INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Bloc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Bloc 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (“2021 financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statement section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions,

including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (held at end of year) and supplemental Schedule of Delinquent Participant Contributions at December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agrees to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of The Bloc 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

Effective with a January 1, 2020 Plan amendment, the name of the Plan was changed from The Cementbloc 401(k) Plan to The Bloc 401(k) Plan (the "Plan"). The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established May 1, 2003, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan covers all eligible employees of The Cementworks, LLC (the "Sponsor"). Prior to the Plan restatement effective January 1, 2021, in order to participate in the Plan, all eligible employees were required to be age 21 or older and,

- have completed a one-month period of service
- are not part of a class of excluded employees, which are defined as: union employees; certain non-resident aliens; leased employees; interns; and project-specific employees

Effective with the January 1, 2021 Plan restatement, there is no minimum age requirement and eligible employees can participate in the Plan on their date of hire.

Contributions: Each year, participants may elect to have compensation deferred up to the maximum percentage allowable, not to exceed the statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for the election of after-tax contributions (Roth contributions).

Effective January 1, 2020, via a Plan amendment, the automatic contribution arrangement ("ACA") was removed from the Plan. Effective October 1, 2020, via a Plan amendment, the ACA was reinstated at a 6% deferral rate. Effective with the January 1, 2021 Plan restatement, the ACA applies to new participants.

The Sponsor, at the option of its Board of Directors, may make a discretionary percentage match of 0% to 100% of the participant's deferrals and has the option to limit the amount of matching contributions to a specified percentage of compensation or a specified dollar amount. For the year ended December 31, 2021, the employer match received by the Plan was \$274,218.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan (continued)

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution (if any), plus actual earnings or losses, net of an allocation of administrative expenses and participant-initiated charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2020, via a September 1, 2020 Plan amendment, participants are fully vested in the employer matching contribution after three years of service. The amendment further states that a participant who had begun vesting under the following (previous) schedule, would be subject to whichever vesting schedule is more favorable:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Investment options: Participants direct the investment of their contributions and their share of the employer match (if any) into select name-brand mutual fund investment options offered by the Plan. The principal of the mutual funds is not guaranteed. Due to market volatility, these accounts are subject to market risk.

Participants may change their investment options daily. Restrictions may be placed by individual fund houses to prevent excessive trading or market timing.

Some participants enter the Plan via ACA. Deferrals of participants that enter the Plan via ACA are non-participant directed. These are invested into the T. Rowe Price Retirement funds. At December 31, 2021 and 2020, total non-participant directed investments were \$2,320,828 and \$1,349,409, respectively.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of the lesser of:

- 1) \$50,000 reduced by the excess (if any) of the participant's highest outstanding balance of loans during the one-year period ending on the date of the loan, or
- 2) 50% of the present value of the participant's non-forfeitable account balance.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan (continued)

Notes receivable from participants (continued):

Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The Plan does not permit loan payments to exceed five years, unless the loan qualifies as a home loan, in which case the term of the loan may not be greater than thirty years. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate. During the years ended December 31, 2021 and 2020, interest rates ranged from 4.25% to 5.25% and 4.25% to 6.50%, respectively. Principal and interest is paid ratably through semi-monthly payroll deductions. The default of a loan is deemed a taxable distribution of the unpaid balance.

Payment of benefits: Upon termination of service, the participant may be entitled to a distribution from the Plan. The availability of a distribution will depend upon the amount of the participant's vested account balance:

- 1) *Vested account balance in excess of \$5,000:* the separated participant may elect a lump-sum payment or partial withdrawals or installments, but only with respect to minimum required distributions. The separated participant may also elect to remain in the Plan unless a distribution is required to be made.
- 2) *Vested account balance of \$5,000 or less:* the separated participant may only receive his or her vested account balance in the form of a single lump-sum payment.

For continuing employees not reaching age 59 1/2, a participant may only withdraw his or her elective deferrals in case of financial hardship, as set forth in the Plan.

Forfeited accounts: During the year ended December 31, 2021, non-vested accounts were forfeited in the amount of \$54,941. Notwithstanding any other provision of the Plan to the contrary, any forfeitures not used to pay Plan expenses shall reduce the amount of any discretionary employer contribution. In 2021 \$17,430 in Plan expenses were paid from forfeited, non-vested accounts and \$33,784 from forfeited, non-vested accounts reduced the amount of the discretionary employer match.

2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants: Amounts participants borrow from their vested account balances are reported at their unpaid principal balances plus any accrued but unpaid interest.

Estimates: The preparation of financial statements in conformity with GAAP, which requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's capital gains distributions and gains and losses on investments bought and sold, as well as held during the year.

Benefit payments: Benefits are recorded when paid.

Funding policy: The Sponsor's policy is to remit participant contributions within the allowable time period prescribed by ERISA.

Concentrations of credit and market risk: The Plan provides participants with investment options consisting of mutual funds. Investment securities are exposed to various risks, such as market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Market risk includes global events, which could impact the value of investment securities such as a pandemic or international conflict.

Administrative expenses: Certain Plan administrative expenses are paid by the Sponsor. To the extent that expenses of the Plan are not paid by the Sponsor, such expenses may be paid out of the Plan provided that the payments are consistent with ERISA regulations. These expenses include, but are not limited to, expenses for recordkeeping services and other administrative and direct costs incurred with respect to the Plan.

Participant notes receivable are assessed a separate fee for the administration of the loan transactions.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued):

Subsequent events: The Plan has evaluated subsequent events through October 15, 2022, the date which the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. All capital gains and dividends paid from these investments are reinvested into the Fund's unit value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no unfunded commitments or redemption restrictions associated with the Plan's investments as of December 31, 2021 and 2020.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets, at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 17,620,322	\$ -	\$ -	\$ 17,620,322
Total assets, at fair value	\$ 17,620,322	\$ -	\$ -	\$ 17,620,322

Investments at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 14,228,579	\$ -	\$ -	\$ 14,228,579
Total assets, at fair value	\$ 14,228,579	\$ -	\$ -	\$ 14,228,579

4. Transactions with Parties-in-Interest

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust Company") is the Plan custodian, which therefore qualifies it as a party-in-interest. With respect to the Plan's investments in mutual funds, the mutual fund companies are considered to be service providers to the Plan and, as such, are considered parties-in-interest.

THE BLOC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

4. Transactions with Parties-in-Interest (continued):

Contributions are made to the Plan by the Sponsor. The Benefit Practice is the Plan's third-party administrator and First Republic Investment Management provides investment advisory services to the Plan. These relationships also qualify as parties-in-interest.

For the year ended December 31, 2021, administrative fees totaled \$30,179.

5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan was established on May 1, 2003 and is administered under a trust fund arrangement. The Plan was restated effective January 1, 2021.

The Plan is part of the FIS Business Systems LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA, which has received an opinion letter dated June 30, 2020, from the Internal Revenue Service stating that the Plan is acceptable under Section 401 of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code.

Although the Plan has been restated since receiving this opinion letter, Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been made in the financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

7. Certification by Plan Custodian

Certain information related to investments and notes receivable from participants held at December 31, 2021 and 2020, disclosed in the accompanying financial statements and supplemental schedules and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company, the custodian of the Plan.

8. Fidelity Bond Requirement

ERISA requires that every fiduciary of an employee benefit plan and person who handles funds of a plan be bonded. The amount of the bond should not be less than 10% of the amount of funds handled at the beginning of each year, except that any such bond shall be in at least the amount of \$1,000 and no such bond shall be required in an amount in excess of \$500,000.

For the year ended December 31, 2021, the Plan had fidelity bond coverage sufficient under ERISA requirements.
