefits

Upon termination of service, a participant or their beneficiary may receive payment of the vested interest in their account balance distributed under an annuity or other methods depending on marital status and selections made by the participant.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. The balance of nonvested forfeited balances totaled \$1,336 and \$22 as of December 31, 2021 and 2020, respectively. Additionally, \$20,560 and \$22,290 of forfeitures were used to reduce Plan Sponsor contributions during 2021 and 2020, respectively.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

Notes to the Financial Statements

December 31, 2021 and 2020

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions and recordkeeping are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(i) Plan changes

During 2020, the Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which changed the Plan to allow certain eligible individuals to receive coronavirus-related distributions of up to \$100,000, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value, see Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, investment providers, and insurance companies. See Note 4 for discussion of fair value measurements and Note 6 for discussion of the investment contracts.

Notes to the Financial Statements

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2021 and October 11, 2022, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value and contract value of investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest income for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by The Variable Annuity Life Insurance Company ("VALIC"), American United Life Insurance Company ("AUL"), and Principal Trust Company ("Principal").

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GOODWILL INDUSTRIES OF MIDDLE TENNESSEE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") as of the last business day of the plan year. The shares are deemed to be actively trading.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Fair Value Measurements as of
December 31, 2021 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>6,974,728</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>6,974,728</u>

(5) Investments measured at net asset value

At December 31, 2020, the Plan's investments include pooled separate accounts that are measured at net asset value ("NAV") as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

GOODWILL INDUSTRIES OF MIDDLE TENNESSEE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2021</u>	<u>Fair Value</u> <u>12/30/2020</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Pooled separate accounts	\$0	\$5,809,763	n/a	Daily	n/a

The Plan held various pooled separate accounts that were not direct filing entities. A majority of these pooled separate accounts seek to mirror the investment objectives and strategies of the underlying mutual fund for which the pooled separate account is named. Certain other pooled separate accounts are target date funds which seek capital appreciation and current income consistent with asset allocation that become more conservative over time to the specified retirement date. Others are lifestyle funds which seek returns consistent with the stated investment style.

(6) Investment contract with insurance company

The Plan is party to traditional benefit-responsive separate account investment contracts with an insurance company, VALIC, totaling \$32,688 and \$224,959 at December 31, 2021 and 2020, respectively. The Plan also maintained an investment contract with AUL totaling \$100,391 at December 31, 2020. VALIC and AUL maintain the Plan's contributions in their general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by VALIC and AUL, respectively. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

VALIC's crediting interest rate is based on the formula specified in the annuity contract. The Short-Term Fixed Account is credited with interest on a portfolio basis; all deposits in this option receive the same crediting rate, regardless of initial date of deposit. For the Fixed Account Plus investments, VALIC employs a modified new money interest crediting policy. Under this policy, VALIC declares a "current" interest rate at the beginning of each month applicable to contributions received during that month. The current rate declared is guaranteed until the end of that calendar year for contributions received that month. It is VALIC's intent to continue to credit interest at the same rate for such contributions for an additional calendar year. At the beginning of the third calendar year, such contributions will earn interest at a new declared pool rate. This rate is established January 1 of each calendar year and guaranteed for that entire calendar year. The contractually guaranteed minimum interest rate is applicable for the lifetime of the contract.

GOODWILL INDUSTRIES OF MIDDLE TENNESSEE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3% if the participant's account was set up before December 1, 2003 and 2% if the participant's account was set up after this date but before December 31, 2010. Such interest rates are reviewed on a monthly basis for resetting. Effective December 1, 2011, contracts issued to new participants have an indexed guaranteed interest rate.

AUL's crediting interest rate was reviewed on a quarterly basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the VALIC. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

(7) Plan loans

Participants may borrow funds directly from VALIC. Adequate security is required and a portion of the participant's account is held in the fixed annuity funds as collateral in case of default. As of December 31, 2021 and 2020, collateral held was \$32,360 and \$39,170, respectively. Principal payments increase the amount of funds available for the participant's use. Interest is paid directly to VALIC.

Loans from AUL and Principal are not allowed under the AUL and Principal contracts.

(8) Income tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

December 31, 2021 and 2020

(9) Related party and party-in-interest transactions

Plan investments are shares of guaranteed interest accounts, pooled separate accounts, fixed annuity contracts, and mutual funds managed by VALIC, AUL, and Principal, and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
