INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Advisory Committee of
Dakota Specialty Enterprises Retirement Plan
Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Dakota Specialty Enterprises Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Dakota Specialty Enterprises Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Specialty Enterprises Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dakota Specialty Enterprises Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dakota Specialty Enterprises Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Dakota Specialty Enterprises Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DAKOTA SPECIALTY ENTERPRISES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The Dakota Specialty Enterprises Retirement Plan (the Plan) includes the employees of Dakota Specialty Enterprises, Inc. (the Company) and its subsidiaries. The Company wholly owns Dakota Specialty Transport, LLC, Roman Meal Company and Dakota Specialty Milling, Inc., which wholly owns Dakota Blenders, LLC (the Companies).

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, also known as a salary reduction or 401(k) plan. All employees of the Companies are considered eligible to participate in the Plan except for the following classes of employees: (1) any employee covered by a collective bargaining agreement; (2) leased employees; (3) any employee of affiliated employers which do not adopt this Plan; and (4) employees classified as independent contractors. There are no age or service requirements to become eligible to participate in the Plan. The employee is eligible to enter the Plan as a participant on their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A participant is eligible for Company contributions after completing one year of service and 1,000 hours in each applicable plan year.

Contributions

Each year, employees may contribute the maximum allowed under Internal Revenue Code Section 402(g). The Company may elect to make a discretionary matching contribution and profit sharing contribution for each Plan year. For the year ended December 31, 2021, the Company made a matching contribution to each eligible participant's account equal to 100% of the participant's contribution. The maximum contribution amount eligible to be matched is 5% of eligible compensation.

The Plan provides for an auto-enrollment arrangement whereby all new employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Plan will also automatically increase this percentage annually by 1% of the participant's compensation up to a maximum of 5%, unless the participant elects a deferral percentage at the time they first participate in the plan.

The Company may make a discretionary profit sharing contribution to the Plan. Any profit sharing contributions would be allocated to all employees eligible to participate in the Plan. The Company will make a profit sharing contribution of \$174,820 to the Plan for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Automatically enrolled participants have their contributions invested in a target date fund closest to the year the participant will turn 65 unless the participant chooses a different fund.

Vesting

Participants are immediately vested in their salary deferral contributions. Vesting in the Company's matching and profit sharing contribution portion of their accounts and any earnings thereon is based on their years of service, determined as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

A participant's account is payable to the participant, or the participant's beneficiaries, in full according to the terms of the Plan upon death, permanent disability or termination of employment after the normal retirement age of 65 years old. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For vested interests of \$1,000 or less, the account will be distributed in a lump sum as soon as administratively practicable after date of termination.

Forfeitures

Forfeitures are used to reduce the employer's discretionary contributions or plan expenses. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$7,444 and \$22,930, respectively. During 2021, \$42,878 was used to reduce employer contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Other Income

In 2018, the Plan entered a revenue-sharing agreement with T. Rowe Price. Under the terms of the agreement, T. Rowe Price will provide the Plan with an administrative budget in the amount of \$20,000 per year (\$5,000 per quarter), which shall be established as an account in the trust in accordance with directions provided by the Plan Sponsor. The administrative budget may be used to pay certain administrative expenses of the Plan, as defined in Section 402(a)(2) of ERISA. Any amounts credited to the administrative budget and not used in the year so credited shall be allocated as determined by the Plan Sponsor. During 2021, there was no allocation of the administrative budget to participant accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully-benefit-responsive investment contracts, which are to be reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability, with a corresponding decrease to contributions if paid before March 15 of the following year or an increase to distributions if paid after March 15 of the following year. The Plan distributed the 2021 excess contributions, in the amount of \$15,776, prior to March 15, 2022. The Plan distributed the 2020 excess contributions, in the amount of \$18,691, in February 2021.

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Costs

Expenses not paid by the Plan sponsor are paid by the Plan, and may be charged directly to the account of the participant on whose sole behalf the expense is incurred.

Evaluation of Subsequent Events

Management has reviewed subsequent events through October 17, 2022, which is the date that the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Fair Value Measurements Topic 820 of the FASB Accounting Standards Codification (ASC) establishes a fair value hierarchy for reporting that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable units other than quoted prices for identical assets; and Level 3 inputs have the lowest priority. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DAKOTA SPECIALTY ENTERPRISES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

The investments in mutual funds are valued utilizing a market approach wherein the Plan uses the quoted prices in the active market for identical assets. All of these investments are traded in active markets.

The fair value of investments as of December 31, 2021, by level within the fair value hierarchy, were as follows:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 24,239,583			\$ 24,239,583

The fair value of investments as of December 31, 2020, by level within the fair value hierarchy, were as follows:

	Assets at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 22,710,839			\$ 22,710,839

DAKOTA SPECIALTY ENTERPRISES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 4 - COMMON COLLECTIVE TRUST FUND

The Plan is invested in the T. Rowe Price Stable Value Common Trust Fund which is a stable value fund composed primarily of synthetic guaranteed investment contracts. Stable value funds seek to provide income while preventing price fluctuations. They invest in a diversified portfolio of bonds and enter into wrap contracts with financial companies to guarantee against fluctuations in their share prices. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These investments meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value on the Statement of Net Assets Available for Benefits.

Contract value, as reported to the Plan by the Trustee, represents contributions, plus earnings, less participant withdrawals and administrative expenses. Benefit-responsive investment contracts are designed to permit participant withdrawals in accordance with the Plan to occur at contract value. However, withdrawals that result from certain actions initiated by the Plan Sponsor, such as bankruptcy filings, Plan or fund terminations, and certain layoffs or early retirement programs, may be paid at market value, which could be less than contract value depending on the performance of the assets underlying the Fund's wrap contracts.

In addition to certain contract termination provisions discussed below, the contracts provide for withdrawals associated with certain events which are not in the ordinary course of Plan operations, and in some cases that the issuer determines will have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in such contracts. While each contract issuer specifies the events which may trigger such a market value adjustment, such events typically include all or some of the following: (1) amendments to the Plan documents or Plan's administration, including reduction or elimination of employer matching contributions; (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) complete or partial termination of the Plan or its merger with another plan; (4) the failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) unless made in accordance with the withdrawal provisions of the Plan, the withdrawal from the contract resulting from an event at the direction of the Plan Sponsor; (6) any change in law, regulation, ruling, administrative or judicial position or accounting requirement, in any case applicable to the Plan or Fund, and (7) the delivery of any communication to Plan participants designed to influence a participant not to invest in the Fund.

At this time, the Plan Sponsor does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

DAKOTA SPECIALTY ENTERPRISES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 5 - INFORMATION CERTIFIED BY T. ROWE PRICE TRUST COMPANY

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the auditors not to perform any auditing procedures with respect to information which was certified as complete and accurate by T. Rowe Price Trust Company, the trustee, as of December 31, 2021 and 2020 and for the year ended December 31, 2021. The information certified by T. Rowe Price Trust Company as complete and accurate includes all investments and the related investment activity.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in accordance with the Plan provisions.

NOTE 7 - TAX STATUS

The Plan obtained its latest opinion letter on August 2, 2017, based on a Volume Submitter plan, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company has filed its Form 5500 return timely with the Department of Labor. The Plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2018.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan currently offers various investment options issued by T. Rowe Price Trust Company, who serves as the trustee, as defined by the Plan, for the years ended December 31, 2021 and 2020. Therefore, these transactions are recognized as party-in-interest transactions. In addition, the Plan paid certain expenses to various service providers. These expenses are exempt party-in-interest transactions under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

NOTE 11 - DELINQUENT EMPLOYEE DEFERRAL TRANSMITTALS

During 2020, the Company erroneously failed to remit certain employee deferrals to the Plan in the aggregate amount of \$732. In addition, during 2021, the Company erroneously failed to remit certain employee deferrals timely to the Plan in the aggregate amount of \$1,516. On October 18, 2021, the Company remitted \$1,907 plus lost earnings and the remaining \$341 has been included in Plan receivables at December 31, 2021. The Company computed the lost earnings on these deferrals and subsequently remitted the deferrals and made a contribution for lost earnings to the Plan.
