Report of Independent Auditors

The Plan Committee
The Prince 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Prince 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes (collectively referred to as the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Modified Cash Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held At End of Year) (Modified Cash Basis) as of December 31, 2021 (referred to as the supplemental schedule), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements (modified cash basis) of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements (Modified Cash Basis)

December 31, 2021

1. Plan Description

The following description of the Prince 401(k) Plan (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, effective as of October 1, 1988, is a defined contribution plan covering substantially all employees of Hawaii Prince Hotel Waikiki Corp., Mauna Kea Properties, Inc., Mauna Kea Resort, Mauna Kea Resort Services, and South Kohala Wastewater Corp. who are classified as employees who are not covered by a collective bargaining agreement or employees accruing benefits under a retirement plan covering Japanese nationals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become participants as of the first day they are classified as eligible employees.

Contributions

Each year, participants may contribute up to 75% of their pretax annual compensations, as defined in the Plan, subject to the limitations as provided under the Internal Revenue Code (the Code). Participants who are over age 50, or reach age 50 during the plan year, can make additional contributions. Prince Resorts Hawaii, Inc. (Employer) provides an employer matching contribution of 100% of the first 3% of participant eligible wages not to exceed actual deferrals. The employer match is made subsequent to the end of the fiscal year in which participant contributions were made. Termination during a matching period does not exclude a participant from receiving a match. In addition, participants can change their deferral rates each month. The Employer may also make discretionary contributions; however, no discretionary employer contributions were made in 2021.

Participant Accounts

Participants may direct funds in their accounts into a variety of investment options, each providing varying degrees of risk and growth. An individual account is maintained for each participant. Each participant's account is credited with the participant's and Employer's contributions and allocations of the Plan's earnings. Allocations are based on participant account balances.

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

1. Plan Description (continued)

Vesting

Participants are, at all times, fully vested in amounts credited to their elective deferral contribution account and any employer contribution account.

Distributions and Withdrawals Paid to Participants

Upon retirement, disability, death, or other termination of service, the participants (or, in the event of the participant's death, the participant's beneficiary) are entitled to receive a benefit equal to the participant's interest in his or her account. The amounts are based upon the value of such accounts as of the most recent valuation date before distribution. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record-keeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

Plan Termination

Although the Employer has not expressed any intention to do so, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will receive their vested account balances as soon as practicable.

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedule of the Plan are presented on the modified cash basis of accounting as permitted by the Department of Labor, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (U.S. GAAP). Except for the valuation of the Plan's investments, the Plan prepares its financial statements and supplemental schedule on the basis of cash receipts and disbursements. Certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when incurred. Accordingly, the accompanying financial statements and supplemental schedule of the Plan are not intended to present net assets available for benefits or changes in net assets available for benefits in conformity with U.S. GAAP.

Distributions and Withdrawals Paid to Participants

Distributions and withdrawals are recorded when paid.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Mutual fund investments are valued by Fidelity Management Trust Company (the Trustee) on the basis of the quoted prices in active markets as of the last business day of the plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described above requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2021, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

4. Fair Value Measurements (continued)

- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy, within which the fair value measurement is classified, is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following describes the valuation techniques and inputs used for each major class of assets recorded at fair value.

Mutual funds are considered to be highly liquid and readily marketable as Level 1 within the fair value hierarchy. These securities are valued under the market approach using inputs observable in active markets for identical securities.

Self-directed brokerage accounts are readily marketable as Level 1 within the fair value hierarchy. These accounts include common stocks that are valued on the basis of readily determinable market prices.

Collective investment trust funds include the Goldman Sachs Stable Value Collective Trust Institutional Series Class 1 (GS Stable Value Fund) as well as target date common investment trusts. The GS Stable Value Fund is a stable value fund designed to earn income while preserving capital and maintaining principal stability. It can be transferred into a competing fund; however, it must first be exchanged into a non-competing fund for 90 days. The participation units in the GS Stable Value Fund and target date common investment trust funds are valued at net asset value (NAV). NAV, as provided by the issuer of the fund, is used as a practical expedient to estimate fair value.

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

4. Fair Value Measurements (continued)

The following tables present the Plan's assets measured at fair value on a recurring basis:

Fair Value Measurements as of December 31, 2021					
	Total	Level 1	Level 2	Level 3	
Assets:					
Mutual funds	\$ 26,329,031	\$ 26,329,031	\$	–	\$

Investments that use NAV	30,871,268				
Total net assets available for benefits at fair value	<u>\$ 57,849,186</u>				
 Fair Value Measurements as of December 31, 2020					
	Total	Level 1	Level 2	Level 3	
Assets:					
Mutual funds	\$ 43,655,058	\$ 43,655,058	\$	–	\$
Total	43,655,058	\$ 43,655,058	\$	–	\$
Investments that use NAV	6,085,001				
Total net assets available for benefits at fair value	<u>\$ 49,740,059</u>				

5. Party-in-Interest Transactions

Certain of the Plan's investments are mutual funds managed by an affiliate of the Trustee and the related transactions of these investments qualify as party-in-interest transactions for which a statutory exemption exists.

Fees paid by the Plan to Fidelity Management Trust Company were \$61,881 for the year ended December 31, 2021.

The Prince 401(k) Plan

Notes to Financial Statements (continued) (Modified Cash Basis)

6. Income Tax Status

The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits (modified cash basis).

8. Subsequent Events

Subsequent events were evaluated for the Plan through October 14, 2022, the date the accompanying financial statements were available for issuance. No recognized or unrecognized subsequent events were identified.
