Independent Auditor's Report

**To the Plan Administrator
Gadellnet Consulting Services 401(K) Plan
St. Louis, Missouri**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Gadellnet Consulting Services 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2021 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles; and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Basis of Accounting

As described in Note 2, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

GADELLNET CONSULTING SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Gadellnet Consulting Services 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was formed on January 1, 2020 and is a defined contribution plan covering all employees of GadellNet Consulting Services (the "Company") who are 21 years of age and have completed 30 days or 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Entrance Date

An employee is eligible to enter the Plan on the first day of each month, immediately following completion of the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of Plan compensation or amounts up to the allowable limits established by the Internal Revenue Service. Participants are eligible for catch-up contributions after reaching the age of 50. Participants may also contribute rollover funds from a previous qualified plan. The Company's contributions consist of a safe harbor match and a discretionary profit-sharing contribution. The safe harbor matching contribution is 100% of the first 3% of participant contributions plus an additional 50%, up to 5%. There was no profit-sharing contribution for the year ended December 31, 2021.

Forfeitures

Forfeited balances from terminated participants' accounts are used to first reduce Plan expenses and, if amounts remain, can be used to reduce employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, along with allocations of the Company's contributions, plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocations of employer discretionary contributions are based upon a formula that is integrated with Social Security. Discretionary contributions are allocated to those participants who meet certain requirements for sharing in the allocations.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable accrued benefit. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. Interest is charged at a rate commensurate with prevailing market rates as determined by the Plan administrator. Any loans shall reduce the participant's balance in the individual's account and will be restored as the principal balance when such loan is repaid. All interest paid by the participant shall be credited to his own individual account. Loans are valued at the unpaid principal balance plus accrued but unpaid interest.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching plus actual earnings thereon. Vesting in the Company's profit-sharing contributions is based on years of service. A participant is 100% vested after three years of credited service.

Benefit Payments

Upon termination of service, normal retirement date or age 59 1/2, disability, whichever occurs first, a participant may elect to receive vested benefits in a single lump sum. Withdrawals other than for termination, such as a hardship, are permitted under certain circumstances provided by the Plan. Benefit payments are recorded when paid.

Plan Termination

Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their account balances.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines and establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

GADELLNET CONSULTING SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis. Therefore, with the exception of appreciation or depreciation in the fair value of investments, income and expense items are recognized only as cash is received or paid and contribution receivables, payables and accrued expenses are not reflected.

Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Management Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 17, 2022, the date on which the financial statements were available to be issued.

GADELLNET CONSULTING SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee.

	<u>2021</u>	<u>2020</u>
Investments, at fair value	\$ 2,007,699	\$ 964,656
Notes receivable - participants	6,217	7,870
Investment gain	196,074	
Loan interest income	279	

NOTE 4 - PARTICIPANT-DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 5 - TAX STATUS

The Plan has adopted a non-standardized prototype plan and received a determination letter dated June 30, 2020, stating the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code. The Plan has not requested a separate determination letter. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits - modified cash basis, which totaled \$0 for the years ended December 31, 2021.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and cash reserves managed by American Funds ("AFS"). AFS is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

GADELLNET CONSULTING SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 7 - ADMINISTRATIVE EXPENSES

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

NOTE 8 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The Plan's policy is to recognize transfers between levels at the end of each reporting period, if applicable.

Money market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Registered investment companies: Valued at the daily closing price reported by the underlying fund, which is traded on a national exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Level 1	Total
Money market fund	\$ 637	\$ 637
Registered investment companies	2,007,062	2,007,062
	<u>\$ 2,007,699</u>	<u>\$ 2,007,699</u>

Assets at Fair Value as of December 31, 2020

	Level 1	Total
Money market fund	\$ 313	\$ 313
Registered investment companies	964,343	964,343

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits - modified cash basis.
