INDEPENDENT AUDITOR'S REPORT

October 14, 2022

To the Plan Administrator of
The Guthrie 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Guthrie Clinic 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE GUTHRIE 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following brief description of The Guthrie 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Prior to January 1, 2015, certain employees of Guthrie Medical Group, P.C. (Guthrie Medical) and Guthrie Clinic and their tax exempt affiliates were permitted to participate in the Plan. Effective January 1, 2015, all employees of the Guthrie Medical, Guthrie Clinic and their tax exempt affiliates ceased actively participating in the Plan and instead are permitted to elect deferrals to and receive matching contributions under the Guthrie 403(b) Retirement Savings Plan. Employees of the Twin Tier Management Corporation and any other taxable affiliate of the Medical Group or Guthrie Clinic may continue to participate in the Plan.

General

The Plan is a defined contribution plan covering substantially all employees of certain participating employers, as defined in the Plan document, who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Plan Sponsor. Teachers Insurance and Annuity Association (TIAA), College Retirement Equities Fund (CREF), and Fidelity Investments Institutional Operations Company, Inc. (Fidelity Investments) are the Plan's recordkeepers. Fidelity Management Trust Company (Fidelity) is the custodian of certain Plan's assets. TIAA and CREF are the insurance companies of the Plan. TIAA, CREF, and Fidelity provide the investment options for the Plan participants.

Contributions

The Plan Sponsor automatically enrolls and sets an elective deferral amount for eligible participants, unless the participant elects to not defer any amount. Participants in the Plan may contribute a percentage of their compensation up to the maximum amount allowed by the IRS, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants in the Plan may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for employer matching contributions equal to 50% of a maximum of 6% of an employee's elected deferral. Additionally, the Plan allows for an annual age-based contribution made in an amount equal to a percentage of the participant's compensation based on the employee's age as of the last day of the plan year as follows:

<u>Age</u>	<u>Percentage</u>
29 years or younger	1.00%
30 to 39 years	1.50%
40 to 49 years	2.25%
50 to 59 years	3.00%
60 years or over	3.50%

Participants direct the investment of all contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Plan's contributions and (b) Plan earnings and losses, and is charged with an allocation of administrative and investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

The Plan is responsible for all administrative costs, although the Plan sponsor may elect to pay such expenses. During the plan years ended December 31, 2021 and 2020, all expenses were paid by the Plan.

Vesting

Participants are fully vested in elective deferrals made into the Plan. Participants who are terminated prior to normal retirement age, for any reason other than death or disability, are zero percent vested until attaining three years of service, upon which they become fully vested in employer contributions. Participants are fully vested in employer contributions in an event of death or disability.

Notes Receivable from Participants

The Plan provides that participants may borrow the lesser of \$50,000 or 50% of their vested account balance, but not less than \$1,000. The loan shall be repaid by the participant on at least a quarterly basis, but in not over a period greater than five years, unless the loan is taken for the purpose of purchasing a primary residence, in which case the loan may be repaid over a period not greater than 15 years. The loans are collateralized by the balance in the participant's account. The loans bear interest at a rate commensurate with local prevailing rates as determined by the investment provider in conjunction with federal regulations.

Forfeited Accounts

Forfeitures of non-vested account balances are used to reduce the Plan contributions and/or to pay for administrative expenses. There were no unallocated forfeitures as of December 31, 2021 and 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Investments

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investments are participant directed.

The Plan utilizes Group Retirement Annuity (GRA) contracts, which are included in the non-benefit responsive fixed annuity contracts on the statements of net assets available for benefits. Plan contributions are maintained in separate accounts. Under GRA contracts, lump-sum withdrawals are not permitted. Participant initiated transfers or withdrawals may only be made in ten annual installments over a period of approximately nine years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)

The Plan has fully benefit-responsive fixed annuity contracts. Plan contributions are maintained in separate accounts. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by TIAA.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions, based upon the terms of the plan documents.

Fair Value Measurement - Definition and Hierarchy

ASC Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

Money market funds: Valued using closing quoted prices in active markets.

Registered investment companies: Valued using closing quoted prices in active markets.

Pooled separate accounts: A separate account invested in real estate properties and real estate related investments that are valued using closing quoted prices in active markets.

Non-benefit responsive fixed annuity contracts: Value is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals.

Common collective trust: Valued at net asset value (NAV) as a practical expedient to determine fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement – Definition and Hierarchy (Continued)

During 2021, the Plan removed the common collective trust previously classified as Level 2 in the fair value hierarchy due to a change in management's assessment and clarification that it is valued using NAV as a practical expedient. There was, however no change in the actual inputs utilized to value the common collective trust. In the 2020 financial statements, the common collective trust has been reclassified to conform to the current year presentation.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected investment securities. Investment securities are exposed to various risks, such as interest rate, currency, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, the normal form of payment is a lump-sum distribution. A participant may elect to receive his or her benefit payment in regular annual installments over a period not to exceed ten years. Benefits are recorded when paid.

Investment Expenses

Investment advisory management fees and certain other expenses are charged to Plan participants and netted with the net (depreciation) appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENTS

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 1,072,774	\$ -	\$ -	\$ 1,072,774

Investments measured at NAV as a practical expedient:				<u>16,355,058</u>
Total investments				<u>\$265,733,841</u>

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 1,192,515	\$ -	\$ -	\$ 1,192,515

Investments measured at NAV as a practical expedient:				<u>17,616,869</u>
Total investments				<u>\$254,927,553</u>

During the year ended December 31, 2021 and 2020, investments classified as Level 3 within the fair value hierarchy totaling \$36,353 and \$44,388, respectively, were purchased.

3. INVESTMENTS (Continued)

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy:

<u>Type</u>	<u>2021 Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
Non-benefit responsive fixed annuity contracts	\$ 988,590	Discounted cash flow and theoretical transfer rate	Risk-adjusted discount rate applied *	GRA 3.00% - 3.80%

<u>Type</u>	<u>2020 Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
Non-benefit responsive fixed annuity contracts	\$ 1,137,791	Discounted cash flow and theoretical transfer rate	Risk-adjusted discount rate applied *	GRA 3.00% - 4.45%

* Unobservable inputs include discount rate applied

The Plan Administrator has various processes and controls in place to ensure that fair value is reasonably estimated. The Plan Administrator sets the valuation policies for assets and is responsible for the determination of fair value. The Plan Administrator (1) compares price changes between periods to current market conditions, (2) compares trade prices of securities to fair value estimates, (3) compares prices from multiple pricing sources, and (4) performs ongoing due diligence to confirm that independent pricing services use market based parameters for valuation. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

Common Collective Trust Fund

Fidelity Managed Income Portfolio II

The common collective trust is invested in short-term bonds and other fixed income securities. The NAV of the fund is principally derived from the contractual terms of the underlying contracts. The fund purchases third-party wrap contracts designed to maintain a constant NAV and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. The NAV of the fund is then calculated daily and posted by Fidelity. Self-directed accounts are primarily invested in cash, certificate of deposits, mutual funds, common stock, U.S. government and agency obligations, real estate mutual funds and corporate bonds.

The investment strategy of the common/collective trust fund is to preserve principal while earning interest with the goal of maintaining a stable NAV of \$1 per share.

Transactions out of the common/collective trust fund can be made any business day; however, the participant is limited to one per calendar quarter. The fund does not have any unfunded commitments.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter dated November 3, 2011, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The current ruling was updated by the IRS in March 2016, and continued to be favorable. The Plan's administrator and tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100 percent vested in their employer contributions.

6. CERTIFIED FINANCIAL INFORMATION

In accordance with Department of Labor's Rules and Regulations for Reporting and Disclosure 29 CFR 2520.103-8, the Plan administrator has obtained certifications from TIAA, CREF, and Fidelity that the following information is complete and accurate:

- Statements of Net Assets Available for Benefits - Investments and Notes Receivable from Participants
- Statements of Changes in Net Assets Available for Benefits - Investment Income and Interest on Notes Receivable from Participants
- Schedule of Assets (Held at End of Year) - all items and amounts

7. RECONCILIATION TO FORM 5500

The classification of changes in net assets available for benefits for the years ended December 31, 2021 and 2020 differs between these financial statements and Form 5500. However, the net assets available for benefits at December 31, 2021 and 2020 and the total changes in net assets available for benefits for the years then ended agree between these financial statements and Form 5500.

8. PARTY-IN-INTEREST TRANSACTIONS

TIAA, CREF, and Fidelity Investments are the insurance companies and recordkeepers of the Plan's assets. Fidelity held certain of the Plan's investments and served as a custodian of the Plan. As such, transactions between TIAA, CREF, Fidelity Investments, Fidelity and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

9. COVID-19

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The global pandemic caused by the virus disrupted world-wide economic activity.

In April 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allowed Plan participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to defer such repayments until December 31, 2020. Most of the provisions of the CARES Act expired on December 31, 2020. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements were available to be issued.
