Independent Auditors' Report

To the Plan Administrator
Woods Hole Oceanographic Institution
Defined Contribution Retirement Plan
Woods Hole, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Woods Hole Oceanographic Institution Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WOODS HOLE OCEANOGRAPHIC INSTITUTION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Woods Hole Oceanographic Institution Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. In the event that there is a conflict between information provided in this document and the Plan agreement, the terms in the Plan agreement will prevail.

General

The Plan was established on January 1, 2010 and restated on June 1, 2017, by Woods Hole Oceanographic Institution (the "Employer") and intended to comply with the requirements of Treasury regulations under Internal Revenue Code (the "Code") Section 403(b). The Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust") serves as a Custodian for the Plan and Principal Life Insurance Company ("Principal Life") serves as a Custodian and recordkeeper for the Plan and the Employer is the Plan's administrator. The Plan is a defined contribution plan with a cash deferred arrangement covering all eligible employees except (1) any person who is identified as a guest, fellow, student, post-doctoral scholar or with a work-study program, (2) any person who is covered by a collective bargaining agreement, unless such agreement specifically provides for participation in the Plan, (3) any person who is categorized as an independent contractor, leased employee, or other type of worker or service provider that is not a common law employee, and (4) employees who are non-resident aliens and who receive no earned income from the Employer which constitutes income from sources within the United States ("Participants"), as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants direct the investment of all contributions into various investments offered by the Plan.

Participants' Contributions

Participants may defer a percentage of their eligible compensation, as defined by the Plan, subject to dollar limits set by Federal law. A participant that is classified as a regular employee (as defined by the Plan agreement) who has elected to defer at a rate of less than 6% shall be deemed to have elected to defer 6% and all new eligible participants are automatically enrolled in the Plan with a deferral rate of 6%. Beginning May 1, 2020, there will be 1% increases each May 1, up to a maximum of 15%, unless the participant makes an alternative election. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Contributions

An Employee, as defined within the Plan agreement, may be entitled to Employer contributions only if the employee has satisfied the applicable requirements to participate in the Plan and has become an "Eligible Employee," as defined in the Plan agreement.

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Base Contribution

The base contribution made on behalf of an eligible qualified employee for a payroll period is equal to a percentage of regular compensation, as defined within the Plan agreement, and is based on the employee's age and service "points." An Eligible Employee's points are determined by taking the sum of the Eligible Employee's whole years of retirement service (as defined by the Plan agreement), plus the employee's age as of most recent birthday, as of the end of the payroll period. The base contribution rate ranges from 8% to 12% depending on the total points of the participant, as defined.

<u><i>Points of Eligible Employee</i></u>	<u><i>Applicable Percentage</i></u>
Less than 60 points	8%
At least 60 points, but less than 70 points	10%
70 points or more	12%

Participants' Accounts

Each participant's account is credited with the participant's contribution, allocations of the Employer's contributions and Plan investment earnings, and reduced by administrative expenses, benefit disbursement processing fees and loan fees, when applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all voluntary contributions, including rollovers, and the earnings thereon. Participants are fully vested in all Employer contributions after three years of vesting service. A participant also becomes fully vested upon death or disability, as defined by the Plan, or upon reaching normal retirement age (65), while employed by the Employer.

Notes Receivable from Participants

Subject to approval by the Plan administrator, participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A loan may be made from participant contribution accounts only. A participant may only have one loan outstanding at a time. Loan terms generally range from one to five years (up to thirty years for the purchase of a primary residence). The loans are secured by the balance in the participant's account and bear interest at a prime rate as stated in The Wall Street Journal plus 1%. Principal and interest are paid ratably through payroll deductions.

WOODS HOLE OCEANOGRAPHIC INSTITUTION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants (Continued)

Under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the available loan limit was increased to \$100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Payment of Benefits

In-service withdrawals from any account fully vested by the participant are permitted only due to financial hardship or upon reaching age 59½. Participants can withdraw amounts from their rollover accounts at any time. Hardship withdrawals may be taken from a participant's deferral or rollover account only. Participants are entitled to their total vested account balance upon death, disability, retirement, or termination of employment. A participant may elect to receive a lump-sum amount equal to the value of his or her accounts, a fixed period option for any number of years between five and thirty years, installment payments, or a flexible payment amount elected by the participant (or beneficiary). Upon termination, if a participant's account balance exceeds \$1,000 but does not exceed \$5,000, and the participant does not elect to take a distribution, the Plan administrator may make a lump-sum distribution to a direct rollover individual retirement account. If a participant's vested account balance is \$1,000 or less, and the participant does not elect to take the distribution, the Plan administrator may distribute the participant's vested account balance directly to the participant without consent.

The CARES Act was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeitures

Forfeited balances are retained by the Plan and may be used to restore to the accounts of re-employed participants who previously forfeited balances and return before the five consecutive one-year breaks in service expire, to reduce Employer contributions, or permitted to be used to pay eligible Plan expenses. At December 31, 2021 and 2020, there were unused forfeited balances of \$6,765 and \$15, respectively. During 2021, \$346,266 of forfeitures were used to offset a portion of the Employer contributions.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid out of the assets of the Plan unless paid by the Employer at its sole discretion. Investment related expenses are netted against net appreciation of fair value of investments. Custodian expenses are paid for by the Plan.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Employer and Plan management have evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. No significant matters were identified for disclosure in the evaluation.

Note 3 - Information Certified by the Custodians

Plan investments include mutual funds, self-directed brokerage accounts and a New York Life Guaranteed Interest Account Class 10 Fund ("NYLGIAC") held by one of the Plan's Custodians, Principal Trust Company ("Principal Trust"). Through December 31, 2020, the Principal Fixed Income Guaranteed Option Fund ("PFIGO") was held by the Plan's other Custodian, Principal Life Insurance Company ("Principal Life"). The fair and contract values of the mutual funds, self-directed brokerage accounts and the Guaranteed Interest Account with New York Life as of December 31, 2021 and 2020 and all investment transactions for the year ended December 31, 2021, are reported to the Plan and certified as complete and accurate by Principal Trust. The contract value of the PFIGO as of December 31, 2020 was reported to the Plan and certified as complete and accurate by Principal Life. Notes receivable from Participants and information included in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) have also been derived from information certified by Principal Trust. The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on the participant's risk tolerance. Participants may invest their accounts in a combination of guaranteed investment contracts, self-directed brokerage accounts (which include various mutual fund options) and mutual funds.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- | | |
|----------------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs that are unobservable inputs for the asset or liability. |

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts consist of investments in mutual funds and are valued at the daily closing price as reported by the fund. Mutual funds held in self-directed brokerage accounts are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	Assets at Fair Value as of December 31, 2021

Note 5 - Fully Benefit-Responsive Investment Contract

The following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

New York Life Guaranteed Interest Account Class 10 Fund

The New York Life Guaranteed Interest Account Class 10 Fund ("NYLGIAC") is a guaranteed investment account ("GIA") backed by the general account of New York Life. The GIA does not have specific underlying assets assigned. The GIA issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of Principal Trust or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. The crediting interest rate was 1.55% as of December 31, 2021. The average yield was 1.45% in 2021.

Because the NYLGIAC guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment. The guaranteed interest account contained unallocated funds (forfeitures) which may be withdrawn or applied at contract value and therefore are presented on the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Principal Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan Participants are probable of occurring.

The guaranteed investment and guaranteed interest accounts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date.

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

The following is the contract value of the Plan's fully benefit-responsive investment contracts at December 31:

	2021	2020
<i>Fully Benefit-Responsive Investment Contract at Contract Value:</i>		
New York Life GIA Class 10	\$ <u>43,978,214</u>	\$ <u>-</u>
Principal Fixed Income Guaranteed Option Fund	\$ <u>-</u>	\$ <u>39,956,713</u>

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to Participants' accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("Code"). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan Participants under Section 403(b). The Plan administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Principal Trust and Principal Life, the Custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Principal Trust and Principal Life of \$78,111, which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations. Notes receivable from Participants also qualify as exempt party-in-interest transactions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The accompanying Statements of Net Assets Available for Benefits and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) have been prepared in accordance with accounting principles generally accepted in the United States of America. The assets listed on Schedule H of Form 5500 have been prepared in accordance with procedures established by the third-party administrator. Certain investment assets and related activity reported on the Statement of Changes in Net Assets Available for Benefits have been classified differently. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 221,094,102	\$ 190,552,508
Certain deemed distributions of notes receivable from participants	<u>(28,783)</u>	<u>(25,365)</u>
