Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Annual Return/Report of Employee Benefit Plan

This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code).

▶ **Complete all entries in accordance with the instructions to the Form 5500.**

OMB Nos. 1210-0110
1210-0089

2021

This Form is Open to Public Inspection

Part I Annual Report Identification Information

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021

A This return/report is for:
- [ ] a multiemployer plan
- [ ] a multiple-employer plan (Filers checking this box must attach a list of participating employer information in accordance with the form instructions.)
- [X] a single-employer plan
- [ ] a DFE (specify) ____

B This return/report is:
- [ ] the first return/report
- [ ] the final return/report
- [ ] an amended return/report
- [ ] a short plan year return/report (less than 12 months)

C If the plan is a collectively-bargained plan, check here. . . . . ▶ [X]

D Check box if filing under:
- [X] Form 5558
- [ ] automatic extension
- [ ] the DFVC program
- [ ] special extension (enter description)

E If this is a retroactively adopted plan permitted by SECURE Act section 201, check here. . . . . ▶ [ ]

Part II Basic Plan Information—enter all requested information

1a Name of plan
LEGRAND NORTH AMERICA RETIREMENT PLAN

1b Three-digit plan number (PN) ▶ 001

1c Effective date of plan 12/15/1941

2a Plan sponsor's name (employer, if for a single-employer plan)
Mailing address (include room, apt., suite no. and street, or P.O. Box)
City or town, state or province, country, and ZIP or foreign postal code (if foreign, see instructions)
THE WIREMOLD COMPANY

60 WOODLAWN STREET
WEST HARTFORD, CT 06110

2b Employer Identification Number (EIN) 06-0593670

2c Plan Sponsor's telephone number 860-233-6251

2d Business code (see instructions) 335900

Caution: A penalty for the late or incomplete filing of this return/report will be assessed unless reasonable cause is established.

Under penalties of perjury and other penalties set forth in the instructions, I declare that I have examined this return/report, including accompanying schedules, statements and attachments, as well as the electronic version of this return/report, and to the best of my knowledge and belief, it is true, correct, and complete.

Part III Welfare Benefit Contract Information

If more than one contract covers the same group of employees of the same employer(s) or members of the same employee organizations(s), the information may be combined for reporting purposes if such contracts are experience-rated as a unit. Where contracts cover individual employees, the entire group of such individual contracts with each carrier may be treated as a unit for purposes of this report.

8 Benefit and contract type (check all applicable boxes)

a ☐ Health (other than dental or vision) **b** ☐ Dental **c** ☐ Vision **d** ☐ Life insurance
e ☐ Temporary disability (accident and sickness) **f** ☐ Long-term disability **g** ☐ Supplemental unemployment **h** ☐ Prescription drug
i ☐ Stop loss (large deductible) **j** ☐ HMO contract **k** ☐ PPO contract **l** ☐ Indemnity contract
m ☐ Other (specify) ▶

9 Experience-rated contracts:				
a Premiums: (1) Amount received	**9a(1)**			
(2) Increase (decrease) in amount due but unpaid	**9a(2)**			
(3) Increase (decrease) in unearned premium reserve	**9a(3)**			
(4) Earned (**(1)** + **(2)** - **(3)**)			**9a(4)**	
b Benefit charges (1) Claims paid	**9b(1)**			
(2) Increase (decrease) in claim reserves	**9b(2)**			
(3) Incurred claims (add **(1)** and **(2)**)			**9b(3)**	
(4) Claims charged			**9b(4)**	
c Remainder of premium: (1) Retention charges (on an accrual basis) --				
(A) Commissions	**9c(1)(A)**			
(B) Administrative service or other fees	**9c(1)(B)**			
(C) Other specific acquisition costs	**9c(1)(C)**			
(D) Other expenses	**9c(1)(D)**			
(E) Taxes	**9c(1)(E)**			
(F) Charges for risks or other contingencies	**9c(1)(F)**			
(G) Other retention charges	**9c(1)(G)**			
(H) Total retention			**9c(1)(H)**	
(2) Dividends or retroactive rate refunds. (These amounts were ☐ paid in cash, or ☐ credited.)			**9c(2)**	
d Status of policyholder reserves at end of year: (1) Amount held to provide benefits after retirement			**9d(1)**	
(2) Claim reserves			**9d(2)**	
(3) Other reserves			**9d(3)**	
e Dividends or retroactive rate refunds due. (Do not include amount entered in line **9c(2)**.)			**9e**	
10 Nonexperience-rated contracts:				
a Total premiums or subscription charges paid to carrier			**10a**	
b If the carrier, service, or other organization incurred any specific costs in connection with the acquisition or retention of the contract or policy, other than reported in Part I, line 2 above, report amount.			**10b**	

Specify nature of costs.

Part IV Provision of Information

11 Did the insurance company fail to provide any information necessary to complete Schedule A? ☐ Yes ☒ No

12 If the answer to line 11 is "Yes," specify the information not provided. ▶

SCHEDULE SB (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Single-Employer Defined Benefit Plan Actuarial Information

This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6059 of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500 or 5500-SF.**

OMB No. 1210-0110

2021

This Form is Open to Public Inspection

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021

▶ **Round off amounts to nearest dollar.**

▶ **Caution:** A penalty of $1,000 will be assessed for late filing of this report unless reasonable cause is established.

A Name of plan
LEGRAND NORTH AMERICA RETIREMENT PLAN

B Three-digit plan number (PN) ▶ 001

C Plan sponsor's name as shown on line 2a of Form 5500 or 5500-SF
THE WIREMOLD COMPANY

D Employer Identification Number (EIN)
06-0593670

E Type of plan: [X] Single [ ] Multiple-A [ ] Multiple-B

F Prior year plan size: [ ] 100 or fewer [ ] 101-500 [X] More than 500

Part I Basic Information

1 Enter the valuation date: Month 01 Day 01 Year 2021

2 Assets:

a Market value	**2a**	105724754
b Actuarial value	**2b**	96812169

3 Funding target/participant count breakdown

	(1) Number of participants	(2) Vested Funding Target	(3) Total Funding Target
a For retired participants and beneficiaries receiving payment	708	38668572	38668572
b For terminated vested participants	320	9994499	9994499
c For active participants	159	15642399	15829539
d Total	1187	64305470	64492610

4 If the plan is in at-risk status, check the box and complete lines (a) and (b) [ ]

a Funding target disregarding prescribed at-risk assumptions	**4a**	
b Funding target reflecting at-risk assumptions, but disregarding transition rule for plans that have been in at-risk status for fewer than five consecutive years and disregarding loading factor	**4b**	

5 Effective interest rate	**5**	5.58 %
6 Target normal cost		
a Present value of current plan year accruals	**6a**	153224
b Expected plan-related expenses	**6b**	60000
c Total (line 6a + line 6b)	**6c**	213224

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances

		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	10233475	0
8	Portion elected for use to offset prior year's funding requirement (line 35 from prior year)		
9	Amount remaining (line 7 minus line 8)	10233475	0
10	Interest on line 9 using prior year's actual return of 13.40 %	1371286	0
11	Prior year's excess contributions to be added to prefunding balance:		
	a Present value of excess contributions (line 38a from prior year)		0
	b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of 5.36 %		0
	b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		
	c Total available at beginning of current plan year to add to prefunding balance		0
	d Portion of (c) to be added to prefunding balance		
12	Other reductions in balances due to elections or deemed elections		
13	Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	11604761	0

Part III Funding Percentages

14	Funding target attainment percentage	14	132.11 %
15	Adjusted funding target attainment percentage	15	150.11 %
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	134.20 %
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls

18 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
			Totals ► 18(b)	0	18(c) 0

19	Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:		
	a Contributions allocated toward unpaid minimum required contributions from prior years	19a	
	b Contributions made to avoid restrictions adjusted to valuation date	19b	
	c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	

20 Quarterly contributions and liquidity shortfalls:

a Did the plan have a "funding shortfall" for the prior year? ☐ Yes ☒ No

b If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☐ Yes ☐ No

c If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year

(1) 1st	(2) 2nd	(3) 3rd	(4) 4th

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:

a Segment rates:

1st segment:	2nd segment:	3rd segment:	
4.75 %	5.36 %	6.11 %	☐ N/A, full yield curve used

b Applicable month (enter code)	**21b**	4
22 Weighted average retirement age	**22**	63

23 Mortality table(s) (see instructions) ☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment	☒ Yes	☐ No
25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment	☐ Yes	☒ No
26 Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment	☒ Yes	☐ No

27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment	**27**	

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years	**28**	0
29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a)	**29**	
30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29)	**30**	0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):

a Target normal cost (line 6c)	**31a**	213224
b Excess assets, if applicable, but not greater than line 31a	**31b**	213224

32 Amortization installments:	Outstanding Balance	Installment
a Net shortfall amortization installment		
b Waiver amortization installment		

33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount	**33**	
34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33)	**34**	0

	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement			0

36 Additional cash requirement (line 34 minus line 35)	**36**	0
37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c)	**37**	
38 Present value of excess contributions for current year (see instructions)		
a Total (excess, if any, of line 37 over line 36)	**38a**	0
b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances	**38b**	
39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37)	**39**	0
40 Unpaid minimum required contributions for all years	**40**	0

Part IX Pension Funding Relief Under Pension Relief Act of 2010 (See Instructions)

41 If an election was made to use PRA 2010 funding relief for this plan:

a Schedule elected ☐ 2 plus 7 years ☐ 15 years

b Eligible plan year(s) for which the election in line 41a was made ☐ 2008 ☐ 2009 ☐ 2010 ☐ 2011

SCHEDULE C (Form 5500)	Service Provider Information	OMB No. 1210-0110

SCHEDULE H (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Financial Information

This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500.**

OMB No. 1210-0110

2021

This Form is Open to Public Inspection

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021

A Name of plan
LEGRAND NORTH AMERICA RETIREMENT PLAN

B Three-digit plan number (PN) ▶ 001

C Plan sponsor's name as shown on line 2a of Form 5500
THE WIREMOLD COMPANY

D Employer Identification Number (EIN)
06-0593670

Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash	1a		
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions	1b(1)		
(2) Participant contributions	1b(2)		
(3) Other	1b(3)		
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit)	1c(1)		
(2) U.S. Government securities	1c(2)		
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)		
(B) All other	1c(3)(B)		
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)		
(B) Common	1c(4)(B)		
(5) Partnership/joint venture interests	1c(5)		
(6) Real estate (other than employer real property)	1c(6)		
(7) Loans (other than to participants)	1c(7)		
(8) Participant loans	1c(8)		
(9) Value of interest in common/collective trusts	1c(9)		
(10) Value of interest in pooled separate accounts	1c(10)	35097832	25673448
(11) Value of interest in master trust investment accounts	1c(11)		
(12) Value of interest in 103-12 investment entities	1c(12)		
(13) Value of interest in registered investment companies (e.g., mutual funds)	1c(13)	69297524	67039346
(14) Value of funds held in insurance company general account (unallocated contracts)	1c(14)	1281099	12120373
(15) Other	1c(15)		

			(a) Beginning of Year	**(b)** End of Year
1d	Employer-related investments:			
	(1) Employer securities	1d(1)		
	(2) Employer real property	1d(2)		
e	Buildings and other property used in plan operation	1e		
f	Total assets (add all amounts in lines 1a through 1e)	1f	105676455	104833167
	Liabilities			
g	Benefit claims payable	1g		
h	Operating payables	1h		
i	Acquisition indebtedness	1i		
j	Other liabilities	1j		
k	Total liabilities (add all amounts in lines 1g through1j)	1k	0	0
	Net Assets			
l	Net assets (subtract line 1k from line 1f)	1l	105676455	104833167

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

	Income		**(a)** Amount	**(b)** Total
a	**Contributions:**			
	(1) Received or receivable in cash from: **(A)** Employers	2a(1)(A)		
	(B) Participants	2a(1)(B)		
	(C) Others (including rollovers)	2a(1)(C)		
	(2) Noncash contributions	2a(2)		
	(3) Total contributions. Add lines **2a(1)(A), (B), (C),** and line **2a(2)**	2a(3)		0
b	**Earnings on investments:**			
	(1) Interest:			
	(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
	(B) U.S. Government securities	2b(1)(B)		
	(C) Corporate debt instruments	2b(1)(C)		
	(D) Loans (other than to participants)	2b(1)(D)		
	(E) Participant loans	2b(1)(E)		
	(F) Other	2b(1)(F)	136171	
	(G) Total interest. Add lines **2b(1)(A)** through **(F)**	2b(1)(G)		136171
	(2) Dividends: **(A)** Preferred stock	2b(2)(A)		
	(B) Common stock	2b(2)(B)		
	(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)	3870889	
	(D) Total dividends. Add lines **2b(2)(A)**, **(B)**, and **(C)**	2b(2)(D)		3870889
	(3) Rents	2b(3)		
	(4) Net gain (loss) on sale of assets: **(A)** Aggregate proceeds	2b(4)(A)		
	(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
	(C) Subtract line **2b(4)(B)** from line **2b(4)(A)** and enter result	2b(4)(C)		0
	(5) Unrealized appreciation (depreciation) of assets: **(A)** Real estate	2b(5)(A)		
	(B) Other	2b(5)(B)		
	(C) Total unrealized appreciation of assets. Add lines **2b(5)(A)** and **(B)**	2b(5)(C)		0

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		252604
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		
(9) Net investment gain (loss) from 103-12 investment entities	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		
c Other income	2c		
d Total income. Add all **income** amounts in column (b) and enter total	2d		4259664
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	5001734	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)		
(4) Total benefit payments. Add lines **2e(1)** through **(3)**	2e(4)		5001734
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses: **(1)** Professional fees	2i(1)		
(2) Contract administrator fees	2i(2)		
(3) Investment advisory and management fees	2i(3)		
(4) Other	2i(4)	101218	
(5) Total administrative expenses. Add lines **2i(1)** through **(4)**	2i(5)		101218
j Total expenses. Add all **expense** amounts in column (b) and enter total	2j		5102952
Net Income and Reconciliation			
k Net income (loss). Subtract line **2j** from line **2d**	2k		-843288
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: COHNREZNICK LLP **(2)** EIN: 22-1478099

d The opinion of an independent qualified public accountant is **not attached** because:

(1) [ ] This form is filed for a CCT, PSA, or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a		X	

			Yes	No	Amount
b	Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X	
c	Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**		X	
d	Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**		X	
e	Was this plan covered by a fidelity bond?	**4e**	X		10000000
f	Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**		X	
g	Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**		X	
h	Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**		X	
i	Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**	X		
j	Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**	X		
k	Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**		X	
l	Has the plan failed to provide any benefit when due under the plan?	**4l**		X	
m	If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n	If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	**5b(2)** EIN(s)	**5b(3)** PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 428636.

SCHEDULE R (Form 5500)

Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security Administration

Pension Benefit Guaranty Corporation

Retirement Plan Information

This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code).

▶ **File as an attachment to Form 5500.**

OMB No. 1210-0110

2021

This Form is Open to Public Inspection.

For calendar plan year 2021 or fiscal plan year beginning 01/01/2021 and ending 12/31/2021

A Name of plan
LEGRAND NORTH AMERICA RETIREMENT PLAN

B Three-digit plan number (PN) ▶ 001

C Plan sponsor's name as shown on line 2a of Form 5500
THE WIREMOLD COMPANY

D Employer Identification Number (EIN)
06-0593670

Part I Distributions

All references to distributions relate only to payments of benefits during the plan year.

1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions **1** 0

2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits):

EIN(s): 22-1211670

Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.

3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year **3** 5

Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)

4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ..... ☐ **Yes** ☒ **No** ☐ **N/A**

If the plan is a defined benefit plan, go to line 8.

5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. **Date:** Month _____ Day _____ Year _____

If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.

6 **a** Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived) **6a**

b Enter the amount contributed by the employer to the plan for this plan year **6b**

c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount) **6c**

If you completed line 6c, skip lines 8 and 9.

7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ..... ☐ **Yes** ☐ **No** ☐ **N/A**

8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ..... ☐ **Yes** ☒ **No** ☐ **N/A**

Part III Amendments

9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box. ..... ☐ **Increase** ☐ **Decrease** ☐ **Both** ☒ **No**

Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.

10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan? ..... ☐ **Yes** ☐ **No**

11 **a** Does the ESOP hold any preferred stock? ..... ☐ **Yes** ☐ **No**

b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.) ..... ☐ **Yes** ☐ **No**

12 Does the ESOP hold any stock that is not readily tradable on an established securities market? ..... ☐ **Yes** ☐ **No**

Part V Additional Information for Multiemployer Defined Benefit Pension Plans

13 Enter the following information for each employer that contributed more than 5% of total contributions to the plan during the plan year (measured in dollars). See instructions. *Complete as many entries as needed to report all applicable employers.*

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box ☐ and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify):

---

a Name of contributing employer

b EIN **c** Dollar amount contributed by employer

d Date collective bargaining agreement expires *(If employer contributes under more than one collective bargaining agreement, check box ☐ and see instructions regarding required attachment. Otherwise, enter the applicable date.)* Month _____ Day _____ Year _____

e Contribution rate information *(If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____

e Contribution rate information *(If more than one rate applies, check this box ☐ and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)*
(1) Contribution rate (in dollars and cents) _____
(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment)	**14a**	
b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14b**	
c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	**14c**	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	**15a**	
b The corresponding number for the second preceding plan year	**15b**	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	**16a**	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	**16b**	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

19 If the total number of participants is 1,000 or more, complete lines (a) through (c)

a Enter the percentage of plan assets held as:
Stock: 62 % Investment-Grade Debt: 38 % High-Yield Debt: _____% Real Estate: _____% Other: _____%

b Provide the average duration of the combined investment-grade and high-yield debt:

Independent Auditor's Report

To the Plan Administrator
Legrand North America Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Legrand North America Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2020, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Legrand North America Retirement Plan (the "Plan" or "Legrand") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

Effective December 31, 2008, the Pass & Seymour Sierra Electric Industrial Pension Plan ("P&S"), The Wiremold Company Hourly Retirement Income Plan ("Hourly") and Walker Systems, Inc. Union Hourly Pension Plan ("Walker") merged into Legrand and transferred all assets and liabilities to Legrand. All are ultimately sponsored by The Wiremold Company (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General

Legrand
Legrand is a noncontributory defined benefit pension plan established to provide pension and death benefits to eligible employees of the Company who are not included in a unit of employees covered by a collective bargaining agreement with the Company with respect to which retirement benefits were the subject of good faith negotiations. Employees hired after January 1, 1998, who are not covered by a collective bargaining agreement as described above, became participants of Legrand as of the date of hire, provided that the employee's customary employment was for 1,000 or more hours of service per year. Any employee who does not meet this criteria, and who was not covered by a collective bargaining agreement as described above, became a participant effective January 1 of the Plan year during which the employee completes 1,000 hours of service.

Effective August 1, 2006, no individual shall become a participant in Legrand if the individual becomes an employee on or after August 1, 2006, is a rehire or transfers from another employer. Effective January 1, 2007, employees of the Company that transfer to Legrand Holdings, Inc., the Plan sponsor, will continue to accrue benefits.

Legrand was amended on November 26, 2007 to provide for additional retirement benefits for certain participants electing to terminate employment between November 26, 2007 and February 29, 2008 who meet various requirements. These applicable participants will be provided his or her normal pay credit as outlined below plus the product of 1/52 of the participant's compensation for the year ended December 31, 2007 times the lesser of 26 or 1.5 times the number of years of service for the participant as of February 29, 2008.

Effective December 31, 2017, benefit accruals under Legrand were frozen, such that no pay credits shall be made for Plan years beginning after December 31, 2017. Interest credits shall continue to be made in accordance with the provisions of the Plan. Years of service will continue to be earned for the purpose of determining the vested interest in the accrued benefit under Legrand.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be reduced by 4% for each year by which his or her benefit start date precedes his or her normal retirement date unless one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age plus his or her years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

P&S
P&S is a noncontributory defined benefit plan which covers substantially all hourly rate union employees hired before the age of 60 who were employed by Pass and Seymour, Inc. prior to 1995. In 1995, benefits under the Plan were frozen and no new participants were added subsequently.

Hourly
Hourly is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who are members of the Local 1040 International Brotherhood of Electrical Workers AFL-CIO and employed at either the West Hartford or Rocky Hill, Connecticut plants. These employees will become participants on the first plan entry date following his or her date of hire, provided his or her employment is expected to include 1,000 hours of service per year. An employee who does not become a participant based on the previous sentence will become a participant as of the Plan entry date subsequent to completing a year of service in which 1,000 hours are completed.

Hourly was amended on November 26, 2007 to provide for the Voluntary Early Retirement Plan ("VERP"). To qualify for VERP participants must have elected between November 26, 2007 and January 10, 2008 to retire between January 20, 2008 and February 29, 2008. A participant who qualified for VERP: (a) will have four years of service added for the purpose of determining whether the sum of his or her age and years of service equals or exceeds 85, (b) will have four years of credited service added for the purpose of determining accrued benefits and (c) will have the accrued benefit determined by using the monthly benefit level of $32.

Hourly was amended in 2009 to provide for the 2008 Voluntary Early Retirement Plan (the "2008 VERP"). Any active participant in the Plan who was a collectively-bargained union employee of the Company at its West Hartford, Connecticut location as of December 11, 2008, and who was at least age 58 and had at least five (5) years of service and 80 points (age and years of service when added together equals or exceeds 80) as of January 30, 2009, qualified for the 2008 VERP.

On or after December 11, 2008 and on or before January 30, 2009, eligible employees may make his or her election to retire under the terms of the 2008 VERP and his or her retirement will occur on January 30, 2009 (or such earlier date as is mutually agreed upon and approved by the Company in writing). If an eligible employee terminates employment under the 2008 VERP before January 30, 2009, the individual will be treated as having remained in employment through January 30, 2009 solely for the purpose of satisfying the age and service requirements in the paragraph above.

Retirement benefit payments can commence under the 2008 VERP retirement plan at any time on or after February 1, 2009 (as permitted by the terms of the Plan).

An eligible employee who makes his or her election to retire under the terms of the 2008 VERP and who has 80 or more points but less than 85 points as of January 30, 2009: (i) will have his or her years of service increased so that the number of his or her total points will equal 85 and (ii) will have his or her years of credited service increased by the same number as the number of additional years of service described in subsection (c)(i) (for the purpose of determining his or her accrued benefit).

No additional years of service or years of credited service will be credited to an eligible employee who has 85 or more points as of January 30, 2009.

Effective April 1, 2009, any employee, except those classified as an electrician, who is hired or reemployed on or after April 1, 2009 shall not become a participant in Legrand and shall not accrue any benefits. If a former employee who was a participant is reemployed prior to April 1, 2009, the employee shall again become an active participant. If a former employee was not a participant and is reemployed prior to April 1, 2009, the employee may become an active participant by meeting the eligibility requirements.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by 4% for each year by which his or her annuity starting date precedes his or her normal retirement date unless the participant retires directly from an active employment status and one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 90 (minimum age 55).

(c) Effective on or after May 1, 1996, the sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Each participant who retires from employment with his or her employer and all affiliated companies prior to his or her normal retirement date due to permanent and total disability, who was accruing credited service at the time he or she became disabled, who has at least five years of service and who is not eligible for or does not elect to receive an early benefit shall be eligible for a disability benefit.

Walker
Walker is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who were employed at its West Virginia manufacturing location (formerly, Walker Systems, Inc.) and were members of Local Union No. 2077, International Association of Machinists and Aerospace Workers. Union employees become eligible upon completion of one year of service in which 1,000 hours of service are rendered.

Pension benefits

Legrand

Effective January 1, 1998, Legrand was restated to become a cash balance plan. Under the previous plan, all benefit payments were annuity payments calculated by multiplying the ratio of years of service, to the greater of 30 or the years of service to age 65, by 40% of final average salary. Under the new plan, each participant has a bookkeeping account established in his or her name. The value of the benefit is expressed as a cash balance in that account. Each participant's account increases based on pay credits and interest credits. Pay credits equal a percentage of the participant's compensation; the applicable percentage is generally determined on the basis of the following schedule for Plan years and periods beginning on or after August 1, 2006:

	Years of service			
Age as of July 31, 2006	Less than 5	At least 5, but less than 10	At least 10, but less than 15	15 or more
Less than 30	0%	2%	3%	4%
30, but less than 35	0%	2%	3%	4%
35, but less than 40	0%	2%	3%	4%
40, but less than 45	0%	4%	5%	6%
45, but less than 50	0%	4%	5%	6%
50 or more	0%	4%	5%	6%

The pay credit for the Plan year or period in which an individual becomes or ceases to be a participant shall be based upon such individual's compensation earned while a participant during such Plan year or period. A pay credit is no longer provided for any participant for any Plan year beginning after December 31, 2017.

Interest credits for a given year are based on the average yield on 30-year U.S. Treasury bonds for the September preceding the Plan year (the "Applicable Interest Rate"); however, this rate shall not be less than 5.00%. For each of the years ended December 31, 2021 and 2020, the applicable rates were 5.00%. Participants will be able to elect whether benefits are to be paid out as a lump-sum or from a variety of annuity payments. Any individuals that were participants of the previous plan had an opening balance in the current plan equal to the present value of his or her pension benefit under the previous plan. The Plan contains other clauses to ensure participants nearing retirement were not adversely affected by the transition.

Participants with less than five years of service as of July 31, 2006 will no longer be eligible for pay credit.

P&S

A qualified employee upon termination of employment, beginning the first day of the month coinciding with or immediately following his or her 65th birthday, is entitled to a monthly benefit based upon total years of credited service multiplied by the monthly benefit based upon retirement date according to the table within the Plan.

Generally, upon attainment of age 55 with 15 years of credited service, participants are eligible for early retirement which provides a benefit equal to the benefit the employee would receive at age 65 reduced by 1/2 of 1% for each month from the date such benefits commence to the first day of the month following the normal retirement date.

Hourly
In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable).

Walker
Effective March 31, 2005, Walker was frozen as a result of the plant being closed. Due to the closing of the facility, all participants who were involuntarily terminated on or after September 8, 2004 in connection with the facility closing were 100% vested. Participants accrue no additional benefits or years of credited service on or after March 31, 2005. The Plan was amended to increase monthly retirement benefits to $28 per year of credited service for all participants who retired or terminated employment on or after November 12, 2004 (first layoff date) as a result of the facility closing. Additionally, participants who retired or terminated employment on or after November 12, 2004 as a result of the facility closing, who had attained age 50 and whose sum of age plus years of service equaled or exceeded 75, were eligible to receive an unreduced early retirement benefit at age 55.

Each participant who retires from employment with his employer and all affiliated companies at or after age 55, but prior to his normal retirement date and who has at least 10 years of service, shall be eligible for an early retirement benefit.

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable). Based on union negotiations, this rate was increased to $26 effective February 10, 2002. Additionally, all participants affected by the closing of the plant will receive a rate of $28.

An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by ½ of 1% for each full calendar month by which his or her annuity starting date precedes his or her normal retirement date, unless either of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date.

(b) The sum of the participant's age plus years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Death and disability benefits

Legrand
If a participant dies before the normal retirement date while still actively employed and he or she was fully vested, or the participant dies prior to receiving payments, the participant's beneficiary will receive the full account balance as a lump-sum or an annuity. If a participant dies while receiving annuity payments, the beneficiary may continue to receive payments depending on the participant's payment option selected.

P&S
Upon the death of a participant who was eligible for early or normal retirement, the surviving spouse will receive a monthly benefit for life equal to 50% of the monthly benefit the employee would have been entitled to receive had he or she retired on the day before his or her death, and elected immediate commencement of early retirement benefits in the form of a joint and 50% survivor annuity.

A participant who becomes disabled with at least 15 years of service and is entitled to disability insurance benefits under the Social Security Act is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits but is reduced by workers' compensation. A minimum benefit of $50 per month is provided for participants not qualifying for Social Security Disability Benefits.

Hourly
If a participant dies before the normal retirement date while still actively employed, and either made required contributions to the prior plan or have a prior plan value (as defined), the participant's beneficiary will receive all contributions and/or the prior plan value with interest. If the participant is married, his or her spouse may be eligible to receive a Qualified Pre-Retirement Survivor Annuity, which is similar to the Joint and Survivor Annuity provided at the participant's normal retirement.

A participant who becomes disabled with at least five years of service, was actively employed and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed in the same manner as pension benefits, but is reduced by workers' compensation payments.

Walker
Upon the death of a participant prior to retirement date, his or her spouse will receive a Pre-Retirement Spouse Benefit, provided the participant had a vested right to retirement income and had not made an effective election to waive spouse benefit coverage. The monthly benefit will be equal to 50% of the retirement income the participant would have received had he or she retired the day before his or her death.

A participant who becomes disabled with at least 15 years of service, was actively employed and accruing service and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits, but is reduced by workers' compensation payments.

Vesting

Legrand
In connection with the closing or selling of certain facilities and termination of related employees, affected participants became 100% vested in his or her accrued benefits. Prior to January 1, 2008, participants are fully vested after five years of service. Effective January 1, 2008, participants are fully vested after three years of service.

P&S
Eligible employees are fully vested after five years of service.

Hourly
Eligible employees are fully vested after five years of service. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Walker
Eligible employees are fully vested after five years of service except as noted in pension benefits above. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Revenue credit account

The Plan has established a revenue credit account to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for Plan expenses. During 2021 and 2020, the trustee contributed $8,000 and $14,899, respectively, into the revenue credit account. During 2021 and 2020, the Company used $19,365 and $31,905, respectively, from the account to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses related to benefits administration net of any revenue credits that reimburse or pay directly the fees of a service provider or other expense of administering the Plan are also deducted from Plan assets and reported within the administrative expenses line item within the statements of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, trustee and insurance company. See Note 4 for a discussion of fair value measurements. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by insurance companies. The investment in the insurance company contract (Prudential Guaranteed Deposit Account) is valued at the estimated fair value, as reported by Prudential Retirement Insurance and Annuity Company ("PRIAC").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Funding policy

The Company makes contributions to the Plan based on the amount determined by the independent actuary plus such amounts as the Company may determine to be appropriate. The actuary applies current assumptions and factors to benefit information as of January 1 (the date of the actuarial valuation used to determine the Company's contribution for the subsequent Plan year). The ERISA minimum funding requirements have been satisfied for the years ended December 31, 2021 and 2020.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Plan termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or his or her beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).

- All other vested benefits (that is, vested benefits not insured by the PBGC).

- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive his or her benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the accumulation unit value, which is based on the fair value of underlying assets of the account. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions and there are no unfunded commitments.

Guaranteed deposit account: Valued at fair value by discounting the related cash flows using treasury rates and spreads based on the cash flow timing and quality of assets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 67,039,346	$ -	$ -	$ 67,039,346
Guaranteed deposit account	-	-	12,128,227	12,128,227
Total assets in the fair value hierarchy	67,039,346	-	12,128,227	79,167,573
Pooled separate accounts (a)	-	-	-	25,673,448
Total investments at fair value	$ 67,039,346	$ -	$ 12,128,227	$ 104,841,021

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 69,297,524	$ -	$ -	$ 69,297,524
Guaranteed deposit account	-	-	1,329,398	1,329,398
Total assets in the fair value hierarchy	69,297,524	-	1,329,398	70,626,922
Pooled separate accounts (a)	-	-	-	35,097,832
Total investments at fair value	$ 69,297,524	$ -	$ 1,329,398	$ 105,724,754

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

2021 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 12,128,227	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	0.997437 - 1.065581	1.000648

2020 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 1,329,398	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	1.033469 - 1.086182	1.037702

In estimating fair value of the investments in Level 3, the Retirement Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 25,673,448	None	Daily	90 days

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 35,097,832	None	Daily	90 days

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PRIAC and Prudential Insurance Company of America, the custodians, and Prudential Bank & Trust, FSB, the trustee of the Plan.

Note 6 - Tax status

The Plan received its latest determination letter on April 17, 2017, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Actuarial information

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or vested terminated employees or his or her beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or his or her beneficiaries. Benefits under the Plan are based on the years of service accumulated by employees. Benefits payable under all circumstances, including retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Hooker & Holcombe, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining accumulated plan benefits were as follows:

	December 31, 2020
Mortality	PRI-2012/MP2020
Investment return rate	6.5% per annum
Retirement age	Retirement is assumed at age 63

The actuarial method used to determine the normal cost and actuarial liability was the Projected Unit Credit Actuarial Cost Method.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021. Had the valuations been performed as of December 31, 2020, there would be no material differences.

Note 8 - Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and the guaranteed deposit account managed by PRIAC, Prudential Insurance Company of America and Prudential Bank & Trust, FSB. PRIAC and Prudential Insurance Company of America are the custodians and Prudential Bank & Trust, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the custodians and trustee for administrative expenses amounted to $89,268 and $84,229 for the years ended December 31, 2021 and 2020, respectively. In addition, included in administrative expenses for 2021 and 2020 are fees paid for legal and accounting services performed for the Plan of $11,950 and $31,905, respectively. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 10 - Investment contract with insurance company

The Company entered into a guaranteed investment contract with PRIAC. Amounts are invested in the Prudential Guaranteed Deposit Account. PRIAC maintains the assets of this investment in an unallocated fund to which it credits interest at varying rates. PRIAC recorded cumulative contributions and credited interest at a rate of 2.75% and 2.92% to amounts received prior to December 31, 2021 and 2020, respectively, and 1.50% and 2.05% to amounts received in 2021 and 2020, respectively.

Note 11 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 104,841,021	$ 105,724,754
Fair value to contract value adjustment	(7,854)	(48,299)
Net assets available for benefits per Form 5500	$ 104,833,167	$ 105,676,455

The following is a reconciliation of net increase in net assets per the statements of changes in net assets available for benefits to Form 5500 for the years ended December 31:

	2021	2020
Net increase in net assets per the statement of changes in net assets available for benefits	$ (883,733)	$ 7,147,291
Current year fair value adjustment	(7,854)	(48,299)
Prior year fair value adjustment	48,299	27,356
Net change per Form 5500	$ (843,288)	$ 7,126,348

Note 12 - Subsequent event

On April 1, 2022, the full-service retirement plan business of Prudential Financial, Inc. was acquired by Great-West Life & Annuity Insurance Company. There were no significant changes to the Plan as a result of this acquisition. Plan management does not expect this to have a significant impact on the Plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Beginning of Year Carryover and Prefunding Balances

		(a) Carryover balance	(b) Prefunding balance
7	Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	10,233,475	0
8	Portion elected for use to offset prior year's funding requirement (line 35 from prior year)		
9	Amount remaining (line 7 minus line 8)	10,233,475	0
10	Interest on line 9 using prior year's actual return of 13.40%	1,371,286	0
11	Prior year's excess contributions to be added to prefunding balance:		
	a Present value of excess contributions (line 38a from prior year)		0
	b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of 5.36%		0
	b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		
	c Total available at beginning of current plan year to add to prefunding balance		0
	d Portion of (c) to be added to prefunding balance		
12	Other reductions in balances due to elections or deemed elections		
13	Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	11,604,761	0

Part III Funding Percentages

14	Funding target attainment percentage	14	132.11%
15	Adjusted funding target attainment percentage	15	150.11%
16	Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	134.20%
17	If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls

18 Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
			Totals ▶ 18(b)	0	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a	Contributions allocated toward unpaid minimum required contributions from prior years.	19a
b	Contributions made to avoid restrictions adjusted to valuation date	19b
c	Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c

20 Quarterly contributions and liquidity shortfalls:

a Did the plan have a "funding shortfall" for the prior year? [ ] Yes [X] No

b If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? [ ] Yes [ ] No

c If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year

(1) 1st	(2) 2nd	(3) 3rd	(4) 4th

Part V Assumptions Used to Determine Funding Target and Target Normal Cost

21 Discount rate:

a Segment rates:

1st segment:	2nd segment:	3rd segment:	
4.75 %	5.36 %	6.11%	☐ N/A, full yield curve used

b Applicable month (enter code) — **21b**: 4

22 Weighted average retirement age — **22**: 63

23 Mortality table(s) (see instructions) ☐ Prescribed - combined ☒ Prescribed - separate ☐ Substitute

Part VI Miscellaneous Items

24 Has a change been made in the non-prescribed actuarial assumptions for the current plan year? If "Yes," see instructions regarding required attachment ☒ Yes ☐ No

25 Has a method change been made for the current plan year? If "Yes," see instructions regarding required attachment ☐ Yes ☒ No

26 Is the plan required to provide a Schedule of Active Participants? If "Yes," see instructions regarding required attachment ☒ Yes ☐ No

27 If the plan is subject to alternative funding rules, enter applicable code and see instructions regarding attachment — **27**:

Part VII Reconciliation of Unpaid Minimum Required Contributions For Prior Years

28 Unpaid minimum required contributions for all prior years — **28**: 0

29 Discounted employer contributions allocated toward unpaid minimum required contributions from prior years (line 19a) — **29**:

30 Remaining amount of unpaid minimum required contributions (line 28 minus line 29) — **30**: 0

Part VIII Minimum Required Contribution For Current Year

31 Target normal cost and excess assets (see instructions):

a Target normal cost (line 6c) — **31a**: 213,224

b Excess assets, if applicable, but not greater than line 31a — **31b**: 213,224

32 Amortization installments:

	Outstanding Balance	Installment
a Net shortfall amortization installment		
b Waiver amortization installment		

33 If a waiver has been approved for this plan year, enter the date of the ruling letter granting the approval (Month _____ Day _____ Year _____) and the waived amount — **33**:

34 Total funding requirement before reflecting carryover/prefunding balances (lines 31a - 31b + 32a + 32b - 33) — **34**: 0

	Carryover balance	Prefunding balance	Total balance
35 Balances elected for use to offset funding requirement			0

36 Additional cash requirement (line 34 minus line 35) — **36**: 0

37 Contributions allocated toward minimum required contribution for current year adjusted to valuation date (line 19c) — **37**:

38 Present value of excess contributions for current year (see instructions)

a Total (excess, if any, of line 37 over line 36) — **38a**: 0

b Portion included in line 38a attributable to use of prefunding and funding standard carryover balances — **38b**:

39 Unpaid minimum required contribution for current year (excess, if any, of line 36 over line 37) — **39**: 0

40 Unpaid minimum required contributions for all years — **40**: 0

Part IX Pension Funding Relief Under Pension Relief Act of 2010 (See Instructions)

41 If an election was made to use PRA 2010 funding relief for this plan:

a Schedule elected ☐ 2 plus 7 years ☐ 15 years

b Eligible plan year(s) for which the election in line 41a was made ☐ 2008 ☐ 2009 ☐ 2010 ☐ 2011

Description of Actuarial Assumptions

Changes in Actuarial Assumptions as of January 1, 2021

The valuation reflects changes in the actuarial assumptions listed below. (The assumptions used before and after these changes are more fully described in the next section.)

- Mortality Improvement
- Expected Rate of Return

With the exception of the valuation interest rate, the assumptions indicated were changed to represent the Enrolled Actuary's current best estimate of anticipated experience of the Plan.

Interest Rates

The Bipartisan Budget Act of 2015 (BBA), which was signed into law by President Obama on November 2, 2015, uses a 24-month bond averaging period methodology for determining the segmented interest rates used in the calculation of the Plan's target liability and a corridor based on a 25-year bond averaging period. The American Rescue Plan Act of 2021 (ARPA) was signed into law on March 11, 2021 and changes the 25-year average segment rates and the applicable minimum and maximum percentages used for purposes of calculating the Plan's target liability to adjust the 24-month average segment rates. In addition, pursuant to this change, any 25-year average segment rate that is less than 5% is deemed to be 5%. The corridors under current BBA law and the new ARPA law are as follows:

Corridor After BBA	
Years	Corridor
2012-2020	90% to 110%
2021	85% to 115%
2022	80% to 120%
2023	75% to 125%
2024+	70% to 130%

Corridor After ARPA	
Years	Corridor
2020-2021	95% to 105% if not deferred
2022-2025	95%-105%
2026	90%-110%
2027	85%-115%
2028	80%-120%
2029	75%-125%
2030+	70%-130%

The corridor rates are used for purposes of the calculation of the Plan's minimum required contribution and the determination of the Plan's AFTAP certification, but cannot be reflected in the calculation of the Plan's maximum tax deductible contribution or the PBGC variable premium liability. This report reflects the rates under ARPA as allowed under current legislation.

Valuation: Segment rates for the 4th month preceding the Valuation Date (i.e., September). The rates are shown below.

	2021		2020	
Segment	Before Adjustment	After Adjustment	Before Adjustment	After Adjustment
1st	2.22%	4.75%	2.79%	3.64%
2nd	3.38%	5.36%	3.92%	5.21%
3rd	3.92%	6.11%	4.38%	5.94%

Interest Rates (cont.)

The rates before adjustment are the standard 24-month segment rates determined under any prior interest rate relief laws. They are used in the determination of the Plan's maximum tax deductible contribution.

The rates after adjustment reflect the application of the applicable corridor around the 25-year average rates. They are used in the determination of the Plan's minimum required contribution and AFTAP for benefit restriction purposes.

PBGC premium: PBGC spot segment rates for the month preceding the premium payment year. This method was last elected for the 2014 plan year. The rates are shown below.

	2021	2020
1st segment	0.51%	2.03%
2nd segment	2.26%	3.06%
3rd segment	3.01%	3.59%

Expected Return for Asset Smoothing

Year	Assumption	Not to Exceed
2021	6.50%	6.11%
2020	6.50%	5.94%
2019	7.00%	6.11%
2018	7.00%	6.29%

The expected long-term rate of return on assets is estimated using the Plan Sponsor's long-term target asset allocation and the long-term capital market assumption for each asset class in that allocation provided by the pension fund's investment advisor.

Mortality

RP-2014 Adjusted to 2006 Total Dataset Mortality Table projected to valuation date with Scale MP-2019. Separate tables for annuitants and non-annuitants.

(Prior: RP-2014 Adjusted to 2006 Total Dataset Mortality Table projected to valuation date with Scale MP-2018. Separate tables for annuitants and non-annuitants.)

Mortality Improvement

Projected to date of decrement using Scale MP-2019 (generational).

(Prior: Projected to date of decrement using Scale MP-2018 (generational).)

The mortality assumption above and the lump sum mortality assumption described below were updated to the latest approved tables. The changes in assumption decreased liabilities by about .03%.

Lump sum basis

Mortality: IRS 2021 Applicable Mortality Table for 417(e) dynamic.

(Prior Mortality: IRS 2020 Applicable Mortality Table for 417(e) dynamic.)

Interest Rates: Valuation Basis.

Inflation

2.50%.

This assumption is based on long term historical inflation numbers. While near term averages have been lower, we do not believe this trend will continue indefinitely and expect that there will be a reversion to the long term average.

Salary Scale (including inflation, Non-Union only)

N/A.

Increases in IRC Sec. 401(a)(17) compensation limit

As required by law, no increases are assumed.

Increases in IRC Sec. 415(b) limit on benefits

As required by law, no increases are assumed.

Retirement

Age	Rate
55-59	2%
60-61	5%
62	30%
63-64	5%
65+	100%

The earliest retirement age is the greatest of age 55 and completion of 5 years of service.

For terminated vested participants, retirement is assumed at the later of age 65 and age on valuation date plus one year.

Termination prior to retirement

Male	
Age	Rate
20	10%
25	10%
30	7½%
35	5%
40	3%
45	1½%
50	0%

Females	
Age	Rate
20	15%
25	15%
30	10%
35	7½%
40	5%
45	2½%
50	0%

Disability prior to retirement (Union only)

Male	
Age	Rate
20	.151%
25	.219%
30	.309%
35	.431%
40	.597%
45	.829%
50	1.224%

Females	
Age	Rate
20	.099%
25	.150%
30	.252%
35	.388%
40	.547%
45	.777%
50	1.201%

The actuarial assumptions in regards to rates of decrement shown above are based on standard tables modified for certain plan features such as eligibility for full and early retirement where applicable and input from the plan sponsor. The plan does not have sufficiently credible data on which to perform an experience study, however we reviewed the available experience and reflected it in the assumptions.

Form of payment election (Non-Union only)

For participants eligible to receive a lump sum, 100% are assumed to elect a lump sum payment when they terminate, die or retire.

This assumption is based on a review of actual experience during recent years.

Administrative expenses

As prescribed by the IRS, estimated administrative expenses have been added to the target normal cost.

Marriage assumption for death prior to retirement (Union only)

It is assumed that 85% of participants are married and 15% of participants will elect a recipient as a beneficiary. Husbands are assumed to be three years older than wives.

Interest credits

5.00% per year.

Description of Actuarial Methods

Asset Valuation Method

The Actuarial Value of assets used in the development of plan contributions phases in recognition of the difference between the actual return on Market Value and the expected return on Market Value over a three-year period at 33.33% per year. The Actuarial Value is adjusted, if necessary, to comply with the IRC Sec. 430 requirement that the Actuarial Value of assets be within the range of 90% to 110% of the Market Value of assets. This method is equivalent to the smoothed market value method without phase-in described in Approval 3.16 of Revenue Procedure 2000-40. This was first used for the 2009 valuation.

Actuarial Cost Method

Funding Target Liability: Unit Credit Actuarial Cost Method.

Maximum Liability: Projected Unit Credit Actuarial Cost Method. The allocation of projected benefits between past years and future years is in proportion to the applicable rates of benefit accrual under the Plan.

Summary of Plan Provisions

This exhibit summarizes the major provisions of the Plan. It is not intended to be, nor should it be interpreted as a complete statement of all plan provisions. To the extent that this summary does not accurately reflect the plan provisions, then the results of this valuation may not be accurate.

Effective date

Original: December 15, 1941.

Latest amendment: Amendment No. 30 (Effective December 31, 2017).

Plan Year

The calendar year.

Prior Plan

The Wiremold Company Salaried Retirement Income Plan, as in effect prior to January 1, 2002.

Employment Commencement Date

First day employee is credited with an hour of Service.

Covered employees

Non-Union: Any employee whose customary employment is for 1,000 or more hours of Service per plan year except those covered by a collective bargaining agreement.

Union: Any hourly employee not employed at Brooks, Shape, Walker or an Arkansas plant location and whose customary employment is for 1,000 or more hours of Service per plan year.

Participation

On Employment Commencement Date.

Non-Union: No new participants after July 31, 2006. Benefits are frozen at date of termination for rehires after that date who retain prior service. Benefits are also frozen for all other participants as of December 31, 2017.

Union: No new participants after March 31, 2009. Benefits are frozen at date of termination for rehires after that date who retain prior service.

Service for vesting and benefits

Non-Union prior to January 1, 1998: Service as credited under the Prior Plan.

Non-Union, January 1, 1998 and after: Each plan year of at least 1,000 hours of Service.

Union: All continuous Service from date of hire to date of retirement or termination. Benefit accrual service excludes service while employed at Brooks, Shape, Walker or an Arkansas plant location.

Compensation (Non-Union)

W-2 earnings for the plan year plus 401(k) and Section 125 deferrals.

Account Balance (Non-Union)

A hypothetical account for each participant, credited annually with a percentage of salary based upon Benefit Service as of the first day of the plan year for which the contribution is being made.

Prior to August 1, 2006:

Years of Benefit Service	% of Compensation credited to Account
Less than 3	4.0%
At least 3 but less than 5	4.5%
At least 5 but less than 7	5.5%
At least 7 but less than 11	7.0%
At least 11 but less than 15	8.5%
At least 15 or more	11.0%

After July 31, 2006 and before January 1, 2018: If less than 5 years of benefit service 0%, otherwise:

	Years of Benefit Service on July 31, 2006		
Age	> 5, but < 10	> 10, but < 15	> 15
<30	2%	3%	4%
>30, but <35	2%	3%	4%
>35, but <40	2%	3%	4%
>40, but <45	4%	5%	6%
>45, but <50	4%	5%	6%
>50	4%	5%	6%

On the last day of each plan year the account is credited with interest based on the value of the account as of the first day of the plan year and the applicable Interest Credit. The account is also credited with a Transition Credit.

Interest Credits (Non-Union)

Greater of:

(i) 5%

(i) Average yield on 30-year Treasury Constant Maturities Securities for the month of September preceding the plan year.

Accrued benefit

Non-Union: Actuarial Equivalent of participant's Account Balance payable at normal retirement date.

Union:

Effective May 1, 2002, the product of the amount below times years of service:

For Retirement on or after	Annual Amount per Year of Service
Prior to May 1, 1996	$228
May 1, 1996	252
May 1, 1998	264
May 1, 1999	300
May 1, 2002	336
April 3, 2005	360
March 31, 2008	384

Accrued benefit (cont.)

Effective April 1, 2009, $384 times years of service prior to August 1, 2009 plus $336 for Tier 1 employees and $168 for Tier 2 employees times years of service after July 31, 2009.

Walker and Pass and Seymour: Walker benefits are frozen as of March 31, 2005. Pass and Seymour benefits are frozen as of December 31, 1995.

Normal retirement

Eligibility:

Non-Union and Pass and Seymour: Greater of participant's 65th birthday or fifth anniversary of participation.

Union and Walker: Age 65.

Benefit: Accrued benefit as of normal retirement date.

Early retirement

Eligibility: Attainment of age 55 and completion of 5 years of Service (10 years of service for Walker, 15 years of service for Pass and Seymour).

Benefit:

Non-Union: Accrued benefit as of early retirement date.

Union: At or after age 55, the vested accrued benefit based upon Service to date of early retirement. Accrued benefit is reduced by 4% for each year between date of retirement and age 65. At or after age 62, for employees who have 10 years of Service, or, the sum of attained age (minimum age 55) plus Service equals or exceeds 85, the accrued benefit based upon Service to date of early retirement, but without the 4% reduction for each year between date of retirement and age 65.

Walker: The accrued benefit is reduced by 1/200 for each month between date of retirement and age 65.

Pass and Seymour: The accrued benefit is reduced by ½ of one percent for each completed calendar month by which the early retirement date precedes the normal retirement date.

Late retirement

Accrued benefit as of late retirement date.

Termination prior to retirement

Vesting schedule: 100% after completion of 3 years of Service for Non-Union participants and 100% after completion of 5 years of Service for Union participants.

Benefit:

Non-Union: Vested portion of accrued benefit as of date of termination.

Union: Vested portion of accrued benefit as of date of termination, first payable upon normal retirement eligibility. Earlier benefit commencement may be elected, subject to early retirement eligibility and reduction factors.

Death prior to retirement

Eligibility: Completion of 3 years of vesting service for Non-Union participants and 5 years of vesting service for Union participants.

Death prior to retirement (cont.)

Benefit:

Non-Union: Actuarial Equivalent of the greater of vested participant's Immediate Account Balance Benefit or the Prior Plan Accrued Benefit.

Union:

Survivor's (named beneficiary) benefit is 50% of the benefit that would have been payable to the participant if the participant had: (1) terminated immediately before death, (2) elected to retire at earliest retirement eligibility, or date of death if later , and (3) elected a 50% joint and survivor annuity. The survivor's benefit is first payable on the date that would have been the participant's earliest retirement date. If the participant had already satisfied early retirement eligibility, the survivor's benefit is payable immediately. The minimum benefit is the return of participant's contributions, if any, with interest.

Death benefit after retirement

A benefit payable to the beneficiary depending on form of payment of benefits in effect at time of death.

Disability retirement (Union)

Eligibility: At least 5 years of service (was "and age 50" prior to May 1, 1993) and permanently and totally disabled so as to be unable thereby to engage in any employment.

Benefit: Accrued benefit to date of disability less Worker's Compensation law benefits, if any.

Form of benefit

Normal form:

Wiremold Union and Non-Union: Modified ten-year certain and life. For married participants, payable as an actuarially equivalent 50% joint and survivor annuity.

Walker: Five year certain and life annuity for married participants, payable as an actuarially equivalent 50% joint and survivor annuity. In either case, payments are guaranteed for 5 years.

Pass and Seymour: Life annuity for married participants, payable as an actuarially equivalent 50% joint and survivor annuity.

Optional forms: 100%, 75%, 66 2/3% or 50% joint and survivor annuity, Social Security option, or lump sum (Non-Union only).

Description of Actuarial Assumptions

Changes in Actuarial Assumptions as of January 1, 2021

The valuation reflects changes in the actuarial assumptions listed below. (The assumptions used before and after these changes are more fully described in the next section.)

- Mortality Improvement
- Expected Rate of Return

With the exception of the valuation interest rate, the assumptions indicated were changed to represent the Enrolled Actuary's current best estimate of anticipated experience of the Plan.

Interest Rates

The Bipartisan Budget Act of 2015 (BBA), which was signed into law by President Obama on November 2, 2015, uses a 24-month bond averaging period methodology for determining the segmented interest rates used in the calculation of the Plan's target liability and a corridor based on a 25-year bond averaging period. The American Rescue Plan Act of 2021 (ARPA) was signed into law on March 11, 2021 and changes the 25-year average segment rates and the applicable minimum and maximum percentages used for purposes of calculating the Plan's target liability to adjust the 24-month average segment rates. In addition, pursuant to this change, any 25-year average segment rate that is less than 5% is deemed to be 5%. The corridors under current BBA law and the new ARPA law are as follows:

Corridor After BBA	
Years	Corridor
2012-2020	90% to 110%
2021	85% to 115%
2022	80% to 120%
2023	75% to 125%
2024+	70% to 130%

Corridor After ARPA	
Years	Corridor
2020-2021	95% to 105% if not deferred
2022-2025	95%-105%
2026	90%-110%
2027	85%-115%
2028	80%-120%
2029	75%-125%
2030+	70%-130%

The corridor rates are used for purposes of the calculation of the Plan's minimum required contribution and the determination of the Plan's AFTAP certification, but cannot be reflected in the calculation of the Plan's maximum tax deductible contribution or the PBGC variable premium liability. This report reflects the rates under ARPA as allowed under current legislation.

Valuation: Segment rates for the 4th month preceding the Valuation Date (i.e., September). The rates are shown below.

	2021		2020	
Segment	Before Adjustment	After Adjustment	Before Adjustment	After Adjustment
1st	2.22%	4.75%	2.79%	3.64%
2nd	3.38%	5.36%	3.92%	5.21%
3rd	3.92%	6.11%	4.38%	5.94%

Interest Rates (cont.)

The rates before adjustment are the standard 24-month segment rates determined under any prior interest rate relief laws. They are used in the determination of the Plan's maximum tax deductible contribution.

The rates after adjustment reflect the application of the applicable corridor around the 25-year average rates. They are used in the determination of the Plan's minimum required contribution and AFTAP for benefit restriction purposes.

PBGC premium: PBGC spot segment rates for the month preceding the premium payment year. This method was last elected for the 2014 plan year. The rates are shown below.

	2021	2020
1st segment	0.51%	2.03%
2nd segment	2.26%	3.06%
3rd segment	3.01%	3.59%

Expected Return for Asset Smoothing

Year	Assumption	Not to Exceed
2021	6.50%	6.11%
2020	6.50%	5.94%
2019	7.00%	6.11%
2018	7.00%	6.29%

The expected long-term rate of return on assets is estimated using the Plan Sponsor's long-term target asset allocation and the long-term capital market assumption for each asset class in that allocation provided by the pension fund's investment advisor.

Mortality

RP-2014 Adjusted to 2006 Total Dataset Mortality Table projected to valuation date with Scale MP-2019. Separate tables for annuitants and non-annuitants.

(Prior: RP-2014 Adjusted to 2006 Total Dataset Mortality Table projected to valuation date with Scale MP-2018. Separate tables for annuitants and non-annuitants.)

Mortality Improvement

Projected to date of decrement using Scale MP-2019 (generational).

(Prior: Projected to date of decrement using Scale MP-2018 (generational).)

The mortality assumption above and the lump sum mortality assumption described below were updated to the latest approved tables. The changes in assumption decreased liabilities by about .03%.

Lump sum basis

Mortality: IRS 2021 Applicable Mortality Table for 417(e) dynamic.

(Prior Mortality: IRS 2020 Applicable Mortality Table for 417(e) dynamic.)

Interest Rates: Valuation Basis.

Inflation

2.50%.

This assumption is based on long term historical inflation numbers. While near term averages have been lower, we do not believe this trend will continue indefinitely and expect that there will be a reversion to the long term average.

Salary Scale (including inflation, Non-Union only)

N/A.

Increases in IRC Sec. 401(a)(17) compensation limit

As required by law, no increases are assumed.

Increases in IRC Sec. 415(b) limit on benefits

As required by law, no increases are assumed.

Retirement

Age	Rate
55-59	2%
60-61	5%
62	30%
63-64	5%
65+	100%

The earliest retirement age is the greatest of age 55 and completion of 5 years of service.

For terminated vested participants, retirement is assumed at the later of age 65 and age on valuation date plus one year.

Termination prior to retirement

35	.388%
40	.547%
45	.777%
50	1.201%

The actuarial assumptions in regards to rates of decrement shown above are based on standard tables modified for certain plan features such as eligibility for full and early retirement where applicable and input from the plan sponsor. The plan does not have sufficiently credible data on which to perform an experience study, however we reviewed the available experience and reflected it in the assumptions.

Form of payment election (Non-Union only)

For participants eligible to receive a lump sum, 100% are assumed to elect a lump sum payment when they terminate, die or retire.

This assumption is based on a review of actual experience during recent years.

Administrative expenses

As prescribed by the IRS, estimated administrative expenses have been added to the target normal cost.

Marriage assumption for death prior to retirement (Union only)

It is assumed that 85% of participants are married and 15% of participants will elect a recipient as a beneficiary. Husbands are assumed to be three years older than wives.

Interest credits

5.00% per year.

Description of Actuarial Methods

Asset Valuation Method

The Actuarial Value of assets used in the development of plan contributions phases in recognition of the difference between the actual return on Market Value and the expected return on Market Value over a three-year period at 33.33% per year. The Actuarial Value is adjusted, if necessary, to comply with the IRC Sec. 430 requirement that the Actuarial Value of assets be within the range of 90% to 110% of the Market Value of assets. This method is equivalent to the smoothed market value method without phase-in described in Approval 3.16 of Revenue Procedure 2000-40. This was first used for the 2009 valuation.

Actuarial Cost Method

Funding Target Liability: Unit Credit Actuarial Cost Method.

Maximum Liability: Projected Unit Credit Actuarial Cost Method. The allocation of projected benefits between past years and future years is in proportion to the applicable rates of benefit accrual under the Plan.

Independent Auditor's Report

To the Plan Administrator
Legrand North America Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Legrand North America Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2020, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Legrand North America Retirement Plan (the "Plan" or "Legrand") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

Effective December 31, 2008, the Pass & Seymour Sierra Electric Industrial Pension Plan ("P&S"), The Wiremold Company Hourly Retirement Income Plan ("Hourly") and Walker Systems, Inc. Union Hourly Pension Plan ("Walker") merged into Legrand and transferred all assets and liabilities to Legrand. All are ultimately sponsored by The Wiremold Company (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General

Legrand
Legrand is a noncontributory defined benefit pension plan established to provide pension and death benefits to eligible employees of the Company who are not included in a unit of employees covered by a collective bargaining agreement with the Company with respect to which retirement benefits were the subject of good faith negotiations. Employees hired after January 1, 1998, who are not covered by a collective bargaining agreement as described above, became participants of Legrand as of the date of hire, provided that the employee's customary employment was for 1,000 or more hours of service per year. Any employee who does not meet this criteria, and who was not covered by a collective bargaining agreement as described above, became a participant effective January 1 of the Plan year during which the employee completes 1,000 hours of service.

Effective August 1, 2006, no individual shall become a participant in Legrand if the individual becomes an employee on or after August 1, 2006, is a rehire or transfers from another employer. Effective January 1, 2007, employees of the Company that transfer to Legrand Holdings, Inc., the Plan sponsor, will continue to accrue benefits.

Legrand was amended on November 26, 2007 to provide for additional retirement benefits for certain participants electing to terminate employment between November 26, 2007 and February 29, 2008 who meet various requirements. These applicable participants will be provided his or her normal pay credit as outlined below plus the product of 1/52 of the participant's compensation for the year ended December 31, 2007 times the lesser of 26 or 1.5 times the number of years of service for the participant as of February 29, 2008.

Effective December 31, 2017, benefit accruals under Legrand were frozen, such that no pay credits shall be made for Plan years beginning after December 31, 2017. Interest credits shall continue to be made in accordance with the provisions of the Plan. Years of service will continue to be earned for the purpose of determining the vested interest in the accrued benefit under Legrand.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be reduced by 4% for each year by which his or her benefit start date precedes his or her normal retirement date unless one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age plus his or her years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

P&S
P&S is a noncontributory defined benefit plan which covers substantially all hourly rate union employees hired before the age of 60 who were employed by Pass and Seymour, Inc. prior to 1995. In 1995, benefits under the Plan were frozen and no new participants were added subsequently.

Hourly
Hourly is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who are members of the Local 1040 International Brotherhood of Electrical Workers AFL-CIO and employed at either the West Hartford or Rocky Hill, Connecticut plants. These employees will become participants on the first plan entry date following his or her date of hire, provided his or her employment is expected to include 1,000 hours of service per year. An employee who does not become a participant based on the previous sentence will become a participant as of the Plan entry date subsequent to completing a year of service in which 1,000 hours are completed.

Hourly was amended on November 26, 2007 to provide for the Voluntary Early Retirement Plan ("VERP"). To qualify for VERP participants must have elected between November 26, 2007 and January 10, 2008 to retire between January 20, 2008 and February 29, 2008. A participant who qualified for VERP: (a) will have four years of service added for the purpose of determining whether the sum of his or her age and years of service equals or exceeds 85, (b) will have four years of credited service added for the purpose of determining accrued benefits and (c) will have the accrued benefit determined by using the monthly benefit level of $32.

Hourly was amended in 2009 to provide for the 2008 Voluntary Early Retirement Plan (the "2008 VERP"). Any active participant in the Plan who was a collectively-bargained union employee of the Company at its West Hartford, Connecticut location as of December 11, 2008, and who was at least age 58 and had at least five (5) years of service and 80 points (age and years of service when added together equals or exceeds 80) as of January 30, 2009, qualified for the 2008 VERP.

On or after December 11, 2008 and on or before January 30, 2009, eligible employees may make his or her election to retire under the terms of the 2008 VERP and his or her retirement will occur on January 30, 2009 (or such earlier date as is mutually agreed upon and approved by the Company in writing). If an eligible employee terminates employment under the 2008 VERP before January 30, 2009, the individual will be treated as having remained in employment through January 30, 2009 solely for the purpose of satisfying the age and service requirements in the paragraph above.

Retirement benefit payments can commence under the 2008 VERP retirement plan at any time on or after February 1, 2009 (as permitted by the terms of the Plan).

An eligible employee who makes his or her election to retire under the terms of the 2008 VERP and who has 80 or more points but less than 85 points as of January 30, 2009: (i) will have his or her years of service increased so that the number of his or her total points will equal 85 and (ii) will have his or her years of credited service increased by the same number as the number of additional years of service described in subsection (c)(i) (for the purpose of determining his or her accrued benefit).

No additional years of service or years of credited service will be credited to an eligible employee who has 85 or more points as of January 30, 2009.

Effective April 1, 2009, any employee, except those classified as an electrician, who is hired or reemployed on or after April 1, 2009 shall not become a participant in Legrand and shall not accrue any benefits. If a former employee who was a participant is reemployed prior to April 1, 2009, the employee shall again become an active participant. If a former employee was not a participant and is reemployed prior to April 1, 2009, the employee may become an active participant by meeting the eligibility requirements.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by 4% for each year by which his or her annuity starting date precedes his or her normal retirement date unless the participant retires directly from an active employment status and one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 90 (minimum age 55).

(c) Effective on or after May 1, 1996, the sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Each participant who retires from employment with his or her employer and all affiliated companies prior to his or her normal retirement date due to permanent and total disability, who was accruing credited service at the time he or she became disabled, who has at least five years of service and who is not eligible for or does not elect to receive an early benefit shall be eligible for a disability benefit.

Walker
Walker is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who were employed at its West Virginia manufacturing location (formerly, Walker Systems, Inc.) and were members of Local Union No. 2077, International Association of Machinists and Aerospace Workers. Union employees become eligible upon completion of one year of service in which 1,000 hours of service are rendered.

Pension benefits

Legrand

Effective January 1, 1998, Legrand was restated to become a cash balance plan. Under the previous plan, all benefit payments were annuity payments calculated by multiplying the ratio of years of service, to the greater of 30 or the years of service to age 65, by 40% of final average salary. Under the new plan, each participant has a bookkeeping account established in his or her name. The value of the benefit is expressed as a cash balance in that account. Each participant's account increases based on pay credits and interest credits. Pay credits equal a percentage of the participant's compensation; the applicable percentage is generally determined on the basis of the following schedule for Plan years and periods beginning on or after August 1, 2006:

	Years of service			
Age as of July 31, 2006	Less than 5	At least 5, but less than 10	At least 10, but less than 15	15 or more
Less than 30	0%	2%	3%	4%
30, but less than 35	0%	2%	3%	4%
35, but less than 40	0%	2%	3%	4%
40, but less than 45	0%	4%	5%	6%
45, but less than 50	0%	4%	5%	6%
50 or more	0%	4%	5%	6%

The pay credit for the Plan year or period in which an individual becomes or ceases to be a participant shall be based upon such individual's compensation earned while a participant during such Plan year or period. A pay credit is no longer provided for any participant for any Plan year beginning after December 31, 2017.

Interest credits for a given year are based on the average yield on 30-year U.S. Treasury bonds for the September preceding the Plan year (the "Applicable Interest Rate"); however, this rate shall not be less than 5.00%. For each of the years ended December 31, 2021 and 2020, the applicable rates were 5.00%. Participants will be able to elect whether benefits are to be paid out as a lump-sum or from a variety of annuity payments. Any individuals that were participants of the previous plan had an opening balance in the current plan equal to the present value of his or her pension benefit under the previous plan. The Plan contains other clauses to ensure participants nearing retirement were not adversely affected by the transition.

Participants with less than five years of service as of July 31, 2006 will no longer be eligible for pay credit.

P&S

A qualified employee upon termination of employment, beginning the first day of the month coinciding with or immediately following his or her 65th birthday, is entitled to a monthly benefit based upon total years of credited service multiplied by the monthly benefit based upon retirement date according to the table within the Plan.

Generally, upon attainment of age 55 with 15 years of credited service, participants are eligible for early retirement which provides a benefit equal to the benefit the employee would receive at age 65 reduced by 1/2 of 1% for each month from the date such benefits commence to the first day of the month following the normal retirement date.

Hourly
In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable).

Walker
Effective March 31, 2005, Walker was frozen as a result of the plant being closed. Due to the closing of the facility, all participants who were involuntarily terminated on or after September 8, 2004 in connection with the facility closing were 100% vested. Participants accrue no additional benefits or years of credited service on or after March 31, 2005. The Plan was amended to increase monthly retirement benefits to $28 per year of credited service for all participants who retired or terminated employment on or after November 12, 2004 (first layoff date) as a result of the facility closing. Additionally, participants who retired or terminated employment on or after November 12, 2004 as a result of the facility closing, who had attained age 50 and whose sum of age plus years of service equaled or exceeded 75, were eligible to receive an unreduced early retirement benefit at age 55.

Each participant who retires from employment with his employer and all affiliated companies at or after age 55, but prior to his normal retirement date and who has at least 10 years of service, shall be eligible for an early retirement benefit.

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable). Based on union negotiations, this rate was increased to $26 effective February 10, 2002. Additionally, all participants affected by the closing of the plant will receive a rate of $28.

An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by ½ of 1% for each full calendar month by which his or her annuity starting date precedes his or her normal retirement date, unless either of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date.

(b) The sum of the participant's age plus years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Death and disability benefits

Legrand
If a participant dies before the normal retirement date while still actively employed and he or she was fully vested, or the participant dies prior to receiving payments, the participant's beneficiary will receive the full account balance as a lump-sum or an annuity. If a participant dies while receiving annuity payments, the beneficiary may continue to receive payments depending on the participant's payment option selected.

P&S
Upon the death of a participant who was eligible for early or normal retirement, the surviving spouse will receive a monthly benefit for life equal to 50% of the monthly benefit the employee would have been entitled to receive had he or she retired on the day before his or her death, and elected immediate commencement of early retirement benefits in the form of a joint and 50% survivor annuity.

A participant who becomes disabled with at least 15 years of service and is entitled to disability insurance benefits under the Social Security Act is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits but is reduced by workers' compensation. A minimum benefit of $50 per month is provided for participants not qualifying for Social Security Disability Benefits.

Hourly
If a participant dies before the normal retirement date while still actively employed, and either made required contributions to the prior plan or have a prior plan value (as defined), the participant's beneficiary will receive all contributions and/or the prior plan value with interest. If the participant is married, his or her spouse may be eligible to receive a Qualified Pre-Retirement Survivor Annuity, which is similar to the Joint and Survivor Annuity provided at the participant's normal retirement.

A participant who becomes disabled with at least five years of service, was actively employed and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed in the same manner as pension benefits, but is reduced by workers' compensation payments.

Walker
Upon the death of a participant prior to retirement date, his or her spouse will receive a Pre-Retirement Spouse Benefit, provided the participant had a vested right to retirement income and had not made an effective election to waive spouse benefit coverage. The monthly benefit will be equal to 50% of the retirement income the participant would have received had he or she retired the day before his or her death.

A participant who becomes disabled with at least 15 years of service, was actively employed and accruing service and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits, but is reduced by workers' compensation payments.

Vesting

Legrand
In connection with the closing or selling of certain facilities and termination of related employees, affected participants became 100% vested in his or her accrued benefits. Prior to January 1, 2008, participants are fully vested after five years of service. Effective January 1, 2008, participants are fully vested after three years of service.

P&S
Eligible employees are fully vested after five years of service.

Hourly
Eligible employees are fully vested after five years of service. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Walker
Eligible employees are fully vested after five years of service except as noted in pension benefits above. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Revenue credit account

The Plan has established a revenue credit account to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for Plan expenses. During 2021 and 2020, the trustee contributed $8,000 and $14,899, respectively, into the revenue credit account. During 2021 and 2020, the Company used $19,365 and $31,905, respectively, from the account to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses related to benefits administration net of any revenue credits that reimburse or pay directly the fees of a service provider or other expense of administering the Plan are also deducted from Plan assets and reported within the administrative expenses line item within the statements of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, trustee and insurance company. See Note 4 for a discussion of fair value measurements. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by insurance companies. The investment in the insurance company contract (Prudential Guaranteed Deposit Account) is valued at the estimated fair value, as reported by Prudential Retirement Insurance and Annuity Company ("PRIAC").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Funding policy

The Company makes contributions to the Plan based on the amount determined by the independent actuary plus such amounts as the Company may determine to be appropriate. The actuary applies current assumptions and factors to benefit information as of January 1 (the date of the actuarial valuation used to determine the Company's contribution for the subsequent Plan year). The ERISA minimum funding requirements have been satisfied for the years ended December 31, 2021 and 2020.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Plan termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or his or her beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).

- All other vested benefits (that is, vested benefits not insured by the PBGC).

- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive his or her benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the accumulation unit value, which is based on the fair value of underlying assets of the account. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions and there are no unfunded commitments.

Guaranteed deposit account: Valued at fair value by discounting the related cash flows using treasury rates and spreads based on the cash flow timing and quality of assets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 67,039,346	$ -	$ -	$ 67,039,346
Guaranteed deposit account	-	-	12,128,227	12,128,227
Total assets in the fair value hierarchy	67,039,346	-	12,128,227	79,167,573
Pooled separate accounts (a)	-	-	-	25,673,448
Total investments at fair value	$ 67,039,346	$ -	$ 12,128,227	$ 104,841,021

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 69,297,524	$ -	$ -	$ 69,297,524
Guaranteed deposit account	-	-	1,329,398	1,329,398
Total assets in the fair value hierarchy	69,297,524	-	1,329,398	70,626,922
Pooled separate accounts (a)	-	-	-	35,097,832
Total investments at fair value	$ 69,297,524	$ -	$ 1,329,398	$ 105,724,754

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

2021 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 12,128,227	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	0.997437 - 1.065581	1.000648

2020 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 1,329,398	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	1.033469 - 1.086182	1.037702

In estimating fair value of the investments in Level 3, the Retirement Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 25,673,448	None	Daily	90 days

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 35,097,832	None	Daily	90 days

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PRIAC and Prudential Insurance Company of America, the custodians, and Prudential Bank & Trust, FSB, the trustee of the Plan.

Note 6 - Tax status

The Plan received its latest determination letter on April 17, 2017, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Actuarial information

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or vested terminated employees or his or her beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or his or her beneficiaries. Benefits under the Plan are based on the years of service accumulated by employees. Benefits payable under all circumstances, including retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Hooker & Holcombe, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining accumulated plan benefits were as follows:

	December 31, 2020
Mortality	PRI-2012/MP2020
Investment return rate	6.5% per annum
Retirement age	Retirement is assumed at age 63

The actuarial method used to determine the normal cost and actuarial liability was the Projected Unit Credit Actuarial Cost Method.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021. Had the valuations been performed as of December 31, 2020, there would be no material differences.

Note 8 - Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and the guaranteed deposit account managed by PRIAC, Prudential Insurance Company of America and Prudential Bank & Trust, FSB. PRIAC and Prudential Insurance Company of America are the custodians and Prudential Bank & Trust, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the custodians and trustee for administrative expenses amounted to $89,268 and $84,229 for the years ended December 31, 2021 and 2020, respectively. In addition, included in administrative expenses for 2021 and 2020 are fees paid for legal and accounting services performed for the Plan of $11,950 and $31,905, respectively. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 10 - Investment contract with insurance company

The Company entered into a guaranteed investment contract with PRIAC. Amounts are invested in the Prudential Guaranteed Deposit Account. PRIAC maintains the assets of this investment in an unallocated fund to which it credits interest at varying rates. PRIAC recorded cumulative contributions and credited interest at a rate of 2.75% and 2.92% to amounts received prior to December 31, 2021 and 2020, respectively, and 1.50% and 2.05% to amounts received in 2021 and 2020, respectively.

Note 11 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 104,841,021	$ 105,724,754
Fair value to contract value adjustment	(7,854)	(48,299)
Net assets available for benefits per Form 5500	$ 104,833,167	$ 105,676,455

The following is a reconciliation of net increase in net assets per the statements of changes in net assets available for benefits to Form 5500 for the years ended December 31:

	2021	2020
Net increase in net assets per the statement of changes in net assets available for benefits	$ (883,733)	$ 7,147,291
Current year fair value adjustment	(7,854)	(48,299)
Prior year fair value adjustment	48,299	27,356
Net change per Form 5500	$ (843,288)	$ 7,126,348

Note 12 - Subsequent event

On April 1, 2022, the full-service retirement plan business of Prudential Financial, Inc. was acquired by Great-West Life & Annuity Insurance Company. There were no significant changes to the Plan as a result of this acquisition. Plan management does not expect this to have a significant impact on the Plan.

Independent Auditor's Report

To the Plan Administrator
Legrand North America Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Legrand North America Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2020, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Legrand North America Retirement Plan (the "Plan" or "Legrand") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

Effective December 31, 2008, the Pass & Seymour Sierra Electric Industrial Pension Plan ("P&S"), The Wiremold Company Hourly Retirement Income Plan ("Hourly") and Walker Systems, Inc. Union Hourly Pension Plan ("Walker") merged into Legrand and transferred all assets and liabilities to Legrand. All are ultimately sponsored by The Wiremold Company (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General

Legrand
Legrand is a noncontributory defined benefit pension plan established to provide pension and death benefits to eligible employees of the Company who are not included in a unit of employees covered by a collective bargaining agreement with the Company with respect to which retirement benefits were the subject of good faith negotiations. Employees hired after January 1, 1998, who are not covered by a collective bargaining agreement as described above, became participants of Legrand as of the date of hire, provided that the employee's customary employment was for 1,000 or more hours of service per year. Any employee who does not meet this criteria, and who was not covered by a collective bargaining agreement as described above, became a participant effective January 1 of the Plan year during which the employee completes 1,000 hours of service.

Effective August 1, 2006, no individual shall become a participant in Legrand if the individual becomes an employee on or after August 1, 2006, is a rehire or transfers from another employer. Effective January 1, 2007, employees of the Company that transfer to Legrand Holdings, Inc., the Plan sponsor, will continue to accrue benefits.

Legrand was amended on November 26, 2007 to provide for additional retirement benefits for certain participants electing to terminate employment between November 26, 2007 and February 29, 2008 who meet various requirements. These applicable participants will be provided his or her normal pay credit as outlined below plus the product of 1/52 of the participant's compensation for the year ended December 31, 2007 times the lesser of 26 or 1.5 times the number of years of service for the participant as of February 29, 2008.

Effective December 31, 2017, benefit accruals under Legrand were frozen, such that no pay credits shall be made for Plan years beginning after December 31, 2017. Interest credits shall continue to be made in accordance with the provisions of the Plan. Years of service will continue to be earned for the purpose of determining the vested interest in the accrued benefit under Legrand.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be reduced by 4% for each year by which his or her benefit start date precedes his or her normal retirement date unless one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age plus his or her years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

P&S
P&S is a noncontributory defined benefit plan which covers substantially all hourly rate union employees hired before the age of 60 who were employed by Pass and Seymour, Inc. prior to 1995. In 1995, benefits under the Plan were frozen and no new participants were added subsequently.

Hourly
Hourly is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who are members of the Local 1040 International Brotherhood of Electrical Workers AFL-CIO and employed at either the West Hartford or Rocky Hill, Connecticut plants. These employees will become participants on the first plan entry date following his or her date of hire, provided his or her employment is expected to include 1,000 hours of service per year. An employee who does not become a participant based on the previous sentence will become a participant as of the Plan entry date subsequent to completing a year of service in which 1,000 hours are completed.

Hourly was amended on November 26, 2007 to provide for the Voluntary Early Retirement Plan ("VERP"). To qualify for VERP participants must have elected between November 26, 2007 and January 10, 2008 to retire between January 20, 2008 and February 29, 2008. A participant who qualified for VERP: (a) will have four years of service added for the purpose of determining whether the sum of his or her age and years of service equals or exceeds 85, (b) will have four years of credited service added for the purpose of determining accrued benefits and (c) will have the accrued benefit determined by using the monthly benefit level of $32.

Hourly was amended in 2009 to provide for the 2008 Voluntary Early Retirement Plan (the "2008 VERP"). Any active participant in the Plan who was a collectively-bargained union employee of the Company at its West Hartford, Connecticut location as of December 11, 2008, and who was at least age 58 and had at least five (5) years of service and 80 points (age and years of service when added together equals or exceeds 80) as of January 30, 2009, qualified for the 2008 VERP.

On or after December 11, 2008 and on or before January 30, 2009, eligible employees may make his or her election to retire under the terms of the 2008 VERP and his or her retirement will occur on January 30, 2009 (or such earlier date as is mutually agreed upon and approved by the Company in writing). If an eligible employee terminates employment under the 2008 VERP before January 30, 2009, the individual will be treated as having remained in employment through January 30, 2009 solely for the purpose of satisfying the age and service requirements in the paragraph above.

Retirement benefit payments can commence under the 2008 VERP retirement plan at any time on or after February 1, 2009 (as permitted by the terms of the Plan).

An eligible employee who makes his or her election to retire under the terms of the 2008 VERP and who has 80 or more points but less than 85 points as of January 30, 2009: (i) will have his or her years of service increased so that the number of his or her total points will equal 85 and (ii) will have his or her years of credited service increased by the same number as the number of additional years of service described in subsection (c)(i) (for the purpose of determining his or her accrued benefit).

No additional years of service or years of credited service will be credited to an eligible employee who has 85 or more points as of January 30, 2009.

Effective April 1, 2009, any employee, except those classified as an electrician, who is hired or reemployed on or after April 1, 2009 shall not become a participant in Legrand and shall not accrue any benefits. If a former employee who was a participant is reemployed prior to April 1, 2009, the employee shall again become an active participant. If a former employee was not a participant and is reemployed prior to April 1, 2009, the employee may become an active participant by meeting the eligibility requirements.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by 4% for each year by which his or her annuity starting date precedes his or her normal retirement date unless the participant retires directly from an active employment status and one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 90 (minimum age 55).

(c) Effective on or after May 1, 1996, the sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Each participant who retires from employment with his or her employer and all affiliated companies prior to his or her normal retirement date due to permanent and total disability, who was accruing credited service at the time he or she became disabled, who has at least five years of service and who is not eligible for or does not elect to receive an early benefit shall be eligible for a disability benefit.

Walker
Walker is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who were employed at its West Virginia manufacturing location (formerly, Walker Systems, Inc.) and were members of Local Union No. 2077, International Association of Machinists and Aerospace Workers. Union employees become eligible upon completion of one year of service in which 1,000 hours of service are rendered.

Pension benefits

Legrand

Effective January 1, 1998, Legrand was restated to become a cash balance plan. Under the previous plan, all benefit payments were annuity payments calculated by multiplying the ratio of years of service, to the greater of 30 or the years of service to age 65, by 40% of final average salary. Under the new plan, each participant has a bookkeeping account established in his or her name. The value of the benefit is expressed as a cash balance in that account. Each participant's account increases based on pay credits and interest credits. Pay credits equal a percentage of the participant's compensation; the applicable percentage is generally determined on the basis of the following schedule for Plan years and periods beginning on or after August 1, 2006:

	Years of service			
Age as of July 31, 2006	Less than 5	At least 5, but less than 10	At least 10, but less than 15	15 or more
Less than 30	0%	2%	3%	4%
30, but less than 35	0%	2%	3%	4%
35, but less than 40	0%	2%	3%	4%
40, but less than 45	0%	4%	5%	6%
45, but less than 50	0%	4%	5%	6%
50 or more	0%	4%	5%	6%

The pay credit for the Plan year or period in which an individual becomes or ceases to be a participant shall be based upon such individual's compensation earned while a participant during such Plan year or period. A pay credit is no longer provided for any participant for any Plan year beginning after December 31, 2017.

Interest credits for a given year are based on the average yield on 30-year U.S. Treasury bonds for the September preceding the Plan year (the "Applicable Interest Rate"); however, this rate shall not be less than 5.00%. For each of the years ended December 31, 2021 and 2020, the applicable rates were 5.00%. Participants will be able to elect whether benefits are to be paid out as a lump-sum or from a variety of annuity payments. Any individuals that were participants of the previous plan had an opening balance in the current plan equal to the present value of his or her pension benefit under the previous plan. The Plan contains other clauses to ensure participants nearing retirement were not adversely affected by the transition.

Participants with less than five years of service as of July 31, 2006 will no longer be eligible for pay credit.

P&S

A qualified employee upon termination of employment, beginning the first day of the month coinciding with or immediately following his or her 65th birthday, is entitled to a monthly benefit based upon total years of credited service multiplied by the monthly benefit based upon retirement date according to the table within the Plan.

Generally, upon attainment of age 55 with 15 years of credited service, participants are eligible for early retirement which provides a benefit equal to the benefit the employee would receive at age 65 reduced by 1/2 of 1% for each month from the date such benefits commence to the first day of the month following the normal retirement date.

Hourly
In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable).

Walker
Effective March 31, 2005, Walker was frozen as a result of the plant being closed. Due to the closing of the facility, all participants who were involuntarily terminated on or after September 8, 2004 in connection with the facility closing were 100% vested. Participants accrue no additional benefits or years of credited service on or after March 31, 2005. The Plan was amended to increase monthly retirement benefits to $28 per year of credited service for all participants who retired or terminated employment on or after November 12, 2004 (first layoff date) as a result of the facility closing. Additionally, participants who retired or terminated employment on or after November 12, 2004 as a result of the facility closing, who had attained age 50 and whose sum of age plus years of service equaled or exceeded 75, were eligible to receive an unreduced early retirement benefit at age 55.

Each participant who retires from employment with his employer and all affiliated companies at or after age 55, but prior to his normal retirement date and who has at least 10 years of service, shall be eligible for an early retirement benefit.

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable). Based on union negotiations, this rate was increased to $26 effective February 10, 2002. Additionally, all participants affected by the closing of the plant will receive a rate of $28.

An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by ½ of 1% for each full calendar month by which his or her annuity starting date precedes his or her normal retirement date, unless either of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date.

(b) The sum of the participant's age plus years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Death and disability benefits

Legrand
If a participant dies before the normal retirement date while still actively employed and he or she was fully vested, or the participant dies prior to receiving payments, the participant's beneficiary will receive the full account balance as a lump-sum or an annuity. If a participant dies while receiving annuity payments, the beneficiary may continue to receive payments depending on the participant's payment option selected.

P&S
Upon the death of a participant who was eligible for early or normal retirement, the surviving spouse will receive a monthly benefit for life equal to 50% of the monthly benefit the employee would have been entitled to receive had he or she retired on the day before his or her death, and elected immediate commencement of early retirement benefits in the form of a joint and 50% survivor annuity.

A participant who becomes disabled with at least 15 years of service and is entitled to disability insurance benefits under the Social Security Act is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits but is reduced by workers' compensation. A minimum benefit of $50 per month is provided for participants not qualifying for Social Security Disability Benefits.

Hourly
If a participant dies before the normal retirement date while still actively employed, and either made required contributions to the prior plan or have a prior plan value (as defined), the participant's beneficiary will receive all contributions and/or the prior plan value with interest. If the participant is married, his or her spouse may be eligible to receive a Qualified Pre-Retirement Survivor Annuity, which is similar to the Joint and Survivor Annuity provided at the participant's normal retirement.

A participant who becomes disabled with at least five years of service, was actively employed and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed in the same manner as pension benefits, but is reduced by workers' compensation payments.

Walker
Upon the death of a participant prior to retirement date, his or her spouse will receive a Pre-Retirement Spouse Benefit, provided the participant had a vested right to retirement income and had not made an effective election to waive spouse benefit coverage. The monthly benefit will be equal to 50% of the retirement income the participant would have received had he or she retired the day before his or her death.

A participant who becomes disabled with at least 15 years of service, was actively employed and accruing service and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits, but is reduced by workers' compensation payments.

Vesting

Legrand
In connection with the closing or selling of certain facilities and termination of related employees, affected participants became 100% vested in his or her accrued benefits. Prior to January 1, 2008, participants are fully vested after five years of service. Effective January 1, 2008, participants are fully vested after three years of service.

P&S
Eligible employees are fully vested after five years of service.

Hourly
Eligible employees are fully vested after five years of service. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Walker
Eligible employees are fully vested after five years of service except as noted in pension benefits above. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Revenue credit account

The Plan has established a revenue credit account to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for Plan expenses. During 2021 and 2020, the trustee contributed $8,000 and $14,899, respectively, into the revenue credit account. During 2021 and 2020, the Company used $19,365 and $31,905, respectively, from the account to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses related to benefits administration net of any revenue credits that reimburse or pay directly the fees of a service provider or other expense of administering the Plan are also deducted from Plan assets and reported within the administrative expenses line item within the statements of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, trustee and insurance company. See Note 4 for a discussion of fair value measurements. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by insurance companies. The investment in the insurance company contract (Prudential Guaranteed Deposit Account) is valued at the estimated fair value, as reported by Prudential Retirement Insurance and Annuity Company ("PRIAC").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Funding policy

The Company makes contributions to the Plan based on the amount determined by the independent actuary plus such amounts as the Company may determine to be appropriate. The actuary applies current assumptions and factors to benefit information as of January 1 (the date of the actuarial valuation used to determine the Company's contribution for the subsequent Plan year). The ERISA minimum funding requirements have been satisfied for the years ended December 31, 2021 and 2020.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Plan termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or his or her beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).

- All other vested benefits (that is, vested benefits not insured by the PBGC).

- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive his or her benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the accumulation unit value, which is based on the fair value of underlying assets of the account. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions and there are no unfunded commitments.

Guaranteed deposit account: Valued at fair value by discounting the related cash flows using treasury rates and spreads based on the cash flow timing and quality of assets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 67,039,346	$ -	$ -	$ 67,039,346
Guaranteed deposit account	-	-	12,128,227	12,128,227
Total assets in the fair value hierarchy	67,039,346	-	12,128,227	79,167,573
Pooled separate accounts (a)	-	-	-	25,673,448
Total investments at fair value	$ 67,039,346	$ -	$ 12,128,227	$ 104,841,021

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 69,297,524	$ -	$ -	$ 69,297,524
Guaranteed deposit account	-	-	1,329,398	1,329,398
Total assets in the fair value hierarchy	69,297,524	-	1,329,398	70,626,922
Pooled separate accounts (a)	-	-	-	35,097,832
Total investments at fair value	$ 69,297,524	$ -	$ 1,329,398	$ 105,724,754

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

2021 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 12,128,227	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	0.997437 - 1.065581	1.000648

2020 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 1,329,398	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	1.033469 - 1.086182	1.037702

In estimating fair value of the investments in Level 3, the Retirement Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 25,673,448	None	Daily	90 days

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 35,097,832	None	Daily	90 days

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PRIAC and Prudential Insurance Company of America, the custodians, and Prudential Bank & Trust, FSB, the trustee of the Plan.

Note 6 - Tax status

The Plan received its latest determination letter on April 17, 2017, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Actuarial information

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or vested terminated employees or his or her beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or his or her beneficiaries. Benefits under the Plan are based on the years of service accumulated by employees. Benefits payable under all circumstances, including retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Hooker & Holcombe, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining accumulated plan benefits were as follows:

	December 31, 2020
Mortality	PRI-2012/MP2020
Investment return rate	6.5% per annum
Retirement age	Retirement is assumed at age 63

The actuarial method used to determine the normal cost and actuarial liability was the Projected Unit Credit Actuarial Cost Method.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021. Had the valuations been performed as of December 31, 2020, there would be no material differences.

Note 8 - Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and the guaranteed deposit account managed by PRIAC, Prudential Insurance Company of America and Prudential Bank & Trust, FSB. PRIAC and Prudential Insurance Company of America are the custodians and Prudential Bank & Trust, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the custodians and trustee for administrative expenses amounted to $89,268 and $84,229 for the years ended December 31, 2021 and 2020, respectively. In addition, included in administrative expenses for 2021 and 2020 are fees paid for legal and accounting services performed for the Plan of $11,950 and $31,905, respectively. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 10 - Investment contract with insurance company

The Company entered into a guaranteed investment contract with PRIAC. Amounts are invested in the Prudential Guaranteed Deposit Account. PRIAC maintains the assets of this investment in an unallocated fund to which it credits interest at varying rates. PRIAC recorded cumulative contributions and credited interest at a rate of 2.75% and 2.92% to amounts received prior to December 31, 2021 and 2020, respectively, and 1.50% and 2.05% to amounts received in 2021 and 2020, respectively.

Note 11 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 104,841,021	$ 105,724,754
Fair value to contract value adjustment	(7,854)	(48,299)
Net assets available for benefits per Form 5500	$ 104,833,167	$ 105,676,455

The following is a reconciliation of net increase in net assets per the statements of changes in net assets available for benefits to Form 5500 for the years ended December 31:

	2021	2020
Net increase in net assets per the statement of changes in net assets available for benefits	$ (883,733)	$ 7,147,291
Current year fair value adjustment	(7,854)	(48,299)
Prior year fair value adjustment	48,299	27,356
Net change per Form 5500	$ (843,288)	$ 7,126,348

Note 12 - Subsequent event

On April 1, 2022, the full-service retirement plan business of Prudential Financial, Inc. was acquired by Great-West Life & Annuity Insurance Company. There were no significant changes to the Plan as a result of this acquisition. Plan management does not expect this to have a significant impact on the Plan.

Independent Auditor's Report

To the Plan Administrator
Legrand North America Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Legrand North America Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the statement of accumulated plan benefits as of December 31, 2020, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of Legrand North America Retirement Plan (the "Plan" or "Legrand") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

Effective December 31, 2008, the Pass & Seymour Sierra Electric Industrial Pension Plan ("P&S"), The Wiremold Company Hourly Retirement Income Plan ("Hourly") and Walker Systems, Inc. Union Hourly Pension Plan ("Walker") merged into Legrand and transferred all assets and liabilities to Legrand. All are ultimately sponsored by The Wiremold Company (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General

Legrand
Legrand is a noncontributory defined benefit pension plan established to provide pension and death benefits to eligible employees of the Company who are not included in a unit of employees covered by a collective bargaining agreement with the Company with respect to which retirement benefits were the subject of good faith negotiations. Employees hired after January 1, 1998, who are not covered by a collective bargaining agreement as described above, became participants of Legrand as of the date of hire, provided that the employee's customary employment was for 1,000 or more hours of service per year. Any employee who does not meet this criteria, and who was not covered by a collective bargaining agreement as described above, became a participant effective January 1 of the Plan year during which the employee completes 1,000 hours of service.

Effective August 1, 2006, no individual shall become a participant in Legrand if the individual becomes an employee on or after August 1, 2006, is a rehire or transfers from another employer. Effective January 1, 2007, employees of the Company that transfer to Legrand Holdings, Inc., the Plan sponsor, will continue to accrue benefits.

Legrand was amended on November 26, 2007 to provide for additional retirement benefits for certain participants electing to terminate employment between November 26, 2007 and February 29, 2008 who meet various requirements. These applicable participants will be provided his or her normal pay credit as outlined below plus the product of 1/52 of the participant's compensation for the year ended December 31, 2007 times the lesser of 26 or 1.5 times the number of years of service for the participant as of February 29, 2008.

Effective December 31, 2017, benefit accruals under Legrand were frozen, such that no pay credits shall be made for Plan years beginning after December 31, 2017. Interest credits shall continue to be made in accordance with the provisions of the Plan. Years of service will continue to be earned for the purpose of determining the vested interest in the accrued benefit under Legrand.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be reduced by 4% for each year by which his or her benefit start date precedes his or her normal retirement date unless one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age plus his or her years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

P&S
P&S is a noncontributory defined benefit plan which covers substantially all hourly rate union employees hired before the age of 60 who were employed by Pass and Seymour, Inc. prior to 1995. In 1995, benefits under the Plan were frozen and no new participants were added subsequently.

Hourly
Hourly is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who are members of the Local 1040 International Brotherhood of Electrical Workers AFL-CIO and employed at either the West Hartford or Rocky Hill, Connecticut plants. These employees will become participants on the first plan entry date following his or her date of hire, provided his or her employment is expected to include 1,000 hours of service per year. An employee who does not become a participant based on the previous sentence will become a participant as of the Plan entry date subsequent to completing a year of service in which 1,000 hours are completed.

Hourly was amended on November 26, 2007 to provide for the Voluntary Early Retirement Plan ("VERP"). To qualify for VERP participants must have elected between November 26, 2007 and January 10, 2008 to retire between January 20, 2008 and February 29, 2008. A participant who qualified for VERP: (a) will have four years of service added for the purpose of determining whether the sum of his or her age and years of service equals or exceeds 85, (b) will have four years of credited service added for the purpose of determining accrued benefits and (c) will have the accrued benefit determined by using the monthly benefit level of $32.

Hourly was amended in 2009 to provide for the 2008 Voluntary Early Retirement Plan (the "2008 VERP"). Any active participant in the Plan who was a collectively-bargained union employee of the Company at its West Hartford, Connecticut location as of December 11, 2008, and who was at least age 58 and had at least five (5) years of service and 80 points (age and years of service when added together equals or exceeds 80) as of January 30, 2009, qualified for the 2008 VERP.

On or after December 11, 2008 and on or before January 30, 2009, eligible employees may make his or her election to retire under the terms of the 2008 VERP and his or her retirement will occur on January 30, 2009 (or such earlier date as is mutually agreed upon and approved by the Company in writing). If an eligible employee terminates employment under the 2008 VERP before January 30, 2009, the individual will be treated as having remained in employment through January 30, 2009 solely for the purpose of satisfying the age and service requirements in the paragraph above.

Retirement benefit payments can commence under the 2008 VERP retirement plan at any time on or after February 1, 2009 (as permitted by the terms of the Plan).

An eligible employee who makes his or her election to retire under the terms of the 2008 VERP and who has 80 or more points but less than 85 points as of January 30, 2009: (i) will have his or her years of service increased so that the number of his or her total points will equal 85 and (ii) will have his or her years of credited service increased by the same number as the number of additional years of service described in subsection (c)(i) (for the purpose of determining his or her accrued benefit).

No additional years of service or years of credited service will be credited to an eligible employee who has 85 or more points as of January 30, 2009.

Effective April 1, 2009, any employee, except those classified as an electrician, who is hired or reemployed on or after April 1, 2009 shall not become a participant in Legrand and shall not accrue any benefits. If a former employee who was a participant is reemployed prior to April 1, 2009, the employee shall again become an active participant. If a former employee was not a participant and is reemployed prior to April 1, 2009, the employee may become an active participant by meeting the eligibility requirements.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by 4% for each year by which his or her annuity starting date precedes his or her normal retirement date unless the participant retires directly from an active employment status and one of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date and has 10 years of credited service.

(b) The sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 90 (minimum age 55).

(c) Effective on or after May 1, 1996, the sum of the participant's age and years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Each participant who retires from employment with his or her employer and all affiliated companies prior to his or her normal retirement date due to permanent and total disability, who was accruing credited service at the time he or she became disabled, who has at least five years of service and who is not eligible for or does not elect to receive an early benefit shall be eligible for a disability benefit.

Walker
Walker is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who were employed at its West Virginia manufacturing location (formerly, Walker Systems, Inc.) and were members of Local Union No. 2077, International Association of Machinists and Aerospace Workers. Union employees become eligible upon completion of one year of service in which 1,000 hours of service are rendered.

Pension benefits

Legrand

Effective January 1, 1998, Legrand was restated to become a cash balance plan. Under the previous plan, all benefit payments were annuity payments calculated by multiplying the ratio of years of service, to the greater of 30 or the years of service to age 65, by 40% of final average salary. Under the new plan, each participant has a bookkeeping account established in his or her name. The value of the benefit is expressed as a cash balance in that account. Each participant's account increases based on pay credits and interest credits. Pay credits equal a percentage of the participant's compensation; the applicable percentage is generally determined on the basis of the following schedule for Plan years and periods beginning on or after August 1, 2006:

	Years of service			
Age as of July 31, 2006	Less than 5	At least 5, but less than 10	At least 10, but less than 15	15 or more
Less than 30	0%	2%	3%	4%
30, but less than 35	0%	2%	3%	4%
35, but less than 40	0%	2%	3%	4%
40, but less than 45	0%	4%	5%	6%
45, but less than 50	0%	4%	5%	6%
50 or more	0%	4%	5%	6%

The pay credit for the Plan year or period in which an individual becomes or ceases to be a participant shall be based upon such individual's compensation earned while a participant during such Plan year or period. A pay credit is no longer provided for any participant for any Plan year beginning after December 31, 2017.

Interest credits for a given year are based on the average yield on 30-year U.S. Treasury bonds for the September preceding the Plan year (the "Applicable Interest Rate"); however, this rate shall not be less than 5.00%. For each of the years ended December 31, 2021 and 2020, the applicable rates were 5.00%. Participants will be able to elect whether benefits are to be paid out as a lump-sum or from a variety of annuity payments. Any individuals that were participants of the previous plan had an opening balance in the current plan equal to the present value of his or her pension benefit under the previous plan. The Plan contains other clauses to ensure participants nearing retirement were not adversely affected by the transition.

Participants with less than five years of service as of July 31, 2006 will no longer be eligible for pay credit.

P&S

A qualified employee upon termination of employment, beginning the first day of the month coinciding with or immediately following his or her 65th birthday, is entitled to a monthly benefit based upon total years of credited service multiplied by the monthly benefit based upon retirement date according to the table within the Plan.

Generally, upon attainment of age 55 with 15 years of credited service, participants are eligible for early retirement which provides a benefit equal to the benefit the employee would receive at age 65 reduced by 1/2 of 1% for each month from the date such benefits commence to the first day of the month following the normal retirement date.

Hourly
In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable).

Walker
Effective March 31, 2005, Walker was frozen as a result of the plant being closed. Due to the closing of the facility, all participants who were involuntarily terminated on or after September 8, 2004 in connection with the facility closing were 100% vested. Participants accrue no additional benefits or years of credited service on or after March 31, 2005. The Plan was amended to increase monthly retirement benefits to $28 per year of credited service for all participants who retired or terminated employment on or after November 12, 2004 (first layoff date) as a result of the facility closing. Additionally, participants who retired or terminated employment on or after November 12, 2004 as a result of the facility closing, who had attained age 50 and whose sum of age plus years of service equaled or exceeded 75, were eligible to receive an unreduced early retirement benefit at age 55.

Each participant who retires from employment with his employer and all affiliated companies at or after age 55, but prior to his normal retirement date and who has at least 10 years of service, shall be eligible for an early retirement benefit.

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable). Based on union negotiations, this rate was increased to $26 effective February 10, 2002. Additionally, all participants affected by the closing of the plant will receive a rate of $28.

An eligible participant's monthly early retirement benefit shall be equal to his or her vested accrued benefit on the date of his or her early retirement; provided, however, that the amount of such benefit shall be reduced by ½ of 1% for each full calendar month by which his or her annuity starting date precedes his or her normal retirement date, unless either of the following applies:

(a) The participant has attained age 62 on his or her annuity starting date.

(b) The sum of the participant's age plus years of service on his or her annuity starting date equals or exceeds 85 (minimum age 55).

Death and disability benefits

Legrand
If a participant dies before the normal retirement date while still actively employed and he or she was fully vested, or the participant dies prior to receiving payments, the participant's beneficiary will receive the full account balance as a lump-sum or an annuity. If a participant dies while receiving annuity payments, the beneficiary may continue to receive payments depending on the participant's payment option selected.

P&S
Upon the death of a participant who was eligible for early or normal retirement, the surviving spouse will receive a monthly benefit for life equal to 50% of the monthly benefit the employee would have been entitled to receive had he or she retired on the day before his or her death, and elected immediate commencement of early retirement benefits in the form of a joint and 50% survivor annuity.

A participant who becomes disabled with at least 15 years of service and is entitled to disability insurance benefits under the Social Security Act is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits but is reduced by workers' compensation. A minimum benefit of $50 per month is provided for participants not qualifying for Social Security Disability Benefits.

Hourly
If a participant dies before the normal retirement date while still actively employed, and either made required contributions to the prior plan or have a prior plan value (as defined), the participant's beneficiary will receive all contributions and/or the prior plan value with interest. If the participant is married, his or her spouse may be eligible to receive a Qualified Pre-Retirement Survivor Annuity, which is similar to the Joint and Survivor Annuity provided at the participant's normal retirement.

A participant who becomes disabled with at least five years of service, was actively employed and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed in the same manner as pension benefits, but is reduced by workers' compensation payments.

Walker
Upon the death of a participant prior to retirement date, his or her spouse will receive a Pre-Retirement Spouse Benefit, provided the participant had a vested right to retirement income and had not made an effective election to waive spouse benefit coverage. The monthly benefit will be equal to 50% of the retirement income the participant would have received had he or she retired the day before his or her death.

A participant who becomes disabled with at least 15 years of service, was actively employed and accruing service and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits, but is reduced by workers' compensation payments.

Vesting

Legrand
In connection with the closing or selling of certain facilities and termination of related employees, affected participants became 100% vested in his or her accrued benefits. Prior to January 1, 2008, participants are fully vested after five years of service. Effective January 1, 2008, participants are fully vested after three years of service.

P&S
Eligible employees are fully vested after five years of service.

Hourly
Eligible employees are fully vested after five years of service. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Walker
Eligible employees are fully vested after five years of service except as noted in pension benefits above. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of his or her years of service.

Revenue credit account

The Plan has established a revenue credit account to cover Plan expenses. The revenue credit account is treated as a Plan asset and must be used only for Plan expenses. During 2021 and 2020, the trustee contributed $8,000 and $14,899, respectively, into the revenue credit account. During 2021 and 2020, the Company used $19,365 and $31,905, respectively, from the account to pay Plan expenses.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses related to benefits administration net of any revenue credits that reimburse or pay directly the fees of a service provider or other expense of administering the Plan are also deducted from Plan assets and reported within the administrative expenses line item within the statements of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, trustee and insurance company. See Note 4 for a discussion of fair value measurements. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by insurance companies. The investment in the insurance company contract (Prudential Guaranteed Deposit Account) is valued at the estimated fair value, as reported by Prudential Retirement Insurance and Annuity Company ("PRIAC").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Funding policy

The Company makes contributions to the Plan based on the amount determined by the independent actuary plus such amounts as the Company may determine to be appropriate. The actuary applies current assumptions and factors to benefit information as of January 1 (the date of the actuarial valuation used to determine the Company's contribution for the subsequent Plan year). The ERISA minimum funding requirements have been satisfied for the years ended December 31, 2021 and 2020.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

Note 3 - Plan termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or his or her beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

- Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).

- All other vested benefits (that is, vested benefits not insured by the PBGC).

- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive his or her benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the accumulation unit value, which is based on the fair value of underlying assets of the account. The accumulation unit value is deemed equivalent to NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions and there are no unfunded commitments.

Guaranteed deposit account: Valued at fair value by discounting the related cash flows using treasury rates and spreads based on the cash flow timing and quality of assets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 67,039,346	$ -	$ -	$ 67,039,346
Guaranteed deposit account	-	-	12,128,227	12,128,227
Total assets in the fair value hierarchy	67,039,346	-	12,128,227	79,167,573
Pooled separate accounts (a)	-	-	-	25,673,448
Total investments at fair value	$ 67,039,346	$ -	$ 12,128,227	$ 104,841,021

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 69,297,524	$ -	$ -	$ 69,297,524
Guaranteed deposit account	-	-	1,329,398	1,329,398
Total assets in the fair value hierarchy	69,297,524	-	1,329,398	70,626,922
Pooled separate accounts (a)	-	-	-	35,097,832
Total investments at fair value	$ 69,297,524	$ -	$ 1,329,398	$ 105,724,754

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

2021 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 12,128,227	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	0.997437 - 1.065581	1.000648

2020 Instrument	Fair value	Principal valuation technique	Significant unobservable inputs	Range of significant input values	Weighted average
Guaranteed deposit account	$ 1,329,398	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	1.033469 - 1.086182	1.037702

In estimating fair value of the investments in Level 3, the Retirement Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Fair value of investments in entities that use NAV

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 25,673,448	None	Daily	90 days

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Pooled separate accounts	$ 35,097,832	None	Daily	90 days

Note 5 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2021 and 2020, and investment income for the years then ended, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by PRIAC and Prudential Insurance Company of America, the custodians, and Prudential Bank & Trust, FSB, the trustee of the Plan.

Note 6 - Tax status

The Plan received its latest determination letter on April 17, 2017, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Actuarial information

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or vested terminated employees or his or her beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or his or her beneficiaries. Benefits under the Plan are based on the years of service accumulated by employees. Benefits payable under all circumstances, including retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Hooker & Holcombe, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining accumulated plan benefits were as follows:

	December 31, 2020
Mortality	PRI-2012/MP2020
Investment return rate	6.5% per annum
Retirement age	Retirement is assumed at age 63

The actuarial method used to determine the normal cost and actuarial liability was the Projected Unit Credit Actuarial Cost Method.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2021. Had the valuations been performed as of December 31, 2020, there would be no material differences.

Note 8 - Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and the guaranteed deposit account managed by PRIAC, Prudential Insurance Company of America and Prudential Bank & Trust, FSB. PRIAC and Prudential Insurance Company of America are the custodians and Prudential Bank & Trust, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to the custodians and trustee for administrative expenses amounted to $89,268 and $84,229 for the years ended December 31, 2021 and 2020, respectively. In addition, included in administrative expenses for 2021 and 2020 are fees paid for legal and accounting services performed for the Plan of $11,950 and $31,905, respectively. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets; however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time.

Note 10 - Investment contract with insurance company

The Company entered into a guaranteed investment contract with PRIAC. Amounts are invested in the Prudential Guaranteed Deposit Account. PRIAC maintains the assets of this investment in an unallocated fund to which it credits interest at varying rates. PRIAC recorded cumulative contributions and credited interest at a rate of 2.75% and 2.92% to amounts received prior to December 31, 2021 and 2020, respectively, and 1.50% and 2.05% to amounts received in 2021 and 2020, respectively.

Note 11 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 104,841,021	$ 105,724,754
Fair value to contract value adjustment	(7,854)	(48,299)
Net assets available for benefits per Form 5500	$ 104,833,167	$ 105,676,455

The following is a reconciliation of net increase in net assets per the statements of changes in net assets available for benefits to Form 5500 for the years ended December 31:

	2021	2020
Net increase in net assets per the statement of changes in net assets available for benefits	$ (883,733)	$ 7,147,291
Current year fair value adjustment	(7,854)	(48,299)
Prior year fair value adjustment	48,299	27,356
Net change per Form 5500	$ (843,288)	$ 7,126,348

Note 12 - Subsequent event

On April 1, 2022, the full-service retirement plan business of Prudential Financial, Inc. was acquired by Great-West Life & Annuity Insurance Company. There were no significant changes to the Plan as a result of this acquisition. Plan management does not expect this to have a significant impact on the Plan.
