INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Stetson University
DeLand, Florida

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We were engaged to perform an audit of the accompanying financial statements of Stetson University Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the 2021 financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on the 2021 financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and participant account balances related to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the 2021 financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were unable to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2021 Financial Statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the qualified institutions, except for comparing such information with the related information included in the 2020 financial statements. Additionally, the Plan has not maintained sufficient accounting records and supporting documents relating to participant account balances related to current and former employees prior to January 1, 2009.

Our report, dated October 13, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the qualified institutions, presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

STETSON UNIVERSITY DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2021 and 2020

NOTE 1 - PLAN DESCRIPTION

The following description of the Stetson University Defined Contribution Plan (the “Plan”) provides only general information regarding the Plan’s provisions. Participants should refer to the Plan’s adoption agreement for a more complete description of the Plan’s provisions.

General

The original Plan was established effective April 1, 1946, subsequently amended and restated, and is a defined-contribution plan covering substantially all full-time employees of Stetson University (the “University”). The University, as the Plan sponsor, is responsible for general administration of the Plan. Teachers Insurance and Annuity Association of America (“TIAA”) is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Audit and Investment Committees of the University Board of Trustees are responsible for overseeing the Plan, determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions

Upon full-time employment with the University, eligible employees (as defined) may elect to defer a portion of their pre-tax or after-tax (Roth), annual compensation to the Plan, up to the legally established limit (\$19,500 for both 2021 and 2020). Participants who have attained age 50 before the end of a Plan year, or who have worked for the University for at least 15 years, are eligible to make additional “catch-up” contributions (\$6,500 for both 2021 and 2020).

Through September 1, 2020, the University contributed 5% of base gross salary (as defined) after completion of one year of service (as defined) at the University and 10% of base gross salary after completion of two years of service, except for certain positions, as provided in the Plan document, that were immediately eligible to receive the University’s contributions. Additionally, employees who were hired on or before June 30, 2008 received supplemental University contributions in amounts based on the age of the eligible participants as of July 1, 2008. All contributions are subject to certain limitations of the Internal Revenue Code (“IRC”). In June 2020, the University’s Board of Trustees adopted amendments to the Plan to provide for (i) discretionary employer contribution amount versus fixed, and (ii) suspend all employer contributions to the Plan effective September 1, 2020. In February 2021, employer contributions to the Plan were reinstated to 2.5% and 5% of base gross salary after completion of one year and two years of service, respectively. In addition, eligible employees as of April 1, 2021, received a one-time contribution of 2.5% or 5% based on eligible wages from October 2020 through January 2021. In September 2021, employer contributions to the Plan were reinstated to the same terms as those prior to September 1, 2020.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's and University's contributions and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participants' account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Participants direct their elective contributions and University contributions into various investment options offered by the Plan, including registered investment companies, fixed annuity contracts, and an insurance company pooled separate account, and can change their investment options on a daily basis.

Vesting

Participants are immediately vested in their contributions and the University's contributions, plus actual earnings thereon.

Participant Notes Receivable

Participants may borrow from their accounts held at TIAA, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50%, of their vested account balance. Loan terms range from 1-5 years, or up to 15 years for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear a fixed rate of interest equal to the prime rate plus 1%, as determined in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions. A participant may only have two loans outstanding from the Plan. If collection of participant's notes is deemed doubtful, the amount is recognized as a distribution in the period the determination is made. Participant notes receivable approximated \$139,000 and \$18,000 as of December 31, 2021 and 2020, respectively.

Participant Loans with TIAA

Participants may also borrow directly from TIAA using a portion of their Plan account as security for the loan. Such loans are issued as separate contracts by TIAA, they do not represent Plan assets and are subject to certain limitations. Participants receiving loans are required to pledge as collateral, an annuity account value of 110% of the loan amount for the period of time the loan is outstanding. Participant loan balances outstanding to TIAA were approximately \$224,000 and \$362,000 as of December 31, 2021 and 2020, respectively. Approximately \$246,000 and \$398,000 of annuity account values serve as collateral for the related loans as of December 31, 2021 and 2020, respectively.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's account, partial payments, installments over a period of time, or an annuity contract.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the University has the right, under the Plan, to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants' accounts will remain 100% vested, and the University will direct complete distribution of the assets of the Plan to the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investment Valuation and Income Recognition

The Plan's investments other than fully benefit-responsive investment contracts are stated at fair value and are held in registered investment companies, fixed annuity contracts (non-benefit-responsive portion), and an insurance company pooled separate account (see Note 5). The fair value of the registered investment companies is based upon the reported net asset values of the individual funds on the last business day of the Plan year. Net asset value ("NAV") is based upon the fair market value of the funds' underlying investments, less any fund liabilities. The fair value of the fixed annuity contracts (non-benefit-responsive portion) approximates contract value and equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The fair value of the pooled separate account is determined by the issuer, based upon the estimated fair value of the underlying assets, which are developed principally using external appraisals of real estate and real estate-related holdings.

Fixed annuity contracts held by the Plan consist of TIAA Traditional Annuity contracts and include both liquid and illiquid contracts. TIAA Traditional Annuity liquid contracts held by the Plan include the Supplemental Retirement Annuity contract and the Group Supplemental Retirement Annuity contract. These contracts have no liquidity restrictions and are, therefore, deemed fully benefit-responsive (see Note 4). Contract value is deemed to be the relevant measurement attribute for those contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest. The TIAA Traditional Annuity illiquid contracts (the Retirement Annuity contracts), are subject to withdrawal restrictions on certain participant-initiated transactions and, therefore, are deemed non-benefit-responsive.

The TIAA Traditional Annuity contracts are not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. The TIAA Traditional Annuity contracts are unallocated guaranteed annuities backed by TIAA claims-paying ability, which guarantees principal and a minimum annual interest rate for all premiums (generally 3%). Additions to the minimum interest rate may be declared by TIAA's Board of Trustees and are generally in effect for a 12-month period, March 1 through February 28 of the following year.

College Retirement Equity Fund ("CREF") and TIAA-CREF Funds are registered investment companies, which invest principally in equity securities, fixed-income instruments, other mutual funds, and short-term instruments, in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations determined in an active market. Each fund determines its share price or NAV each day. Shares of CREF and TIAA-CREF Funds are available for transactions at the closing NAV on any business day. In an effort to reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a purchase, sale, and repurchase of that fund is made within a 60-day period.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investment Valuation and Income Recognition *(Continued)*

The TIAA Real Estate insurance company pooled separate account is a variable separate account, investing mainly in real estate and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day.

Purchases and sales of marketable securities are recorded on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net Appreciation (Depreciation) in Fair Value of Investments

The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which includes unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2021 and 2020, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

Administrative Expenses and Revenue Credits

Plan administration costs are paid from the assets of the Plan, as provided by the Plan provisions, and include recordkeeping and trustee fees, as well as professional fees. Investment-related expenses are charged to the particular investment fund to which such expenses are related and are netted against net appreciation (depreciation) in the fair value of investments. Certain other administrative expenses are paid directly by the University and will not be reimbursed by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Administrative Expenses and Revenue Credits (Continued)**

The Plan receives revenue credits and fee-leveling credits from TIAA and CREF based on the Plan's investment income. These revenue credits are allocated to a dedicated revenue credit account within the Plan. The revenue and fee-leveling credits received during the years ended December 31, 2021 and 2020 of approximately \$106,000 and \$78,000, respectively, are recorded in other additions to the net assets available for benefits, and are earmarked to be used to pay certain eligible Plan administration expenses, such as legal, investment advisory, audit, and certain other professional fees. Approximately \$105,000 and \$78,000 of revenue and fee-leveling credit funds were used to pay eligible expenses during the years ended December 31, 2021 and 2020, respectively. The balances of unallocated revenue credit funds were approximately \$1,000 and \$-0- as of December 31, 2021 or 2020, respectively.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN CUSTODIANS

TIAA and CREF, as well as TIAA, FSB (as a directed trustee or custodian), and Fidelity Management Trust Company hold the majority of the Plan's investments and execute the investment transactions within those accounts. The Plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by TIAA and CREF, including the information TIAA certified as agent on behalf of TIAA, FSB, and Fidelity Management Trust Company (collectively, the Plan Custodians), except for comparing such information certified by the Plan Custodians with the related information included in the Plan's financial statements and supplemental schedule.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The fully benefit-responsive portion of TIAA Traditional Annuity is a guaranteed fixed rate annuity contract offered to participants in employer-sponsored retirement plans. Participants who choose to allocate a portion of their retirement savings to TIAA Traditional Annuity make contributions that purchase a specific contractual or guaranteed amount of future benefits. TIAA Traditional Annuity guarantees principal and credits contracts a guaranteed minimum interest rate, generally 3%, but between 1% and 3% for some contracts. The participant's principal, plus a specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides an opportunity for participants to receive additional amounts, which the TIAA Board of Trustees may declare on a year-by-year basis. These additional amounts, when declared, remain in effect for the 12-month "declaration year" that begins each March 1 for accumulating annuities, and January 1 for lifetime-payout annuities; they are not guaranteed for future years.

TIAA Traditional Annuity is offered through a variety of contracts, including, among others, Retirement Annuities, Group Retirement Annuities, and Group Supplemental Retirement Annuities. The type of contract through which a participant allocates to the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's accumulation, and the options for receiving income upon retirement.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS *(Continued)*

The benefit-responsive TIAA Traditional Annuity liquid contracts are reported at contract value, which is the relevant measurement attribute for the contracts that are considered to be fully benefit-responsive. The contract value equals the accumulated cash contributions, plus interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out.

The average crediting interest rates for the TIAA Traditional Annuity liquid contracts approximated 3.70% and 3.13% for the years ended December 31, 2021 and 2020, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 - INVESTMENT RISKS

The Plan has investments that are exposed to risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities and due to recent market volatility, it is possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in these financial statements.

NOTE 6 - INVESTMENT RISKS *(Continued)*

The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investments are not insured or protected by the Plan Custodians, the University, the Pension Benefit Guaranty Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with similar investments.

NOTE 7 - INCOME TAX STATUS

The Plan administrator believes that the Plan is qualified under Section 403(b) of the IRC and is, therefore, exempt from federal income taxes, provided that all terms of the Plan continue to be followed, and the eligibility requirements or benefit provisions are not more favorable for highly compensated employees. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator also believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - COVID-19 PANDEMIC AND CARES ACT

On March 11, 2020, the World Health Organization ("WHO") declared the novel coronavirus ("COVID-19") a pandemic, triggering volatility in the financial markets and having an adverse impact on the global economy in general. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

As a result, the Plan's investment portfolio has experienced significant volatility. Because the fair value of the Plan's individual investments fluctuates in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, added a new type of hardship withdrawal that waived the withdrawal penalty to participants that (1) were diagnosed with COVID-19, (2) had a spouse or dependent that were diagnosed; or (3) experienced adverse financial consequence as a result of being quarantined, furloughed or laid off, or having reduced work hours, or who were unable to work because of a lack of child care or the closing or reduced hours of a business they owned or operated, or other factors, as determined by the Secretary of Treasury.

NOTE 8 - COVID-19 PANDEMIC AND CARES ACT *(Continued)*

The CARES Act also provided relief for payments due under notes receivable from participants, as well as allowed plans to suspend making the required minimum distributions in 2020 that would otherwise have been required. These provisions were operationally adopted by the Plan during 2020 and expired on December 31, 2020. The Plan is currently working with its third-party administrator TIAA to formalize the related Plan amendments, as required, by December 31, 2022.

NOTE 9 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan sponsor has evaluated events and transactions for potential recognition through October 13, 2022, the date the financial statements were available to be issued.
