Report of Independent Auditor

To the Board of Trustees and Plan Management
Sherman College of Straight Chiropractic
Spartanburg, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sherman College of Straight Chiropractic (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Sherman College of Straight Chiropractic. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

Effective March 1, 1988, Sherman College of Straight Chiropractic (the “College”), established a 403(b) Retirement Plan and created a trust, hereafter called the “Plan”, for the exclusive benefit of the participants and their beneficiaries. The currently adopted Plan, most recently amended as of January 1, 2009, is the Teachers Insurance and Annuity Association (“TIAA”) and College Retirement Equities Fund (“CREF”) (the “Custodians”) Employee Retirement Income Security Act of 1974 (“ERISA”) Specimen 403(b) Plan for Internal Revenue Code (“IRC”) Section 501(c)(3) Tax-Exempt Organizations.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of the College, except students performing services described in IRC Section 3121(b)(10), effective the first day of each month following the month of hire. The Plan is subject to the provisions of ERISA.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Administration – The Plan is administered by the College which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The College has designated a Board of Trustees to administer the Plan.

Contributions – For the year ended December 31, 2021, participants may contribute pre-tax annual compensation subject to certain Internal Revenue Service (“IRS”) limitations. Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans, 403(b) tax sheltered annuity plans, government 457(b) plans, and traditional Individual Retirement Accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. After the employee completes 12-consecutive months and at least 1,000 hours of eligible service, the College contributes to the Plan a percentage of allowable defined compensation determined by years of service, as seen below:

1-5 years	2%
6-10 years	4%
10-15 years	6%
> 15 years	8%

For the year ended December 31, 2021, if a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer additional contributions into the Plan as a pre-tax contribution subject to certain IRS limitations. If a participant has worked at least 15 years for the College, the participant may make a special catch-up contribution equal to the smallest of the three amounts listed: (1) \$3,000, (2) \$15,000 minus the amount of special catch-up contributions made in prior years, and (3) \$5,000 times the number of years the participant has worked for the College minus the total amount of deferrals made while the participant worked for the College. If a participant qualifies for both types of catch-up deferrals, the contributions will be allocated first as special catch-up contributions.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited and/or charged with distributions, contributions, and an allocation of Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant will direct 100% of their allocation of contributions with Teachers Insurance and Annuity Association ("TIAA" or the "Custodian"). Within TIAA, participants may select between several investment options. Participants may transfer balances periodically as defined in the custodial agreement.

Vesting – Participants are immediately vested in their voluntary contributions, including catch-up and special catch-up contributions, and rollover contributions plus actual earnings thereon. For purposes of all employer contributions, vesting is based on years of continuous service. A participant is 100% vested in the College's contribution portion plus earnings after five years of credited service. The vesting schedule is as follows:

< 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Forfeitures – At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$-0- and \$1,298, respectively. Pursuant to the Plan document, these accounts are used to reduce future Plan sponsor contributions. During the year ended December 31, 2021, forfeited Plan sponsor contributions of \$18,777 were used to reduce Plan Sponsor contributions.

Plan Loans – Participants may borrow directly from TIAA a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear an interest rate of 4.22% with maturities through July 1, 2025, as of December 31, 2021. Principal and interest is paid through an automatic draft of the participant's checking account or billed to the participant by the Custodian. Loans are held directly by TIAA and are not assets of the Plan. Loans outstanding under the Plan totaled \$12,821 and \$19,912 as of December 31, 2021 and 2020, respectively.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request as a lump-sum distribution. In addition, a participant may elect to receive withdrawals upon reaching the age 59½.

Hardship Withdrawals – The Plan allows participants to make hardship withdrawals to satisfy certain immediate and heavy financial needs. A participant may request a hardship withdrawal for certain qualifying expenses as defined by the Plan document. The hardship withdrawal is subject to certain conditions: (1) the distribution is not in excess of the amount of any immediate and heavy financial need and (2) the participant has exhausted all other distribution types.

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. The most significant estimates include those regarding fair value. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value is the price to be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Investments are valued at fair value, with the exception of fully benefit-responsive investment contracts, which are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Non-fully benefit-responsive contracts are reported at fair value within the financial statements. The Plan has determined the investment contracts held by the Plan consists of both fully benefit-responsive and non-fully benefit-responsive; therefore, the investment contracts are reported at contract value and fair value, respectively.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis. Consequently, management fees and operating expenses are reflected as a reduction of investment returns.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan’s gains and losses on investments bought as well as held during the year.

The Plan’s participants direct all investments. There are no non-participant directed investments as of December 31, 2021 or 2020.

Risks and Uncertainties – Investment securities in general are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Contributions – Participants may contribute to the Plan. Participant contributions are recorded each payroll period. Employer contributions are recorded when paid by the College.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Administrative Expenses – Personnel within the College perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records, at no charge to the Plan. Other administrative costs, such as professional fees, are charged to the individual participants’ accounts. Any costs not paid by the Plan may be paid by the College. Plan administration expenses are generally paid by the College.

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 3—Information certified by the Custodians (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the Custodians of the Plan, have certified to the completeness and accuracy of the following information included in the accompanying financial statements as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

- Investments, at fair value, and fully benefit-responsive guaranteed investment contract, at contract value, as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, and interest and dividend income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurement

The Plan follows the *Fair Value Measurements and Disclosures Topic 820* of FASB ASC which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 or 2020.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurement (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money Market Funds – These investments are included in the mutual fund category and are public investment vehicles valued at amortized cost with unit values determined on a daily basis. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt and monetary assets. The valuation technique used is the market approach and the input is the unit value quoted to unitholders for investments and redemptions. The money market funds are classified within Level 1 of the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and, therefore, considered to be readily determinable and classified within Level 1 of the valuation hierarchy.

Pooled Separate Account (“Real Estate Fund” or “REF”) – The Real Estate Fund (“REF”) generally invests in real estate properties and real estate-related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. Although the underlying assets of the REF cannot be quickly sold and converted to liquid assets, TIAA and CREF provides the REF with a liquidity guarantee to ensure funds are available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit value. These assets are not available in an exchange or an active market; however, the fair value is determined based on NAV of the underlying assets as traded in an exchange or active market and have a readily determinable fair value. As such, they are classified within Level 1 of the valuation hierarchy.

Guaranteed Investment Contracts (“Non-Fully Benefit-Responsive Contracts”) – These investments are guaranteed fixed income annuities backed by TIAA's claims paying ability whereby the annuities guarantee principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The annuity contracts are not traded and significant other observable inputs are not available. These contracts are reported at fair value and are classified within Level 3 of the valuation hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes in the methodologies used at December 31, 2021.

Note 4—Fair value measurement (continued)

The following tables represent the investments that are measure at fair value on a recurring basis as of December 31:

2021				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 90,736	\$ -	\$ -	\$ 90,736

Total investments, at fair value	<u>\$ 5,813,110</u>	<u>\$ -</u>	<u>\$ 1,114,410</u>	<u>\$ 6,927,520</u>

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers between levels for the years ended December 31, 2021 and 2020.

The following table shows the transactions for the Plan's Level 3 investments for the year ended December 31, 2021:

Earnings	<u>\$ 37,889</u>
Purchases and issuances	<u>\$ 38,025</u>
Sales and settlements	<u>\$ (38,347)</u>

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurement (continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, the significant unobservable inputs, and the ranges of values for those inputs as of December 31:

2021			
Assets	Fair Value	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contracts (" <i>Non-fully benefit-responsive guaranteed investment contract</i> ")	\$ 1,150,395	**	3.25 to 4.5%

2020			
Assets	Fair Value	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contracts (" <i>Non-fully benefit-responsive guaranteed investment contract</i> ")	\$ 1,114,410	**	3.25 to 4.5%

**The significant unobservable inputs used in the fair value measurement of the College's guaranteed investment contract are prepayment rates, probability of default, and loss severity in the event of default. Significant increases (decreases) in any of those inputs in isolation would result in a significantly lower (higher) fair value measurement. Generally, a change in the assumption used for the probability of default is accompanied by a directionally similar change in the assumption used for the loss severity and a directionally opposite change in the assumption used for prepayment rates

Note 5—Guaranteed investment contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with TIAA totaling \$639,676 for 2021 and \$717,024 for 2020. TIAA maintains the contributions in a general account. TIAA groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participant's accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

SHERMAN COLLEGE OF STRAIGHT CHIROPRACTIC

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 5—Guaranteed investment contract (continued)

Certain events limit the Plan's ability to transact at fair value with TIAA. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events exist that would limit the Plan's ability to transact at contract value with the contract issuer and also would limit the ability of the Plan to transact with the participants.

Note 6—Tax status

The IRS has not established a determination letter program for Section 403(b) plans and does not currently have intentions of establishing such a program. The Plan is designed through a prototype plan and the prototype sponsor, as well as the Plan's sponsor, believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7—Plan termination

The College believes the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8—Related party and party-in-interest transactions

Plan investments include shares of money market funds, mutual funds, a pooled separate account, and fully and non-fully benefit-responsive guaranteed investment contracts managed by TIAA and CREF as of December 31, 2021 and 2020, and for the year ended December 31, 2021; therefore, these Plan investments and transactions managed by TIAA and CREF qualify as party-in-interest transactions.

Officers or employees of the Plan sponsor perform certain administrative functions for the Plan. It is the policy of the Plan sponsor to pay substantially all administrative expenses, including audit fees, of the Plan. Fees for the investment management services of TIAA and CREF were paid by the College and were not an expense of the Plan for the year ended December 31, 2021.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated no events subsequent to the statements of net assets available for benefits date of December 31, 2021 through October 14, 2022, which is the date these financial statements were available to be issued.
