INDEPENDENT AUDITORS' REPORT

To the Investment Committee of
The Time Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Time Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Time Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Time Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one (1) year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The Time Group 401(k) Profit Sharing Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Time Group 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Time Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control - related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year December 31, 2021 and schedule of delinquent participant contributions for the year ended December 31, 2021 presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

The Time Group 401(k) Profit Sharing Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The Time Group 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE TIME GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1: Description of Plan

The following description of The Time Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Copies of the Plan Agreement are available from the human resources department of The Time Group, Inc.

General

The Plan is a defined contribution Plan covering all eligible employees of The Time Group, Inc., Madison Capital, LLC and WP&M Real Estate Group, LLC (collectively the Employer). The Plan became effective January 1, 1994 and is subject to the provisions of ERISA. The Investment Committee (Plan Management) oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management elected to adopt the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the Plan within the three (3) year period beginning on the date after the distribution.
- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one (1) year.
- The normal loan limits were increased from \$50,000 to \$100,000, and from fifty percent (50%) to one hundred percent (100%) of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

Eligibility

All permanent, full-time and selected part-time employees grandfathered under old eligibility rules of the Employer who have reached age twenty-one (21) and have completed sixty (60) days of service are eligible to participate in the Plan. The Plan allows eligible participants to enter the Plan anytime after the first (1st) of the month following sixty (60) days of service.

Note 1: Description of Plan (Continued)

Contributions

A participant in the Plan may elect to enter into a salary reduction agreement with the Employer, which shall be applicable to such Plan year and subsequent Plan years unless canceled or modified. Under the agreement, the participant agrees to accept a reduction in annual compensation equal to any whole percentage of annual compensation that is not less than three percent (3%) and does not exceed the limitations of the Internal Revenue Code (IRC). The Plan also includes an automatic enrollment and salary deferral feature equal to six percent (6%) of compensation, unless the participant opts out. In August 2017, the Plan implemented an automatic one percent (1%) increase for any participants contributing less than seven percent (7%). In 2018, the percentage was increased from seven percent (7%) to ten percent (10%). The Participants have the option to opt out of the automatic deferral option. Participants who are fifty (50) or older may contribute an additional \$6,500 in catch-up contributions, as adjusted every year by the IRC. The salary reduction amount shall then be contributed to the Plan by the Employer on behalf of the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (Rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, the Employer may make a discretionary matching contribution. During 2021, the Employer made a matching contribution equal to fifty percent (50%) of the participant's elective deferral up to six percent (6%) of the participant's salary. For the year ended December 31, 2021, the Employer match totaled \$413,209.

Participant Accounts

Each participant's account is credited with the participant's contributions and Employer discretionary contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. A participant is one hundred percent (100%) vested after five (5) years of credited service. Employer matching contributions become fully vested in the event of death, disability, or reaching the Plan's normal retirement age.

Notes Receivable from Participants

Except for the CARES Act provisions, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. Loan terms may not exceed five (5) years, except for the purchase of a principal residence of the participant. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination, participants or beneficiaries can elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account less taxes and penalties, as applicable.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Hardship Withdrawals

Hardship withdrawals are permitted in accordance with the Plan Agreement.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$17,416 and \$11,521, respectively. These accounts may be used to pay Plan administrative expenses and Employer contributions. Also, in 2021, Plan expenses and Employer contributions were reduced by \$47,948 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for direct investments in fully benefit-responsive investment contracts (FBRIC), which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 3 for discussion of fair value measurements.

Indirect investments in FBRIC, i.e., investments in stable value common or collective trusts (CCT's), are not in the scope of the FBRIC guidance. As such, the contract value is presented as fair value and reported on the statements of net assets available for benefits with investments at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit loss has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Agreement.

THE TIME GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (Continued)

Contributions Receivable

Contributions from the Employer and participants of the Plan are accrued in the period in which they become obligations under provisions of the Plan Agreement. The contributions not received by the Plan for the years ended December 31, 2021 and 2020 amounted to \$336,112 and \$17,145, respectively, and are reported as receivable on the statements of net assets available for benefits.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 and 2020 excess contributions to the applicable participants prior to March 15, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Date of Management's Review

The Plan has evaluated events and transactions that occurred during the period from the date of the financial statements through October 17, 2022, the date the Plan's financial statements were available to be issued. There were no events or transactions that occurred during the period that materially impacted the amounts or disclosures in the Plan's financial statements.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three (3) levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE TIME GROUP 401(K) PROFIT SHARING PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 3: Fair Value Measurements (Continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve (12) months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money Market Funds: Valued at cost which approximates fair value.

Note 4: Information Prepared and Certified by the Plan's Trustees

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by T. Rowe Price Trust Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information certified by the custodians to information included in the Plan's financial statements, as of December 31, 2021 and 2020, and supplemental schedule of assets held for investment purposes at end of year December 31, 2021.

THE TIME GROUP 401(K) PROFIT SHARING PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 4: Information Prepared and Certified by the Plan's Trustees (Continued)

The trustees also certified to the completeness and accuracy of \$836,686 of the net appreciation (depreciation) in fair value of investments, \$1,732,403 of dividend and interest income, and \$12,829 of interest on notes receivable related to the aforementioned investments and notes receivable from participants for the year ended December 31, 2021.

Note 5: Common/Collective Trust

The Plan invests in a common/collective trust, T. Rowe Price Stable Value Fund, which invests in fully benefit-responsive investment contracts. A holding in these funds is considered an indirect investment in fully benefit-responsive contracts, which are reflected at fair value in the accompanying statements of net assets available for benefits.

As of December 31, 2021 and 2020, there were no reserves against the wrap contracts' carrying values for credit risk of the contract issuers. Interest rates are reviewed on a quarterly basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer of the contracts held by the T. Rowe Price Stable Value Fund. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions, substantive modification to the T. Rowe Price Stable Value Fund or the administration of the T. Rowe Price Stable Value Fund, change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow, transfer to a competing investment option, and failure of the Plan to qualify under the applicable sections of the IRC. Withdrawals initiated by the Plan Administrator will normally be provided at contract value as soon as feasible within fifteen (15) days following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan's ability to transact at contract value with participants, is probable.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their Employer contributions.

Note 7: Tax Status

The Plan is a qualified Plan under §401(a) and §401(k) of the IRC and is, therefore, exempt from federal income taxes under the provisions of IRC §501(a).

The IRS has informed the Company by opinion letter dated June 1, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

THE TIME GROUP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Note 7: Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The previous three (3) tax years remain subject to examination by the IRS.

Note 8: Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are interests in registered investment companies managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is a trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment for certain administrative expenses of \$60,244, which was not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operation.

Some trustees of the Plan are also participants in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2021 and 2020 and total contributions and benefit payments for the year ended December 31, 2021 per the financial statements to Schedule H of Form 5500:

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, including the ongoing COVID-19 pandemic, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Rollover Contributions

In accordance with the Plan Agreement, qualified direct rollovers are permitted by the Plan. There were \$18,319 in contributions rolled into the Plan during the year ended December 31, 2021.

Note 12: Prohibited Transactions

The Plan failed to make a timely contribution of the employee deferral in the amount of \$99,310 for the payroll periods ended November 12, 2021, and December 10, 2021. The Plan remitted this amount on October 13, 2022, when it was discovered the deposit was not made. In addition to the remittance of the \$99,310, the Plan also calculated interest pertaining to the delinquent payment and remitted this amount under the DOL Voluntary Fiduciary Correction Program.
