Independent Auditors' Report

To the Participants and Plan Administrator of
Collinson, Inc. 401(k) Profit Sharing Plan (Formerly Known as the Priority Pass, Inc. 401(k) Profit Sharing Plan)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Collinson, Inc. 401(k) Profit Sharing Plan (Formerly Known as the Priority Pass, Inc. 401(k) Profit Sharing Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

General

The Collinson, Inc. 401(k) Profit Sharing Plan (formerly known as the Priority Pass, Inc. 401(k) Profit Sharing Plan through December 31, 2020) (the Plan), was adopted on January 1, 1993. The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers substantially all employees of Collinson, Inc. (known as Priority Pass, Inc. through December 31, 2020) (the Company or Plan Administrator). Principal Life Insurance Company (Custodian) serves as the Custodian of the Plan. The Plan is self-trusted by two employees of the Company (the Trustees). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

Employees become eligible for participation at the age of twenty-one after completing six months of eligible service, as defined by the plan document. Employees may enroll in the Plan on the first day of the month after meeting the service requirements. Subject to certain limitations on annual additions, each participant's account is credited with participant salary deferrals, Company contributions, an allocation of plan earnings or losses and charged with administrative expenses. The allocations are based on participant account balances, as defined.

Contributions

The plan is funded through participant elective deferrals and Company contributions. A participant may elect to contribute between 1% and 100% of his or her pretax or after-tax (Roth) compensation, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$19,500 for 2021). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2021). Rollover contributions representing distributions from other qualified defined benefit or defined contributions plans are permitted.

The Plan also allows for Company safe harbor matching contributions in the amount of 100% of participant elective deferrals up to 4% of participants' eligible compensation contributed to the Plan.

Vesting

Participants are immediately vested in participant elective deferrals and rollovers, and Company safe harbor matching contributions, plus actual earnings, thereon.

Investment Options

The Plan provides for participants to direct both participant contributions and Company contributions into a variety of pooled separate accounts, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Benefits Paid to Participants

Upon normal retirement age, death, disability, termination or eligibility for early retirement, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of \$5,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement account or other eligible retirement plan.

Notes to Financial Statements
December 31, 2021 and 2020

Forfeitures

Forfeitures are available to reduce future Company contributions or pay administrative expenses of the Plan. At December 31, 2021 and 2020, there were no forfeited non-vested accounts available for future use. During 2021, no forfeitures were used to reduce the Company contributions or to pay plan administrative expenses.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Terms are generally limited to a maximum of five years, except for purchase of a primary residence. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2021, have interest rates 4.25% to 6.50% with maturities from October 2022 through March 2026. Notes receivable from participants as of December 31, 2020, have interest rates 4.25% to 6.25% with maturities from February 2021 through October 2025.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

Collinson, Inc. 401(k) Profit Sharing Plan (Formerly Known as the Priority Pass, Inc. 401(k) Profit Sharing Plan)

Notes to Financial Statements
December 31, 2021 and 2020

- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

Notes to Financial Statements

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end, as determined by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the Custodian reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits, as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in net Assets Available for Benefits for the year ended December 31, 2021.

5. Tax Status

The Plan is based on a prototype non-standardized profit sharing plan with CODA developed by Principal Life Insurance Company which received a favorable advisory letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Related-Party and Party In Interest Transactions

Certain plan investments are managed by the Custodian; therefore, these transactions qualify as party in interest transactions. The Plan also notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Reconciliation to the Form 5500, Schedule H

There are no reconciling items necessary to agree the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020 or to agree the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021.

9. Subsequent Events

In accordance with Financial Accounting Standards Board (FASB) ASC 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2021, the Statements of Net Assets Available for Benefits date, through October 17, 2022, the date the financial statements were ready to be issued, and determined there were no events or transactions, that would impact our financial statements as of and for the year ended December 31, 2021, other than as follows:

Effective February 17, 2022, the Plan was amended and restated due to a new favorable opinion letter from the IRS dated June 30, 2020.
