INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the British Airways Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the British Airways Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the British Airways Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan was established in 1985 and is a defined contribution savings plan for U.S. based employees of British Airways Plc. (the "Company" or the "Sponsor"). Pursuant to amendments, certain employees of participating affiliates are also eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees who have reached age 20, with six months of service, are eligible to join the Plan. Enrollment into the Plan is allowed monthly on the first day of the following month when eligibility is met.

[2] Contributions:

Effective April 1, 2017, the Company began making matching contributions up to 100% of the first five percent of a participant's eligible wages not to exceed the participant's salary reduction contributions. As of September 24, 2014, the matching contribution excludes employees subject to a collective bargaining agreement. The matching contribution is made on a per pay period basis.

Employees may voluntarily contribute between 1% and 40% of their gross compensation subject to limitations under the Internal Revenue Code ("IRC").

Catch-up contributions are also permitted for participants who have attained age 50 in accordance with Section 414(v) of the IRC by an amount up to 10% of their eligible pay subject to limitations under the IRC.

All contributions to the Plan are invested by Fidelity Management Trust Company (the "Trustee" or "FMTC") and/or Prudential Retirement Insurance and Annuity Company (the "Insurance Company" or "Prudential") as directed by the participants. The Trustee and Insurance Company hold the Plan's investments and execute all investment transactions.

[3] Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings (losses), and are charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of continuous service.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants of the Plan are eligible for loans from the Plan and the maximum amount that can be obtained is 50% of each participant's account, with a loan balance not to exceed \$50,000. Loans are secured by the participant's vested account balance and will bear a reasonable rate of interest which ranges from 4.25% to 9.5%. The maximum repayment period for a loan is five years, except for principal residence loans, which may be repaid in ten years. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[6] Payment of benefits:

On termination of employment due to retirement, death or disability, a participant may elect to receive a lump-sum distribution equal to the vested value of his or her account, or may elect to have the entire distribution rolled into an IRA or a new employer's qualified plan if it accepts rollover contributions. Participants may also elect to receive partial lump-sum distributions annually or monthly. Once participants reach age 70-1/2, they must commence receiving installment payments. Under hardship cases, a participant may elect to receive a lump-sum distribution.

In 2020, the Plan informally adopted the Coronavirus Aid, Relief, and Economic Security (CARES) Act for withdrawal increases (April 2020) and loan deferments (May 2020). The Plan did not adopt the CARES Act for increased loan limit amounts.

The CARES Act was signed into law on March 27, 2020 and provided optional distribution and loan provisions as well as suspension of required minimum distributions (RMDs) for anyone required to receive an RMD in 2020. The Sponsor has implemented the following provisions of the CARES Act and the Plan will be formally amended prior to December 31, 2022 as required by the Act.

Participants who met specific conditions were eligible to take a COVID-19 related distribution up to \$100,000 without a 10% early withdrawal penalty. Eligible distributions could be taken from January 1, 2020 through December 31, 2020, and may be repaid within three years. The repayments will be treated as tax-free rollovers into the participant's account.

Participants who met specific conditions were eligible to take a COVID-19 related loan up to \$50,000 for the period March 27, 2020 to September 22, 2020. Loan repayments due between March 27, 2020 and December 31, 2020 may be suspended until January 1, 2021 for eligible participants, with the repayment amount re-amortized and the due date of the loan extended for up to 1 year.

The Sponsor elected to suspend paying RMDs to participants and beneficiaries that would otherwise be required to receive an RMD in 2020. However, participants and beneficiaries had a choice between receiving and not receiving the RMD for 2020. In addition, individuals that received an RMD prior to the enactment of the CARES Act had until August 31, 2020 to rollover the RMD to an eligible retirement plan.

[7] Forfeitures:

Forfeited non vested Company contributions and earnings thereon can be used to offset future Company contributions and pay Plan expenses. The forfeiture account balance totaled \$34,020 and \$21,499 at December 31, 2021 and 2020, respectively.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate transactions under the terms of the Plan.

[2] Use of estimates:

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value except for the fully benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Savings Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussion of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Information included in the financial statements related to the self-directed brokerage account (Fidelity Brokerage Link) represents the aggregation of individual participant accounts. Therefore, the investment results obtained by any participant in that investment may differ from the investment's overall performance.

[4] Payment of benefits:

Benefit payments are recorded when paid.

[5] Plan expenses:

Plan costs are paid from Plan assets, except to the extent paid by the Company. Certain fees will be paid by the individual participant through a deduction from their account.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee and the Insurance Company have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various valuation techniques. A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs are to be used when available. Valuation techniques that are consistent with the market or income approach are used to measure fair value. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

[1] Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

[2] Self-directed brokerage accounts:

Self-directed brokerage accounts are accounts that primarily consist of interest-bearing cash, mutual funds and common stocks that are reported on the active market. Common stocks, preferred stocks and options held in the self-directed brokerage account are valued at the closing price reported on the active market on which the individual securities are traded.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

Investment Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Other	135	-	-	135
Total investments at fair value	\$ 167,862,135	\$ -	\$ -	\$ 167,862,135

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE E - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit responsive investment contract with Prudential Retirement Insurance and Annuity Company. Prudential maintains the contributions in a group annuity contract, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The interest rate is set annually as defined by the contract. Interest earned was \$1,991,584 and \$2,217,530 for the years ended December 31, 2021 and 2020, respectively.

Prudential is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Prudential. The average crediting interest rate was 2.68% and 2.90%, for the years ended December 31, 2021 and 2020, respectively. The interest rate is set as defined by the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Sponsor initiating termination of the contract is an event that could limit the ability of the Plan to transact at contract value paid within 90 days. In this instance, contract value would be paid over time or, at the Sponsor's discretion, paid immediately after applying a market value adjustment. Events that may allow the issuer to terminate the contract and settle at an amount different than contract value generally include instances where the pattern of contributions to the contract is expected to be materially disrupted due to events including, but not limited to, layoffs, plan termination, business closings, re-organizations, liquidations, etc. Contracts may allow the Sponsor to select contract value installment payments.

NOTE F - TAX STATUS

The Internal Revenue Service has determined, and informed the Company by a letter dated March 10, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by affiliates of FMTC. FMTC is the Trustee as defined by the Plan. Prudential is the Insurance Company of the Plan. The Plan invests in the affiliated Prudential Fixed Income Investment Contract (see Note E). Therefore, these transactions qualify as parties-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment. Expense incurred in administration of the Plan, unless paid by the Plan Sponsor is paid from the plan or from forfeitures, if available. The Sponsor pays directly any other fees related to the Plan's operations.

BRITISH AIRWAYS SAVINGS PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE H - RISKS AND UNCERTAINTIES

In the normal course of business, all of the Plan's assets are transacted with and held by Fidelity Management Trust Company and Prudential Retirement Insurance and Annuity. The Plan is subject to credit risk to the extent Fidelity Management Trust Company and Prudential Retirement Insurance and Annuity are unable to fulfill contractual obligations on their behalf. The Company has not experienced and does not anticipate any losses from this arrangement.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of the investments at December 31, 2020 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected. COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, and operations in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's services. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Plan contributions.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE J - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.
